MONTREAL HIGH SCHOOL,

WITH WHICH IS INCORPORATED THE ROYAL GRAMMAR SCHOOL.

Montreal, June 1, 1851.

THE BRITISH PERIODICALS AND THE FARMERS' GUIDE.

LEONARD SCOTT & Co.,

Continue to publish the following Periodicals:

1. THE LONDON QUARTERLY REVIEW (Conservative.)
2. THE EDINBURGH REVIEW, (Whig.)
3. THE NORTH BRITISH REVIEW, (Free Church.)
4. THE WESTMINSTER REVIEW, (Liberal.)
5. BLACKWOOD'S EDINBURGH MAGAZINE, (Tory.)

Although the Subscription Price of some of the above Periodicals is double that of any one of them, yet the combined merits of all cannot be purchased at any other price than the aggregate of the separate prices of the Periodicals. Parents and Guardians are invited to attend.

Directors:

Hon. J. Ferrier, B. H. Lefebvre, Esq., J. J. Day, Esq., D. Davidson, Esq., Dr. Campbell, John Young, Esq., Robert McKay, Esq., Hew Ramsay, Esq., Hon. Honoré Judge M'Cord, Dr. M'Culloch, Wm. Lunn, Esq., D. Torrance, Esq., G. Boivin, Esq.

David Davidson, Esq., Treasurer.
Hew Ramsay, Esq., Honorary Secretary.

Rector—E. Ruptowell Howe, Esq., of Trinity College, Dublin.
Second Master—T. J. Gibens, M. A.
Teacher of Mathematics—Mr. Badger.
French—M. Mentier, Teacher at McGill College.
Assistant Department—Mr. Johnson.

THE SYSTEM of INSTRUCTION is modelled on that pursued in the great Public Schools of England and Scotland, but under those and attention are not given to the Classics to the exclusion of other branches of Education equally valuable.

THE COURSE comprises Latin, Greek, English and French Literature, the general subjects of the Elementary Mathematics, Popular Lectures on Natural Philosophy, Elocution, History, Geography, the use of the Globes, Writing, Arithmetic, and Book-Keeping.

Drawing is added, if required, but there is an extra charge for it.

The year is divided into four Terms.

The First Term commences on the	August 20th.
The Second do do	November 6th.
The Third do do	February 1st.
The Fourth do do	April 25th.

THE FEES, which are payable in advance, are as follows:

The First and Second Classes, £2 10 0 per Term	
The Third, Fourth and Fifth do 2 0 0 do	
The Sixth, Seventh and Eighth do 1 5 0 do	

and 5s. 0d. per Term for Stationery.

In order to extend the advantages of this School to those who live at a distance, arrangements have been made to receive BOARDERS, to the number of twenty, under the immediate care of the Rector, and personal attention, every care and attention will be given.

The Rector's Terms are £30 a Year; those of the Ushers vary from £20 to £25.

The Rector requires one Month's Notice to be given of the intention to withdraw a Pupil, or a Month's Salary in lieu thereof.

THE PROPHECY FULFILLED.

CRAMP AND PAIN-KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN

For the Cure of all Rheumatic Affections—Pain in the Stomach, Side, Back or Limbs—Stitches in the Side, Back or Limbs—Cramp in the Limbs or Stomach—Bowel Pains, Bilious Cholic, Dysentery and Diarrhœa—Colds and Coughs—Sore Throat, Sore Limbs, &c., &c.

IN ALL RHEUMATIC AFFECTIONS,

Limbs Pains, &c., it has proved surprisingly successful, rarely failing to cure, even in the most desperate and long standing cases. (See Certificate.) In these cases, the affected parts should be freely bathed, and then rubbed lightly, but briskly—not hard enough to hurt the patient, but an invitation is produced on the surface, and the severe pain in the patient should take half a teaspoonful of sugar or molasses.

CRAMP IN THE STOMACH OR BILIOUS CHOLIC,

We believe it will never fail to speedily cure. It should be taken a teaspoonful at a time, cutting or not molasses, as may suit the taste, and the patient can take it best, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not feel relief, repeat the dose.

DYSENTERY OR HARRIHEA,

Are speedily and easily cured by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the Pain-Killer.

EVEN THE CHOLERA,

Which during the past season has swept off such fearful victims, has been cured by it, we believe in every case, where it has been early and faithfully applied. In Bangor, where it proved singularly fatal, it was found to yield to this remedy; and PERRY DAVIS'S PERRINE CRAMP AND PAIN KILLER, was the Medicine recommended by the first Physicians, and by the Press, as the best, the surest remedy to be used.

