HANDICAP HORSES RACE AT THE SPA

Clifford Defeats Ramapo, Yo Tambien, Lamplighter, Victorious, Etc.—Through the Field.

Saratoga, Aug. 18.—Eastern people had a chance to see Clifford in his true form at the races here this afternoon. It was in the race for the Moet and Chandon Stakes, a handicap of a mile, in which he met and defeated Ramapo, the winner of the Metropolitan and Suburban; the great Western race mare Yo Tambien, and President Walbaum's good handicap horse, Lamplighter, and four others.

The handicap was the fourth race, and was the medium of a large amount of betting, as Ramapo, who was a slight favorite, Clifford, Yo Tambien and Lamplighter were all well played, the talent being very much divided in opinion as to the merits of the big four that ran. Yo Tambien was giving weight to everything in the race, and was ridden by Jordan, but that did not prevent the Western people from plunging on her. The task assigned her was too great a one, however, and she was beaten very handily. Starter Caldwell got the horses away together, with Ramapo, Yo Tambien and Clifford on the inside rail, and Lamplighter at the outside of the track. There was a lot of crowding in the rush to the first turn, from which the riders of Rostraint and Aurelian were to blame, Ramapo being the principal sufferer, as in the massing he was knocked back from second to last place. When this was all over Aurelian was in front, with Appomattox next, and Yo Tambien and Clifford close up, and running together, stride for stride. Lamplighter was next to last, and that was where Martin wanted him, apparently, for he did not attempt to improve the position in the run through the back stretch. But Taral was uneasy, and he forced Ramapo to move up on the outside of his field, so that by the time the far turn was made he was in second place and alongside of Clifford and Yo Tambien. Martin moved up with Lamplighter at this point to be where he could join issue with the leaders in the stretch. But he had no chance to catch Clifford, for when Griffin gave the Western horse his head he opened up a lead of two lengths and that lead he held to the finish. Ramapo and Lamplighter had a lively fight for the place, which the latter finally got by a head. Ramapo was very tired at the end, owing to the fact that he had run farther than any horse in the race, and had had a lot taken out of him in the race through the backstretch for position. Yo Tambien, of which so much had been expected, was a rather poor fourth, with Victorious lapped on her at the end.

The other stake race of the day was the Iroquois, for 3-year-olds, also at a mile, and was little more than exercise for Henry of Navarre, who was, of course, a favorite at practically prohibitive odds, so that the play was for the place. Summary:

First race, 3-4 mile Gallifee, 112, Perkins, 6 to 5, 1; Rubicon, 112, Midgley, 9 to 5, 2; Rhett Good, Martin, 60 to 1, 3. Time 1.14. Kentigerna, Rightmore, Ed. Kearney also ran.

Second race, 1 mile — Pearl Song, 91, Perkins, 15 to 5, 1; Charmion, 97, Weber, 5 to 2, 2; Rey El Santa Anita, 116, Van Kuren, 3 to 1, 3. Time 1.41 3-4. Sounds more Gennett, Edwards, Stromboli also ran.

Third race, 1 mile — Henty of Navarre, 122, Clayton, 1 to 5, 1; Peacemaker, 119, Lamley, 10 to 1, 2; Lake Shore, 110, Morris, 40 to 1, 3. Time 1.43. Senator Grady also ran.

Fourth race, 1 mile — Clifford, 122, Griffin, 7 to 2, 1; Lamplighter, 119, Martin, 17 to 5, 2; Ramapo, 124, Taral, 11 to 5, 3. Time 1.40 1-2. Yo Tambien, Victorious, Restraint, Aurelian, Appomattox also ran.

Fifth race, 7-8 mile — Ducat, 107, Ballard, 7 to 10, 1; Figaro, 95, Perkins, 3 to 1, 2; Anna, 92, Clayton, 8 to 1, 3. Time 1.27 1-4. Strathmeath, Polydora, San Joaquin also ran.

Alix, the Trotting Queen.

To Alix belongs the distinction of trotting the three fastest heats on record, in 2.06, 2.06 1-4 and 2.05 1-4, and the little mare is now the most interesting trotter in the world, and she is now expected to lower Nancy Hanks' champion record. She trotted the third and last heat in the free-for-all Friday at Terre Haute in 2.05 1-4, equalling the race record made by Directum, but she had won the previous heats in 2.06 and 2.06 1-4, making an average of 2.05 5-6 for the three heats — by far the fastest ever trotted. After it was all over, and the handsome little mare was being cooled off, she was full of life, and there was no indication of exhaustion. It was her first appearance in a race on the track where Nancy Hanks made her record of 2.04.

