WANTS CANADA TO HELP

Young Britons Favor Contributing Towards Support of Navy.

Smith's Falls, Ont., June 9. — The Grand Lodge of Orange Young Britons of British North America convened in its 23rd annual session in the Orange Hall here this afternoon. Already the attendance is the largest in the history of the society, and by tomorrow it is expected the attendance will reach over the hundred mark. All the delegates appear imbued with the idea that they are here for business, and the meeting is full of enthusiasm and interest.

The grand master referred to the steady progres being made by our beloved Dominion, which has been shared to a great extent by the Orange Young Britons' association. He spoke of the unfairness of Canada to accept the protection of British arms, and the benefits derived of British diplomatic agencies, without contributing at least a fair share of the expense necessitate by such protection, and advised the members of the order to use their influence with their parliamentary representatives with the object of securing legislation whereby we Canadians will be independent, inasmuch as we will pay our share for the maintenance of the British navy, at least.

DOCTOR HAS THE PROOF.

That Dodd's Kidney Pills Are a Sure Cure for Urinary Complaints.

St. Mary's Ferry, York County, N. B., May 16.—(Special).—"Some years ago I began to suffer from pain in the back accompanied by a lethargy impossible to overcome," says Mr. Thos. Harrison, of this place, in an interview. "I was attended by a physician, but continued to grow worse and started to pass bloody urine.

"On the advice of a friend I started to use Dodd's Kidney Pills and by the time I had taken one box I passed a stone that is now in the doctor's possession. Three boxes cured me completely."

Dodd's Kidney Pills cure the Kidneys, and with sound Kidneys you need never have urinary complaints.

ORANGE GRAND LODGE

May Devote a Sum to Prosecute the Sturgeon Falls Case.

Picton, June 10.—After Grand Master Sproule had concluded his address to the Orange Grand Lodge Wednesday afternoon the reports of the grand secretary and grand treasurer were read. The former showed a total addition of 9,078 members, which after deducting losses, left a net gain of 6,000. Thirty-eight primary warrants were issued during the year—eight in Ontario West, one in Ontario East, five in Nova Scotia, four in Newfoundland, seven in Manitoba, six in the Northwest (eastern division, three in the Northwest (western division), and four in British Columbia; three county lodges—West Nipissing, Ont., Virden and Carberry, Man.—and four district lodges—Thunder Bay and Temiskaming, Ont., Trinity Bay, Newfaundland, and Hants, N. S.

The grand treasurer showed receipts of $4,441 56, and expenditure $4,307 03. The balance on hand is now $1,597 93.

Before the grand lodge closes it is probable that a resolution will be introduced voting a sum of money towards the prosecution of the Sturgeon Falls cases to the last court.

A BAPTIST PROTEST

Against Bonusing of Alma College—Want Bars Abolished.

Toronto, June 9.—The Toronto Association of Baptist Churches concluded its annual meeting last night. True to their principles, they passed resolutions strongly opposing any connection of State and Church, and objecting to the measure of Bible reading which they said was permitted in the Toronto public schools. The following resolution in regard to bonusing Alma College was adopted:

"Whereas, a bylaw has been carried in the city of St. Thomas compelling all ratepayers to support a sectarian college, thus violating one of the fundamental principles of our denomination, be it resolved that we deplore such violation of individual liberty, and that we view with great apprehension the introduction into any part of our beloved country of a system similar in its nature to the present obnoxious school law of England."

Among other resolutions adopted was the following: "Resolved that in view of recent events re temperance legislation, we, the members of the Toronto Association of Baptist Churches, reaffirm our former position, and as citizens call upon the Premier and Cabinet of the Ontario Legislature to push to its ultimate conclusion the proposed bill abolishing the bar, the treating system and the sale of intoxicating liquor in clubs. While we are firmly convinced that absolute prohibition of the liquor traffic is the only remedy, yet we are willing to accept the proposed legislation as a great advance in the right direction."

TO TOUR UNITED STATES.

Toronto, June 9. — The provincial commission on railway taxation met today and arranged their plans. The commissioners are H. J. Pettypiece, M. P. P.; Prof. Shortt and Judge Bell. They will commence their tour of the United States on July 1, going to Michigan and Illinois, Iowa, Missouri, afterwards visiting New York and Pennsylvania.

A MAGIC PILL.—Dyspepsia is a foe with which men are constantly grappling, but cannot exterminate. Subdued, and to all appearances vanquished in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument, in which even a breath of air will make a variation. With such persons disorders of the stomach ensue from the most trivial causes, and cause much suffering. To these Parmelee's Vegetable Pills are recommended as mild and sure.

Patience used to roost on a monument, but now she rides on a trolley. When a man takes a joke he often passes it along without properly indorsing it.

ACCEPT ONLY

Labatt's INDIA PALE ALE

(LONDON)

Brewed with exceptional care and watchfulness until just the right body and flavor are obtained. Its flavor is the true flavor of good malt and hops. One case in your house will demonstrate to your entire satisfaction that it is the best table ale brewed. All dealers can supply you.

POWERS MAY STOP CONGO HORRORS

Sir Charles Dilke Wants Britain to Act With U. S. in the Matter.