As a dressing for Cuts, Wounds, Bruises, &c., it is without a rival. As also in cases of Burns, Scalds, Frostbites, &c.,—relieving the pain and healing without scars.

FOR TOOTHACHE,

It is, since time out of mind, a CURE. We believe it will never fail, unless the tooth is decayed. If the tooth is hollow, saturate a little flax and put it in the cavity. Hold a piece of it in the mouth. If the face is swollen bathe with it.

Bathing the hand with it is generally a cure for the Hooping Cough.

We are constantly receiving certificates from every part of the country, many of which may be seen in newspapers, and in pamphlets, which may be obtained of any of the Agents.

P. S.—It is the best HORSE AND OX LINIMENT in the world.

Please read the following testimonial from John Buckham, Esq., of Shannon, &c.—

Shannon, July 11, 1848.

Mount Carmel Parish.—For two years past I have been entirely prostrated by a most distressing back or kidney complaint, accompanied by a large lump or tumor, which came out on my breast bone, appearing like a bag of the size of a hen's egg, and about as much like a egg in colour. I suffered the most excruciating pains for nearly three years. I consulted the most eminent physicians, and tried a great number of medicines and prescriptions without the least benefit or alleviation, when I had the good fortune to hear of your Pain-Killer. I procured a bottle from Hamer, Clerk of the Company of Bear Stock Mills, Limerick, and by the time it was half used, I was able to work at my trade, which I could not for eight months, I used eight bottles. I took much larger quantities than you recommended.—The cure was effected by some doses both in my breast and back, and I have gone down both in my Shannon Mills, and have not felt the least pain. I have been able to do a good day's work at any time for the last three months, for a month in my life. As a description of my complaint of the past two years would be too long for a letter, I have recorded it in a pamphlet. I believe it is the best article in the world for Rheumatism, and I have also used it for other pains in the shoulders, and always found immediate relief.

ST. LEON AND CAXTON SPRINGS.

Montreal, June 5, 1849.

For the past twelve months I have personally recommended the Waters of the St. Leon and Caxton Springs, and have forwarded a large number of cases of dyspepsia, for which complaint I have found them a most decided remedy. I have found both Waters well adapted to the purpose, and have observed that those who have drunk the Caxton Water, have generally expressed a preference for it, on account of its excellent quality, and the ease with which they took it, and its effective ingredients give them, for confirmed cases of dyspepsia, a superiority.

W. FRASER, M. D.
Lecturer on the Institutes of Medical Science, McGill College.

SCROFULOUS AFFECTIONS, &c.

OVERWHELMING TESTIMONIES.

MOST IMPORTANT

To Farmers, Hotel-keepers, and others, having Stock-Houses, &c., infested with Vermin or Insects.

SMITH'S EXTERMINATOR

FOR THE ENTIRE EXTIRPATION OF

Rats, Mice, Cockroaches, Bedbugs, Crickets, Rats, &c.

Without the use of Arsenic or other Mineral Poisons.

The Genuine Article has a Label, similar to the above, pasted on the top of each Box.

The following TESTIMONIALS, from parties of high respectability, will place its efficacy above suspicion:—

With pleasure I assert, that the use of SMITH'S EXTERMINATOR was attended with complete success in destroying Cockroaches, Beetles, and Rats, in and about my premises; which was effected without any inconvenience.

C. F. BAILLARGEON, Pres.

Quebec, 7th March, 1848.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the nuisance, without success. Having been lately recommended SMITH'S EXTERMINATOR, I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my place abounded, and that without the least inconvenience.

BENJAMIN HART.

Montreal, November 29, 1848.

I hereby certify, that by using SMITH'S EXTERMINATOR it has perfectly succeeded in ridding the College Premises of Cockroaches, Crickets, and such like disgusting insects, which were before very numerous.

S. VILLENEUVE,
Director of Montreal College.

Montreal, April 20, 1848.

From the Rev. S. Davis, D. D., Minister of the Baptist Church, Montreal.

I most willingly bear testimony to the good effects of SMITH'S EXTERMINATOR. I found my premises swarming over-run with Beetles; the entrance had defiance to all efforts to abate it, until this preparation was applied. One Box has sufficed to exterminate the insects almost entirely from the house. Similar cases of success have occurred in my neighborhood.

