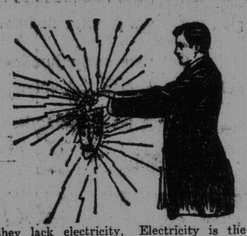
How Drugs Wreck the Nerves



Every dose of drugs that you put into your stomach weakens your nerves. Every time you kill a pain or an ache by unnatural means—by stupefying the nerves with poisonous drugs, you are hurting them, and anyone can see that in time, by steady dosing, your nervous system will be broken down completely.

Drugs not only weaken the nerves, but they upset the stomach, rendering it unable to supply the nourishment for the nerves and organs of the body. Drugs destroy the digestive juices of the stomach; therefore you do not get the proper nourishment from your food. You may eat heartily, but if your digestive apparatus is out of order you won't get much good out of your food.

So many people are doping their stomachs with drugs trying to overcome some chronic disease or weakness and wonder what makes them so nervous, restless and unable to think clearly. They naturally blame the disease for it, but the trouble is really caused by drugging.

The life of the nerves is electricity. If they are weak it is because they lack electricity. Electricity is the nourishment which the stomach generates for the support of the nerves and organs, and when it is unable to generate this force it must have artificial aid. This is electricity—artificial electricity as applied by Dr. McLaughlin's Electric Belt.

My method of curing disease is to go down to the very foundation of the trouble and remove the cause. When I have removed the cause Nature will do the rest. If your nerves are weak I restore to the stomach the power it has lost, which in turn gives the necessary strength to the nerves.

Electricity is a relief from the old system of drugging. It does by natural means what you expect drugs to do by unnatural means. It is Nature's way of curing disease, for it gives back to the nerves and organs the power they have lost, which is their life.

My Belt is easily and comfortably worn next to the body during the night, and gives out a continuous stream of that strength-building, nerve-feeding force which is the basis of all health.

If you haven't confidence in electricity, let me treat you at my risk. I will give you the Belt on trial without one cent or risk to yourself. Give reasonable security and I will take your case, and you can

PAY WHEN CURED

Dear Sir—This is to certify that I was cured of a sore, weak back, which bothered me a great deal at times, especially after heavy lifting. Your Belt cured me completely, and my back is perfectly strong now, and I can do heavy lifting without any bad after-effects.
W. G. ARNELL, Poplar, Ont.

Dear Sir,—I am pleased to tell you that my Belt is all right now. The distressed feeling that I had before, when I tried to get up to walk, has all gone. I must say I gave your Belt a good test, for I labored every day in the week at heavy lifting work. Your Belt is all you claim for it, if a person only gives it a fair trial. I am a great believer in electricity.
A. W. Spinney. Yarmouth, N. S.

Dear Sir—I have worn your Belt for several months and it has cured me of Rheumatism and Piles. I would not take $100 for the benefits I have received from it so far and be without it. I can recommend it to any one suffering from any troubles for which it is recommended.
J. H. MIKEL, Mapleview, Ont.

Dear Sir—Just a few lines to let you know that I am a well man now, where before I was a sick one, thanks to your Belt. I think it is the best in America or in the world. You may publish this letter anywhere you want to, and I will be pleased to tell anyone of your Belt who may come or write to me.
Jas. A. Ross,
Morrisdale, Kings Co., N. B.

THE CENSUS

Ottawa, July 18—Archibald Blue, chief census officer, has issued the following:

The newspapers have been reporting omissions on the part of enumerators of the census, especially in the large cities of the dominion, and notwithstanding the care of the census office to enjoin a performance of accurate and full work on the part of the enumerators, it is possible that in some instances persons and even families have been passed over. It is known at the office that many reports of omissions are without foundation, and that generally the enumeration has been well and fully made, although it is yet too early for a final decision. The fact is that the census of a district or enumeration area was often not completed when complaints were first publicly made. The census office earnestly desires that the name of every man, woman and child in the country, as well as all other information called for in the schedules, should be recorded as the statute and the instructions require. But lest there should be an inadvertent omission on the part of any enumerator, the office respectfully invites the co-operation of the public for the completion of a full census. To this end, persons who believe or suspect that they have not been taken are asked to notify the chief officer of the census at Ottawa, giving their names, post office address, street and number if residing in cities, towns or villages, or concession and number of lot if residing in country places. Letters containing information of this nature are postage free, and if it is found that such persons have not been enumerated in the returns made to the census office, means will at once be taken to remedy the defects through the local officers of the census who were employed in the work and who are responsible if any mistakes have been made in their respective enumeration areas.

The Ring

Canadian Beaten.

"Jimmy" Mitchen, of Brooklyn, had a little the better of "Dick" Howell, a Canadian, in the main bout of ten rounds at the Long Acre Athletic Association, New York, on Wednesday night. It was a hard fight from first to last and the honors shifted as it progressed. Howell had the better of the early rounds, and in the fourth it looked as though he was going to win with a knockout. In that round he hooked a vicious left swing to the Brooklyn welter's jaw, which staggered him and had him groggy. Mitchen held on for keeps and the beyy saved him.

Howell had the margin in the next round, too, but Mitchen gained strength rapidly. In the sixth he came to life in fine style and, boxing at long range, easily outpointed the Canadian. For the rest of the ten rounds Mitchen did much the cleaner boxing and landed the more telling blows. Nine-tenths of the blows that the Canadian landed were on Mitchen's back or kidneys, and while they must have hurt considerably, they did not damage him to any great extent.

The Turf

NICKEL.

The International Sweepstake Motor Race proved to be a great attraction at the Nickel yesterday and this interesting picture, World's Most Daring Drivers, will be shown today for the last time. Forty-six cars started in this race of 500 miles and as they whiz around the great course at a terrifying rate of speed they hold the crowds in breathless suspense at the fear of something happening. There were the usual number of wrecked cars and wounded drivers. The Primal Call is a strange society drama by the Biograph company. Mother must have money to satisfy persistent creditors so she selects a handy millionaire for the daughter to marry. How this wealthy suitor who is not favored by the girl is supplanted in an accidental manner by a giant seaman makes an interesting story. The other pictures are: A Gambler's Chance, Lubin, explains how a care free office boy saved his employer's fortune. A Hero—Almost, is a most laughable comedy. Gertrude Dudley again today in My Old Kentucky Home, and Harry Dudley in On Mobile Bay. The orchestra in Queen of the Nile, overture; Wine, Women and Song, waltz; Warbler's Serenade, intermezzo; Girls of Baden, waltz; Flag of Victory, march; I'd Rather Say Hello Than Say Good-Bye, two-step; Romance of a Rose, reverie.

THE LYRIC.

Jas. R. Waters wil close his engagement at the Lyric tonight, after making one of the biggest hits in the history of this popular house. It will be his last visit for some time. Mike Dowd, a black-faced comedian, who was the hit of the bill at Acker's Theatre, Halifax, this week, will open his engagement on Monday. It is said he is exceptionally funny and his songs and jokes new and original. In the papers on Monday special picture features are to be announced.
