At the Forest is the best Medical School!!

That preparation which expels the humors from the System, directly or indirectly from a disordered state of the System, caused by improper diet, Medical and Mental condition of the Stomach and Bowels.

DR. HALSEY'S GUM-COATED FOREST PILLS.

(A favourite prescription of physicians.)

These Pills are prepared from the best Sarsaparilla, combined with other Vegetable properties of the highest Medicinal virtue. They are warranted not to contain any Mercury or Mineral whatever. They purge without griping, nauseating or weakening; can be taken at any time, without inconvenience or hindrance from business, or diet—for a course of taking only. They neither have the taste nor smell of Medicine, and are the mildest form of effective Pills. They are the best form of Medicine to be used in the cure of disease than any Pills in use.

But a short time has elapsed since these great and good Pills were first made known to the public, yet thousands have already experienced that good effects. Invalids giant care by their Physicians as incurable have found relief, and been restored to sound and vigorous health from their use.

TO FATHERS OF FAMILIES.

Bile and foul state of the stomach cause more sickness and deaths in families than all other causes of diseases put together. In the latter part of Summer and Autumn, when the atmosphere everywhere is poisoned from miasma, arising from stagnant pools and decayed vegetation, while families are taken down by Malignant Fever, Fever and Ague and other dangerous disorders, all proceeding from a bilious and foul state of the stomach. No parent can be so ignorant as not to know the great danger existing from bilious disease patent would be guilty of causing the

DEATH OF THEIR OWN CHILDREN!!!

Yet thousands of children and adults die every year through neglect of parents to attend to the early symptoms of bile and foul stomach.

Superfluity of bile may always be known by some derangement of the stomach, which it produces, such as sick stomach, headache, loss of appetite, bitter taste in the mouth, yellow tint of the skin, languidness, costiveness, or other symptoms of a similar nature. Almost every person at this season of the year is bilious, the effect of which is to lay the system open to some dangerous disease, and frequently bring on death. Nothing is so good for the bowels as a dose of Dr. Halsey's Gum-Coated Forest Pills are sufficient to keep a whole family from bilious attacks that accrue from our miasma to a year. A single dose, from 1 to 3, of these mild and excellent Pills for a child, from 3 to 4 for an adult, and from 5 to 6 for a grown person, carry off all bilious and morbid matter, and purify the stomach and bowels, and by preventing all manner of bilious disorders, and many other dangerous diseases.

SALTS AND CASTOR OIL.

No reliance can be placed on Salts or Castor Oil. These, at best, are but temporary palliatives, you offer without removing the bile, leaving the bowels costive and the stomach in a bad condition as before. Dr. Halsey's Forest Pills act on the gall ducts, and carry all morbid bilious matter from the stomach and bowels, leaving the system strong and vigorous, mind clear, producing a healthy appetite and digestion.

Dr. Halsey's Forest Pills act on the vital organs of the Stomach, Liver, Kidneys or those which secrete the fluids of the body and separate the impurities from the blood. While they purge all bilious and morbid matter from the stomach and bowels they cleanse and renew the blood, thereby destroy the seeds of disease. The Forest Pills do not weaken, but give strength and animation to both body and mind. They neither cause griping nor are in any inconvenience whatever, and consequently it better able to attend to business than under their influence than before taking them. They are mild in operation, yet powerful in restoring health.

The great amount of good these Pills have done for the sick and afflicted have induced thousands to commend them to their friends and the public. Individuals of worth and standing in almost every part of the country have testified to the world in favor of their great effects in curing disease.

Testimonial after testimonial showing their great powers of curing in almost every class of disease have been tendered to us by individuals of undoubted character and respectability. The following testimony is from a respectable and wealthy farmer residing near Utica, New York:—

UTICA, November 9, 1848.

DR. G. W. HALSEY,—Every fall, for several years back, I have had much difficulty in my family of Bilious Disorders, and Ague and Fever. In the fall of 1846 two of my sons were taken at the same time with Bilious Fever. In former seasons, when sickness occurred in my family, I had always employed a Physician. But at this time having two sons of your Forest Pills in the house, I concluded to try them. I gave to each of them six pills, and four hours after I gave them three Pills more. They soon operated, leaving them much black and green matter. On the following day the fever had gone off, and they both recovered without any more medicine. Since this time I have always kept your Pills at hand, and in all cases of sickness we have used them with the most happy effects.

(Signed) MAX GOODHOE.

NOTICE TO THE PUBLIC.

