The capture of the steamer Chesapeak, of the Maine Steamship Company's line, by the rebels during the late war, as she was making her way from Portland to New York, is likely to set an important claim against the Government on foot in connection with the Geneva award. When the claims for losses were made, by some accident the loss of this vessel was not included. Now, however, the parties interested in the Chesapeak, embracing some fifty of Portland's merchants and many on the line of the Grand Trunk Railway, will hold a meeting in a few days to take proper steps to recover the value of their property lost, the interest since 1863 and the costs of detention. They will engage counsel to properly present their claims, which originally amounted to about $250,000, but which, with simple interest alone for fifteen years, will foot up to $400,000.

A new flower of gigantic proportions has been found in the forests of Sumatra. Its average diameter is thirty-three inches, and the discoverer has given it the specific name of "Titanum." Odorado Beccari, a traveller and naturslist well known in Europe, is the fortunate finder of it. He despatched six boxes of the bulb root to Italy, but a peculiar misfortune has befallen them. They were addressed to a nobleman of Florence, but on arrival at Genoa were refused admission by the custom officers. Out of dread for the *phylloxera* all living plants have been refused admission to the Kingdom, lest the terrible foe of the vineyards should smuggle himself into Italy, and the officers followed the law in the case of the harmless Titan.

If we could speak in tones of thunder we would use our voice to advise all people everywhere to get at once a bottle of *Johnson's Anodyne Liniment*. As a preventive of diphtheria, pneumonia, congestion, and all dangerous throat and lung diseases its value *is priceless*.

Certain parties have been for years flooding the country with *immense* packs of horse and cattle powders which are utterally worthless. Don't be deceived by them. Sheridan's powders are the only kind now known in this country which are strictly pure. They are very powerful.

Hall's Vegetable Sicilian Hair Renewer has for many years occupied an honorable place in the toilet of American women, and has also attained popularity in foreign countries. This is because it does PERFORM what it promises. Its warmest friends are those who have used it longest, and those who sound its praise the loudest are those who from actual experience and personal trial have demonstrated that by its use gray hair is restored to its natural color and dry, harsh, and wiry hair is made soft and lustrous a thing of beauty, and a matter of joy and pride to the wearer.—*Sub-Soiler and Democrat, Corinth, Miss.*

LIVER IS KING.—The Liver is the imperial organ of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the Liver and Stomach. Sample bottles to try, 10 cents. Positively sold in all towns on the Western Continent. Three doses will prove that it is just what you want.

Marriages.