The scoring was tedious in each of the miles, but she stood the test superbly, while Ryland T. and Pixley acted badly. At no stage of the three heats were either of the other starters competitors with her for the first place, and before the last heat was trotted it was announced that McDowell would drive her to her utmost speed, and that the Association had waived the distance rule. Walter E. was lame, and ought not to have been started, and he was distanced in the first heat.

In the third heat Ryland T. raised expectations that he would do the sensational act. He trotted the third quarter in 31 seconds, but Alix led home easily. Pixley was several lengths behind Ryland T., and Belle Vara safely beyond the distance flag that fell on Walter E. Ryland T. threw a shoe while scoring for the second heat, which caused delay, and when he came out again he broke badly at the wire, as he had done once before in the first heat. Pixley also was unsteady as they tried time and time again to get away.

When they did get the word, Alix led to the half, with Pixley second. To the three-quarters Ryland T. closed up on Pixley, and entered the stretch on even terms, both back of Alix several lengths. Pixley made a skipping break, and Ryland T. went ahead a length, which he maintained to the wire, with Alix a length ahead of him.

After scoring several times for the third heat, Pixey's harness broke, and there was more delay. When the horses came out again Starter Crevalling made the announcement that Alix would be driven to beat the record, but there were a half dozen more futile attempts to send the horses away before Crevalling shouted the word. At the first quarter Alix was five lengths ahead of Ryland T., with Pixley farther back, and Belle Vara far in the rear. They came home in the same order.

Alix moved along with all the spirit and energy she might have been expected to show in the first heat, and when it was seen that the last half had been made in 1.01 1-4 there was an expression of opinion that she could have done it better than 2.05 if pushed to it in the first heat.

The time by quarters in the three heats was as follows: First, 31 3-4, 1.04 1-4, 1.34 1-2, 2.06. Second, 32, 1.04 3-4, 1.34 3-4, 2.06 1-4. Third, 31 3-4, 1.04, 1.34 1-2, 2.05 1-4. Directum's three heats were 2.14 1-2, 2.13 1-2 and 2.05 1-4.

The Northwestern Breeders.

Chicago, Aug. 18.—The inaugural day of the Northwestern Breeders' Association at Washington Park to-day proved to be a most flattering success despite the fact that the racing was not of an exceptionally brilliant character. The star event of the day was the Derby, a dash of two miles. Dan Mack ran away at the first scratch, and Graves was unable to pull him up. The horse trotted a full mile, and as he came down the stretch it was apparent that he would keep right on, so the others scored up with him and were given the word. Mack went at once to the front and opened up a gap of two lengths. The summary:

Infant Stakes, trotting, foals of 1893, guaranteed purse $1000, one mile dash—Faustelle, ch.f., 1, Sure 2, Coswig, 3, Kollie Poppy 4. Time 2.51.

Rain at Terre Haute.

Terre Haute, Ind., Aug. 18.—There were three events on to-day's card, and the downpour of rain that came at 5 o'clock found but one event concluded.

Newcastle won the 2.30 trot off the reel. The 2.20 trot, purse $5000, and the 2.19 trot were declared off Dallona and Lesa Wilkes dividing first and second money in the first event. Frank L. took first money in the 2.19 trot. Summaries:

2.30 trot, purse $2000—Newcastle 1, Otalgio 2, Lady Nelson 3. Best time 2.22.

2.20 trot, Citizens' purse, $5000, declared off—Dallona and Lesa Wilkes each had two heats. Best time 2.11 1-2.

Turf Gossip.

The Hendrie string arrived from Chicago in Saratoga on Friday.

Joe Martin of Prescott has purchased from Pittsburg Phil the bay horse Sir Arthur, by Leonatus-Ollie C. Sir Arthur is a 4-year-old, and has already won some good races.

Last week at Saratoga Charlie Boyle presented to Charlie Wise a 2-year-old bay colt by Elias Lawrence. Boyle will winter all his horses in Canada, and his colors will be seen at the O.J.C. meeting next spring.

