Proper weight suitings, in correct shades, and a handsome lot of the new draping Voiles, Crepolines, Tollennes and Crepes des Chenes, in the very latest shades for spring gowning.

Mail Orders

will always command careful attention.

JOHN CATTO & SON
King Street, Opposite the Postoffice.

MR. G. R. R. COCKBURN INTERVIEWED

Vice-President of Gas Company Charges Council.

The Telegram said last night: Anger spoke in every look and gesture of Mr. G. R. R. Cockburn, vice-president of the Consumers' Gas Company, as he talked to a representative of The Telegram on the proposed agreement with the city. A meeting of the directors of the Gas Company had been held for the express purpose of dealing with the agreement already signed by O. A. Howland. Mr. Cockburn was fresh from that assembly, and if his demeanor reflected the temper of the other directors, the Gas Company has opinions of the City Council's conduct that are altogether too hot for publication.

"Did the Board decide to accept the agreement?" I asked.

"We did not; what is more, we will not till several changes are made in it."

Changes Must Be Made.

"Are the conditions not satisfactory to the Board?"

"Generally speaking the conditions are satisfactory, but they must be set forth in more definite language—in language that will not admit of objection or quibble."

"It is a mere matter of formal alteration of the agreement, then?"

"You may call it that. What we insist upon is absolute definiteness in the wording of the agreement. We are in one law suit now. We are not going to walk into another."

Mr. Cockburn proceeded to explain that the legislature was to be asked to pass a bill setting forth certain new relations between the Consumers' Gas Company and the City of Toronto.

"This agreement you have before you simply anticipates that bill, does it not?"

Bill Must Be Signed.

"Yes," answered Mr. Cockburn, "but we want to see that bill before we sign any agreement. That bill must be put in black and white, and signed by the city before we approve the agreement. Let is be distinctly understood what the legislature is to be asked to enact, and let the city put in writing its obligation to stand by that enactment. As I said before we do not propose to court another law suit." Mr. Cockburn grew indignant as he referred to the conduct of the City Council.

"They have been playing fast and loose with us," he said. "Weak men abetted by the evening newspapers attempt to violate an honorable agreement entered into with the city. The city's legal counsel tells you that the agreement is a good one; that it is in your interest to accept it, but you see Mr. Spence and others try to bring themselves before the public by clamoring for the repudiation of a contract."

A Matter of Taste.

Mr. Cockburn's indignation grew into witnering sarcasm, as he said:

"If the city prefers law-suits to cheap gas, I suppose the city can have it. Do the citizens of Toronto prefer costly litigation to reductions in the price of gas. It is a matter of taste; they must suit themselves."

Mr. Cockburn declared that Toronto has cheaper gas than any other city in America.

"Yet the people are not satisfied," he said. "You'd think the Gas Company was doing all sorts of wicked things. In the Gas Company we have men like George H. Gooderham. Do you think such men want to rob the city?"

In language as strong as the amenities of conversation permitted, Mr. Cockburn gave his opinions of the City Council, so far as its dealings with the Gas Company are concerned. He claimed that Council had broken faith with the company. Such conduct would be impossible with private individuals. They would not dare to act in such a manner.

"You have a building across the street there," he said by way of illustration. "You enter into a solemn agreement with me, and in the course of years other persons take the place of the original parties to the contract. Does that make the obligation less binding should the terms of the contract not be fulfilled in one case or in the other?"

Mr. Cockburn made it clear that no opportunity will be given the City Council to play fast and loose with the company again.

"They came to us," he said. "We did not go to them, and I repeat that before the Gas Company enters into this agreement every clause must be perfectly clear and the city must pledge itself to the bill which the legislature is to be asked to pass."

FREIGHT RATES ARE TOO HIGH

Say the Wholesale Booksellers' and Stationers' Section of the Board of Trade.

ANNUAL REPORT OF W. J. GAGE

President Yesterday Afternoon Referred to Copyright Law—New Officers Dry Goods Section

At the annual meeting yesterday afternoon of the Wholesale Booksellers' and Stationers' section of the Board of Trade a handsome illuminated address was presented to Edgar A. Wills, who has resigned the secretaryship of the board. The address read as follows:

"The Wholesale Booksellers' and Stationers' section of the Board of Trade of the city of Toronto have heard with sincere regret of your resignation as secretary of the board, and they take this means of conveying to you their very high appreciation of the faithful services you have rendered to the board during the past twenty years, and particularly with respect to the tact, skill, uniform courtesy and untiring energy displayed in the interests of this particular section of the board. Whilst we rejoice in the knowledge that the new position to which you have been appointed will enhance your material prosperity, we cannot but express our sincere regret at your removal from amongst us, feeling, as we do, that in you we lose not only an able and conscientious secretary, but a personal friend. We wish you every possible success in your new position, and feel assured that your special business capacity and never-failing energy, together with your sense of integrity, will secure for you the esteem and confidence of all with whom you may have dealings."

