Charles G. Moore,

AGENT FOR

MOFFAT'S VEGETABLE

LIFE MEDICINES.

THESE medicines are indebted for their name to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor. In many hundred certified cases which have been made public, and in almost every species of disease to which the human frame is liable the happy effects of Moffat's Life Pills and phœnix bitters have been gratefully and publicly acknowledged by the persons benefitted, and who were previously unacquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act.

The Life Medicines recommend themselves in diseases of every form and description.—Their first operation is to loosen from the coats of the stomach and bowels, the various impurities and crudities constantly settling around them, and to remove the hardened feces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these and leave such collected masses behind as to produce habitual costiveness, with all its evils, or sudden diarrhœa, with its imminent dangers. This fact is well known to all regular anatomists, who examine the human bowels after death; and hence the prejudice of these Well informed men against quack medicines—or medicines prepared and heralded to the public by ignorant persons. The second effect of the Life Medicines is to cleanse the kidneys and bladder, and by this means, the liver and the lungs, the healthful action of which entirely depends upon the regularity of the urinary organs.—The blood, which takes its red color from the agency of the liver and the lungs before it passes into the heart, being thus purified by them and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

Moffat's Vegetable Life Medicines have been thoroughly tested, and pronounced a sovereign remedy for dyspepsia, flatulency, palpitation of the heart, loss of appetite, heartburn and headache, restlessness, ill-temper, anxiety, languor and melancholy, costiveness, diarrhœa cholera, fever of all kinds, rheumatism, gout dropsies of all kinds, gravel, worms, asthma, and consumption, scurvy, ulcers, inveterate sores, scorbutic eruptions and bad complexions eruptive complaints. Sallow, cloudy and other disagreable complexions, salt rheum, erysipelas, common colds and influenza, and various other complaints which affect the human frame. In fever and ague particularly, the Life Medicines have been most eminently successful: so much so that in the fever and ague districts, physicians almost universally prescribe them.

All that Mr. Moffat requires of his patients is to be particular in taking the Life Medicines strictly according to the directions. It is not by a newspaper notice, or by anything that he himself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial.

Moffat's Medical Manual; designed as a domestic guide to health.—This little pamphlet, edited by W. B. Moffat, 375 Broadway, New York, has been published for the purpose of explaining more fully Mr. Moffat's theory of diseases, and will be found highly interesting to persons seeking health. It treats upon prevalent diseases, and the causes thereof.—Price, 25 cents—for sale by Mr. Moffat's Agents generally.

A Cure for All!!

Holloway's Ointment.

EXTRAORDINARY CURE OF A CASE

Abandoned by GUYS, the Metropolitan, King's College, and Charing Cross, Hospitals.

This Fact was sworn to this 8th day of March, 1842, before the Lord Mayor at the Mansion-House.

SUMMARY OF AFFIDAVIT.

WM. BROOKS, Messenger, of 2 Union-st., Southwark, London, maketh oath and saith, that he (this deponent) was afflicted with FIFTEEN BURNING ULCERS on his left arm, and ulcerated sores and wounds on both legs, for which deponent was admitted an out door patient at the Metropolitan Hospital, in April, 1842 where he continued for nearly four weeks.—Unable to receive a cure there, the deponent sought relief at the three following hospitals: King's College Hospital in May, for five weeks;—at Guy's Hospital in July, for six weeks;—and Charing Cross at the end of August, for some weeks more; which deponent left, being in a far worse condition than when he had quitted Guy's, where Sir BRANSBY COOPER, and other medical officers of the establishment had told deponent that the only chance of saving his life was to LOSE HIS ARM! The deponent thereupon called upon Dr. BRIGHT, chief physician of Guy's who, on viewing the deponent's condition, kindly and liberally said.—"I am utterly at a loss what to do for you! but here is half a sovereign: go to Mr. HOLLOWAY, and try what effect his Pills and Ointment will have, as I have frequently witnessed the wonderful effects they have in desperate cases.—You can let me see you again. This unprejudiced advice was followed by the deponent, and a perfect cure was effected in three weeks, by the use alone of HOLLOWAY'S PILLS and OINTMENT, after four Hospitals had failed!!!—When Dr BRIGHT was shown by the deponent, the result of his advice and charity, he said, "I am both astounded and delighted, for I thought that if I ever saw you again alive, it would be without your arm—I can only compare this Cure to a Charm!!!"

Sworn at the Mansion-house of the City of London, this 8th day of March, 1842 } W. BROOKE

Before me, JOHN FIRIE, MAYOR.

IN ALL DISEASES of the Skin, Bad Legs Old Wounds and Ulcers, Bad Breasts, Sore Nipples, Stoney and Ulcerated Cancers, Tumours, Swellings, Gout, Rheumatism, and Lumbago, likewise in cases of Piles; the Pills in all the above cases, ought to be used with the Ointment; as by this means cures will be affected with a much greater certainty, and in half the time that it would require by using the Ointment alone. The Ointment is proved to be a certain remedy for the bite of mosquitoes, Sand flies, Chiegofoot, Yaws, and Boe. bay.

Burns, Scalds, Chilblains, Chapped Hands and Lips, also Bunions and Soft Corns, will be immediately cured by this Ointment.

THE PILLS are not only the finest remedy known when used with the Ointment, but as a General Medicine there is nothing equal to them. In nervous affections they will be found of the greatest service. These Pills are, without exception, the finest Purifier of the Blood ever discovered, and OUGHT TO BE USED BY ALL!!!