Allie Loudon shipped Max, the jumper that Mike Daly gave him, to Toronto on Wednesday along with Doc Campbell's string. The Doctor's string includes Geo. C., Waterloo and Johnny Heckseter. Ellie is still at Saratoga, and will go to Newport for the Hunt meeting, which begins on Sept. 4. He should have won at the Springs last Monday when he finished second to Mars.

"Jack" White, the well-known Eastern bookmaker, made a killing with his colt Beauregard in the first race at Chicago Friday. The horse was in with some high class youngsters and in the early stages of the betting as good as 60 to 1 was offered against him. White had several commissioners in the ring, and got enough money on to win $10,000. He also had large bets placed in foreign pool rooms.

One of the most interesting features of the day occurred after the third race at Jerome Park Friday, when a big policeman came tearing down the hill in the rear of the stand in pursuit of a small but speedy colored boy who had jumped over the fence. As they passed the carriages half way up the hill the darky was running easily under a pull, with the policeman 10 lengths behind. There was every indication that the latter would get to Harlem, but just at the head of the stretch, under the grand stand, the colored youth was pocketed by two other policemen and marched off. —N. Y. Herald.

Parkdale's Club Day.

Parkdale cricketers entertained their numerous friends on the occasion of their annual "at home" on Saturday. During the afternoon a match was played between teams representing the Old Country and Canadian members of the club, which the former won by 89 to 59. Refreshments were served, and in the evening dancing to the music of Claxton's orchestra was kept up to a late hour. The ladies of the club had charge of the arrangements, and the success of the affair reflects credit on their management. Prominent among those present were: The Chevalier and Mrs. Gianelli and Mr. A. W. Gianelli, Park Commissioner Chambers and Mrs. Chambers, Messrs. P. G. Close and "King Bob" Davies, Street Commissioner Jones and Mrs. Jones, Rev. B. Bryan, Messrs. William Hamilton, Armstrong, Dean, ex-Ald. R. J. Score and many others.

Cricket Slips.

Gordon, McKay & Co.'s eleven defeated the New Fort team Saturday at the barracks by 82 to 28.

Flushed by their baseball success over the telegraphers East Toronto has challenged Rosedale to a game on the diamond. The contest will likely come off this week.

Dominion Bank cricketers went out to Brampton Saturday, and only scored 16 runs against the local eleven. Brampton made 69, the chief contributors being Thauburn 16, Stewart 21, not out, and Savage 16.

East Toronto has had the better of the duel with Rosedale, winning three of the four matches. The fourth was a draw greatly in favor of Rosedale. The absence of Messrs. Lyon and Bowbanks Saturday was seriously felt by the Northerners.

A DIMINUTIVE BICYCLE CHAMPION.

Little Otto Zeigler, the Pacific Coast Cyclone, Captures Two More Championships at Denver.

Denver, Aug. 19.—The record-breaking was confined to exhibition events against time at the last day of the American Wheelmen's National meet to-day. A hard breeze blew over the back stretch during the races, making it impossible for the riders to do anything especially creditable. There was a heavy shower after the second event, and, while it laid the dust on the racing path, the immense crowd of unprotected cranks on the bleachers found it hard to look cheerful until the sun smiled again and the bell rang for the third event.

The 2-3 mile, Class B, was an exciting introduction to the day's sport, special prizes being offered. Eddie Bald, Wells, the five-mile record holder, and Cabanne, the dark-skinned St. Louisian, came down the stretch abreast, and crossed the tape but a few inches apart. To many it seemed a dead-heat, but Bald let out a spare link at the last moment, and neatly carried off the palm.

Little Otto Zeigler, the diminutive cyclone from the Pacific slope, captured the quarter-mile national championship from a field of big cracks in pretty style, with Taxis a close second. Big Sanger, with a tremendous spurt on the home stretch, won the class B, half-mile open, beating Wells, the San Franciscan, by a wheel, Fred. Titus getting third place from Coulter by six inches. The one mile, class B race, for 2.20 class, was another plum for Zeigler, who took it away from O. E. Boeles, the local favorite, at the finish by a length.

