JOHN PRINCE CONVICTED

Of Assaulting His Step-Mother—Remanded Until Saturday for Sentence.

The trial of John Prince, who was charged by his step-mother, Mrs. Eliza Prince, with aggravated assault, took place before Judge Elliot at the Court House yesterday. The trouble took place about a month ago at the family residence, near Hyde Park. The prisoner did not look much the worse for his incarceration. He was defended by Mr. Frank Love, while Mr. James Magee, county crown attorney, appeared for the crown.

Dr. George Wilson was first called and gave evidence as to the nature of the injuries sustained by Mrs. Prince. There was a slight cut on the left side of the eye, and the left temple was badly swollen, which could only have been caused by a heavy blow. The injuries were at first considered very serious, but they confined Mrs. Prince to her bed for about a week.

Mrs. Eliza Prince was then examined. On the night of the assault she was living on the Prince homestead near Hyde Parke and in the house at the time were Minnie Hudson, Samuel Prince and Bella Prince. The prisoner came in the back door and started to use insulting language, continuing to do so, and on being ordered out refused to go. Prisoner kept following witness around, and struck her a heavy blow on the nose, following this in short order by a blow on the temple. This stunned her, causing her to fall to the floor. After recovering she went to a neighbor's, from where she was driven to the city and had medical assistance. The prisoner was somewhat under the influence of liquor at the time. Witness had never threatened to strike Prince, and until a short time ago she had no trouble with any of the family.

Minnie Hudson is a daughter of Mrs. Prince by a former husband, and gave evidence in corroboration of that of her mother. She heard prisoner use the indecent language referred to, and tried to get him to go out of the house. She was standing between prisoner and her mother when the blows were struck, and after Mrs. Prince fell to the floor the prisoner caught her by the shoulders and knelt on her body. Her mother had never tantalized him about his early career, nor said anything to him in reference to that subject.

Mr. Love, in a severe cross-examination, endeavored to make Minnie contradict some of her evidence, but without avail.

The next witnesses were Bella Prince, Samuel Prince, who is but 11 years old, and County Constable Ward, the former two giving about the same evidence as Mrs. Prince and Minnie Hudson, and the latter as to the arrest.

The prisoner was then asked by the judge if he had anything to say. He admitted having struck Mrs. Prince once, but as to the rest of the evidence he denied it.

Judge Elliot found the prisoner guilty of assault and remanded him till Saturday for sentence.

Among the pains and aches cured with marvelous rapidity with Dr. Thomas' Electric Oil is earache. The young are especially subject to it, and the desirability of this Oil as a family remedy is enhanced by the fact that it is admirably adapted not only to the above ailment, but also to the hurts, disorders of the bowels, and affections of the throat, to which the young are specially subject.

SPLENDID PROSPECTS.

The Fall Opening of London's Medical College.

The Attendance Will Be the Largest in Its History—Students from East and West—The Faculty.

"We will have the largest entrance this fall in the history of the college," said a member of the faculty of the medical department of the Western University yesterday. "The number of freshmen is gratifyingly large and naturally nearly all the former students who have not completed their courses, will return."

The twelfth session of the school opens on Tuesday next and the prospects for the ensuing term are bright and encouraging. The "Western" is fast coming to the front. Of course its patronage is drawn chiefly from the best part of the Province—the west—but this year more than one student from as far east as Brockville has passed by the older, larger and more pretentious, though not more efficient institutions, to adopt the Western as his alma mater. In the near future, with the sister department of an arts course, the Western University will be free to attain the plentitude of its powers, and the prestige of London as an educational center will be firmly established.