In 1845 Dr. Halsey's Pills were first made known to the public, since the introduction of Halsey's Sugar-Coated Pills in the United States, countless sums gained for them a high reputation, and the annual sale of them has reached millions. This great reputation has caused the manufacture of counterfeits, which they coated with sugar, to give them the outward appearance of Dr. Halsey's, in order to pass them under the good will Dr. Halsey's Pills had gained by cutting the market with worthless pills. The public are hereby cautioned against purchasing that Dr. Halsey's genuine Pills will henceforth be colored with

GUM ARABIC,

As which which is every respect superseded Sugar, both on account of its high cooling virtues and its durability. The discovery of this improvement in the Pills is the result of experiments during three years. For the invention, of which Dr. Halsey has been awarded its only Patent ever granted on Pills by the Government of the United States of America.

The Gum-Coated Forest Pills present a beautiful transparent glossy appearance. The mild, cooling, wholesome qualities of pure Gum Arabic, with which they are coated, give them still better and more effective virtues than before. Dr. Halsey's celebrated Sugar-Coated Pills. The Gum-Coated Pills can now be safely taken by infants of the most tender age, without the slight apprehension of their injuring the most delicate constitution, but remain the same, retaining all their virtues in no laxative period of time, and are perfectly free from the disagreeable and nauseating taste of Medicine, by which they would still be taken and to obtain Dr. Halsey's genuine and genuine Pills, see that the label of each box bears the signature of G. W. HALSEY.

Reader!!! If you wish to be cured of a medicine which does not contain that lurking poison, Calomel or Mercury, purchase **HALSEY'S GUM-COATED FOREST PILLS**, and avoid all others.

If you desire a mild and gentle purgative, which neither weakens nor gripes, but gives ease in griping, seek for **HALSEY'S PILLS.**

If you would have the stomach invigorated as well as the bowels, use Dr. Halsey's Forest Extract in the world for purifying the blood, drink Dr. HALSEY'S PILLS.

If you do not wish to fall a victim to disease, purchase Dr. Halsey's and be cured of Dr. HALSEY'S PILLS as soon as unfavorable symptoms are experienced.

If you would have a Medicine which does not leave the bowels costive, but gently stimulate the bowels of weakness, purchase **HALSEY'S PILLS**, and avoid Salts and Castor Oil and all common purgatives.

Parents, if you wish your families to continue in good health, keep a box of **HALSEY'S PILLS** in your house.

Ladies, Dr. HALSEY'S PILLS are mild and gentle in their operation, and well adapted to the peculiar delicacy of your constitutions. Prepare yourselves.

Travellers and Mariners, forget not to take Dr. HALSEY'S PILLS.

Keep Dr. Halsey's Forest Pills with Dr. HALSEY'S PILLS, private, prepared with the Dr. HALSEY'S PILLS.

R. R. R.
THE PROPHECY FULFILLED.

IN the month of August, 1846, we published to the world that we had discovered a remedy that would instantly stop the most severe pangs of pain, and speedily cure in the cause.

We proposed to Hospitals, and all other institutions for the relief of the sick; to Physicians, surgeons, and all Medical Institutions and Bodies, to introduce our Ready Relief for their patients, and Dr. Brownlee for Medical Relief, and stop every pain upon the patients.

We obtained that it would allay, in a few minutes, the most severe Cramps and Spasms, and would stop the pain of that disease called Spasmodic Cholera, that in a few minutes it would change the hot, clammy, cold, and blue complexion, to warmth, vitality, and vigor, and that the most severe pains in the bowels, that in other remedies, it would only allay and diminish, would stop and remove, in a few minutes, the most violent pains in the bowels, or any other part of the body; that it would in every case, stop the most severe and dangerous fits of cold and spasmodic cholera in less minutes, than any other remedy would in hours.

That it would be in an instant relieve the great pains of Rheumatism, and in a few minutes, cure the most severe cases of Rheumatism.

That it would relieve all Rheumatic pains in fifteen minutes, and cure most chronic cases of Rheumatism in a few days.

