A Cool Horse Thief.
Mr. Nash offered at auction this morning a horse. The utmost efforts of the veteran vender did not induce any one to bid for the animal. After the "company" had retired, a man named William Hamilton coolly untied the horse and took him away. He found a Chizzetcooker named John Julien who was willing to purchase. Another Frenchman named John LaMont was persuaded to mount the beast and ride it round the square to "show its points." Hamilton wanted $16 for his prize, but subsequently accepted $10. Meanwhile the horse was missed, and Hamilton was traced and caught coming out of a bar room with Julien and Lamont where he had been "treating" the others on the bargain. $9.80 was recovered. He was taken before the Stipendiary Magistrate and fined $12 or ninety days. LaMont was required to give bonds to appear to answer any charge that may be preferred against him.—[Hal. Recorder.

Memoranda.

Capt Jones of the ship Universe at Savanah reports: Left Liverpool 3d of August While in the channel, and until she reached 40 deg W, she experienced light variable winds from S and NE. Thence to 50 deg had nothing but strong SW and W winds. It took her thirty-nine days to reach this bar. While in the latter longitude and latitude 41 deg N she was much retarded by the current of the stream which ran to ESE at the rate of thirty to forty miles in twenty-four hours. Finding this the made southing as quick as possible, and in lat. 35 deg found a streak of easterly winds, and a current runing to NW at the rate of twenty miles per day. On the 17th of September fell in with schr Tronie Bird, of St John, NB, from St Domingo to Boston, Woods, master; crew all sick. Some having died on the voyage; the vessel apparently in charge of a colored man; the master, who was very ill, begged for assistance. Two of the crew of the Universe volunteered to take her to Boston for £20 each, which was granted. The two men proceeded North, having been instructed how to act in case the master died.

Passed Dungeness, 16th inst, ship Adriana, (of St John, NB), from Callao for Luth.

Mrs. George Waterbury's

CELEBRATED DINNER PILLS!

A sure remedy for Indigestion, and all bilious and Liver Complaints. Made by her daughter, Mrs. E. H. Lester.

THE above Pills having stood the test over forty years, and being prepared with great care and study, nothing cheap or impure being tolerated in their composition, are perfectly safe to administer to the most delicate constitution. They never reduce the patient; no cessation from business or any unusual change is ever necessary. They never render any one more liable to take cold, containing no dangerous drug, they act as kindly on the tender infant, the most delicate female, and infirm old age, as upon the most vigorous and athletic system, exercising the most healthful influence on the whole system, invigorating the debilitated organs, building up the flagging nervous energies, imparting vigor to body and mind, and bringing every faculty into healthy play.

To Females, from the peculiar affections that attend them when they are arriving at maturity, and also at the decline or "change of life," they are the best remedy and assistant that can be used.

What may seem almost incredible is the astonishing rapidity with which they cure diseases hitherto considered incurable.

Numbers of our first-class families keep them constantly on hand for the various ills of life, and rely on them implicitly.

They are sold with the understanding that they exceed their recommendation, and are the best Household Medicine extant.
