The Governor and the Fiona.

The Governor is now back in the city. He returned on Saturday. The time, therefore, seems opportune to take up again certain matters of public moment, which we kept in abeyance during his absence from the Capital. The first matter to which we direct his attention afresh was the impolicy of taking the S. S. Fiona from her usual work to provide him with sea-going accommodation. First and foremost we must insist that the purchase and maintenance of the S. S. Fiona was and is for the benefit of the fishery, the revenue, the trade, and the administration of justice in Newfoundland, and that the Fiona was not purchased nor is it maintained for the purpose of providing yachting for a Governor. There may be occasions when the Fiona can be put at the accommodation of a Governor, without injury to the public service. But the accommodating of a Governor must be a secondary consideration and should only be entertained after the services of the public have been fully and properly provided for. In this instance there can be no doubt that the Fiona was taken off and for a time there was no suitable boat doing her work.

We do not know whether the Governor's trip was wholly official, or whether it was partly official and partly pleasure, and whether it served the double purpose of an official visit to the outports and a yachting and salmon fishing excursion.

In any case, it was impolitic to take off the Fiona at a time bankers were getting their early baitings.

If it was a matter of picnicking, and so far as it was, it was questionable conduct to risk the success of the banking voyage.

As far as the trip was an official visit to the outports, it was doubtful policy for an official visit, of which there was no need, and for which there was no urgency, and which could have been taken at a more opportune time.

These matters were of public moment, and the attention of the Government was directed to them in a most incisive manner at the time the trip was only contempleated. But little heed was paid to the remonstrance and the Fiona was taken ff her usual work.

Of course, the Ministers of the Governor are in the main responsible for this conduct, but it seems to us that His Excellency should not escape criticism, and now that he is back again, we record our protest once more.

Even though his Ministers were willing to accommodate the Governor, His Excelency should not have taken advantage of their complaisance, particularly at a time when the staple trade of the country was faced with a competition with the biggest catch of cod ever known in the history of the Norwegian fishery.

Bell Island Regatta.

A GREAT SUCCESS.

The annual Regatta held at Bell Island Saturday was in every respect a great success. Both companies stopped all work and the day was observed as a general holiday. Thousands of people from the Island, the south shore and the city attended and the course took on an ananimated appearance. Quite a number of tents were erected and did a good business. There was a profuse display of bunting and the day was an ideal one for such an event. President Hiscock and W. J. Higgins of our Regatta Committee and the press men were the guests of the Committee and they were met at Portugal Cove by Secy. Greene of the Bell Island Committee. The Regatta was most interesting, the various events were keenly contested, there was an entire absence of disorder and President Taylor and his Committee are to be congratulated on the very enjoyable day they afforded the public. The Bell Island police force were reinforced by a squad from the city, but their duty was of the lightest kind.

The races were run as follows:

AMATEURS.

The boats "Blanche" (Wabana) "Eclipse" (Dominion), and "Doctor" (Nova Scotia), ran. The race was very evenly contested the boats being neck and neck to the turning buoys coming home the N. S. people took the lead in the "Doctor" and won out in 9.24 2.5. secs.

Her crew were A. Murphy, Cox. Jno. Connors, D. Parmitter, G. Badcock and E. Rees.

DISTRICT.

This was an exciting event and crews from Portugal Cove, Wabana Bell Island, Broad Cove and Topsail ran.

After a very hard struggle the Eclipse was the first boat and did the course in 8 11.5. secs. Her crew were E. Butler, Cox., D. Dwyer, J. Kelly, P Kelly and W. Fitzgerald.

JUVENILE.

In this race three boats entered—the "Doctor", "Eclipse" and "Blanche" —and the contest attracted considerable interest and excitement.

Throughout the race all three were even but on the home stretch the "Doctor" gradually crept away from her opponents and won in 9 47 secs The winners were: A. Murphy, Cox. W. Rees, R. Rees, W. Connors, P Kent.

SURFACE MINERS.

The "Doctor" and "Eclipse" competed. This was the best contested race for the day and excitement and enthusiasm were in evidence amoung the supporters of each team. The two boats got away together and kept well together until near the finish when the "Doctor" took the lead and won in 8. 29 25. secs. The names of the winning crew are: A. Cull, cox. P. Kent, P. Hayse, R. Kent and P Gosse.

PRESENTATION OF PRIZES.

Following the above races the presentation of prizes took place. Mrs (D.) Carnochan doing the honour of presenting the medals. After this the committee and guests were dined.

UNDERGROUND MINERS.

