Live Stock Markets.

EAST BUFFALO.

EAST BUFFALO, N. Y., Jan. 19.—Cattle—50 cars on sale; no demand for heavy grades, and the offerings in this class will go east in first hands. Common grades were 15 to 30 cents lower than yesterday, and fair butchers, of which quite a number sold, were 10 to 15 cents lower.

Sheep and lambs—Offerings, 500,000 head. Market dull. Some choice Canada lambs sold at $6 75, and extra stock would sell from $6 80 to $6 85; poorer grades sold down to $6 50; and some were not sold. Most of the native offerings were decidedly common stock in both sheep and lambs, for which there was practically no demand.

Hogs—With a very light supply, and order buyers all wanting a few head, the market ruled active and 10c to 15c higher; the best hogs sold generally at $4 50, but several loads of medium and heavy weights brought $4 55; Yorkers sold at $4 45 to $4 50, and pigs sold up to $4 30 to $4 45 for fair weight pigs and Yorkers; roughs sold a ronger at $3 50 to $3 75, and stags at $3 to $3 25, the market closing steady and all sold. A heavy fall of snow again interfered with movements by shippers.

British Grain Trade.

LONDON, Jan. 18.—The Mark Lane Express, in its weekly review of the British grain trade, says: English wheats are dull and demand light. The heavy English reserves and the colossal stocks in the various ports have caused a fall of 1s in the finest samples without inducing buyers to purchase. Foreign wheats have suffered a similar reduction. The total decline since the 1st of December is 4s on California and 2s on American red winter. The stock of foreign wheats amounts to 6,253,000 qrs against 4,043,000 qrs on the corresponding date last year. Until the demand shall have moved a part of this surplus of 2,000,000 qrs dull markets are inevitable. A hopeful sign of the increase in continental buying and relief is the cessation of the Russian and Roumanian supplies. American flour is 1s lower. Oats are 1s and corn 6d cheaper. During the week beans and peas were scarce and commanded better prices to-day, but the prices of English and foreign did not move buyers to purchase. English flour dropped 1s; barley was steady; oats and corn unchanged; beans and peas were held for an advance. Linseed was 3d dearer.

MASS MEETING SATURDAY NIGHT.

A mass meeting of the electors is called for Saturday evening, in the Grand Opera House, for the purpose of nominating a candidate to represent London in the House of Commons. The meeting is called under the auspices of the Liberal Association and there will doubtless be a big crowd.

NOT A VOTER.

We are informed that Thomas Steel, teacher, had no vote in the Dominion election last year, as represented in the election trial. The only Thomas Steel who had a vote was Thomas Steel, laborer, who is still a respected resident in the city. This fact would have been brought out had the case not been dropped. It puts a new complexion on the matter.

LONDON AND ENVIRONS.

—Red is the popular color still.

—Senator Carling, of Ottawa, is in the city to-day.

—Trains have been delayed to-day because of the severe weather.

—Wm. Lear, of London West, was remanded for a week on a charge of vagrancy at the Police Court this morning.

—Mr. J. B. Smallman, of Messrs. Smallman & Ingram, left London for Liverpool on Dec. 30, and a letter posted by him in Liverpool reached London on Jan. 15.

—John Sullivan was charged this morning at the Police Court with having assaulted a constable yesterday. He pleaded guilty while under the influence of liquor, and sentence was suspended by request of the complainant.

—Alex. Gunn, alias Clark, and William Dingle hired a rig from David Beattie's livery stable yesterday afternoon. They afterwards got drunk and smashed a shaft of the cutter and lost the whip. The police magistrate ordered them to pay Mr. Beattie $3 this morning and allowed them to go.

—The dining-room staff of the Tecumseh House, accompanied by a number of the boarders, enjoyed a sleigh ride to and an entertainment at St. Johns last night. Dancing was indulged in and supper served at Fraleigh's hotel. Cayley's orchestra supplied the music.

—The funeral of the late Mrs. (Rev.) J. G. Laird took place yesterday afternoon from her late residence, 442 King street, to Mount Pleasant Cemetery. The funeral services was conducted at the house by Rev. Dr. Sanderson and Rev. George Boyd. The attendance was large, deceased having been esteemed and honored in her life-time by a large circle of admiring friends. Rev. George Boyd, Rev. A. C. Courtice, Rev. Mr. Crews, Rev. Dr. Sanderson, Rev. Mr. Holmes and Rev. G. W. Henderson were the pall-bearers.

