MASS MEETING TO BOOM FORWARD MOVEMENT

Representatives of Various Denominations Gather at Sussex to Plan the Great Campaign.

Special to The Standard.

Sussex, N. B., Oct. 27.—The Interchurch Forward Movement mass meeting held in the United Baptist church this evening was a pronounced success. Mr. Garfield White presided, the sacred edifice being crowded to the doors.

The meeting was opened by the singing of "Onward, Christian Soldiers." Rev. Mansel Shewen read the lesson from Psalm xlvi., and Rev. A. V. Morash offered prayer. Miss Marion Reid rendered a solo in splendid voice.

The speakers of the evening were Rev. N. A. McNeil, Moderator of the United Baptists; Rev. Canon R. A. Armstrong, of Trinity Church, St. John; Rev. F. S. Dowling, of St. Andrew's Presbyterian Church, St. John; Rev. H. A. Goodwin, of Centenary Methodist Church, St. John, and Rev. E. F. McL. Smith, N. B. organized for the Forward Movement.

On account of an accident to the engine on C. N. R. train No. 20, the Maritime express, causing the train to be an hour and a half late in reaching Sussex, Rev. Messrs. Dowling and Goodwin did not arrive at the meeting until after nine o'clock.

All the speakers spoke forcibly in favor of the Inter-church Forward Movement, the keynote being that the 19th century had made the world a neighborhood through the achievements of science, and the challenge to the Church has to make the 20th century a brotherhood.

Family prayer was strongly advocated, and in all the addresses eloquent pleas were made for force and action in furthering the Forward Movement. This movement had been one of the by-products of the war, as five years ago it would have been almost impossible to have united the Anglicans, Baptists, Presbyterians and Methodists in the great movement. It was born of God in the hearts of men and would be carried on to a successful issue.

The meeting was one of the most interesting and instructive ever held in Sussex, and was greatly appreciated by the large gathering of the different denominations present.

THERE IS DANGER IN TENDER GUMS

To preserve healthy teeth the ordinary tooth-paste is futile. You must first care for the gums, on which tooth health depends.

How many people think of this? Yet four out of five people over forty suffer from gum-decay, or Pyorrhea (Riggs' Disease).

At first the gums become tender, though actual gum-shrinkage is imperceptible. But in time receding gums will surely loosen your teeth, and then only a dentist can save them. The tender, bleeding gums of Pyorrhea also act as so many doorways for disease germs to enter the system—infecting joints or tonsils—or causing other ailments.

Forhan's (For the Gums) prevents Pyorrhea, if used in time and used consistently. This means that it prevents gum-shrinkage, gum-tenderness, gum-bleeding. So, automatically, Forhan's prevents tooth loosening.

Brush your teeth with it. It scientifically cleans the teeth—keeps them white and clean.

If gum shrinkage has already set in, start using Forhan's and consult a dentist immediately for treatment.

MONTREAL AGAIN WELCOMES H. R. H. PRINCE OF WALES

Estimated That 100,000 People Were on Hand When the Royal Party Arrived at Windsor Station.

Montreal, Que., Oct. 27—A huge throng, estimated at 100,000 people, made up a scene of memorable splendor and enthusiasm when the Prince arrived here on his return visit this evening. Heralded by a salute of guns from the mountain, by steam whistles, automobile hooters, church bells a roar of cheers and theatrical evolutions of an aeroplane over the Windsor Station ,the royal train arrived punctually and soon after its arrival the automobile containing the Prince was threaded slowly through the dense crowds to the City Hall where the official addresses were read and the Prince made a speech in reply.

On his return from the City Hall to the Ritz there were ovations from the crowds all along the way. In the evening the Prince again went to the City Hall where he held a public reception to which all citizens were invited. Up to 11 o'clock it is estimated that upwards of 20,000 people had filed before H. R. H. they being passed through in batches of two thousand.

The streets were illuminated this evening, some of the effects—notably the electric lighting of th Windsor Station—being particularly beautiful.

GRAND MANAN MAN IN TROUBLE AT BOSTON

Arrested and Brought Into Court on Two Very Serious Charges — Was in Toils Once Before.

Special to The Standard.

Boston, Mass., Oct. 27.—Arraigned in the Municipal Court this morning on the charge of immoral practices, Merton L. Kimball, a Canadian veteran of Grand Manan Island, N. B., was held in $100 in each of two cases and the cases continued. He was arrested by two policemen who set a trap for him after complaints had been received at headquarters. They kept a close wath on the house at 209 Congress street, where he rooms, and saw Kimball talking with a little girl, after which she and another child went into the house with him. The officers could see what went on inside the house, and their observations led to Kimball's arrest. He was once in trouble in Boston under the Mann White Slave Act, but was freed. Kimball most emphatically denies his guilt.

ABOUT RHEUMATISM

What Thousands Have Found Gives Relief From This Painful Trouble.

Rheumatism is a constitutional disease, manifesting itself in local aches and pains, inflamed joints and stiff muscles. It cannot be cured by local or external applications. It must have constitutional treatment.

Take a course of the great blood-purifying and tonic medicine, Hood's Sarsaparilla, which corrects the acid condition of the blood on which rheumatism depends, and gives permanent relief. This medicine combines, with excellent alteratives and tonics, what is generally conceded to be the most effective agent in the treatment of this disease.

If a cathartic or laxative is needed take Hood's Pills. Purely vegetable.

Overdoing

How Women Break Down

Owing to the modern manner of living and the nervous haste of every woman to accomplish just so much each day, they overdo, and as a consequence develop ailments peculiar to their sex, as is indicated by backache, headache, nervousness, the blues, displacements and weakness.

Women who find themselves in this condition should slow down, and depend upon that good old fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, to restore them to health and strength, for there is no other remedy known that so quickly restores a healthy, normal condition.

Here is the Story of a Most Remarkable Recovery

Minneapolis, Minn.—"I was run down and nervous, could not rest at night, and was more tired in the morning than when I went to bed. I have two children, the youngest three months old, and it was drudgery to care for them as I felt so irritable and generally worn out. From lack of rest and appetite my baby did not get enough nourishment from me, so I started to give him two bottle feedings a day. After taking three bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman, full of life and energy. It is a pleasure to care for my children and I am very happy with them and feel fine. I nurse my baby exclusively again, and can't say too much for your medicine."
Mrs. A. L. MILLER, 2633 East 24th St.