That it would be a speedy relief and relieving inflammation, Burns and Scalds, and that the application of it would be entitled to the publication of our discovery. The wise, sagacious, and patient Science shook their heads in doubt. The sick and afflicted hoped yet, feared that, like other remedies, it would give quick relief, and then, by printed pamphlets, would inform the people, who were suffering with the most excruciating pains, at once determined to try it; the consequence was, that from all parts of the country, from the Canadas, from the State of New York, we were the daily recipients of orders for our extraordinary remedy. The people tried it and found it good; the most terrifying pains were extinguished; vast and feeble victims of Rheumatism, who had been bedridden for years, were suddenly relieved from pain and restored to health. So with the sufferers of Neuralgia, Sick and Nervous Headache, Cholic Pains, Diarrhoea, Cramps, Spasms, Cholera Morbus, and, in fact, all painful and exhausting Acute Diseases, were suddenly relieved from their sufferings, and restored to health. In these spread from city to city, the people sounded its wonderful virtues for and while, and are the earth had run its yearly course.

FIVE MILLION BOTTLES WERE SOLD!

In every town in Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, and Ohio; in Michigan, Wisconsin, Illinois, Indiana, Missouri; the people have tested its merits, and announced it as a sacred specific for pain.

In all parts, in New Jersey, Pennsylvania, Virginia, Maryland, Delaware, the Carolinas, Georgia, Tennessee, and Louisiana, the people bear testimony to its virtues, and proved its efficacy.

TO THOSE WHO KNOW NOTHING OF IT.

If you are unacquainted with the merits of Radway's Ready Relief, and if you reside in either of the States mentioned above, we refer you to the Druggists, to Physicians, and the People. Take a bottle of it to any skilful Physician, let him test it, we will risk its reputation on his opinion.

Ten drops has frequently cured the most terrifying Cholera Morbus.

Twenty drops, taken three times per day, will cure Sour Stomach.

Sixty drops, three four times per day, will cure Weakness and Debility.

Thirty drops, taken every ten minutes, will cure Diarrhoea.

Thirty drops, taken every twenty minutes, has cured Sick Headache.

Thirty drops, taken every twenty minutes, has cured Sharp Spasms.

Thirty drops has, in fifteen minutes, cured Tic Doloreux.

Sixty drops has, in twenty minutes, stopped the pains of Rheumatism.

Thirty drops has, in fifteen minutes, cured Wind on the Stomach.

Thirty drops has, in fifteen minutes, cured Cholera Morbus.

One application externally has stopped the most painful Rheumatic affliction, and cured Sprains, Strains, and Bruises.

Three applications has cured the Salt Rheum.

Three applications has cured the Rash and Tetter.

Three applications has cured Pimples and Blotches.

Six applications has cured the Tetter.

Twelve applications, in twenty-four hours, cured Corned Spine.

One application, in 15 minutes, cured the Lumbago.

SOLEMN TRUTH.

Reader, do not reject the statements on account of the above assertions, we state only what it has done, what we know it will do. Therefore, if you consider it worth 25 cts. and, any word for it, you will become a firm believer in the virtues of Radway's Ready Relief.

Price of Radway's Ready Relief, 50 and 25 cents per bottle.

BEAUTY.

Complexion richly tinted with the bloom of health, White skin as pure and fair as purest marble—Soft and sweet as the fragrant rose—Teeth as sound and white as ointment, Breath of sweetest fragrance, and lips of coral tint, With flowing ringlets and glossy locks, Wandlike trees dancing gracefully over the swan-like neck.

No dark repulsive spots to mar the pleasing picture, Or to cast dull shadows o'er beauty's master piece.

RADWAY'S MEDICATED SOAP,

Composed of the most delicious, rare and fragrant gums, Oil extracts, oils, and costly essences, Of flowers, roots, trees, and oriental plants, Possesses the most wonderful virtues over skin diseases.

TO THE COMPLEXION IT IMPARTS BEAUTY,

By cleansing the skin from all external impurities, which does not dry on the skin, gives action to the capillaries, and a healthy action to the skin restored.

To the teeth, it gives whiteness and prevents decay, By which all poisonous humors are ejected.

RADWAY'S CIRCASSIAN BALM,

Imparts nutriment to the hair—Makes it strong, glossy, and luxuriant, Eradicates the dandruff, from dandruff—gives action to the follicles.

Prevents the hair upon the scalp, and forces it to grow—Like gums in a diseased soil, it makes it rich and productive.

To dress the hair, makes it smooth and glossy,—

Radway's Circassian Balm is the "ne plus ultra."

SMITH'S EXTERMINATOR
FOR THE ENTIRE EXTERMINATION OF

Rats, Mice, Cockroaches, Beetles, Crickets, Ants, &c,

Without the use of Arsenic or other Mineral Poisons.