This was the first race after dinner The Nova Scotia team were in the "Doctor" and the Dominions in the "Eclipse." The "Doctor" came first in 7. 58 1.5., which was the best time for the day. The winners were: Ed. Sweeney, Cox., A. Metcalfe, J. Rideout, W. Metcalfe and P. Cronn.

MECHANICS.

The "Blanche", "Eclipse" and "Doctor" entered. The later won easily in 8.30. Those who rowed her were: R. Kent, Cox., E. Monlley, J. Fitzgerald, J. Kent and W. Cochrane.

DOUBLE SCULL.

The "Doctor" won the race in 11.20.

OLD BOYS.

Th "Eclipse" won in 10.12 2.5. The crew were: Taylor, Cox., Langmead, Wheeler, Hickey, E. Sweeney.

ALL COMERS.

The "Doctor" reached the winning post first in 8.42.

At night a dance was held in St. Joseph's Hall. It was largely attended and continued until after midnight.

Owing to continuous disputes between Orangemen and Catholics over the Home Rule agitation which have resulted in many Catholics being prevented from working at the shipbuilding, Harland and Wolfe have already closed down some departments. It is announced by the firm that they will be unable to continue these departments which will ultimately result in the whole works stopping, unless the disturbances are discontinued.

Special Evening Telegram.
LONDON, To-day.

Although the strike committee declared the strike of dock workers at an end and ordered the men to return to work at once, it is by no means certain a settlement has been reached. Thirty thousand angry dock workers held mass meetings at Southwark Park yesterday and unanimously rejected the manifesto issued by the leaders respecting the resumption of work, protesting the leaders had betrayed them into unconditional surrender. The men adopted a resolution not to resume work until they had conversation with the unions.

WASHINGTON, To-day.

The Britih Government has decided to rest the protest against the pending Panama Canalbill for the present, on the note submitted July 8th. Mr. Innes notified Secy. Knox that his Government had nothing to add. The British protest was aimed at the provision or grant of free passage in canal to certain American ships. It was believed to have been made largely in the interest of Canada. The British Government's decision not to act further at this time is thought to have been brought about by the recent debates in the Senate which have developed considerable endorsement of the British contention.

A FISHING PARTY.—Messrs. C. P. Eagan, S. Ryall, G. O'Brien and H. Taylor who were for a week at S. E. Arm, Placentia, returned by the express yesterday with big baskets of salmon and trout. This resort is packed with people mostly from the city who are having excellent sport.

Pruning the Appendix

What thousands of people are rushed to the hospitals these days with the idea that pruning the appendix will rid them of the cause and effect of wrong habits of eating and living.

We eat too much, take too little outdoor exercise, breathe impure air, and when the system gets loaded with foul impurities, which irritate the digestive system and set up inflammation, we are told that the operating table is the only place for us.

Why not prevent appendicitis, as well as acute indigestion, peritonitis and Bright's disease of the kidneys, by keeping the liver active and the bowels regular. Dr. Chase's Kidney-Liver Pills cleanse the digestive system of foul impurities more quickly than any treatment you can obtain. They awaken the liver and ensure the healthful action of the kidneys and bowels.

CARTHAGINIAN COMING.— The Carthaginian left Philadelphia at 11 a.m. Saturday for here.

A RECORD RUN. — The Stephano arrived at Halifax at 6 o'clock this morning. The trip from this port was done in 38 hours.

MONGOLIAN GOES.— The R. M. S. Mongolian sailed at noon to-day for Halifax and Philadelphia taking as passengers, Mrs. Geo. Langmead, E. M. McNab, E. D. Baldwin, N. Abbott and three in steerage.

GETTING CERTIFICATES. —Last week Health Inspector O'Brien visited all the butchers shops in the city and farm houses in the suburbs. Those butchers who conformed with the law were to-day given their annual license certificate.

BANKER ARRIVES. — Magistrate Way wired the Minister of Marine and Fisheries this morning announcing that the schooner Blanche M. Rose had arrived from the Grand Banks with 400 qtls. of fish; no change in shore fishery around there since last report.

On the 25th instant, at Glenwood, James S. Clarke and Richard Clarke, were convicted for violating the fishery laws, viz., netting in Gander River—and were fined $15.00 and costs or one month's imprisonment. Magistrate Burt, of Botwood, proceeded to Glenwood to hear the case. Warden Drover, who was stationed on Gander River saw the parties in question, late at night, operating on the opposite side of the river. A few days after the case was over James Clarke and his wife used threatening language towards Warden Drover. The latter summoned them. They pleaded guilty and were both bound over to the peace for twelve months.
