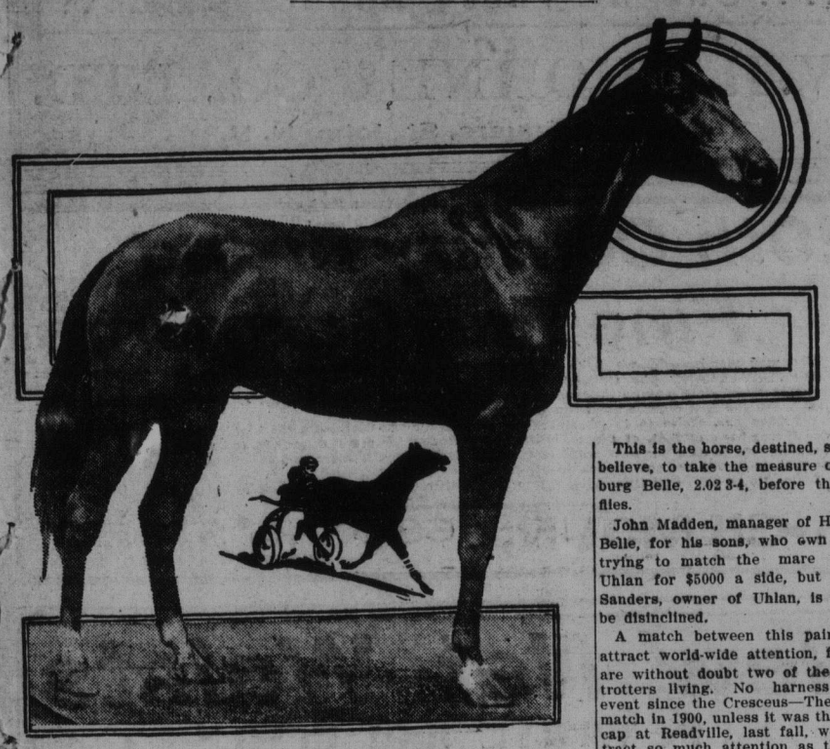
WILL HE LOWER TROTTING QUEEN'S COLORS?



Uhlan, 2:03¾.

This is the horse, destined, so many believe, to take the measure of Hamburg Belle, 2.02 3-4, before the snow flies.

John Madden, manager of Hamburg Belle, for his sons, who own her, is trying to match the mare against Uhlan for $5000 a side, but Charles Sanders, owner of Uhlan, is said to be disinclined.

A match between this pair would attract world-wide attention, for they are without doubt two of the fastest trotters living. No harness horse event since the Cresceus—The Abbott match in 1900, unless it was the handicap at Readville, last fall, would attract so much attention as this pair in a dual affair.

EL GALO AND BARD ALLERTON IN THE $50,000 HANDICAP

Definite announcement is made that Kingsborough (2.16), El Galo (2.15 3-4) and Bard Allerton (2.16 1-4), which horses raced on the July section of the Maritime Circuit, will be started in the pacing division of the $50,000 handicap at Readville, Mass., next week.

These horses have all been paid up, and the handicapper, Mr. Charles M. Jewett, has placed them in their positions with the rest of the large field. That Mr. Jewett thinks something better of El Galo than of Bard Allerton is shown by the fact that with The Eel on the scratch he places Frank Hayden's stake legged pacer on the 2.12 line, while Frank Fox, with the son of Allerton will start from the 2.15 mark. Kingsborough is placed on the 2.13 line in the list.

El Galo and Bard Allerton Clash.

Interest in the race of the two New England rivals will be supreme among the rail birds in the provinces. Both El Galo and Bard Allerton have many admirers, and all will be sitting up and busy to see how they make out on their first clash. A matched race between the two, with both but for the money, would make a great attraction for any provincial track.

Future of Handicap Racing.

Frank G. Trott, writing in the Boston Globe of the $50,000 handicap, has the following:

"There is no question that each division will provide a wonderfully thrilling contest for the spectators. The fields will be the largest in the history of the sport in America and there will be no trial heats to tire and the sight in each race as the horses come tearing down the track will be one worth going across the continent to see.

"The races next week, however have a more important bearing on the future of the sport than in the contests they furnish for the public. The handicap system is at stake and if the scratch horse is not a factor at the finish the distance handicap is a failure in this country, where extreme speed must always be considered.

