From June 1st to July 15th the records of sixty-nine cows and heifers were received and accepted for entry in the Record of Merit. The sensational feature of this report is the work of the mature cow, May Echo Sylvia, the greatest milk producer the world has ever known. The largest official one-day milk record ever previously reported was 124.5 lbs. May Echo Sylvia sets the mark at 163.1 lbs. In seven days she gave 1,006.8 lbs.; in thirty days, 4,186.9 lbs.; in sixty days, 8,180.1 lbs.; in ninety days, 11,855.1 lbs. and in one hundred days, 16,528.8 lbs., all making her world's champion for all these periods. Her seven day butter record of 41.00 lbs. gives Canada her first 40-lb. cow, and makes her Canadian champion for all ages. Her butter record of 32.22 lbs.; for ninety days, 463.67 lbs. for thirty days is 169.72 lbs.; for sixty lbs. and for one hundred days, 505.34, all championship records for Canada. Some people affect to believe that payment for milk according to quality will give other breeds an advantage over the Holstein. May Echo Sylvia's record of 505.34 lbs. butter in one hundred days is a fitting answer to such claims. It is highly doubtful if any other cow in Canada, except a Holstein, could produce 32 per cent. of the above amount in the same time.

Three other cows made over 30 lbs. of butter in seven days, viz: Lady Aaggie Toitilla of Riverside, 30.49 lbs.; Lulu Darkness, 30.33 lbs. and Jemima Johanna Wayne, 30.24 lbs. No senior four-year olds are included in this report, but at the head of the juniors we find Princess Lulu Keyes with 27.66 lbs. butter from 655 lbs. milk. Gano's Bessie Faforit leads the senior three-year-olds with 29.05 lbs. butter from 457 lbs. milk. Pontiac Belle of Manor is best junior with 21.34 lbs. butter from 419 lbs. milk. This is only one of several very creditable records made at the Dominion Experimental Farms. Colony Netherland Segis 2nd scores for British Columbia in the senior two-year-old class with 23.84 lbs. butter from 673.4 lbs. milk, while Countess Walker Segis is a close second with 23.72 lbs. butter. A class of nineteen junior two-year-olds is headed by Retta Maida Gladi with the good record of 24.51 lbs. butter from 464.9 lbs. milk.—W. A. CLEMONS, Secretary.

107 Lbs. Milk

High Testing Blood

Milk Record Daughter of Pontiac Korndyke

DOES this interest you? I have the four-year-old bull out of Fairview Queen Korndyke (U.S. 42381) (Can. 15459) sire King Segis Walker. I want to keep him for our herds, but will sell one-half interest. This bull is worth $2,000 in States. I was offered $1,500 for him as a calf, but I want to keep him in Canada. $700 will take half interest with exclusive use of bull for 2½ or 3 years. Beautifully marked. Perfect specimen, right in every way. A better getter. Photos of him and dam available. Do you want him? Write for particulars and come out to our farms at Exhibition time and see him. His stock are A-1; he will make big money for you.

CHAS. C. NIXON, 62 Temperance St., Toronto

HAMILTON HOUSE DAIRY FARMS

The Home of 30 lb. Cows **Four Average 33.10 lbs.**

Owing to the scarcity of labor we have decided to sell a number of females. These cows and heifers are in calf to our Senior Herd Sire, SIR SADIE KORNDYKE SEGIS (see pedigree below), and their calves will be of exceptional value. This is a rare opportunity to obtain animals that we would not part with but for the unusual conditions brought about by the war. Write for pedigrees and prices, or still better, come to see us.
