TRY FOR $3,000 IN THREE DAYS FOR THE HALIFAX Y. W. C. A.

(Halifax Echo)

Starting out on Thursday with a three days' campaign to raise $3,000 for the Y. W. C. A. that the work may be extended, a committee of fifty ladies met with excellent response. When the canvassers returned to the association building at 4.30 yesterday it was found that the sum collected amounted to more than $900, which was considered especially good for the first day and a stormy one at that.

The campaign is in charge of Mrs. Costley, Mrs. George Mitchell and Mrs. William MacNab. Mrs. E. A. Wood, who was largely responsible for the launching of the campaign, has had to give up the chairmanship of the committee, on account of illness.

Each of the fifty women is hoping to collect $60, so that the $3,000 may be realized.

Little has been said of the wonderful work that is being accomplished by the Y.W.C.A. in Halifax at the present time. Under Miss Knowles' directorship the Association has greatly progressed and many new branches of work have been attempted successfully.

The Girls' Club in Hollis street, which was started and is under the supervision of the Y.W.C.A., is the first of its kind in Canada. It is patterned after the War Time Clubs that have been organized in the old country since the war.

The club is not only for the amusement of the working girls and their friends, but excellent talks and lectures are given each week that will help them to be better citizens.

Book talks are shortly to be started and Mrs. Errol Mitchell has kindly consented to give dress-making lessons. Domestic science lectures will be continued by Miss Dobson of the Ladies' College.

Miss Barber, gymnasium instructor for the Y.W.C.A., also holds gymnasium classes for the members of the Girls' Club.

The Sunday afternoon vespers have become extremely popular with the members of the club. Good music is always provided and a talk by different speakers of prominence.

HUGHES URGES LOYALTY TO PRESIDENT WILSON

Charles Evans Hughes, who was guest of honor at the annual dinner of the New York Alumni of Brown University in New York on Thursday night, declared every loyal American would stand behind the administration in this "solemn hour" without a partisan thought. His declaration brought the diners to their feet singing the Star Spangled Banner.

"We are all Americans tonight standing behind our president on whom this great responsibility rests," said Hughes. "It is not a time to embarrass in any degree with private utterances those charged with this responsibility. They have the facts, they have the duty to perform. They have the sincere, loyal co-operation of every true American. The exigency of no nation can fix the limits of American rights.

"My friends, in this sober hour we stand loyal sons of Brown, realizing the privileges of our American citizenship. It is an hour of test that will show what America is made of. We are desirous that whatever is done shall be done cooly and deliberately and in a manner that will give every American a sense of profound satisfaction by reason of the wisdom with which the honor and the rights of our country shall be maintained."

HALIFAX PROTESTS

(Halifax Herald)

In connection with the Statement regarding the through sleeper service on the I.C.R. and C.P.R. to Montreal and Boston via St. John, reference to which was made yesterday, it should be stated that the C.P.R. sleeper from Montreal was hauled to Halifax by the I.C.R. from St. John, thus giving connection without change at that point. This was considered an advantage by the traveling public to and from Montreal and the west. The Boston travel used the C.P.R. sleeper between Halifax and St. John, connecting there with sleeper for Boston and vice versa. For the past three years, in the summer a through sleeper to Boston was put on but was discontinued as usual at the end of the season. The present situation, therefore, is that the I.C.R. declines to haul the Montreal C. P. R. sleeper to Halifax, but asks that the C. P. R. haul the I. C. R. sleeper through to Boston. This the C. P. R. has declined to do until an arrangement is arrived at regarding the Montreal service. The Canadian travel that wishes to use the St. John-Montreal route, feel that the Canadian traffic should not be obliged to change at St. John, thus cancelling a privilege enjoyed for many years. In the meantime the C. P. R. has been compelled to refuse to haul the I. C. R. sleeper between St. John and Vanceboro, which is their portion of the line to Boston.

FOR NATIONAL GOVERNMENT

Winnipeg Board of Trade Favors it With Borden as Premier

The Winnipeg Board of Trade has passed a resolution favoring a national government, saying: "Right Hon. Sir Robert Borden, Prime Minister, should assume the task of bringing about this change.

"That in this re-organization he should assign any work directly connected with the prosecution of our share in the war to men whose executive and business capacity is recognized throughout the dominion; that these men should be chosen solely on account of that capacity and without regard to territorial, racial, religious, political or other ordinary or traditional considerations; that they should constitute a war council and proceed along the same general lines as the corresponding organization in Great Britain, and that re-organization should be carried out without an appeal to the electors.

"In making these representations the Winnipeg Board of Trade desires to assure Sir Robert Borden that it is not acting in a spirit of criticism, nor has it any desire to interfere in the ordinary management of the country's affairs. The step now proposed is suggested solely with a view of insuring full application of all our resources to the work of winning the war. This board doesn't deem it necessary or proper to make any detailed suggestions regarding the matter of carrying out these proposals."

THE COST OF LIVING

(Bangor Commercial)

Massachusetts has a commission to investigate the cost of living and this commission has made its report. It emphasizes the need of general economy and then suggests that the trouble is not all of the making of the producer or the middlemen, but that a large share of the responsibility rests with the purchasing public which nowadays insists on customs not followed in the past, at least not to so great an extent as demanded at present.

If the public will cease from asking for credit, for taking out goods on approval and later returning the same and from demanding delivery, the commissioners believe that merchants would be able to reduce their prices by at least a tenth and still receive a profit equal to that obtained under present conditions.

It is probably a true bill that has been drawn by the commissioners and could the three problems that they mention be solved by elimination, the public as well as the merchants would be the gainers. That they will be so eliminated is improbable.

In regard to the question of credit it is improbable that many ask for it who are able to pay at the time. The matter of goods on approval has been encouraged by the merchants in their sharp competition. The problem of delivery is one that has continually grown and the practice has resulted from the use of telephones in ordering and the increasing distances of the residential sections from the stores and markets.

Before the telephones came into such common use the purchaser called at the business places and selected his purchases and often was perfectly willing to take them home. Today when a large percentage of articles of food are purchased by telephone or ordered from the regular calling delivery clerk, the matter of delivery has become essential. Could it be cut out there would certainly result a saving, but it is a saving that will not be made for it is also a saving of time and trouble to the customer; regarded by him as compensating for the increased price that it may cause.

Colleges are fine things—in their way. But they cannot make a man able to talk to BIG BUSINESS if he is togged out like a SMALL PERSON.
Hurry up and get yourself fitted out RIGHT.
Someone might look at you in the street TOMORROW and judge you by your clothes.
Would YOU pass this snap judgment?
Overcoats today ready for service —long or short, double or single-breasted, loose, medium or form-fitting, $15 to $30.
