FLOUR.—Receipts have been small, and with an improvement in British advices, holders have steadily advanced their provisions, and notwithstanding a restricted demand, an improvement of 25c to 30c on the leading grades, has been established. Extras and Fancies, though varying comparatively little, are higher; we quote Superior Extra $8.10 to $8 30; Extra $7 95 to $8.10, and Fancy $7.65 to $7.75, the demand continuing of a retail character. Strong Canada Supers meet a steady, though limited consumptive demand, closing rate $7.60 to $7.75, according to sample. Some inferior brands would be sold lower, but being unsuited to the city demand, are mostly neglected. No. 2 and the lower grades meet a fair demand at the proportionate advance. *Bags* are sparingly supplied, and though in limited request, command full relative rates, we quote $3.60 to $3.75 at the close for fair and choice samples. We note less animation at the close, caused by a check in the advancing tendency in Britain, and, while holders continue firm, buyers show a disposition to hold off.

OATMEAL—Continues scarce, and higher rates are demanded; we quote $6 to $6 25 for the sound qualities.

GRAIN.—*Wheat.*—Some parcels have sold from store at $1.67½ to $1.69, and at the close $1.70 was paid for single car load. *Pease.*—There is little offered, and rates may be considered nominal. Shippers are enquiring for Spring delivery, but few sales can be noted, views of buyers and sellers being apart. *Oats* and *Barley* are active at quotations.

PORK.—Mess is firm, although the demand is very light, the few sales that transpire being at full prices. Prime Mess and Prime have been sold respectively at $12.50 to $13, and $11.50 to $12 for small parcels.

DRESSED HOGS.—Receipts have fallen off materially, and there has in consequence been an improved demand for all descriptions, and prices have advanced during the week fully 25c., closing firmly at the advance. Prime heavy Hogs are likely to continue in demand throughout the remainder of the season. Prices will, however, depend in a great measure on receipts The demand is restricted to the market, retail trade packers having mostly retired from the market on account of the high range of prices now current.

BUTTER.—The market continues firm but quiet, and sales are but trifling and confined to the immediate wants of a few dealers. Advices from Britain are more than over unsatisfactory, and the sales made there are at very low and irregular prices, everything below strictly prime qualities being classed at as near about grease prices.

ASHES—Are very dull, for several days past there have been no transactions, quotations are therefore purely nominal.

TRADE for the past week has been at a total standstill, being our usual lull prior to the opening of spring operations. With exception of filling up, we cannot expect to do much. Quotations remain firm, as labour and hides are well sustained.

WE again have no change to note in quotations, and a very dull market to report. There is no inquiry for goods of any description, and in the absence of business, holders are busy taking stock.

In its review of the Dry Goods market the New York *Bulletin* says:—"The suspension of L. C. Hopkins & Co., of Cincinnati, with liabilities estimated at $1,000,000, has produced an unfavourable impression but the fact was not unexpected, as it was well known that competition was too keen in that city, and sacrifices were made to attract business on too limited a basis It is believed that the failure will be a bad one, but we doubt that the loss said to have been incurred by a leading jobbing house is as heavy as reported, as generally its credits are accorded in a very shrewd and conservative manner."