"Uhlan is a fresh young horse, unquestionably capable of lowering his record. He is good-headed and a race horse. Now if he meets with no hard luck after the bell rings and is not a contender in the stretch the distance handicap system fails in its purpose to bring the fast and slow trotter together on equal terms.

Can Pacers Go the Distance?

"What applies to Uhlan hardly holds good in the case of The Eel, for the gray Canadian wonder wears a leg harness and how much of an influence the extra rigging will have the last eighth of a mile and one-half dash is something that has yet to be known, in fact, trainers are generally a bit doubtful as to how even the free-going pacers are going to cover the distance.

"The trotting division will be decided on Tuesday, while the pacers will go on Wednesday. The $10,000 Massachusetts is the feature Thursday, and the American Horse Breeder Futurity Friday. The arrangement of the other classes has not yet been decided upon."—J. D. B.

GOOD RACING AT OPENING DAY OF EASTERN MAINE MEET

Bangor, Me., Aug. 24.—About 5,000 people attended the eastern Maine state fair opening today and were well entertained. The races were the chief feature as usual, and on this occasion the sport was the best ever furnished on an opening day. The 2.24 pace was split into two races, there being 13 starters, so that with the 2.40 trot and 2.30-2.33 combination, there were four events on the card. Three of these events were concluded, but owing to darkness the 2.30-2.33 went over after two heats until Wednesday.

The favorites were uniformly successful, although every winner had to work for his money. Summaries:

THE VIEWS OF AN UMPIRE

Chicago, Aug. 24.—Some vigorous denying was done yesterday by Umpire "Silk" O'Loughlin and Manager Stallings, of the New York Americans. The former said he did not believe Frank Farrell had been quoted correctly and took the latter's alleged assertion that "Silk" had been prejudiced against the New York team as a joke.

"I call plays the way I see them," said O'Loughlin, "and every one who knows me knows that to be fair. I have not a thing against President Farrell or any of his players. I was right in calling Parent safe at third base on Saturday. I am not prejudiced against the club or any player and I believe Farrell will deny that he ever said the things attributed to him.

Manager Stallings hurried to the office of President Ban Johnson and vowed he had not wired Farrell to the effect that the New York team had been robbed.

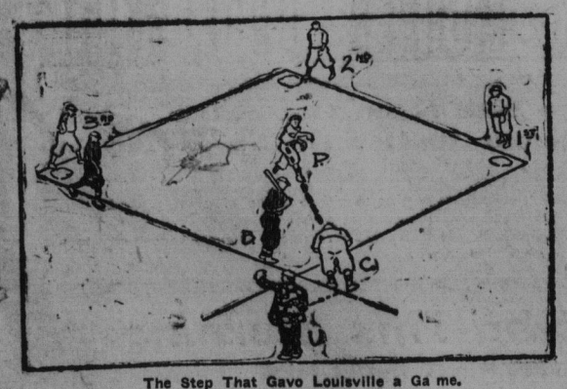
RULE PLANTED SIX YEARS AGO EXCAVATED---AND IT WON GAME



The Step That Gave Louisville a Game.

You never know what's going to happen next in this baseball thing. If one was to attempt to solve the technical points he'd have to take a degree in calculus.

Just as an argument, take that balk by Catcher Grover Land, of the Toledo club, in Louisville, a short time ago. Never knew a catcher could make a balk, did you? Well, he, or rather they, can, and this facts brings to light the point that Umpire Clarence Owens of the American association knows his little book.

With Heinie Peitz at bat for Louisville, and two runners on, Land and Pitcher McSurdy, of the Toledo team, decided to walk Peitz, and get a play at each bag.

Three wide balls had been pitched, and just before the four was delivered Land stepped out from behind the plate, over the line defining the position of the catcher, and received an exceptionally wide throw. This made four balls, and Peitz walked, when to the surprise of everyone, Owens motioned Sullivan, on third, to come home.

When the Toledo players protested Owens flashed his little red book and showed them section 9 of rule 34, which declares a balk shall be called if the catcher steps out of his position before the ball is thrown.

The rule which was passed six years ago, has, so far as is known, never been called into force before, but there is absolutely no question about the correctness of his decision.

KID PITCHER RANKS FOURTH AMONG BIG LEAGUE LEADERS

Only four major league pitchers who have pitched as many games as Harry Gaspar of Cincinnati outrank the Red youngster. And every one of the four is pitching for a first, second or third-place team.

