BUY A PAPER, SIR?

What Is Being Done For the Toronto Newsboys—Review of a Year's Work—Sir Daniel's Bust.

A quarter of a century has elapsed since the Newsboys' Lodging and Industrial Home was founded. During its existence it has been a source of help to a great number of newsboys and other homeless lads. Chiefly instrumental in founding the institution was the late Sir Daniel Wilson.

Yesterday afternoon the managers of the home held their annual meeting and the proceedings partook of the character of a memorial service. In glowing terms the managers spoke of Sir Daniel's sympathy with the work and his persistent and successful efforts to extend the influence of the institution and make it a power for good among the homeless lads of the city.

On behalf of Mr. William Mackenzie of the Toronto Railway Company, Mr. D. Symons presented the managers with a handsome bust of Sir Daniel Wilson. The bust is the work of Hamilton MacCarthy and is a faithful likeness of the deceased educationist.

Mr. Warring Kennedy fitly expressed the committee's thanks for the gift. Feelingly he alluded to the services rendered by the deceased philanthropist, and waxed eloquent in a description of his good qualities.

Dr. Geikie spoke of the institution's work. He was heartily in sympathy with it, and trusted the home would continue to extend its influence among the newsboys.

'Tis a Work of Faith.

Owing to various changes in the management of the home the yearly report was not as satisfactory as usual; but the managers are confident that an enlarged sphere of usefulness is open for the future. The treasurer's statement shows a balance on hand of $917.84 exclusive of investments.

The Managers.

The following ladies and gentlemen were chosen upon the committee of management for the ensuing year:

Hon. G. W. Allan, Chief Justice Hagarty, Hon. S. H. Blake, Sir C. S. Gzowski, F. W. Kingstone, J. J. Woodhouse, Sutherland Stayner, Warring Kennedy, R. N. Gooch, Dr. William Oldright, Dr. H. H. THE SUNDAY WORLD

Will Be Full of News, Local and District, Theatrical and Social.

The Sunday World's news features are of unusual fulness and interest. Special Saturday night despatches from Montreal, Ottawa, Hamilton and other Canadian cities are included, while the local news is completely reported.

The society news of Lorna Doone will be found especially interesting, and embraces all the doings of Toronto and Hamilton society.

An article of especial interest will be one on the latest fashionable dance, "The Polonaise," which is a revival of the old-time minuet and a new departure in modern dancing.

Ebor contributes No. 4 of his series of gossipy articles entitled "Some Men I Have Known." The sketch is of Rev. James Parsons, one of the princes of modern preachers, whose fame resounded through Britain when at the zenith of his powers.

The dramatic will be of the fullest possible description, with an interesting and diverting article by Touchstone.

Want Damages for Alleged False Arrest.

In September last Constable Reuben Gibson of York Township, arrested John A. McRae, a high school student at the Junction, and his brother, G. W. McRae, for stealing cast iron from the Ontario Rolling Mill Co. They were in custody over night, but when the matter came before the magistrate he discharged them. The next step was a writ issued on behalf of the young men against W. A. Childs and Charles O. Jolly for $3000 damages for alleged slander in accusing the plaintiffs of stealing. Yesterday the master in chambers made an order allowing Constable Gibson to be added as a party defendant, and giving the plaintiffs liberty to amend their writ by adding claims for false arrest and malicious prosecution, on the ground that the information which led to their arrest was furnished by the present defendants.

She Praises the C.P.R. Route.

Miss L. E. Armstrong of 397 Spadina-avenue, who has just returned from San Francisco via the Canadian Pacific Railway, speaks in the highest terms of the Canadian route. By the American route she had eleven changes of cars going out, and on her return by the C.P.R. she came from the Pacific Coast to Toronto without even once changing cars. The scenery on the C.P.R. route, she claims, is far superior to that on the American side, especially attractive and sublime being the Kicking Horse Pass and Glacier Mountain, where the rocks towering up present amazing varieties of tints and colors, furnishing for the traveler a succession of ever-changing scenes of beauty such as can nowhere be seen on the American route. She found the meals and attention of the company's officials all that could be desired. She further says that as President Van Horne is so much in advance of other railroad managers it would be a brilliant stroke if he were to place a piano on through cars for ladies to amuse themselves in the evenings.

