COMMON COUNCIL.

A Recognition of Fred Young's Heroism—Discussion on Fishery lots, and the Fire Department—Thompson's Slip to be Dredged.

At the meeting of the common council held yesterday afternoon, the mayor referred to the heroic action of Fred Young who had lost his life in attempting to save the lad Mundee. A committee of five was appointed with the mayor as chairman to decide on an appropriate way of recognizing the heroic act in Fred Young's case and also the brave attempt of Mr. Fred Dodge to save the drowning boys. It was also decided that the council attend the funeral of Young in a body. The services of the life boat crew are also to be taken into consideration by the committee.

The treasury department report was then dealt with. An increase of salary of $100 was recommended for each of the assessors. The claim of Wm. Dunham for refund of amount paid for fishery lot in 1865 was reported upon adversely. The council however decided that $100 be paid to Mr. Dunham and that the payment of the money be referred to the treasury board to see if Mr. Dunham had ever paid the original amount for the fishing lot and that if he did, the board have power to settle on a proper release being given.

The board decided not to procure views of the city for the Jamacia exhibition,

The board of works recommended that the penalty against Timothy Cusack, for delay in his contract on St. John street, be not exacted:—Adopted.

The next section provided that the Thompson slip be dredged as soon as the lease expires. Adopted.

The petition of Mrs. Isaac J. Amos. for relief from overflow of water and for reduction of rent was reported against. Adopted.

John Flood's petition for a sewer on Duke street was recommended and that tenders be asked for the same. Adopted.

John McGourty's tender for building retaining walls on Burpee avenue and Sheriff street, at $1.54 for the former and $1.39 for the latter was favored. Adopted.

The petition of Chas. H. Johnson that the reserved road to Winter street be incorporated could not be complied with as it is only 45 feet wide, and this was adopted.

They reported adversely to laying sewers at present in Albert and Prospect streets, but that Mr. Murdoch's report be placed on file. Adopted.

The situations for the lights under the Calkin contract were submitted for approval.

The by-law relating to the Indiantown harbor was read a first time and adopted.

The board was authorized to have a sewer laid on Rodney street between Water and Lancaster streets. Adopted.

The report of the board of public safety was read and taken up section by section. The first section recommending that the whole matter of lighting that part of the city not included in the Calkin contract by referred to to the general committee of the whole with power to act, was adopted. The second section recommending that the Reed's Point weighing machine be put in thorough repair and placed if found desirable at Sydney Market Slip, was also passed.

The third section recommended that an electrician be employed to place the fire alarm system of the city in working order and retained permanently to look after the same, at a salary not exceeding $70 per months, This section provoked a long and animated discussion and on being put to the vote was lost.

THE HAVEN.

The Annual Meeting Held Yesterday—The Good Work Done.

The annual meeting of the Haven committee was held yesterday afternoon in the Y. M. C. A. parlor. Rev. Geo. Bruce read the 4th annual report. This report stated that since the opening of the work 60 different persons had been admitted to the haven and many of those had been re-admitted several times on profession of sorrow and promise to do better. Some had been admitted as much as six or seven times. During the past year there had been 9 admitted for the first time, and 6 had been readmitted, those who had been in the haven since last year, left to return to her home and her family to whom she had been reconciled in the meantime. This case is worthy particular notice as it was a special case, the only one, save one other, in which an infant had been taken into the haven. The young mother, drinking the bitter cup which is put into the hands of such erring and wronged ones, leaving her home spent several months in service in a distant place, returning so far on her way with her infant in her arms to the haven mother and child spent a quiet and happy time, and she, with her child, is now, as we have said, restored to her mother and her home, where she is received with affectionate forgiveness. Mention has been made of the work of the committee outside of the walls of the haven. Of this we may say in a sense it has been within the walls, those rescued from the surroundings of sin and shame, some of them from the most dreadful conditions, and another, infant sister to one of the four, was similarly rescued a year ago; so that really five infants have been rescued by the committee in about a year, and are all now under Christian influence, most of them in Christian families. Several of these little ones were maintained for months by the personal contributions of the members of the committee until suitable homes could be found for them. One, now a young mother, who had been deceived and led into sin, was found and cared for by the committee until she was able to be reconciled and restored to her friends, people of earnest Christian life, as she was before and now is deeply sorrowful and grateful in the whole matter.

The amount contributed so far is $580.39, and the expenditure actual and in arrears will require about $200, but as the time for annual contributions is at hand no fear is entertained that the necessary amount will not be contributed. We would bespeak the interest and the liberal contributions of all friends of the work, in confident hope that God will still more clearly own and bless the work as one which has his approval and favor.