The address was signed on behalf of the section by W. J. Gage, chairman; Atwell Fleming, H. L. Thompson and W. P. Gundy.

Chairman Gage, in his annual report, dealt with the work of the past year. An important matter was the passing of a resolution urging the Boards of Trade of Canada to lend their assistance in pressing the Dominion government to pass a copyright law on lines similar to the so-called Hall-Caine bill, making it necessary to have the printing and binding done in Canada, in order to secure copyright here. Also continuous publication in Canada and provision to permit printing in this country in case of delay, a proper royalty being provided for the owner. Mr. Gage referred to the conference recently held with Hon. David Mills, and expressed satisfaction at the desire of the Minister of Justice to secure early and satisfactory copyright legislation. The report also referred to the success of the section in securing the return of special commodity freight rates in stationery. One question which would soon attract more general attention, said Mr. Gage, was the discrimination of thru foreign freight rates, as compared with local rates. The Canadian manufacturer had accepted the 33⅓ per cent. preferential tariff, but when combined with the discrimination in freight rates, a danger was seen which promises to hand over the Canadian market to the British exporter. From Liverpool to Winnipeg the freight charge is 85 cents per hundredweight, while from Toronto to Winnipeg it is $1.43. It would require, said Mr. Gage, early and united action to hold the western market. Already representatives of British houses were looking in the small towns of British Columbia for orders. In his last annual report Mr. Gage predicted that in 24 years Canada would supply Britain with paper. This had been realized already, one large English daily being printed on Canadian paper. Canadian pulp, he said, was finding a good market.

The report was adopted.

The following officers were elected: W J Gage, chairman; Richard Brown, Vice-chairman; Executive Committee, H L Thompson, Rev Dr Briggs, A S Irving, D A Rose, G R Warwick; Paul Jarvis, secretary-treasurer.

Drygoods Section.

The Wholesale Drygoods Section also met yesterday afternoon and elected these officers: J W Woods, chairman; H J Caulfeild, vice-chairman; Executive Committee, Messrs. C B Lowndes, E J Dignum, John Macdonald, H E Bond, James D Allan, John Muldrew, J D Ivey; Paul Jarvis, secretary-treasurer.

It was reported at the meeting by J. W. Woods that at the annual meeting of the board this afternoon a motion will be made nominating Mr. Wills as an honorary life member of the board. This proposal was most heartily concurred in by the members.

The annual meeting of the board for the nominating of officers will be held this afternoon at 3 o'clock. At the close of the meeting the committee arranging a testimonial to Mr. Wills will present the late secretary with a purse of gold. The elections will take place next Tuesday afternoon.

The Board of Grain Examiners of the board will meet at 11.30 o'clock this morning, and at 12.30 o'clock the Grain Section will hold their annual meeting.

France Now Asks The Aid of Dr. Chase

Another Link in the Globe-Encircling Popularity of Dr. Chase's Remedies.

These Time-Tested Medicines Have by Sheer Force of Merit Won Their Way to the Most Remote Sections of the Whole World.

Every true Canadian rejoices in the success of Canadian enterprise, and especially when the undertaking in hand goes beyond the bounds of this country do we admire the pluck and energy that have built up the business and had the courage to carry it to a success in foreign lands as well as at home. Dr. Chase was not himself a Canadian, though both personally and on account of the remarkable popularity of his Receipt Book and Remedies he is almost as well known in this country as in the United States.

When Dr. Chase had proven the superiority of his great prescriptions in his own immense practice he resolved to use the press to bring to public attention the astonishing cures which they brought about, and with the single exception of the downright merit which they possess it is to the newspapers more than to any other factor that these remedies owe their remarkable success, for otherwise their merits could never have become so widely known.