The Genuine Article has a Label, similar to the above, pasted on the top of each Box.

The following TESTIMONIALS, from parties of high respectability, will place its efficacy above suspicion:—

With pleasure I assert, that the use of Smith's Exterminator was attended with complete success in destroying Cockroaches, Beetles, and Rats, in and about my premises; which was effected without any inconvenience.

C. F. BAILLARGEON, Pwr.

Quebec, 7th March, 1846.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the nuisance, without success. Having been strongly recommended Smith's Exterminator, I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my premises were infested, and that without the least inconvenience.

B. VILLENEUVE,
Director of Montreal College.

Montreal, April 20, 1846.

From the Rev. D. Davis, D. D., Minister of the Baptist Church, Montreal.

I most willingly bear testimony to the good effects of Smith's Exterminator. I found my previous trouble from Rats, Mice, Cockroaches, Beetles, Crickets, Ants, &c., effectually cured by the use of your Exterminator.

ELEGANT AND INVALUABLE ARTICLES FOR THE TOILET.

BOGLE'S HYPERION FLUID,
FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians in Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar testimonials.

Mr. Wm. Bogle,—Sir,—The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other preparations for the hair. It invigorates and beautifies the hair, and clears the skin of all impurities, without producing any ultimate deleterious effects, which are too frequently the result of many well-known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children it lays the foundation of a good head of hair.

BOGLE'S AMOLE,
A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the plant called the "soap plant," of California. An article used by the natives of that country for washing; and thus the use of strong alkali, so injurious to the skin, is avoided. Its vegetable detersive properties have the purest and most nourishing effects on the skin,—it soothes and allays irritation, and has a fine, thick, creamy lather which does not dry on the face. It is a decided luxury to be shaved with this incomparable soap. It is sold in a elegant style, calculated either for the dressing case of the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

BALDNESS CURED.

The following testimonial from Mr. F. Barrett, Sausage Street, East Boston.

EAST BOSTON, Feb. 5, 1847.

Mr. William Bogle,—Dear Sir: For several years past, my wife has been troubled with baldness on the Crown of the head, about six or seven inches in circumference. After repeated failures of other remedies, she was induced to use your Hyperion Fluid, which she used for a few months, and has been perfectly cured of the Baldness. She has been in good health, and has not had a return of the disease. She has used only two bottles, and that very irregularly; had she used it oftener and more regular, I am assured it would have prevented the baldness. I remain, respectfully, Sir, yours respectfully, SUMNER F. BARRETT.

BOGLE'S HEBEAINA,
FOR REFRESHING AND BEAUTIFYING THE SKIN.

Quickening Tint, Purpose and other eruptions of the skin, and rendering it fair, delicate, and blooming. It is equally efficacious in protecting the skin from the hot sun, and in preserving the tender bloom of infancy, and is the most elegant and delicious article to be found at the toilet of a lady.

All the above articles have stood the test of the strictest investigation, and are WARRANTED superior to anything yet invented.

SCROFULOUS AFFECTIONS, &c.

In all those distressing and protracted affections, there is no question respecting the efficacy of this Medicine, an eminent Physician of this city, writes the following:

Dr. Sherwood's Galvanic Embrocation, I regard as the most valuable and medicine to Scrofulous affections. One of my children, a girl of 8 years old, was afflicted with a very inveterate and protracted Scrofulous affection, which had continued for ravaged nearly two years, during which time, I tried every remedy I could hear of, without success. Having been strongly recommended Sherwood's Embrocation, I resolved to try it, and I am happy to say that its effect was most decisive; it cured the child in a few days, and I have not seen any of the disease, since. I have used only two bottles, and that very irregularly; had she used it oftener and more regular, I am assured it would have prevented the disease. I remain, respectfully, Sir, yours respectfully, SUMNER F. BARRETT.

STRONG RECOMMENDATIONS.

Respecting the effects of Dr. Sherwood's Galvanic Embrocation, a distinguished Physician of New York, which this Galvanic Embrocation is one among the numerous and surprising the cures of the most inveterate and obstinate cases of Rheumatism, Neuralgia, Sciatica, and all the pains, that it will invariably effect a complete revolution in the parts to be treated. The Galvanic Embrocation is to be put by Dr. Sherwood, and has been little thought of all kinds by the profession, and it will be found the best Physician, and most friend, in cases in which the great value of the Galvanic Embrocation is to be found, the great value of the Galvanic Embrocation is to be found, the great value of the Galvanic Embrocation is to be found.

