Our Reputation!

A good reputation goes a long way towards success in any business, but is an especially valuable asset to a dealer in clothing upon whose statements regarding values buyers must to a certain extent depend. Our customers have learned this, and for that reason they come to us in perfect faith and confidence. They know we may be depended upon for the truth in all matters relating to the quality of our merchandise. They also know our charges are fair and right.

EXTRA TRIP NECESSARY IN BOSTON SERVICE

Another indication of the development of trade between this port and the states is evidenced in the announcement made by the Eastern S. S. Co. today that they will be compelled this week to run a special trip to and from Boston because of the congestion of freight.

The steamer Calvin Austin will leave Boston tonight for St. John direct, and will leave here again tomorrow night at seven o'clock, direct for Boston.

On their floors are roller top, flat top and typewriters' desks, besides office chairs, etc., to select from. See advt.

COUNTY COURT CASE

The case of The Canadian Fairbanks Company, Ltd., vs. Moore was heard before Judge Forbes in chambers this morning. This is an action for goods consisting of a heater and a pump sold to the defendant, amounting to about $175. The defendant contends that the goods were not shipped within the time specified and that they were not fit for the purpose sold. The case will be continued this afternoon. Dr. W. B. Wallace, K.C., is for the plaintiff, and E. P. Raymond for the defendant.

BURIED TODAY.

The funeral of Mrs. J. H. A. L. Fairweather took place this afternoon from her late home in Rothesay. Funeral services were conducted in the Rothesay church by Rev. Mr. Daniels, and interment was in Fernhill. The funeral was attended by many sympathizing friends of the bereaved husband.

THE STEAMERS.

The C. P. R S.S. Empress of Britain will sail this afternoon for Liverpool with a large general cargo and several hundred passengers.

The C. P. R. liner Montezuma arrived this morning from Antwerp with 1,108 passengers and a large cargo. The captain reports had a very good trip. Most of the passengers are going to the west, and will be sent through to their destination during the day.

The S.S. Kaduna arrived at Cape Town on March 2 from St. John.

The S.S. Anapa from London arrived in port this morning and docked at the Pettingill wharf. It is her first visit here.

The S.S Bray Head left a coaling port in Wales this morning for this port.

Yesterday's unpleasant weather did not prevent a very large attendance at the big opening of early spring millinery at Marr's. Rapid selling was the order of the day, many of the most attractive and exclusive hats having found ready buyers. There still remains a large range for choice, however, and those who were unable to be present yesterday should make it a point to be on hand at the earliest possible moment today. Particularly popular with yesterday's buyers were the beautiful pattern hats imported direct from London, Paris and New York. The ready-to-wear creations were also much in demand, and indications point to a still greater number of sales today. Never have the Marr people offered a larger or more select range of early spring millinery than they are showing at their present opening.

C.P.R. DEMONSTRATION FARM

The plans of the C. P. R. for establishing an experimental and demonstration farm on their line in this province are said to be progressing favorably. It is probable that they will secure the land this summer and make a start on the model farm. When it is in operation it is expected to be of very great value to the farmers of the province as the most modern and scientific methods of agriculture will be employed in demonstrating the resources of the land and showing what can be done in various branches of farming in this province.