Day by day the good news spread until all this great American continent became alive to the importance and usefulness of Dr. Chase's family medicines. Orders began to come in from Australia, Africa and the British Isles, and now such well-known wholesale firms as The Cockburn Co., Glasgow, Scotland, and The Cooke Co., Stambridge, England, are regular dealers in these remedies.

Of late a new step in the development of this great enterprise has been marked by the arrival of orders from Brussels, Belgium, and Lieusaint, France, countries in which the English language is little known, and where there has never been a word of advertising, unless it is the good word of a traveler who has seen fit to recommend the medicines of Dr. Chase.

From France, the home of some of the greatest medical discoveries of the age, and the country most noted for scientific research, comes a letter telling of the vain search for a treatment for kidney disease and backache that can be compared to Dr. Chase's Kidney-Liver Pills.

Mr. E. Langlois of Lieusaint, France, a manufacturer and dealer in bicycles, writes: "I write to say that for several years I lived in Canada, and, being subject to kidney disease and backache, I used Dr. Chase's Kidney-Liver Pills, and found them entirely satisfactory. This is why I write to you from France to ask you to send me a dozen boxes such as I paid twenty-five cents for in Montreal. Kindly send them immediately. In anticipation I thank you, and send my best wishes."

This marks the introduction of Dr. Chase's Kidney-Liver Pills into France. By word of mouth from friend to friend their true worth will become known, and gradually they will win their way to the front, as they have in every land where they have gained an entrance. Then it will be Dr. Chase's Ointment, Dr. Chase's Nerve Food and other remedies that will be demanded, until, as it is in Canada today, Dr. Chase will become known as a great and true friend to the people, and one whose memory will be fondly cherished by coming generations.

MIRROR, SCALES, ETC.

There was a man. And his irror said "sallow skin." And the scales said "losing weight." And his friends did wag their heads as he passed by. But being a prudent man he forthwith swallowed daily certain pleasant doses of Scott's Emulsion.

Then his mirror said "ruddy face." And the scales sunk beneath his weight. And his friends looked upon him with amaze.

(NOTE.—This is no fable—but is true history),

We'll send you a little to try, if you like.
SCOTT & BOWNE, Chemists, Toronto.

BRITAIN AND HER COLONIES.

London Times Sees Seriousness of the Newfoundland Position.

London, Jan. 20.—(Telegram cable.)—The Times to-day, commenting on the letter of a correspondent dealing with the position of Newfoundland, says: Every Englishman who cares for the welfare and solidarity of the empire must regret the misunderstanding existing between the Admiralty at London and the colony concerning the naval reserve which the latter desires, but it is idle to deny that a very large question is involved, that of colonial contributions to the imperial defence. Such contributions must be spontaneous, entirely voluntary and must be the expression of a conviction that the British fleet is maintained as much for their defence as for ours.

COUNTERFEITS AND IMITATIONS.

Dastardly Attempts Made to Have Our People Buy Worthless Medicines Labelled As Celery Compounds.

There Are Dishonest Men Who Foist Their Worthless Substitutes On The Public, Deceiving Those Who Intend buying

PAINE'S CELERY COMPOUND

If the sick, suffering or friends of such who are using or about to use Paine's Celery Compound for the banishment of disease and the restoration of health wish to avoid deception, loss of money and serious dangers, they should see for themselves when buying that the name PAINE'S is on each wrapper and bottle that is offered them. Any other preparation offered as a celery compound is a fraud and deception of the worst character.

The manufacturers of Paine's Celery Compound already know of many cases of suffering aggravated and intensified by these vile substitutes for Paine's Celery Compound sold to unsuspecting people. These spurious brands of celery compound are sold by some dealers for the sole reason of the immense profit that is derived from their sale. As far as the unscrupulous dealers are concerned, they care little whether the patient is killed or cured; profit, and a mighty one too, is their great object. If you cannot get the genuine Paine's Celery Compound from your dealer, The Wells & Richardson Co., Limited, Montreal, will send two bottles express charges paid, to your nearest Express Station for two dollars, or six bottles for five dollars. Money must accompany order.

BEITH'S MAJORITY TWELVE.

Result of Official Count of Ballots in West Durham Bye-Election.

Bowmanville, Jan. 20.—Returning Officer S. J. Hall has made the official count of the ballots cast in the bye-election in West Durham and declares Robert Beith elected, his majority being 12 votes. Both candidates were present at the summing up.

Woman's Art Association.