London, June 9.—During the discussion of the foreign office estimates in the House of Commons today, Sir Charles Dilke (Advanced Radical) raised the question of the administration of the Congo State. He advocated an appeal to the United States to act with Great Britain in the matter. Sir Charles asked if, in the face of the facts admitted by the Belgian Government, the time had not come to "sweep away all the difficulties and force the Government to act by stronger measures than mere words and dispatches with reference to this horrible scandal."

Other speakers supported Sir Charles' suggestion to appeal to the United States.

The Under Secretary for Foreign Affairs, Earl Percy, said the British Government had thought the Congo Government would readily recognize the necessity for a searching inquiry, but had been disappointed. Was it possible, he asked, in the face of the Congo Government's own testimony, to avoid the conclusion that the refusal to make an inquiry showed that the Belgian Government was afraid of revelations, or would not reform the system which permitted such atrocities? The Congo Government's later proposal to investigate the charges made had altered the situation slightly, but an unsatisfactory feature of this proposal was that the Congo Government did not know what form the investigation would take, or what tribunal would carry out any reforms which might be determined upon. Earl Percy, at the end of a long speech, reviewing the situation in the Congo, charged officials with permitting "insensate, inhuman cruelties to be practiced in order that they might profit by the collection of rubber." It was in the conviction that the fair fame of western civilization was at stake that the British Government appealed no less to other powers than to the Congo State itself. The British Government sincerely hoped the rulers of the Congo State would prosecute the inquiry to which they were solemnly and publicly pledged.

A Brussels dispatch says: It is understood that the Congo State Government considers the British proposal of a special commission to inquire into its administration as unacceptable and contrary to its dignity and independence.

WAR ON UNIONISM

Citizen's Alliance of Cripple Creek to Drive It From District.

Cripple Creek, June 9.—"Death to unionism in the Cripple Creek district," is the new slogan of the Citizens' Alliance, which has sent a decree broadcast that every person connected with any union here must sever his or her connection with such organization or leave this district. The latest stand of the anti-unionists was vaguely hinted at two days ago, but the movement on the part of the alliance seemed so absurd to the three or four thousand unionists in the camp, and its enforcement fraught with so many difficulties, that it was not taken seriously. Tyson S. Dines, a Denver attorney and one of the executors of the Stratton estate, is here in conference with the Citizens' Alliance leaders, and, it is announced, that he is preparing a form which will be presented to every merchant and business man and other employer of labor in the entire district, pledging them not to employ any person who is affiliated with a labor union. No person who works for a living will be exempt, and the absolute annihilation of unionism in this country is predicted by members of the Citizens' Alliance and the Mine Owners' Association. This is considered the most drastic step yet taken by the alliance since it secured the upper hand in this district, and its enforcement will affect 3,000 men and women now affiliated with the various unions. Among the unions that will be affected by the new movement are the clerks, cooks and waits, bartenders, carpenters, electricians, trainmen, and stone and brick masons.

The unionists assert that they will fight the movement to a finish.

Mrs. Winslow's Soothing Syrup

has been used for over FIFTY YEARS by MILLIONS OF MOTHERS for their CHILDREN WHILE TEETHING, with PERFECT SUCCESS. IT SOOTHES the CHILD, SOFTENS the GUMS, ALLAYS all PAIN, CURES WIND COLIC, and is the best remedy for DIARRHŒA. Sold by druggists in every part of the world. Be sure and ask for "Mrs. Winslow's."

SCALDED TO DEATH.

Cornwall, Ont., June 10.—John Waldruff, of Newington, died in the hospital here Wednesday night, as the result of injuries sustained at Newington on the previous day.

Waldruff was working in Duval's cheese box factory at Newington, when he fell feet first into a huge vat, where logs are boiled. The first man to try and pull him out lost his hold, and Waldruff got a second dip in the boiling water. By the time he was rescued and his clothes removed he was literally cooked from the waist down. He died after suffering excruciating agony for 40 hours. He was 30 years of age, and a son of the late William Waldruff.

Love at first sight often lives just about long enough to wish it had been born blind.

WAS IN A CRITICAL CONDITION

System was Run Down.

FELT DROWSY AND MISERABLE.

Burdock Blood Bitters

BUILT UP THE SYSTEM AND ADDED TEN POUNDS IN WEIGHT.

Mr. Ed. J. Harris, Newbridge, Ont., was in poor health, but has now been restored to full health and vigor. Here is what he writes us: "Last spring I was in a very critical condition, my system was all run down. I felt drowsy and miserable, and thought I would surely die if I did not get something to build me up. After reading one of your almanacs I decided to try Burdock Blood Bitters, and before I had taken two bottles I had gained ten pounds in weight, and am now in perfect health, and I can certainly recommend Burdock Blood Bitters to build up the system."

BURDOCK BLOOD BITTERS

Is the best Spring medicine on the market to-day. You may need one this Spring if so, get B.B.B.

Going for Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Don't put yourself in this man's place, but keep a bottle of this remedy in your home. There is nothing so good for Colic, Cholera Morbus, Dysentery and Diarrhoea. It is equally valuable for Summer Complaint and Cholera Infantum and has saved the lives of more children than any other medicine in use.

