Bark ste F Troup, Fownes, from Brunswick for Santos, June 17, 45 miles SW of Hatteras, all well.

NOTICE TO MARINERS.

New Bedford, June 13—Steps are being taken to have the fog bells on Hen and Chicken Lightship replaced by a modern one. While complaint is made that in entering Buzzard's Bay in thick weather the bell can hardly be heard, and in several instances vessels have approached near enough to the lightship to see the bell without hearing it strike, the claim is made that the position of the lightship on the reef is alike both dangerous to vessels passing through Vineyard Sound and entering Buzzard's Bay, and warrants placing of a warning signal on it which may be more readily heard than the present arrangement.

Boston, June 17—Captain Durkee of tug Honeybrook, reports the buoy on Stone Horse Shoal, Vineyard Sound, gone from its position when he passed that point yesterday afternoon.

Washington, June 17—The Lighthouse Board gives notice that on or about June 20, 1896, a first-class whistling buoy, painted black, with "W O H" in large, white letters, will be moored in about 150 feet of water, ¾ mile southeasterly from Sail Rock, in line with the rock and West Quoddy Head Lighthouse, westerly side of the entrance to Quoddy Roads, Maine.

Boston, June 20—The notice recently issued regarding the establishment of Lightship No 66, off Nantucket Shoals, erroneously described the lights as fixed electric lights. It should have stated that they will show fixed white for 12 seconds, and will then be eclipsed for 3 seconds. Should the electric light machinery become inoperative oil lights will be placed in the lanterns, and the characteristic of the lights will be fixed white.

Buenos Ayres, June 20—On and after July 1, 1896, the entrance to the port of La Plata will show two red lights, visible five miles distant, in place of the present white light.

REPORTS.

Halifax, June 18—The French steamer Pro Patria, Capt Denis, from Boston for St Pierre, Miq, is ashore at Bras D'Or lake, near Baddock, CB. The steamer Harlow has gone to the assistance of the stranded vessel.