CRAMP AND PAIN-KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN For the Cure of all Rheumatic Affections—Pain in the Stomach, Back, Side or Limbs—Stitches in the Back, Side or Limbs—Cramp in the Limbs or Stomach—Darting Pains, Bilious Cholic, Dysentery and Diarrhoea, Colds and Sore Throat, all cases of Local Inflammation—Cuts, Wounds, Bruises, Headache, Toothache, Burns, Scalds, Frozen Limbs, &c., &c.

THIS wonderful Medicine has effected many truly surprising cures in cases of the foregoing complaints. And we say no more than hundreds and thousands who have used it will assert, when we say there is no Medicine designed for that class of complaints, possessing more than a tythe of the power to relieve and cure of this.

We solicit particular attention to the fact that it does not contain a particle of Opium, in any form. Neither does it contain Camphor.

It is free from any deleterious article, and cannot, in any supposable case, injure the patient.

It does not deaden the *Life Faculties*, nor produce the burning, drying, parching sensations, so much complained of in the use of other "Pain Killers."

It does not weaken the peristaltic motion of the bowels, producing Costiveness and its attendant evils, but is a promoter of digestion, and of proper and healthy action in the stomach and intestine canals.

IN ALL RHEUMATIC AFFECTIONS,

Local Pains, &c., it has proved *surprisingly* successful, rarely failing to cure, even in the most desperate and long standing cases. (See Certificates.) In these cases, the parts affected should be freely bathed, and then rubbed lightly, but briskly—not hard enough to hurt the patient, till an irritation is produced on the surface, and in several cases the patient should take half a teaspoonful on sugar or molasses.

CRAMP IN THE STOMACH OR BILIOUS CHOLIC,

We believe it will never fail to *speedily cure*. It should be a teaspoonful at a time, on sugar or molasses, or in any manner the patient can take it best, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not find relief, repeat the dose.

DYSENTERY OR DIARRHŒA,

Are speedily and easily *cured* by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.

EVEN THE CHOLERA,

Which during the past season has swept off such fearful numbers, has been cured by it, we believe in every case; where it has been early and faithfully applied. In Dysentery, it proved singularly fatal, it was found to yield easily to the treatment, and CURTIS & PERKINS' *CRAMP AND PAIN KILLER*, was the remedy used in the Cholera Hospitals, and by the Press, as the first, the surest remedy to be used.

As a dressing for *Cuts, Wounds, Bruises, &c.*, it is without a rival. As also in cases of *Burns, Scalds, Freezes, &c.*—relieving the pain and healing without scar.

FOR TOOTHACHE

It is, nine times out of ten, a *CURE*. W believe it will wrong every case where the tooth is ulcerated. If the tooth is hollow, saturate a little lint and put it in cavity. Hold some of it in the mouth. If the face is swollen bathe with it.

Bathing the head with it is generally a cure for the *Headache*.

We are constantly receiving certificates from every part of this country, many of which may be seen in newspapers, and in pamphlets, which may be obtained of any of our agents.

P. R.—It is the best *HORSE AND OX LINIMENT* in the world.

Please read the following statement from John Buckman, Esq., of Gloucester, Me.:—

DEMONT, July 11, 1848.

Messrs. Curtis & Perkins,—For two years past I have been entirely prostrated with the Rheumatism, and my limbs were so swelled to twice their original size—a large bunch came out on my breast bone, appearing like a part of the bone thrown out. Another disease was thrown out of my wrist. In short, I endured the most excruciating pains for nearly three years. I obtained the best medical assistance the country afforded, and tried a great number of medicines and prescriptions without the least benefit or alleviation, when I had the good fortune to procure a bottle of Cramp and Pain Killer, prepared by Messrs. Curtis & Perkins, of Bangor. Soon after taking it I found I slept quietly the first night, and the pain became less violent. I have continued to take it and apply it externally, until I have used eight bottles. I took much larger quantities than was recommended.—The swelling has all gone down both in my limbs and breast, and I am entirely relieved from pain. I have been able to do a good day's work at any time for the last three months, for a man of my age. No description of my case can convey the vast amount of benefit I have received from this article. I believe it is the best article in the world for Rheumatism. I have also used it for cholic and pain in the stomach, and always found immediate relief.

