Fredericton, Feb. 22, 1859.

LIFE ASSOCIATION OF SCOTLAND.

NINETEENTH REPORT.

THE Nineteenth Annual Meeting of the Association was held within the Head Office, on the 3d August, current, in terms of the Charter and Act of Parliament—Sir JAMES FORREST, BART., of Comiston, in the Chair.

There were submitted to the Meeting the Annual Report by the Directors on the Progress of the business; the Report of the Auditor, Mr. W. Wood, Accountant; and the Balance Sheet, of the Accounts, certified in terms of the Act o Parliament; with other statements of the affairs, as at 5th April last, the date of balance.

Notwithstanding the general depression of commercial affairs, the progress of the Association during the past year has been *greater than in any other year*, with only one exception.

The applications for new Life Assurances during the year were	1217 for	£666,483
Of which the Directors accepted	1007 for	550,241
The Annual premiums being		18,811

Annuities on 24 lives were purchased for 875*l.* 19*s.* per annum at the price of 9187*l.* 7*s.*

The Policies that became claims on the Association by deaths during the year amounted to 85 for 43,065*l.*

The Total Assurances since the commencement of the business amount to nearly *five million pounds*

The Annual Income is now *one hundred and thirty-eight thousand pounds*; upwards of £50,000*l.* being collected through the London Branch.

The Policy Holders entitled to participate in the Profits, who completed their fifth year before the date of balance, will be entitled to a REDUCTION of 35 per cent. (7*s.* per 1*s.*) from their next Annual premiums.

From the increasing wealth and importance of British North America, as well as the example of other Assurance Offices, the Directors have for some time entertained the idea of establishing Branches there. They have been enabled since last meeting to accomplish this. A deputation from the Directors visited the chief towns, and secured the co-operation of influential gentlemen in each Province. Although the Branches have been in operation only for a few months, the transactions have already been considerable, as well as of a most satisfactory description. Special thanks are due to the gentlemen acting as Directors, Agents and Medical Officers, who have already interested themselves much in the Association's affairs, and through whose exertions there is every prospect of permanent success.

The Report by the Board of Directors was unanimously approved. The vacancies in the Board were then filled up; and after special votes of thanks to the Directors at the Head Office and Branches, and the Agents, Medical Officers; Manager, &c., the meeting separated.

Fredericton, June 25, 1857.

IMPORTANT DISCOVERY.

CONSUMPTION CURABLE
BY THE USE OF

This VEGETABLE PRODUCTION has proved itself to be the most remarkable medicinal preparation ever discovered for the effectual cure of PULMONARY CONSUMPTION, and also of Coughs, Colds, soreness of the Chest, Bronchial Irritation, and all other affections of the air passages, which have a tendency to produce that FEARFUL MALADY in these predisposed.

This wonderful discovery, from its volatile nature, gives vapors freely, and consequently acts DIRECTLY upon the Lungs and Air Passages, arrests the development of tubercles in the lungs, and in their softening process causes the matter to be expectorated without difficulty, and effectually heals the ulcerated cavity; it quiets the cough, subdues the night sweats, the hectic fever and the chills, and restores the healthy functions to all the organs of the body. A trial of one bottle will speedily convince the most skeptical of its efficacy, and its superiority to all other specifics.

CERTIFICATE OF DR. A. A. HAYES in reference to the UNEQUALLED virtues of this great discovery:

"This preparation by chemical analysis, was proved to be free from Opium or any of its compounds; nor were any of the Alkaloids present. It does not contain any mercurial or mineral substance, but consists wholly of volatile, diffusible agents, which afford vapors freely at a moderate temperature. Most of the substances present are officinally used in alleviating pulmonary disease; but the device by which they are combined is new and original and adapts the compound to inhalation or other modes of administration."

Respectfully,
(Signed) A. A. HAYES,
State Assayer

16 Boylston street, Boston, Dec 19, 1857.

DIRECTIONS in English, French and German accompany each package. Price $3 per bottle.

All orders by mail or express, accompanied by the money will be promptly attended to.

T. L. EVANS.
Woodstock Aug. 31st, 1858.

THE GREATEST Medical Discovery, OF THE AGE.

Dr. KENNEDY, of Roxbury, has discovered in one of our *common pasture weeds* a remedy that cures

EVERY KIND OF HUMOR

from the worst scorfula down to a common pimple.

He has tried it in over eleven hundred cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will clear the system of biles.

Two bottles are warrnted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions on the skin.

Two or three bottles are warranted to cure the worst case of ringworm.

Two of three bottles are warranted to cure the most peperate cose of rheumatism.

Three or four bottles are warranted to cure the salt rheum.

Five to eight bottles are warranted to cure the worst case of scorfula.

A benefit is always experienced from the first bottle and a perfect cure is warranted when the above quantity is taken.

Reader, I have peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in everycase. So sure as water will extinguish fire, so sure will this cure humor. I have never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me sueprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 184[illegible] second, that it should cure all kinds of humor

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of dropsy, all of them aged people cured by it. For the various diseases of the liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c. the discovery has done more good than any medicine ever known.

No change of Diet ever necessary. Eat the best you can get, and enough of it.

DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over ten years dessert spoonful—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

The Principal Office for the *State of Maine* and the *British Provinces*, is at the *Drug and Medicine Store* of H. H. Hay, 15 and 17 Marsh Square, Portland, (Me.) to whom all orders should be addressed.

Sold by all respectable Druggists throughout the United Stater and British Provinces. Price $1 00.
