Manager Jack Appleton, of the Savoy Theatre, discovered yesterday that he was harboring a real live aggregation of baseball tossers when the employees of the front of the house defeated the back of the house, at east end mountain park. Ray Lane, who did the twirling for the winners used a very effective spit ball, and George Stroud distinguished himself behind the bat. Jack Wallow and Joe Knapman were at the points for the losers. The score was 17—12.

ed before the Agricultural Committee this morning, and Dr. Bryce, chief medical officer, stated that most of the physically defective people came to Canada from English factory towns. Canadian inspection was rigid. To the suggestion of Dr. McIntyre that there should be more thorough inspection of immigrants at point of departure, Dr. Bryce said he did not think the Canadian system could be improved on at that point.

Dr. Reid's Yacht.

The Public Accounts Committee this morning heard the evidence of John Offspring, carpenter of the Government yard at Prescott, on the case of Dr. Reid, Conservative member of Parliament for Grenville, who was recently charged with having had his yacht repaired in the Government yard without paying for the service. Examined by Mr. Carvell, Offspring said that in 1905 the yacht Dack, owned by Dr. Reid, was overhauled and repaired in the Government yards. A carpenter, a caulker and an ordinary laboring man were employed on the work. When the time came to pay the men Dr. Reid was not around, and the money was paid by W. H. Noble, Government Assistant Commissioner of Lights. He understood Noble had paid the sums out of his own pocket. Repairs for the boat were ordered by J. F. Fraser, Commissioner of Lights. Offspring said he kept the time and the charges against the boat were regularly entered in the books of the yard, and to the same account was charged a fourth of the cost of putting in ways for hauling boats from the water that season. Afterward Offspring said another boat was hauled from the water for Dr. Reid and no charge was made for the service.

STANLEY MILLS & CO.

An Important Announcement Regarding the Sale of Groceries.

Stanley Mills & Co. make an important announcement to the housekeepers of this city to-night.

This firm find that their Saturday grocery trade has grown to such enormous proportions that it is absolutely necessary to adopt a new policy in order to cope with the tremendous amount of business they are called upon to handle.

Every week the bulk of their grocery business is crowded into Saturday when three quarters of the buying might as well be done some other day.

In order to accomplish this, Stanley Mills & Co. will hereafter make Thursday their special grocery day, offering inducements on that day that would otherwise be given on Saturday.

Housekeepers generally should make a careful note of this and study each week's Thursday grocery values.

THEY SHOT WELL.

Campbell and Gibson Twice Tied, But Campbell Won.

Yesterday the competition for the Ross Rifle annually presented to Highfield School by the Alexandra Chapter of the Daughters of the Empire was shot. The event was the most exciting which has yet taken place. Though all the eight competitors, chosen from the best shots in the club, made fair scores, those of compbell, Gibson and Hay, minor, were remarkably good. At 200 yards campbell gained two points on Gibson, but at 500 the difference was made up and the two tied with 55. A shoot-off of five shots then took place— the boys doing their utmost but tying again with 21—both finishing with bullseyes. A shot-and-shot-about" match followed in which after a hard fight Campbell gained one point and was declared the winner, Gibson getting second place and Hay, minor, third place.

The remarkably good shooting was largely due to the inspiring presence of Serg.-Maj. Huggins, who has coached the club for three seasons, and for whom the boys entertain an intense admiration.
