As Sunday, the 19th, was the World's Sunday-school Day, a fine sermon in connection with the work of the Sunday-school was preached by Rev. Dr. Wilson Sunday morning in the Methodist church. In the evening, in the Baptist church, a special Sunday-school service was given with music and recitations by the children and a brief practical address by Rev. Edwin Crowell. Acacia Villa School.

The annual closing exercises of Acacia Villa School were held on Tuesday, May 21st. The day was fine and a large number of visitors were in attendance throughout the whole day. The hours from 9 to 12 and from 1.30 to 3 were taken up with examination of the various words of the school year. Immediately after 3 the boys formed up in the gymnasium and from there proceeded to the campus. Here three quarters of an hour were spent in marching and dumb bell work. The boys did their work almost perfectly. The work of the afternoon was brought to a close by a field and track meet among the boys. The competition was very close. Nine events were carried through successfully:

100 yds. Jr. 1st Anderson
100 " Intermediate. 1st Greenslade.
100 " Sr. 1st, Atkins.
Broad Jump, Jr. and Intermediate 1st, Jackson.
Broad Jump Sr. and Intermediate. 1st, Poole.
High Jump. Jr. and Intermediate. 1st, Jackson
Shot Put. 1st, Poole, 29 ft. 10in.
Sack Race. 1st, Steele.
Consolation race. 1st, J. Duncan.

The largest individual score was 13½ pts., made by J. Poole, Windsor.

At eight o'clock the evening concert began. The program was a good one and well rendered. Miss Nellie DeWitt, Mrs. O. D. Harris and Mrs. R. P. Gray, of Wolfville, rendered valuable assistance. At the close of the program the prizes for the meet of the afternoon were given out. Miss Jean Curry received also, as a reward of diligent study, a nicely bound book. The Rev. Mr. Wedall and Dr. Chipman, of Grand Pre, and the Rev. Mr. Moore, of Wolfville, gave short but interesting addresses to the boys. Mr. Moore announced, he had been so pleased with the boys' performance of the afternoon, that he had decided to offer, for next year, a medal, to the best all-round athlete. The concert brought to an end one of the most successful closings of Acacia Villa.

During the past week, the Acacia Villa boys played two games of baseball, both with the high school team from Wolfville. The first game was very close and ended in a victory for Wolfville, 14—11. In the next, however, Acacia Villa more than turned the tables, and at the end the score stood 30—8 for Acacia Villa.—COM.

The True Imperialism.

Here, while the tide of conquest rolls
Against the distant golden shore,
The starved and stunted human souls
Are with us more and more.

Vain is your science, vain your art,
Your triumphs and your glories vain,
To feed the hunger of their heart
The famine of their brain.

Your savage deserts lying near,
Your waste of ignorance, vice and shame—
Is there no room for victories here,
No fields for deeds of fame?

Arise and conquer while ye can
The foe that in our midst resides,
And build within the mind of man
The Empire that abides!

—From William Watson's poems.

School Board Meeting.

A special meeting of the Board was held on Monday evening, at which all the members were present.

The following appointments to the teaching staff were made for the ensuing year:

Mr. R. W. Ford was re-appointed principal at a salary of $700. Miss Kaulback was re-appointed teacher of Grade VIII at her former salary of $325.00. Miss Cochrane was re-appointed as teacher for Grades VI and VII at a salary of $250.00. Miss Vera M. Smith was appointed as teacher of Grades IV and V at a salary of $250.00. Miss Margaret Freeman was appointed to teach Grades II and III at a salary of $250.00. Miss Alice M. Spurr was appointed teacher of the primary department, Miss Eaton's resignation as teacher of that department having been received and accepted.

The chairman reported an interview with Inspector Roscoe with reference to securing the superior grant for Miss Kaulback, who holds a Grade A license. The Inspector thought this could be obtained if certain conditions were complied with, such as ornamenting the grounds, installing the school library and providing a better equipment of maps, etc. The Board passed a resolution requesting the Council to take the matter of the improvement of school grounds into consideration.

Drugging Children.

All so-called 'soothing' syrups and most of the powders advertised to cure childhood ailments contain poisonous opiates and an overdose may kill the child. When the mother uses Baby's Own Tablets she has the guarantee of a government analyst that this medicine contains no opiate or narcotic. They can be given with absolute safety to a new born baby. They cure indigestion, constipation, colic, diarrhoea and the other minor ailments of children. Mrs. G. Collins, Hirkella, Man., says:—'Baby's Own Tablets are the most satisfactory medicine I have ever used for the minor ailments of children. I always keep the Tablets in the house.' Sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

my mind to kill the thieving critbe's likely to carry off our pigs if gets the run of the farm. It's hty funny, too, the way a bear get a pig. I've known one to k right up to a pen, lift out a pig trot off, walking on his hind legs hugging the pig close in his lore s, squealing like mad all the time.' Now I think of it, that little shan e had sugaring off will answer for deadfall. One end is open and can easily rig a pole to hang the t, but we've got to have a heavy for the drop. We won't have as k as I expected. A deadfall's job to build outright. [illegible] boy we wouldn't bothd nev- [illegible] the help part [illegible] an in- [illegible]. Owing to the measles, sev- children who have worked hard looking forward to grading will be prevented from taking the examinations. They are thus thrown back for a whole year. To both children and parents this is most discouraging. Often the children refuse to go back over the work which they had faithfully done before, and parents do not like forcing them under the circumstances. These children are thus made the victims of a system. The keeping back of some of these children is a severe financial loss. We are often told of the fact of our free education. Do teachers and others realize that owing to the fact of a change in the method of conducting the school the tax is very heavy, amounting to several dollars per child. The cost of scribblers, lead pencils, etc., would astonish some teachers, and this because teachers don't like slates or that they are not healthy, etc. Now what I suggest is, that when through an accident, like the attack of measles, or something else of like nature, teachers should pass such a child on his or her record, or give a supplementary examination. Hoping teachers or school commissioners will take this matter into consideration.

A Message for Pile Sufferers

Mrs. Geo. H. Simser, Grant, Russell Co., Ont., writes:—"Eleven years ago I began to suffer with the piles and as they caused keen distress and became worse I doctored for them, but with little or no avail. They were bleeding, itching and protruding and oh! the torture I suffered at times can never be described. It was with suffering that the bowels moved, and as nothing brought relief I could only endure the misery with an aching heart and without hope of cure.

"Finally a lady friend told me about Dr. Chase's Ointment curing piles, and to my surprise I felt relief at once on using this ointment, the little tumors soon disappeared, the ulcers healed and the bowels became regular. This was five years ago and I have never been troubled with this terrible ailment since, a thousand thanks to Dr. Chase's Ointment."

To persons who have given up looking for a cure for piles or hemorrhoids, this letter should bring new hope. There is, we believe, no more effective treatment for piles than Dr. Chase's Ointment, 60 cents a box, at all dealers or Edmanson, Bates & Co., Toronto.