SELF-PRESERVATION:

A MEDICAL TREATISE ON THE PHYSIOLOGY OF MARRIAGE, and DISORDERS of YOUTH and MATURITY, usually acquired at an early period of life, which enervate the physical and mental powers, diminish and embitter the natural feelings, and exhaust the energies of Manhood—with practical observations on the Treatment of Nervous Debility and Indigestion, whether arising from those causes, or from other causes, and the Treatment of Nervous, Local and Constitutional Weakness, Syphilis, and all Diseases and Derangements resulting from Indigestion,—with Forty Original Prescriptions, containing the Anatomy, Physiology, and Diseases of the Reproductive Organs, explaining their structures, uses and functions, and the various injuries that are produced in them.

BY SAMUEL LA'MERT, M.D.,
No. 37, Bedford Square, London,

Doctor of Medicine, Matriculated Member of the University of Edinburgh, Fellow of the Medical Society of London, Honorary Member of the London Hospital Medical Society, &c.

This Work contains an explanatory and complete account of the anatomy and physiology of the Reproductive Organs, and of their relative conditions to health and disease. Nor are these the sole concerns of the Work; the causes of excess, as well as the nature of the danger, are pointed out in clear and intelligible language. It decidedly requires the closest attention and study, for what subject can be of more importance than the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens that the unhappy victim of excessive indulgence and vicious habits, is generally required in early life, or from the follies of advanced age, while suffering from their inevitable consequences, to undertake a fore of applying to a medical physician for relief. Shame and the dread so frequently, but erroneously, entertained, that those components are beyond the reach of medical assistance, whose shame it can be proved. In acting thus, he forgets that presents discrimination in ascertaining the consequences of every case, and that there are cases, where all, secrecy, invariably the medicine the intelligent and practical physician, and to the medical man, who can show the necessary skill in the management of such cases, he is entitled to confidence and respect in his professional pursuits, the strictest confidence should be attended. Dr. LA'MERT has been consulted by thousands, and his fame has spread widely, and the great extent of his practice for many years, is a guarantee for his professional experience, which has enabled him to perform the most difficult and dangerous cases.

The Work may be had in Montreal, of Mr. Lymans & Co., Druggists, St. Paul Street, and of the Author, Dr. LA'MERT, 37, Bedford Square, London, price 2s. 6d. Sterling; Halifax, Messrs. Morton & Co.

THE BRITISH PERIODICALS
AND THE
FARMERS' GUIDE.

LEONARD SCOTT & Co.,
No. 54, Gold Street, New York,

CONTINUE to publish the four leading British Quarterly Reviews and Blackwood's Magazine, in addition to which they have recently commenced the publication of a valuable Agricultural Work, called

"THE FARMERS' GUIDE TO SCIENTIFIC AND PRACTICAL AGRICULTURE."

By HENRY STEPHENS, F. R. S., of Edinburgh, Author of the "Book of the Farm," &c., &c., assisted by JOHN P. NORTON, M. A., New Haven, Professor of Scientific Agriculture in Yale College, &c., &c.

This highly valuable Work will comprise two large royal octavo volumes, containing over 1400 pages, with 150 or 60 splendid Steel Engravings, and upon than 600 Engravings on Wood, in the highest style of the Art, illustrating almost every implement of husbandry now in use by the best farmers, the best methods of ploughing, planting, haying, harvesting, &c., &c., the various domestic animals in their highest perfections in short, the *pictorial* feature of the book is unique, and will render it of incalculable value to the student of agriculture.

The Work is being published in Semi-Monthly Numbers, of 64 pages each, exclusive of the Steel Engravings, and is sold at 25 cents each, or $5 for the entire Work in Numbers, of which there will be at least 20.

The British Periodicals Re-Published are as follows, viz.:—

The London Quarterly Review, (Conservative.)
The Edinburgh Review, (Whig.)
The North British Review, (Free-Church.)
The Westminster Review, (Liberal.)

AND

Blackwood's Edinburgh Magazine, (Tory.)

Although these Works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their literary character which gives them their chief value, and in that they stand confessedly far above all other journals of their class. *Blackwood*, still under the masterly guidance of *Christopher North*, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial Works of Bulwer and other literary notables, written for that Magazine, and first appearing in its columns here in Great Britain and in the United States. Such works as "The Caxtons" and "My New Novel," (both by Bulwer,) "My Peninsular Medal," "The Green Hand," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by those publishers from the pages of Blackwood, after it has been issued by *Messrs. Scott & Co.*, so that Subscribers to the Reprint of that Magazine may always rely on having the *earliest* reading of these fascinating tales.
