Live Stock Markets.

THE SCOTCH MARKET.

EDINBURGH, July 1.—John Swans and Sons' weekly report says: The supplies of fat cattle in Edinburgh this week have been larger, trade for which was 10s a head worse. In Glasgow, with a small supply of States and home cattle, the demand was decidedly better at rather more money. There were also 1,100 Canadian cattle shown in the latter market, the best as a lot that have ever come from the Dominion. With the non-arrival of some Canadian shipments in the south of England there were several new and large buyers present, and trade was much better with an easy clearance. As yet there are no Irish grass-fed cattle on offer here, and these are likely to be later than usual. The numbers from Canada are, on account of the shortness of space at present, likely to be much smaller than for years at this season.

There have been large supplies of fat sheep, and they have met a worse trade, especially for heavy ewes, which experienced a fall of from 3s to 4s each. Lambs also in full numbers, and sold at prices in favor of buyers. Fat calves were not quite so numerous. Best made a shade more money. Pigs scarce and dear.

Best milch cows made 20s a head more money.

Owing in many districts to the doubtful appearance of the turnip crop store cattle and sheep have made a decidedly worse trade at lower prices, and a considerable proportion of inferior descriptions have been left unsold.

Best sheep, 8s 3d to 8s 6d; Canadian, 7s 9d to 8s; secondary, 1s per stone less respectively; bulls and cows, 6s to 6s 6d per stone.

Best mutton, 8d per lb, in some cases slightly over; secondary, 7½d; ewes, 5½d to 7d per lb.

MONTREAL

MONTREAL, July 11.—Trade was unusually dull to-day, as most of the butchers have still considerable supplies held over from last week, and prices were lower all round. There were scarcely any really prime beeves on the market, and with one exception 4½c per lb was the top of the market. Good large fat cows sold at about 4c per lb; oxen at from 3½c to 4c do; common dry cows, not half fatted, sold at about 3c per lb; some of the leaner beasts at not much over 2½c per lb. The best calves were bought up before reaching the market, and common veals brought rather better prices than on Thursday. Prices of calves were from $2 50 to $8 each. Mutton critters are rather dull, as the shippers seldom pay over 3½c per lb. Lambs sell at from $2 to $4 each. Fat hogs are very dull sale to-day, and one drover said that the best offer he got to-day was 4½c per lb, while another buyer had the cheek to offer only 4½c per lb. Fat hogs in New York are now selling at from $5 90 to $6 25 per cwt.

EAST BUFFALO, N. Y.

EAST BUFFALO, N. Y., July 12.—Cattle—The only arrivals of fresh sale cattle were two loads and a few odd ends held over as usual on Tuesday. About all changed hands, however, at weaker prices than prevailed at the opening of the market. Good handy butchers' stock, cows and heifers that sold early at $3 50 to $3 60, were closed out later at $3 to $3 15 and $3 25 if choice, the market closing dull and weak for all butchers' fat, heavy cattle, suitable for export trade.

Sheep and Lambs—Offerings about six loads, two of which held over; little doing and outlook for lambs is not considered the best. For best sheep the market was firm and all sold readily, with the outlook fair for good fat corn-fed stock: prices quotable as follows: Sheep, choice to fancy wethers, $4 50 to $4 75; fair to good sheep, $4 50 to $5 25; culls and common sheep, $2 to $4 25; lambs, choice to fancy yearlings, $5 to $5 60; fair to good, $4 25 to $4 75; culls to common, $2 to $4 75; spring lambs, good to best, $6 50 to $7.

Hogs—Offerings about six loads, three of which were fresh arrivals: market strong but quality of supply very ordinary, a good many grassy lots being on sale; good to choice corn-fed Yorkers sold at $5 95 to $6, and grassers from $5 60 to $5 90; good mediums scarce and sold at $6 to $6 10 for 180 to 220 lbs; pigs were a shade stronger, the bulk of sales being at $5 75; several cars of Yorkers taken at $5 90 to $5 95 that contained a large number of only light weights or pigs of 125 to 140 lbs; stags lower at $3 to $3 75 for common to good; all were sold and market closed quite firm.

RELIEF FOR THE STRICKEN CITY.