The great event of the meet, however, was the one mile national championship, in which Sanger, Murphy, Johnson, Brown and others, among them little Zeigler, started. The race went off at an easy gait until the last quarter, when, with Johnson in a pocket, the 18-year-old Californian wonder started his spurt, a capital fac simile of Zimmerman's, and was away ahead before any one knew it. Then the great men went for him. Charlie Murphy and Sanger, second and third, never came anywhere near the heels of the flying little conqueror from the western slope. This made three championships in three days for a newcomer, who is only a boy. Gardner had no trouble in taking the two-mile class A, open, in 4.59 3-5.

The wind dying away, A. D. Kennedy of Chicago went for the two mile standing start record of 4.15 3-5, held by Harry C. Tyler. He was paced the first mile by Titus and Cabanne on a tandem and the last mile by Murphy brothers and Taxis. He succeeded in lowering the mark one-fifth of a second. Titus and Cabanne brought the unpaced tandem record of 1.59 down to 1.56 4-5, and Louis Callahan cut the class A unpaced mile down to 2.16 4-5. Several other assaults were made by class A men upon the records without success, and an attempt of Barnett of Nebraska to lower the class B mark was likewise ineffectual. The annual meet of the L.A.W. came to an end with this evening's informal reception, having proved one of the most successful in the history of the League. Summaries:

Two-third mile, open, class B—E. C. Bald, Buffalo, 1; C. S. Wells, San Francisco, 2; L. D. Cabanne, St. Louis, 3. Time, 1.44 2-5.

One mile, handicap, class A—A. Gardner, Chicago, 1; B. B. Bird, St. Paul, 2; Louis A. Callahan, Buffalo, 3; all scratch men. Time, 2.16 1-5.

The Wanderers' Road Race.

The popular Wanderers held their 10-mile handicap road race Saturday afternoon. Champion Wells, who wheeled out in the strongest possible form, acted as starter and sent the long handicaps off soon after 4 from the Kingston-road mile post. J. F. Deeks went off at a capital pace from scratch, and succeeded in passing the whole field before the finish, doing the 10 miles in 34 minutes 27 seconds. The roads were dusty, and many holes made the journey not the most pleasant. The Wanderers', owing to their very many friends, were able to present a fine lot of prizes, and to the donors they are very thankful for these useful gifts.

The men finished the five miles and turned as follows: Reinhardt 1, Johnston 2, Thompson 3, Crowley 4, Deeks 5, Manning 6, Panter 7, Saunders 8, W. Young 9, W. Campbell 10, Doll 11, Bissell 12, McQuillan 13, Curtis 14, Gilchrist 15, Nicholls 16.

Dinner will be served every night after practise. Dont forget the T.L.C. are arranging a trip to New York, Baltimore, St. Louis and Chicago for the last of this season.

THE BIG YACHTS.

Tactics of Vigilant's Owners Cause Disgust Among British Sportsmen.

The prevailing general tactics of the owner and skipper of the Vigilant reminds us of the former strategy of a fellow-countryman of theirs, when he wished an excuse to avoid a sculling contest arranged with our own Edward Hanlan at Saratoga some years ago. A despatch from Cowes on Saturday said that it was impossible to deny that there is a general feeling of disgust here at what is believed to have been a scheme on the part of those sailing the Vigilant to avoid racing. Among yachtsmen there is hardly one who does not think that the Vigilant's centreboard was sacrificed for the sake of appearances. The Needles' tactics after the accident, the housing of the topmast, the ostentatious reductions of sails, the subsequent full-sailing to Southampton, and Howard Gould's readiness to be interviewed, all are regarded as pointing the same way. Lord Wolverton's immediate withdrawal of the prize shows the opinion that prevails in the Royal Yacht Squadron. A resumption of racing between the Britannia and the Vigilant is regarded as extremely doubtful.

National Yacht and Skiff Club Races.

The race of the National Yacht and Skiff Club was sailed on Saturday afternoon in a strong northeast blow. On account of many of the racing boats being away cruising up the lakes the first-class was postponed, and the second and third left to sail it alone.

At 3 o'clock the second-class started, the following boats competing: Emily, Petrel, in Paleo, Tioga and Wilmot. The in Paleo led for a considerable distance, when by the loss of her headsails she was overhauled and passed by the Tioga and Wilmot, leaving her at the finish, as follows: Tioga, Wilmot, and in Paleo.

In the third-class, which was very exciting, the following boats entered: Olive, Swallow, Hector, Star, Elma and Bouncer. The Star, in a stiff breeze, proved herself the best boat, coming in first, leading by a long distance, Elma second, and Bouncer third.