—An officer of the Conservative Association said this afternoon: "We knew of evidence that would have unseated Mr. Hyman in five minutes on the first day, but we wanted to discredit Hyman as much as possible in the eyes of those who had not strong political leanings, and so we dragged it along as far as we possibly could, at the same time preventing the Grits from getting in any defense." This candid confession is in accord with the general belief. It was to meet this view of fair play that hundreds of witnesses were kept dangling around the Court House for nearly a week!

McGill vs. G. T. R. Company.—G. W. Marsh (London) for the plaintiffs, appealed from the judgment of the County Court of Middlesex dismissing the plaintiffs' application for a new trial, a non-suit having been entered on the first trial of the action. ANNUAL MEETING

Of the East Middlesex Agricultural Society.

Reports of the Treasurer and Board of Directors.

The East Middlesex Agricultural Society held their annual meeting in the Court House this afternoon, R. Whetter, president, being in the chair, and Secretary A. R. Rowat acting as secretary. The minutes of the last meeting were read and adopted.

The treasurer, D. McKenzie, read his report which showed receipts as follows: Membership subscriptions, $223; Government grant, $700. The principal disbursements were: Expenses of delegates to Toronto, $20; Government grant to four townships, $420; salaries, $104; amount paid Western Fair Association, $383 09.

The annual report of the directors was read by the secretary as follows:

Gentlemen,—It is the duty of your directors to lay before you at the annual meeting of the members a report of their proceedings during the year, and also to offer such suggestions as may appear useful for our guidance in the future. Last season was one of the most bountiful we have had for many years, all crops being above the average except the early hay, which was a little light, but the after-growth fully made up for the first light cutting. The beautiful weather for cutting and harvesting the crops was all that could be desired, and when we consider that in some parts of the Dominion the drought continuing late in the season caused a great shortage of crops, we have reason to be thankful that East Middlesex, with its beautiful fertile farms, having in its center the prosperous city of London, reaped such a bountiful harvest.

We would not forget to mention that the Western Fair Grounds, in Queen's Park, are convenient to the city, of great beauty, and considered by all who have seen them to be second to none in the Dominion. Never before had we such beautiful weather during the Fair week, which had a tendency to make the Fair a success financially.

The entries in horses, sheep and pigs were very complete, but cattle were somewhat behind former years. The reasons we give for this are, first, the cutting down of the prize list, and second, the fair being held at the same time as the Montreal Fair.

The Agricultural Hall was not as full as we think it should have been, the reason for this being that the weather was so fine that farmers did not like to leave their work of getting in their fall wheat for the sake of making exhibits at the fair, but on the whole the exhibition was a great success.

We hope that the men whom you may select as directors of the Western Fair Board will be men who will take a deep interest in the well-being of the Fair. All of which we submit for your approval.

R. K. COWAN, Sec.

A communication was read from Thos. B. Murphy, of Simcoe, secretary of the North Norfolk Agricultural Society, regarding the advisability of again asking the Government to increase the grants to the electoral district agricultural societies of Ontario. He asked that the matter be brought before the society. The East Middlesex Society receives an annual grant of $700, and the communicant wished to have the grants increased to $1,000. The matter was left for the new Board of Directors to deal with.

The president asked that Geo. Douglas be made a life member of the society.

The Prince's Funeral.

LONDON, Jan. 20.—At 10:15 the bell of the church began tolling, and as the solemn knell rang out upon the wintry air the Prince of Wales and his household, accompanied by his sister Victoria, who had nursed the Duke until his death, entered the church.

The funeral services were brief, and upon their conclusion the coffin was lifted upon the shoulders of a number of the royal employes and borne from the church. It was placed upon the gun carriage, which was drawn by six horses, and a procession was then formed. The tenantry on the estate of the Prince of Wales and the members of his household acted as pall-bearers.

Then came the clergy and afterwards the gamekeepers, marching six abreast. Following these came carriages with the Princess of Wales and other royal personages. The rear of the procession was brought up by the peasantry. The scene was one of great solemnity.

VISIONS.

I.

Visions come and go again,
Leaving in their airy train
Just a rhythm, soft and low,
Of their movement to and fro—
Something like an old refrain.

II.

'Tis the way with summer rain;
'Tis the way with joy and pain;
'Tis the way with all we ken
Of the lives of mortal men;
Just to come, then go again.

A Dinner Pill.—Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment it becomes a poison to the sytem. Dr. Parmelee's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open the secretions and conver the food partaken of into healthy nutriment. They are just the medicine to take if troubled with Indigestion or Dyspepsia.