The greater portion of the city of St. Johns, Newfoundland, has been burned down, and much privation exists among the unfortunate populace. It is most satisfactory to note, therefore, that a movement has been inaugurated in every Canadian center of population to send aid to the fire-stricken people, hundreds of whom have lost their all. London city has joined with others in voting, through its council, a substantial donation to the relief funds, and $500 worth of provisions will be dispatched right away. The aid cannot be too generous, and therefore we are glad to find that Mayor Spencer now proposes that the civic grant be added to by private subscriptions from those who can afford it. Mr. Wm. Bowman set a good example by handing the Mayor $100. This is a substantial sum, but it should not discourage others, because the smallest donation, either in money or its equivalent, will be thankfully received and forwarded to the sufferers free of charge, thanks to the railway and express companies.

If any citizen cannot find it convenient to hand his subscription to the Mayor in person, his Worship will be glad to call for it, if a post-card is sent to him.

The following subscriptions were collected in an hour by Mayor Spencer:

Wm. Bowman	$100 00
Mayor Spencer	50 00
Thomas McCormick	100 00
C. S. Hyman	50 00
W. T. Strong	10 00

With an Axe and Revolver.

Another case of trouble between neighbors caused by children, was ventilated at the Police Court this morning when David Murray charged Thos. Passmore with having assaulted and wounded him. Both are East End men. Murray claimed that Passmore had slapped his child and when he (Murray) went to him to ascertain the reason he was assaulted with an axe. Murray told two of Passmore's neighbors that he was going to "lay for him and put a bullet through him." They met a few minutes after on Dundas street, and when Murray went up to Passmore the latter drew an unloaded revolver and said: "I'll put seven kinds of daylight into you." P. C. Birrel came along at this moment and the trouble ceased. Two hours were occupied in taking evidence this morning, and the magistrate fined Passmore $10 on a charge of common assault.

John G. Parks, a boilermaker living at 621 Princess avenue, and Thomas Tagg, a brickmaker residing on Maitland street, were charged by W. H. Fitzsimons with having cruelly ill-treated a team of horses which they had hired from him on Tuesday. The horses were driven all day and were covered with bruises. One of them fell over in his stall as soon as it was taken into the stable. The witnesses for the crown were not present and the prisoners were bailed until to-morrow.

Frank Robertson was let go on a charge of disorderly conduct.

Three drunks were discharged.

THE MUTUAL LIFE INSURANCE COMPANY OF NEW YORK.

The Usual Prompt Payment.

ST. MARYS, July 8, 1892.

W. T. MCNEIL, Esq., District Manager of Mutual Life Insurance Company of New York, Masonic Temple, London, Ont.:

Dear Sir—We beg to acknowledge receipt of Sixteen Thousand Dollars ($16,000), being the proceeds of five policies in your company Nos. 398,802, 409,283, 366,532, 391,024, 391,022, on the life of our father who died two weeks ago to-day.

On behalf of the family we wish to express our kindest thanks for the courteous treatment which we received at your hands and the very prompt manner in which you made out the claim papers. As there were five policies, and five claimants, five sets of papers were required, and the fact that you prepared them all, personally, without any expense to us was more than we had expected.

This claim was paid just two weeks after the death of the insured, and, considering that the completed proofs of loss were not forwarded for a week, we consider this very prompt work.

This is all the evidence we want of the promptness of the Mutual Life.

To be able to collect so large an amount of money without any legal expenses whatever is out of the usual order of things and very satisfactory to us.

Wishing you and the grand old Mutual Life continued prosperity, we remain, yours truly,

G. B. SLACK,
J. H. SLACK.

Signed on behalf of family. bd&w

Scintillations.

—Governor Fifer, in a 4th of July oration last week, said that while land has been selling for from $15 to $40 per acre, it is intrinsically worth from $50 to $100 per acre, and he advised the Southern Illinois farmers to remain in the State and cultivate and improve their land by planting orchards and other fruit, as they could not po better by going elsewhere.

—The national committee of the People's party has selected its executive committee. This committee is composed of Herman Taubeneck, of Illinois, as chairman; J. H. Turner, of Georgia, and Lawrence McFarland, of New York, as secretaries; M. C. Rankin, of Iowa, treasurer; Ignatius Donnelly, of Minnesota, J. H. Davis, of Texas, E. F. Geather, of Alabama; E. F. Washburn, of Massachusetts, and V. O. Strickler, of Nebraska.

—Mr. Taubeneck, chairman of the People's Party Executive Committee, comes out of the Omaha convention with flying colors. He has in two years grown from an obscure farmer in Illinois to be executive officer of a political party which is making great promises. When Mr. Taubeneck first made his appearance in Springfield as a member of the Legislature, and one of the "big three" that was to hold the balance of power in the Senatorial contest, he was laughed at as an awkward country boor.