At a meeting of the Women's Art Association yesterday the subject of landscape painting was discussed with much interest and benefit to all in attendance. The subject was introduced by Mrs. R. A. MacMaster in some instructive remarks upon the landscape paintings of some of the greatest German and Dutch artists. Interest was added to the proceedings by Miss Laidlaw, who gave an address upon some of the famous landscape productions in existence. On next Monday morning the association will continue the discussion upon the same subject.

WHITE ROCK

OZONATE LITHIA WATER

The most Delightful and Sparkling of all wholesome waters and has no salty mineral taste.

It is an absolutely pure mineral spring water, which contains a uniform and requisite quantity of lithia, and is charged with carbonic acid gas and FREE OXYGEN. These most essential requirements of a truly healthful water for the table are not found in any other water in the world.

It has the vim, life and sparkle, WITHOUT the bite, burn and sting of all other charged waters.

It is entirely free from organic matter, and is in the highest degree free from the injurious salts of lime and potash.

The lithia in this water takes the form of a peroxydrate, producing no gastric disturbance, and containing oxygen gas. Its effect upon the kidneys is of the most beneficial character.

Blends Perfectly with all Wines and Liquors

As a Banquet or Table Water WHITE ROCK is Supreme.

It counteracts the effects of over-indulgence in either eating or drinking. Try it and note the entire absence of that uncomfortable sense of fulness caused by the use of all other charged waters. One or two glasses, cold, upon rising in the morning clear the intellect and prepare one for a hearty breakfast and a good day's work.

For making lemonade it is unequalled.

Throughout the United States White Rock has quickly become the favorite Table Water of All Good Livers.

In Montreal White Rock has, in a marvelously short time, taken first place in the clubs and homes of that city.

Applications for the Toronto Agency of WHITE ROCK will be received by

F. X. ST. CHARLES & CO., MONTREAL,
SOLE AGENTS FOR CANADA.

MANY COMPANIES INCORPORATED

Charters Granted for New Enterprises in Ontario.

The following licenses have been granted by the Lieutenant-Governor:

The Sault Ste Marie Bridge Company, to construct and maintain a bridge across St. Mary's River, at a point in the Township of Awenge.

The American Tobacco Company of Canada, to carry on the manufacture of tobacco and cigarets.

Battle Creek Pure Food Company, to manufacture and sell cereal foods in the province.

The International Register Company of New York, to carry on the business of registration and identification of persons.

The Booklovers' Library, to conduct circulating libraries in the province.

Charters are granted the following:

The McQuay Tanning Company, capital $50,000; head office at Owen Sound; provisional directors, George McQuay, Elias Lemon and W. S. Middlebro.

The Rideau Curling Club of Ottawa, capital $10,000; head office, Ottawa; provisional directors, Edward Davenport Sutherland, H C Monk, John Roberts Allan, W McInnes and A P Stewart; object, to promote lawful games, more particularly curling, and to acquire the premises formerly owned by the Rideau Skating and Curling Company.

The John Abell Engine and Machine Company, share capital $1,000,000; head office, Toronto; directors, Samuel Casey Wod, Robert Kilgour, Clarkson Jones, Harvey Prentice Dwight, Wilmot Delouil Matthews, William Rees Brock, Arthur Wellesley Holmstead, James Milne, Thomas Alfred Rowan, Samuel Barker and Edward Lyman Goold; object, to manufacture engines and various kinds of machinery.

Robert Elder Carriage Works, capital $20,000; head office, Toronto; directors, Norman Elder, Emily Elder and James Miller; to carry on carriage and wagon making.

Wickett & Cray, capital $250,000; head office, Toronto; directors, James Steller Lovell, W. Bain and E. W. McNeil; to carry on tanning business and to acquire the business of Samuel Robert Wickett.

The Galt Carpet Company, capital $40,000; head office, Galt; directors, H. H. Burrows, F. A. Cull and P. F. Fitch; to manufacture and sell carpets, rugs and such like articles.

The Pontiac Power Company, capital $100,000; head office, Ottawa; directors, Louis Simpson, C J Brooke, C W F Gorrill, T T Simpson and H A Burbidge; to erect and operate works for production of light, heat and power.

The Boake Manufacturing Company, capital $60,000; head office, Toronto; to manufacture lumber.

The Lake Superior Terminals Company, capital $1,000,000; head office, Toronto; to construct wharves, elevators etc., and carry on terminal business.

A. N. P. Morgan of Fergus Village is appointed notary public.

John McEachran of Thamesville Village is appointed bailiff.