BENJ. DAVIS.

4, Sydenham Place, Montreal, Nov. 18, 1848.

This preparation is warranted in all cases; and Agents are instructed to refund the money to purchasers, should it not prove effectual.

Sold, Wholesale and Retail, at the principal Drug and Medicinal Warehouses throughout the Province.

May 21, 1851. 340

D. SHERWOOD'S GALVANIC EMBROCATION. NEW YORK.

THIS GALVANIC EMBROCATION is an approved tried remedy for the Cure of Rheumatism, Gout, Ague or Chills, Spinal and Hip Complaints, Tic Doloureux, Contracted Limbs, Numbness, Chilblains, Frost Bites, Salt Rheum, Ring Worms, White Swellings, Diseases of the Skin, Eruptions, Sores and Tetter, &c. It is likewise a most powerful remedy in the most confirmed cases of Scrofula and Scrofulous Affections of the Neck, Joints, Limbs, Glands, Ulcers, Sores, &c. It is likewise a powerful stimulant to the Spinal Marrow and Nerves, and consequently effectually subdues all the diseases of the Spine, Hip, Joints, Limbs, &c., which are of a nervous character. It is also a most powerful remedy for Nervous Debility or Life, and Nervous Affections in all the various forms in which they exist, owing to the absence of this Galvanic or Magnetic Power in the healthy proportions. If, then, we can rightly appreciate the importance of Galvanism, when it is thus administered, we can easily conceive how it is that so many of the most incurable cases of Rheumatism, Gout, Ague, Spinal Complaints, Nervous Affections, &c., have been cured by the use of this Embrocation, which has now stood the test of many years of extensive use, and yearly increasing in public estimation, and in the number of its cures, which are on the increase, and are well known in the Province, and in the United States, to be in the most valuable medicinal discovery of the age.

Dr. CHRISTIE'S GALVANIC BELT and MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

In NERVOUS COMPLAINTS, Drugs and Medicines harrass the disease, for they weaken the vital energies of the already prostrated system, which under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weak nervous sufferer is restored to former health, strength, activity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists in the fact that they arrest and cure diseases by outward application, in place of the usual mode of drugging, and physicking the patient, till exhausted Nature sinks prematurely under the infliction.

They strengthen the whole system, regulate the circulation of the blood, promote the secretions, and cure in the shortest time, without any inconvenience, those diseases introduced in the United States, only than years since, more than

75,000 Persons

including all ages, classes and conditions, many of which, to a large number of ladies, who are particularly subject to Nervous Complaints, have been

RETIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and everything else been tried in vain!

The Proprietor recommends the use of the GALVANIC BELT, upon the case of a person afflicted with that form of Dyspepsia, DYSPEPSIA, or any other disease or derangement, which, in ordinary cases, diminishes or destroys, which, by their action on the nerves and muscles of the stomach, afford temporary relief but what invariably, after a short time, and with equal rapidity, other the action thus excited has ceased, have compared the with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, come in the worst symptoms of an attack, and apply to the belt around the body, using the Magnetic Fluid as directed. In a short period the Galvanic operation will set on the positive element of the belt, thereby causing a Galvanic circulation with the pain, from the negative, and thence both again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. This mode of treating cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

Of the most Undoubted Character.

From all parts of the country could be given, and about to all every column in this paper.

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

CURE OF

Rheumatism, Bronchitis and Dyspepsia.

REV. DR. LANDIS, A CLERGYMAN

of New Jersey, of distinguished attainments and exalted reputation:—

Denver, New Jersey, July 19, 1848.

Dr. A. H. Cornwell—Dear Sir: You wish to know if my health has been the result in my own case of the application of THE GALVANIC BELT AND MAGNETIC FLUID. My reply is as follows:

For about twenty years I had been suffering from Dyspepsia. Every year the symptoms became worse, and could obtain permanent relief from any course of medicine or medical treatment. About fourteen years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. Further: in the winter of '46 and '47, severe symptoms of pneumonia, I great deal in my care and attention other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral duties. My nervous system was now thoroughly prostrated, and to my Bronchitis became added the old enemy Dyspepsia, in its most distressing form, in all its forms, and these disorders were connected with each other through the medium of the Nervous System. In the whole system, I was reduced to a state of extreme weakness, and my nervous system was so thoroughly prostrated, that I had lost all control of my Nervous System; every thing that I had lost my Nervous System; every thing that I had lost my Nervous System; every thing that I had lost