Suing the Metropolitan.

A. E. K. Greer, solicitor, acting on behalf of the Toronto and Richmond Hill Street Railway Company, has commenced an action against the Metropolitan Street Railway Company and the County of York, in which $50,000 damages is claimed and an injunction asked for, to restrain the County of York from passing a bylaw authorizing an agreement between the defendants, by which a perpetual franchise to build a railway from the northern limit of Toronto to Richmond Hill will be given to the defendant railway company.

Not Entitled To Both.

Chancellor Boyd yesterday handed out judgment as to the construction of the will of the late John Leys, holding that his widow should be put to her election as to whether she will take dower out of the estate of the deceased, except as to the house she lives in and a house in Huntley-street, or take the provision made for her by the will. He decides that she is not entitled to both.

Where can I get some of Holloway's Corn Cure? I was entirely cured of my corns by this remedy and I wish some more of it for my friends. So writes Mrs. J. W. Brown, Chicago.

The Queen at Uxbridge.

This is one of the best and most comfortable hotels in Ontario. It is well-known and appreciated by travelers. There are good sample rooms and ample accommodation for man and beast. The house has been refitted throughout, and is highly recommended by all who have used it. Host Brawley is well liked; so are his cigars and liquors.

The Boston & Maine Railway have notified the Board of Trade that two-rowed barley will be taken for export via Boston in addition to the other grades.

The Intercolonial Railway has informed grain men that the inspection of grain for export in Halifax was rendered necessary owing to the new elevating and storage tariff governing this season's business. A copy of the new tariff has been sent to the Board of Trade.

Exports of apples from Canada continue large. For the week ending Nov. 19 the exports from Montreal were 50,420 bbls.; from New York, 7065 bbls., and from Boston, 4395 bbls. The total shipments from Montreal up to Nov. 19 were 457,120 bbls., as compared with 320,437 bbls. for the corresponding period last year. Exports for Halifax were 47,469 up to Nov. 19, 1892, as compared with 30,816 bbls. up to Nov. 19, 1891.

The uncertainty regarding Bell Telephone stock has been removed by the purchase yesterday of the 325 shares of the 2000 recently issued without notice by the directors of the company. (This 2000 shares was issued and quietly put on the market some weeks ago, but as soon as investors became aware of the fact that the market was to be fed and lib with new stock they dropped it. Lately nothing has been doing in Bell Telephone, bids in Montreal went down to 150. With a view to removing the uncertainty there, Toronto brokers made an offer to the company to take the 325 shares left over at 159 if the directors agreed to make no further issue without notice being given. The company refused to accept. The offer was then cancelled and another at 157 1-2 was made, which the directors thought best to take. The stock was sold at the Montreal Exchange yesterday and a better tone in the stock was the result.

British America Assurance stock has taken a rapid rise during the past few days, advancing from 105 or thereabouts to 114 yesterday. There is a certain amount of mystery about the advance. The company is not in a remarkably strong position, returns of the Superintendent of Insurance for the Dominion showing an impairment of British America to the amount of $87,000. It is rumored, however, that several investors are arranging to get control of the stock with a view to effecting a reorganization of the management.

TIPS FROM WALL-STREET.

John J. Dixon & Co. received the following dispatch over their private wire to-day from Henry Allen & Co.:

NEW YORK, Nov. 25.—The stock market closed to-day under the pressure of a rattling raid. The whole list was assailed. Few stocks escaped reactions, though in only one or two cases were the declines of special consequence. The whole proceedings bore evidence of campaigning by the bear speculators and did not prove in any way liquidation by bona fide owners of stocks. Of course when bear traders are willing to put out short contracts and are careless of quotations there is no reason why stocks cannot be marked down, but selling shorts and covering the same are widely different operations, and gentlemen who in free and easy fashion have glutted the market with their contracts to-day are not unlikely to be speedily brought up with a short turn. There is little in the situation helpful in any way to the bears. The only bear opportunity of any consequence at all has to do with gold exports. Less than one million has so far been engaged, but enough noise has been made over this engagement to equal anxiety naturally attending upon the shipment of a hundred times as much. Many conspicuous bankers are talking of higher interest rates, but this is nothing new; new bankers always talk so.