G. BRUCE, Sec.-Treas.

The report was adopted.

Mrs. Seymour said she had seen the police magistrate and asked him to give some prisoners the choice of going to the haven instead of the jail, but he had explained that they would have to petition the legislature and get a law passed granting him that power. Both he and the chief of police were favorably disposed toward such a law.

The following officers were elected: President, J. E. Irvine; vice-president, Rev. W. O. Raymond; secretary-treasurer, Rev. Geo. Bruce; corresponding secretary, Mrs. Robt. Thomson; chairwoman of executive, Mrs. J. C. Borden. The old executive was re-elected. subject to some necessary changes, owing to removals.

Thanks were voted Dr. Inches. Morrison and J. Murray McLaren for attendance at the institution, to the press for kindly notices, and to Mr. Graham of the Sussex Milk Co., for free supply of milk for the institution.

ST. ANDREWS CHURCH SOCIAL.—About 200 persons were present at the social which was given in the lecture room of St. Andrews church last evening, and a thoroughly enjoyable time was had. The ladies who got up the affair were Mrs. Macneil, Mrs. J. R. Stone, Mrs. George Robertson, Mrs. R. D. McArthur, Mrs. A. Macaulay and Mrs. A. L. Law, Mrs. J. P. Thompson presided at the piano. The programme was a very agreeable one and embraced vocal solos by Miss Hea and Mrs. Stone, who were in excellent voice, piano solos by Miss Homer and Miss Wickwire, and recitations by Miss Edith Cushing, Miss Jessie Forbes and Miss M. E. Forbes, the latter of the North end. Refreshments were served in the course of the evening.

CHARTERED.—Bark Bertie Bigelow, hence to Liverpool, deals 37s., 6d.; birch 18s.; ship Nettie Murphy, same voyage, deals, 30s, birch and pine, 17s, 6d.

Police Court.

John Sinclair, and Wm. Smith drunks were fined $4.

Margaret Lyons for the same offence was sent to jail for 2 months.

The case of Wm. Weatherhead and Thos. Burchill against Richard Rawlings captain of the southern division of the police force was postponed to-day until Tuesday at 10 a. m. Dr. Silas Alward and Mr. Geo. A Davis are counsel for the prosecution.

SPIRIT OF THE TIMES.

THE BEAVER SPORTS.

On Thursday evening next the Beaver Lacrosse club will hold their semi-annual meeting at the Landsdowne rink, Charlotte street. Entries close Monday with any member of the managing committee, and in this connection the handicappers ask that the last three records of the men for each event they enter be taken. This will facilitate matters in handicapping, and will ensure closer competitions.

* * *

Regarding the floor arrangements for Thursday night, as few "officials" as possible should be permitted inside the gates. The Unions kept the floor clear at their recent sports, and why not the Beavers?

* * *

The club medals are gold, and will be on exhibition in a day or two. A number of merchants about town have donated prizes, and among them Messrs. J. & A. McMillan, who gave a handsome album, and Mr. F. Rodgers, the jeweller, who is preparing a handsome silver medal for the boys.

* * *

An elegant group picture of the Beavers is on exhibition in Messrs. Manks & Co's window, and it shows up their "shape" in an exceptional manner. The Beavers have good athletes amongst their number, and as a consequence some of the team are well garnished up with medals and badges.

* * *

It is said that Fred Scott, the once famous professional runner of this city, is endeavoring to be reinstated as an amateur. He hopes to run under the colors of a well known amateur association here next year. Amateurs generally will not be pleased to know this, because the longer men like Scott keep away from amateur athletics the better for the athletics.

* * *

Joe McNamara, too, in conversation with the writer a few days ago, said that he was endeavoring to get back into amateur ranks and if Scott was to be re-instated he would also be re-instated. McNamara said that he would come to St. John next year and run under the colors of the Shamrock Athletic Club.

* * *

A short time ago it was impossible, by the rules of the Amateur Association, for a professional to be re-instated within five years of his last professional race. It should be increased to ten years, because when professionals tire of running for money they want to drop in again with amateurs who are athletes only for the pleasure of the thing and the advancement of legitimate sport.

HOSPITAL WORK.

Lady Tilley's Attempt to Raise Funds to Keep District Nurses at the Hospital.

The corps of trained nurses at the public hospital have not had proper accommodation as yet in the way of rooms for their own use. There is a very pleasant room that could be utilized if properly furnished, in the new wing but the grants to the institution do not consider any expenditure of this sort. It is felt that an effort should be made by private individuals to furnish this room so that it could be used as a dining and sitting room by the nurses and for their use exclusively, so that something like a home feeling might be experienced by them.

