THE MARKETS.

STOCK MARKETS.

NEW YORK.

H. C. Becher, broker, Bank of Commerce building, received the following by private wire from Bartlett, Frazier & Carington, today:

New York, Aug. 11—Noon.—Early indications have not been realized by any means, and the market is selling down without any obvious cause. The opening was irregular and uncertain, but a good tone developed that netted substantial gains for the list generally. This culminated before the close of the first hour, and the tone of the market since has been undecided, while prices have eased off. Bearish traders are active, but not aggressive, and the buying power is small. The undertone is fairly good, but it does not beget enthusiasm. Sales to noon, 267,200 shares.

LOCAL MARKET.

London, Tuesday, Aug. 11.

The attendance at the market this forenoon was not up to the standard for this day of the week. Small stuff comprised the larger portion of the offerings. The majority of the farmers are in the midst of their oat harvest, which accounts for the light deliveries of hay and oats. Sales were quite brisk for most of the produce offered. The market was pretty well cleared by 11 o'clock.

Grain—There were only 6 loads of oats offered, and prices are higher at 37c to 38c per central. A couple of loads of new wheat sold at $1 25 per central.

Hay and Straw—About 20 loads of hay sold fairly well at $7 to $8 per ton.

Butter and Eggs—Butter was inclined to be easier at 16c to 17c per pound for crocks and 18c for pound rolls in basket lots. Eggs are easier, there being a very light demand in the eastern markets; prices ranged today from 13c to 14c per dozen for the basket lots and 15c per dozen for small lots.

Vegetables and Roots—There was a large display in this line; potatoes were in good demand at 40c to 50c per bushel; tomatoes were lower in price, at 3c to 4c per pound by the basket lot; cucumbers were very plentiful, at 8c to 15c per dozen; celery sold at 50c per dozen; other vegetables as quoted.

Poultry—There was very little offered and prices were unchanged.

About 30 dressed hogs were brought in for the local butchers, who had bargained for them; the holders obtained $8 and $8 25 per 100 pounds.

Butchers' Meats—The only change in price in this line was in lamb, which is easier at 9½c to 10c per pound by the carcase.

AMERICAN MARKETS.

CHICAGO.

H. C. Becher, broker, Bank of Commerce building, received the following by private wire from Bartlett, Frazier & Carington, yesterday:

Chicago, Aug. 10.—Wheat opened higher, in sympathy with the strength in the Northwest markets. The advance brought out a good deal of realizing, traders taking profits, pending the issuing of the Government report this afternoon. The estimate of the Commercial West of 147,000,000 bushels for the three Northwestern States, produced only a temporary bulge. It evidently had been pretty well discounted, and on the other hand a great many good people were skeptical about accepting this low estimate. The report makes a total wheat crop of 645,000,000 bushels. The market was largely an evening up affair, and closed rather weak. The September acts as if there was a concentrated long line in it, and we would advise those wishing to sell short to operate in the deferred futures. New York reports nine loads taken at the seaboard. Estimated receipts for tomorrow, 220 cars.

Corn was higher early, but the pit was soon called upon to digest large quantities of long corn. The selling was persistent to the close, and the effect upon prices much less than might have been expected. Snow considers the growing crop backward rather than gaining. Country acceptances and demand light. Unsettled weather is indicated, with rather cool waves through the larger portion of the belt. Estimated receipts for tomorrow, 250 cars.

Oats—The market today has been largely a sympathetic one, strength in wheat, in the cables and in the cash oat market being the influence. The opening was at some advance, with general commission trade on the buying side, but heavy local realizing forced a decline in all options. Estimated receipts, 350 cars.

Provisions—Although receipts of hogs were considerably over the estimate of 31,000, the quality was good and prices 5c higher, making a generally strong market all day. Outside trade was light, with local scalpers being purchasers, while offerings were light. Estimated receipts for tomorrow, 16,000 hogs.
