HEAVY SNOW STORM

Blockades Electric and Country Roads in the East.

Malone, N. Y., Jan. 12.—A heavy snowstorm prevails throughout Northern New York. About a foot of snow has fallen in the last twelve hours.

Cornwall, Jan. 12.—A heavy snowstorm prevails here. The electric road is blocked completely. Railway trains are all late.

Ottawa, Jan. 12.—A heavy snowstorm has prevailed here since last night, and reports received this morning show that the storm is general throughout the Ottawa Valley. From six to twelve inches of the "beautiful" has fallen, and the result is the almost complete blocking of the country roads in certain section, while trains are all running more or less behind time. The weather is mild.

WAR ON FAITH HEALERS

New York Doctors Propose to Bar Them From Practice.

New York, Jan. 14.—The board of censors of the Medical Society of the county of New York has addressed a circular letter to members calling attention to the fact that there are many persons practicing medicine in open defiance of the law providing that before one may practice medicine in this state a certificate of proficiency shall be obtained from the board of regents of the university of the state. This is granted only after a satisfactory examination. The purpose of the society to begin an active crusade against these illegal practitioners is announced.

C. S. Andrews, who has been retained as counsel, said: "There is one kind of a quack we cannot touch, and yet who does more harm than all the other illegal practitioners put together. I refer to the Christian Science healers. Through their religious professions they have a clientele of patients which it would be impossible for an ordinary quack to obtain. The court of appeals has practically decided that the practice of the art of healing consists of the prescribing of medicine. This purely technical definition puts the faith healer charlatans beyond the pale of the law. We are now taking steps to have the law changed so that they can be prosecuted along with the venders of patent nostrums and electric remedies."

Doctors Like It.

For over twenty years Vapo-Cresolene has received the unqualified support of the medical profession; we feel very proud of this. Physicians everywhere realize the importance of this direct way of treating all throat affections. Put some Cresolene in the vaporizer, light lamp beneath, and then breathe-in the healing and germ destroying vapor. It is the doctor's prescription now for whooping cough, frequently curing it in a few days.

Vapo-Cresolene is sold by druggists everywhere. A Vapo-Cresolene outfit, including the Vaporizer and Lamp, which should last a life-time, and a bottle of Cresolene, complete, $1.50; extra supplies of Cresolene 25 cents and 50 cents. Illustrated booklet containing physicians' testimonials free upon request. Vapo-

The Hospital for Sick Children.

An Advertiser subscriber asks us to publish the following letter, which appeared in the Exeter Times:

"Dear Sir,—Many of the readers of your valuable paper will be asked to contribute towards the maintenance and endowment of the Hospital for Sick Children, Toronto, and I desire to give a few words of advice to Sunday school officers in regard to the final disposition of their gifts. These contributions should be given either towards the $19,000 debt or towards the ordinary expense of maintenance. No Sunday school should ever consent to have its money used for the endowment of a cot or cots. The hospital trustees have appealed to Sunday schools to co-operate in a scheme for the endowment of cots under the name 'The Ontario Sunday Schools Cot.' It takes $2,000 to endow a cot sufficiently to secure the right to name it, and $5,000 additional is required in order to satisfy the trustees that the cot is independently endowed. Fraternal societies and other organizations have responded to the appeal for endowment. Let me ask our Sunday school officers whether God will, or will not be pleased, if they hand over to the money lenders the money with which they have been entrusted, knowing that only the interest of their gifts will be used to provide for sick children. That is what the endowment scheme means. I believe that such an appropriation of his gifts is not only faithless but sinful.

"God may justify a dying man in trying to perpetuate his name by means of money bequeathed to endow a cot, but the Sunday school, unlike the man, is an undying organization, which will be able to contribute annually toward the needy. The hospital trustees should have faith in the perpetuity of Sunday schools and believe that Christians of the future will be as sympathetic and liberal as those of past generations. The debt upon the hospital should be paid and the annual cost of maintenance liberally sustained, but no hospital should ever be independently endowed. It will be said that the endowment of the sick children's hospital exists in name only, because the money is used to pay debt and cost of maintenance and that no money is actually out on interest as endowment. But it is no credit to the trustees that such is the case, and as soon as they can pay off the debt they will begin to pay back to the endowment fund all the money now borrowed from it. Therefore, it is only a question of time until the money sent by our Sunday schools will be put out on interest as endowment, because Sunday schools have consented to have their gifts recorded as endowment.

"Let us keep the hospital dependent upon the annual contribution of a people whom the trustees will deem it wise to please. By so doing this worthy hospital will be saved from becoming a place where the helpless and unfortunate are, under the fair name of charity, kept for the benefit of medical students and having as little freedom to correspond with friends as a criminal in a common jail. W. J. WADDELL.

"Elimville, Jan. 2, 1901."

HAD HIS OWN GIRL.

[Brooklyn Life.]

One of the churches in a little western town is so fortunate as to have a young woman as its pastor. She was called to the door of the parsonage one day, and saw there a much-embarrassed young farmer of the German type.

"Dey said der minister lifed in dis house,"

"Yes," replied the fair pastor.

"Vell—m—I—I vant to kit merrit."

"To get married? Very well, I can marry you," said the ministress, encouragingly.

"Oh, but I got a girl alreaty," was the disconcerting reply.

LONDON SUPPLIED WITH GOOD MILK.

Average Quality Over 4 Per Cent of Butter Fat—One Dealer Disqualified.

Following is Health Officer Hutchinson's semi-annual report upon the quality and condition of London's milk supply:

The Chairman and Board of Health—Gentlemen,—I herewith submit my semi-annual report upon the inspection of herds, dairies and market milk for the half-year ending Dec. 1. As heretofore, the herds, byres and dairies classed according to merit, A, B and C, and the milk 1, 2 and 3. One vendor whose percentage was 3.75, protested, and was given 3.60 by the public analyst. The average percentage of all the market milk, exclusive of that with cream added, was a fraction over four.

The quality of milk supplied the city is still good. The average percentage of 213 samples of market milk examined during the year, exclusive of 23 samples examined for private persons, was over 4 per cent. The samples were cleaner than in former years, and to this and the good quality may be attributed the small number of deaths of infants from derangement of the digestive organs.

Nine thousand quarts are sold daily in the city. Two samples had been watered, one had cream added, and one byer was unfit for dairy purposes by reason of uncleanliness. One hundred and forty persons are employed in supplying the city with milk.

Blown to Atoms.

The old idea that the body sometimes needs a powerful, drastic, purgative pill has been exploded; for Dr. King's New Life Pills, which are perfectly harmless, gently stimulate liver and bowels to expel poisonous matter, cleanse the system and absolutely cure Constipation and Sick Headache. Only 25c at W. T. Strong & Co.'s drug store.

THERE IS DANGER IN NEGLECTING A COLD. Many who have died of consumption dated their troubles from exposure, followed by a cold which settled on their lungs, and in a short time they were beyond the skill of the best physician. Had they used Bickle's Anti-Consumptive Syrup, before it was too late, their lives would have been spared. This medicine has no equal for curing coughs, colds and all affections of the throat and lungs.