GOSSIP FROM CHICAGO.

John J. Dixon & Co. received the following despatch over their private wire from Walker & Co. to-day:

CHICAGO, Nov. 25.—Wheat active, strong and tendency has been to cover short stuff and this caused good advance and brought in good many outside buying orders. There was a good local demand and market shows more strength than has done for some time and we look for increased trade and higher prices. Cables early steady, late ones firm and some higher. Receipts light and estimates for to-morrow, two days, 250 cars, also light. Clearances very big, northwest had fairly big receipts, but reporting heavy storms and will cut them off for few days.

Corn—Strong and higher. The strength in wheat helped the bulls. Elevator people were buyers, the receipts continue light; if we get higher wheat market corn will follow. Large receipts of hogs and lower prices for some.

Provisions—Market lower. There was a rather free selling of short by scalpers and packers, but there was enough investment buying of May to turn the market up towards the close of session the early sellers of January pork became buyers of May, causing the strength. We do not look for any serious decline, but on the contrary think purchases made on all fair downward reactions will prove profitable.

R. Cochran received the following despatch from Kennett, Hopkins & Co. to-day: CHICAGO, Nov. 25.—The wheat market surprised even its bull friends by its firmness. Cables were steady. Receipts and estimates fo-morrow not large, and receipts in Northwest less than expected. Clearances from Atlantic ports were large. Some gossip from Washingtou looks favorable to a postponement of action of the anti-option bill, and these influences tended materially to strengthen the market. Among the better feeling of traders there was a growing feeling that the lowest prices for the present have been passed, and they are backing their opinions by liberal purchases which are well held and do not come on the market on scalping breaks. We look for more activity and higher prices.

Receipts at the Western Cattle Market to-day were 30 loads. Owing to light receipts prices were better for cattle. Choice picked lots of butcher cattle sold as high as 4c and the bulk of the offerings brought between 3c and 3½c. Buying was active, the total offerings being taken before the market was far advanced. Prospects appear to be good if receipts do not come in too heavily. Springers and milch cows were in demand at $40 to $50 per head. Notwithstanding the large run of hogs prices were steady. Select weights brought $4.70 per cwt. Fed are wanted at $5 off car. Stores sold for 4 1-4c to 4½c and light and heavy hogs for 4c to 4 1-4c. Only a few sheep and lambs were offered and better prices were obtained. Sheep sold for $4.50 and lambs from $3 to $3.55 per head.

Acres for Subdivisions
CANADIAN PACIFIC
JUNCTION
The new road running from the East End Station of the C.P.R. to Pointe-aux-Trembles (the east point of the Island of Montreal) and shortening the distance to Quebec by 20 miles.
This road is also to be for a special suburban service, like the one given by the G.T.R. and C.P.R. in the West End. Engineers are now working on the line.
We have:
12 farms, ranging from 120 to 200 arpents and from one-half mile of city limits to five out, at farm land prices.
200 arpents, half mile from "Old Folks' Home," at $350 per arpent—an extra bargain.
120 arpents, adjoining the above, at $400 per arpent.
200 arpents adjoining at $350 per arpent, with magnificent buildings.
120 arpents, two miles from limits, 3 arpents river front, $225 per arpent.
160 arpents, three miles from limits, 4 arpents river front, $150 per arpent.
480 arpents, 1¼ miles from sugar refinery, 11 arpents frontage on river, $1000 per arpent. Considered an enormous bargain.
"BOUT DE L'ISLE,"
"END OF THE ISLAND,"
Where terminus of Road, will be a bridge across River—one of the finest spots on the Island—5 farms, ranging from 100 to 200 arpents, forming one of the best bodies of land in the market. Average price $150 per arpent.
All the above will more than double in value inside of 12 months, and can pay one thousand per cent. on subdivisions.