When reduced with water and sweetened it is pleasant to take.

You, or some one of your family, are sure to need this remedy sooner or later and when that time comes you will need it badly; you will need it quickly. Why not buy it now and be prepared for such an emergency? Price, 35 cents.

TRIBUTES TO CANADA

Nice Things Said About Us at Big London Banquet.

London, June 8.—The Canada Club held a rousing banquet tonight, Sir Gilbert Parker presiding. Mr. Duff Miller, in proposing the toast to the imperial forces, regretted the departure from Canada of British regiments, who preserved the English characteristics of the country. There were 145 well-known Canadians in the imperial army.

Capt. Blake, R.N., said that Canada was a great maritime nation, and he hoped the statesmen who were directing her destinies would formulate a plan by which more of the intrepid seamen would come forward to fight for the empire.

Gen. Benson, after paying a tribute to his old school, Upper Canada College, declared that Canadians were able to force to the front in the empire. From his position behind the scenes of reform in the war office he was able to say that the country was on the eve of an announcement of startling changes

Sir Gilbert Parker said Canada would accomplish more if she grasped the importance of compromise.

The Bishop of Calgary said he was astonished to find Canadians occupying such important positions in the political, social and religious life of Britain, and he hoped Canada would provide more men like Lord Strathcona.

Hon. Mr. Irvine said Australia was passing through a federation sickness, through which Canada had successfully passed. He hoped soon to visit Canada and study imperial problems. Imperial Federationists should ascertain imperial views towards the colonies. He complained that no member of the colonial office ever visited Canada.

ASSEMBLY'S CLOSING HOURS

Unformity of Public Worship and Sabbath Observance Discussed.

St. John, N. B., June 9.—The Presbyterian General Assembly, on the eve of its close, met in diminished numbers this morning when it was resolved that the expenses of the union committee of 60 members, be paid from various funds of the church, in proportion to receipts of last year.

The assembly departed from strict requirements for university and divinity training by granting leave to the Synod of British Columbia to ordain Missionary Mitchell, now laboring in British Columbia, remote from any settled minister. Principal Patrick recorded dissent from the finding of the assembly. Messrs. Rodger and Wood were also accepted opponents of this movement, and were twitted by members as greatly desiring a union with a church where the college training of ministers was little regarded.

Toronto Presbytery overtured the assembly. It was referred to a committee of expenses of commissioners to the assembly.

The committee on uniformity of public worship reported progress. Dr. Warden reported no shrinkage in the value of church securities other than ordinary fluctuations. Principal Scrimger said Montreal men wanted chartered 170 accountants to audit church books each year.

The Sabbath observance committee reported recommendations adopted. The General Assembly acknowledges with gratitude the continued interest of the membersship and the Canadian people in the Christian Sabbath. It rejoices in the brotherly co-operation of religious bodies in its defense, and recognizes a sympathetic interest of the Provincial and Federal Governments in future legislation. It confesses abiding faith in the love and wisdom that ordained the day, and in the blessings, temporal and eternal, which ever accompany its right use. The General Assembly invites all to whom her words come with any authority to share by precept and example in the maintainance and defense of the day of rest, and in particular by refusing to countenance social functions on that day, by discouraging Sunday funerals and parades and the use of bands of music in connection with attendance on public worship by any order with which they have to do.

ASK DELAY IN TARIFF

Woolen Men Ask It Be Not Enforced on Goods Already Ordered.

Ottawa, June 10.—President Fraser, of the drygoods section of the Montreal Board of Trade, introduced a deputation of Montreal wholesale drygoods men to the Finance Minister and Minister of Customs yesterday, and asked that the increased duty on woolens be not applied to goods ordered from the old country before the change is announced. They claim to speak for the drygoods trade throughout the country, and say that if the 30 per cent duty is applied to British woolens already ordered and sold to retailers it will mean a severe loss to them.

The ministers promised due consideration towards their request.

GALT CHILD POISONED.

Galt, June 10. — Annie the 4-year-old daughter of Wm. Lockston, Lowery avenue, died Wednesday under particularly sad circumstances. While playing in a grove near her home about two weeks ago, the child found a biscuit which she ate; shortly afterwards she became very ill, and upon a doctor being called in it was found she was suffering from the effects of arsenic poisoning. Everything possible was done to save the child's life but it was unavailing. She remained in a semi-conscious condition until death relieved her sufferings. The biscuit had evidently been placed in the grove for the purpose of poisoning dogs. Much indignation is felt over the occurrence, as the reckless throwing about of poison in this way has been done so frequently of late as to constitute a danger in the town.

A SOOTHING OIL.—To throw oil upon the troubled waters means to subdue to calmness the most boisterous sea. To apply Dr. Thomas' Eclectric Oil to the troubled body when it is racked with pain means speedy subjugation of the most refractory elements. It cures pain, heals bruises, takes the fire from burns, and as a general household medicine is useful in many ailments. It is worth much.

THE WEATHER TODAY- Fine and moderately warm.