George Mullin of Detroit, Harry Krause of the Athletics, Mathewson of the Giants and Camnitz of the Pirates alone rank higher.

Harry Gaspar.

It is hardly fair to compare Gaspar's record with those of the stars of the leading teams, even if the comparison is favorable, as the Reds are in fourth place. Gaspar is one of the brainiest men who has broken into the big leagues in years. He has the other fellows guessing all the time, and simply delights in working out of a tight hole, and he generally finds it easy to worm his way out.

JAP A WINNER.

Bar Harbour, Me., Aug. 24.—The men's doubles in the annual tournament of the Maine State Tennis Association opened today on the courts of the Swimming Club. Hajime Kawasaki, the Japanese player, of the University of Pennsylvania, with his partner, M. T. Payne, was one of the winners.

STAKE FOR 4 YEAR OLD'S IS NOW OFF

Special to The Standard.

Fredericton, N. B., Aug. 24.—At a special meeting of the directors of the Fredericton Park Association at the Barker House this afternoon, a change was made in the programme of races for the Fredericton 1909 exhibition. The stake for four year old trotters did not fill satisfactorily and was formally declared off and in its place was announced a race for three minute class trotters for a purse of $300. Entries for this race will close with the other class races on Friday, September 3rd, when horses in the stake races must be named. Indications point to a highly successful meeting as the three other stake races on the programme all have upwards of a dozen nominations that are paid up to date, the third payment in stakes having been due last week.

WILL FIGHT WINNER.

Los Angeles, Cal., Aug. 24.—In a telegram last night to Tom McCarthy, a local fight promoter, Jack Johnson, the colored heavyweight pugilist, accepted an offer to fight the winner of the fight here tomorrow night between Jim Barry and Jack Burns. The fight will be for ten rounds with no decision. The match will take place on either the 23rd or the 24th of September.

TO DECIDE WINNER.

Indianapolis, Aug. 24.—The executive committee of the American Association probably will be called on to decide the ownership of the $10,000 Wheeler-Schleber trophy cup offered for the winner of the 300 mile automobile race at the Indianapolis Motor Speedway last Tuesday. The race was called off in the 235th mile because of the accident resulting in the killing of three men. The Jackson Auto Company yesterday entered a claim for the trophy. The company's representative sets out that a Jackson car, Lytle driving, had a safe lead when the race was stopped and barring accidents surely would have won. It is said that the three hundred mile race may be run over in connection with the 24 hour race planned for next month at the speedway.

EAST WILL MEET WEST IN TENNIS

Newport, R. I., Aug. 24.—The East will meet the West in the semi-finals of the international lawn tennis tournament on the Newport Casino courts tomorrow, and it is generally anticipated that the same conditions will prevail in the finals to be played on Thursday. From today's play in the sixth round there emerged victorious William J. Clothier of Philadelphia, winner of the national title in 1906; Thomas C. Bundy of Los Angeles, M. E. McCloughlin of San Francisco, holder, with G. J. Tanes of the Pacific Coast doubles championship, and G. F. Touchard of New York. Tomorrow Clothier will meet Bundy and McCloughlin will oppose Touchard.

CANADA WON FROM THE U. S. AT CRICKET

Special to The Standard.

Montreal, Aug. 24.—Increasing the advantages which they had at the end of the first day's play, Canada today won out in the international cricket match against the United States eleven by a margin of 143 runs. In the first innings played yesterday Canada scored 156 runs to 85 for the United States. Going in this morning with an over night score of 31 for the loss of the wicket Canada ran the score to 194 before the side was dismissed shortly after the luncheon adjournment. This left United States faced with 266 runs to run. Going in at 3 o'clock United States were all out for a total of 122 runs. Shortly after 5 o'clock the totatl scores in the match stood Canada 350, United States 207.

OFFICIALS NAMED FOR REGATTA

Final details of the bankers regatta to be held at Lily Lake on Saturday afternoon next were arranged at a meeting of the executive held last night. The officials for the day are as follows: Starter, C. A. Gray, Clerk of Course, Frank White, Judges, T. B. Blair, C. H. Easson, Referees, K. Worsley, C. Francis. The following is the list of events: Rowing single and double pleasure boat, Canoeing single, double and fours, Crab Race, Tub Race and Tilting.

Interest is general in the event which is an innovation among local bankers. Good sport is anticipated and there will no doubt be many present to witness the contests. The entry list will be announced today.