The powers of the Burgess Gas Process Company are extended in the way of manufacturing and selling supplies.

A "Left-Over" Opportunity.

After stock taking, at 77 King-street west, R. Score & Son have found a number of odd lines in suitings, trouserings and overcoatings, "left-overs," which, although perfectly up-to-date and smart, they desire to clear out to make way for spring goods. These, therefore, will be made up in strictly first-class style, as is always the case here, but at a substantial reduction. This is a marvelously economical opportunity for thrifty men.

The City Union of the King's Daughters and Sons will hold an open meeting in the Guild parlors on McGill-street Thursday evening. An interesting program may be expected. Mrs. Scott-Raff and others will take part. Members and friends are cordially invited.

SCHOOL BOARD DEPUTATION.

Will Ask Premier to Define Borrowing Powers of the Board.

The Legislation Committee of the Public School Board met yesterday to prepare for their audience with the Premier at 1 p.m. on Wednesday. It was agreed that Chairman Dr. Spence should be spokesman, and a strong protest will be made against the granting of power to the Board of Control to revise and amend the School Board's estimates.

The Premier will be asked to define the law as to whether the School Board will be empowered to borrow money in the event of the Council neglecting to provide necessary funds.

MINERS IN CONVENTION.

Strikes Cost $202,926, Compelling Drawing on Funds.

Indianapolis, Ind., Jan. 20.—The thirteenth annual convention of the United Mine Workers of America began here to-day with nearly 1000 delegates present. Delegates are here from 24 States, representing every bituminous and anthracite coal field in the United States. Benjamin Tillett, the British labor leader, arrived last night, to be the guest of the miners until Wednesday or Thursday. The convention will continue until Jan. 30. It is the understanding that the delegates are preparing to ask for an advance that will be equivalent to an all round increase of at least 10 per cent. It is also said that many of the operators have determined to take a stand for a reduction of 10 per cent. on the ground that they have had an unprofitable year, and that the prospects for the coming year are not bright enough to warrant even a continuation of the present scale. It is not believed tho, that there will be a lock-out.

The report of W. B. Wilson, secretary-treasurer, showed a decrease of the funds of $30,759, notwithstanding the increase from the per capita tax caused by assistance paid to strikers and small returns from strike assessments.

He says: "The total paid to men on strike was $202,926, while the total received by assessment during the year was $39,885.65, thereby compelling us to draw from the general funds $163,040 for relief purposes.

HULL CIVIC ELECTIONS.

Race Cry Raised, But It Did No Harm to Englishmen.

Ottawa, Jan. 20.—Hull elected its half dozen aldermen to-day without any unusual fuss. The race cry was raised for the express purpose of defeating the English candidates in two wards, but it didn't work. The Council is composed of twelve aldermen, elected for two years, half the Council retiring annually. In Ward 1 James Thomas, despite the race cry, was elected, so that the ward has now two English-speaking aldermen, Thomas and Walker. In Ward 2, in which the French are still more largely in the majority, Ald. M. Burns was elected to the Council. The Mayor is elected by the aldermen in Council.

Belleville Briefs.

Belleville, Ont., Jan. 20.—Mrs. John G. Ross died this morning, aged 84 years. Her husband, three sons and two daughters survive her.

Mrs. John Grant fell yesterday while returning from church and broke her leg.

Japanese Catarrh Cure cures Catarrh sure. Mr. Joseph Little of Essington says: "Japanese Catarrh Cure cured me of Catarrh, which had troubled me for 25 years, after all else had failed." It is healing, soothing and cleansing, and is applied right on the disease. It never fails. All druggists, 50c., or post-paid by the G. & M. Company, Limited, 121 Church Street, Toronto.

Pianos That Stand

There are any number of modern pianos that look well and sound fairly well at the start. You can purchase cheap pianos that do that, but a piano should be made to last a lifetime. If it only keeps in order a few months it is dear at any price,

Morris Pianos

are the kind that STAND. They are safe instruments to buy. They stand extremes of climate better than any other piano on the market to-day. They stand the wear and tear of everyday usage, and with ordinary care three generations of children may practice on one. Besides their known goodness you have A GUARANTEE THAT STANDS—a broad and generous guarantee, made by a responsible company, not for five and ten years, but for an unlimited time.

—You can buy a beautiful new Morris Piano on a very easy payment plan. Call in and see us.