It is also strongly felt that it would be most beneficial to the public if there was connected with the hospital a corps of trained district nurses, who could go out and attend the sick in their homes for any period. There are frequently cases of sickness in a household where a trained nurse would be invaluable, and such at present it is most difficult to procure. Should the plan proposed be carried out, a nurse could be procured at any moment, which would be a great convenience to the public.

Those who could afford it would pay the hospital a fee for the services of these nurses, and in the case of poor people a nurse could be had upon the presentation of a doctor that such services were needed. At present neither rich or poor can procure such service.

The commissioners of the public hospital have had the matter under consideration, and Lady Tilley, whose service to Fredericton in the matter of a hospital has given that city an institution of which it is justly proud, has consented to assist in the needed work in St. John. In order to carry out the work effectively, and as it is one that concerns the whole community, Lady Tilley wishes to enlist the co-operation of all. She therefore asks that each church in the city, of every denomination and without distinction appoint one representative to meet at her residence, German street, on Saturday, November 8th, to discuss with her the best means of united action so that a fund may be raised for the objects already described. And in this connection the sympathy of the outside counties is also asked, since patients from all counties are found from time to time within the walls of the institution. If all the churches respond the result will be a large and influential committee and the effort cannot fail of success.

THE EQUITY COURT.—In the Equity court this morning, in re Edward J. Smith vs Raphael Casey et al Mr. J. Roy Campbell moved that the bill be taken pro confesso. Ordered as moved.

In re Silas. C. Charters Sr., vs Philias Melanson, et al Mr. J. Roy Campbell applied for order for appearance by publication in the Royal Gazette. Order granted as removed.

HEAVY WEATHER.—Brigt. Edmund, Capt. Burns arrived yesterday from Barbadoes with a large cargo of scrap iron. She left Barbadoes on the 7th of October and had variable weather until Bermuda was reached. Thence to port heavy gales were encountered. On Monday last a terrific south wester prevailed for about twelve hours. During this time there was heavy thunder, preceded by sharp lightning. Captain Burns speaks of the passage as being the hardest one he ever had on his many trips to and from the West Indies.

SHEEP.—Large shipments of sheep are constantly being made from the provinces to the United States. This morning five carloads arrived at the I. C. R. depot en route to the states. Five were 989 sheep, all of which were taken out at the I. C. R. cattle sheds and fed while the cars were cleaned and newly bedded. Four carloads are for Watertown, Mass., and were shipped by John McDonald and John O'Brien of this city from P. E. Island. The fifth car is for Westbrook Junction, Maine, and was shipped by H. S. Hastings & Co., from Antigonish, N. S.

THE PALACE RINK.—A good sized audience was present at the Palace rink last night at the New York concert company's entertainment. The rink has been transformed into a very comfortable little theatre and the several artists were abundantly applauded. The programme opened with a scene from "the Two Harneys" which gives an opportunity for singing and dancing by Mr. Frank Mack and Miss Chadbourne. Miss Valloy sang operatic selections quite acceptably and Miss Rose King manifested her skill as a club swinger, to the delight of all present. Mr. Williams as a negro comedian was complimented with a double encore, and Mr. Mack is certainly one of the best clog dancers seen here. The entertainment is well worth the price of admission.

Among the Shipping.

Brigt. Venice, Captain Smith, has arrived at Boston, 25 days from Turks Island. When the passed Bermuda she struck into a series of gales which did not end till last Tuesday. Wednesday, Oct. 22, off Montauk, a terrible easterly hurricane drove them several days off shore, splitting her sails. Friday Oct. 24. 6 p. m., lat. 69 52. lon. 73 29 she passed a vessel's stern with wheel and cabin house. There was nothing to lead to identification. The Venice sighted Montauk the second times last Tuesday. The gales came from E.N.E. N.N.E. and W. all of which were terrific, accompanied with rain.

A Struggle for Life.

The Montana Independent of October 18 contains a thrilling account of the attempted burning of the Gallatin Valley mills; the frustration of the designs of the would-be incendiary by a provincial boy and the suicide of the former.

It appears that Mr. Payson, who is the son of the Rev. Mr. Payson of Fredericton, and is employed as night watchman of these mills, discovered a fire in the building. He came suddenly upon the incendiary, a German, who immediately grappled with him and endeavored to hurl him into the fire. After a fearful struggle Payson broke away from the other and aroused the mill hands who succeeded in subduing the flames. The would-be incendiary was afterwards found hanging to the end of a railway car dead. He had broken his hip in his flight, and, knowing that discovery was inevitable, took this means of ending his life.
