Bell Island Regatta.

WILL TAKE PLACE TO-MORROW.

The annual Bell Island Regatta takes place to-morrow Saturday, July 26th, and promises to be a great success. All arrangements are now completed and Mr. J. M. Greene, Secretary of the Committee, states that weather permitting a most successful Regatta is assured. The "City Band" will go over for the occasion and will play at the ball at night. Three boats are competing in nearly every race and in some four, while two beautiful silver cups donated by Messrs. Arthur Hiscock and Joseph Murphy of the city are up for competition. Parties desirous of seeing this Regatta should leave here by carriage to-morrow morning at 7 a.m. for Port au Port, or by the 8 a.m. train for Kelligwas.

The first race starts at 9.30 o'clock sharp.

WIRE WOUNDS.
My mare is very valuable one, was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use EDENS' LINIMENT, diluted at first, then stronger, until the sores began to look better, until after three weeks, the sores have healed, and list of all the hair is growing well, and is NOT WHITE as is most always the case in horse wounds.

Digby in Port.

The Furness liner Digby, Capt. Trinick, 7 days from Liverpool, arrived in port last night at seven o'clock. During the latter part of the voyage fog was met. She brought 150 tons of cargo and as passengers:—W. M. Clapp, Miss K. Baird, Miss Macpherson, Misses Duncan (2), Mrs. Johnson, Mrs. Forsyth, R. G. and Mrs. Borwick and six second cabin. On Sunday last service was conducted on board by Mr. K. Baker and on Wednesday night a concert was held in which Mr. Clapp assisted. Two pounds were collected for the Marine Disasters Fund.

Lively Scene.

At the Armoury of the C. C. C. there was a lively time last night. A new floor is being put down and a large number of the staff of the Reserve all volunteer carpenters worked like Trojans. Even the small boys of the "corps" took their part and brought along the material. John Harris and Lieut. E. Furlong were present and all worked with energy and enthusiasm under their direction. When the work will have been accomplished the Armoury will be in fine condition.

An Interesting Story.

Mr. G. Fitzgerald who came here by the express yesterday tells an interesting story about the killing of a water bear and its cubs at Badger recently. Two men who were out that way found three cubs under a tree and after a time captured them. The little animals put up a stiff fight, but were killed by the men. Shortly after the mother bear rushed through the forest and the men who had only axes had the fight of their life before they dispatched the brute. Their clothing was literally torn in pieces and one of them had his face badly lacerated by the claws of the infuriated animal.

Broad Cove Races.

On August 20th, next, the people of Broad Cove will hold their annual Regatta. Extensive preparations are being made for it and their collectors will soon be out. They hope to get a number of horses from some of the people many of whom go there to enjoy the event.

An Operation For Appendicitis

Was Ordered by His Doctor, But Complete Cure Was Effected by Dr. Chase's Kidney-Liver Pills.

Alma, anyone who has suffered from appendicitis will admit that this trouble developed only after months or years of derangements of the liver and bowels. Appendicitis can almost invariably be prevented, and very frequently cured, by the use of Dr. Chase's Kidney-Liver Pills. In the case described in this letter the doctors had ordered an operation, but a thorough cure was brought about by this great medicine.

Mrs. J. A. Ballantyne, Sturgeon Falls, Ont., writes: "My husband was treated for appendicitis, and the doctors ordered an operation. But he would not consent to an operation and began to feel better. Since doing so he has had no need of an operation, or even of a doctor, as the trouble has completely left him. I cannot find words to speak our gratitude for his cure."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

A Prairie Dog Colony.

A prairie dog settlement in Colorado is estimated to contain 500,000-600 inhabitants. Were the snakes, owls, rabbits, lizards and horned toads which live with the dogs to be counted in the population of the place would reach the billion mark.

The figures are not strictly accurate, for the government has never counted these dogs in the census. But anyone who has seen such a city knows there are over one hundred dogs to the acre, and this city is one hundred and forty miles long by fifty miles wide, containing 448,000 acres.

They dig deep burrows, with so many chambers that the railroad which is being put through their city will have to destroy a large number of dogs and their homes in order to avoid accidents from caving in of tracks.

This city was founded centuries ago. It has been known to be about its present size for fifty years. Families grow rapidly, and the young ones stay at home till there is not room enough for all and some are pushed out to dig homes for themselves.

They live on four kinds of food, cacti, roots of wiregrass, tender green shoots of sage-brush, and greasewood. These are the only specimens of plant life found in the western deserts where prairie dogs are native. In spite of the sameness of their fare they manage to keep sleek and fat on food which a ground squirrel would consider starvation diet.

LEFT FOR LONDON.—Last night the "Spartan" sailed from St. John's for London with 500 tons of pulp and paper, shipped by the A.N. D. Co.; she took two passengers.

POLICE COURT.—Only one prisoner appeared in court to-day. He was a thirteen-year-old lad charged with vagrancy. He was living with a relative but for several days past made the streets his home. He was let go this morning on condition that he would go and live with his uncle.

Investment News.

St. John's, July 25th, 1913.

Young Men Should Start An Investment Now

Do not think that it is necessary to have a considerable surplus before you can start investing. While this amount is accumulating unforeseen uses will develop and the desired sum is a long time being reached.

And Start With Maritime Nail Pref'd Stock

Only one-quarter of the purchase price need be paid down and the balance in three payments each two months apart. We know of no more attractive industrial issue than this.

Dividends are 7 per cent and Cumulative. The 50 per cent Common Stock Bonus adds a further reason why a "start" should be made now. Ask our Halifax office for the special circular which tells how.

HAD ENJOYABLE OUTING.—The children of St. Patrick's Convent Library held a very enjoyable picnic at Neville's Farm Wednesday. A large number participated and with the help of the good nuns and the friends of the little ones, the day was very enjoyable.

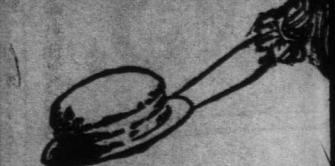

That stubborn headache can likely be removed by properly fitted glasses. No doubt it is caused by one of the various forms of astigmatism or by perimetropia. Go to TRAPNELL, the Eyesight Specialist and have your eyes tested.—July 18, 11

The Bell-Island races take place to-morrow and judging from the arrangements made by the committee in charge they promise to be even more successful than previous aquatic events. Sports at people from the city will drive to Port au Port this evening, then cross to the Island to take in the races.

INTERESTING NEWS.—It will be interesting to Catholics generally that two of the famed Redemptorists who preached the Mission here in St. John's during the spring are still here. The kindly Father Holland and the eloquent Father McAndrew are now at Bank Head. They intend going through that District to conduct Missions. Large flocks are coming about them.

BEAVER

Is both a Bread Flour and a Pastry Flour

The perfect flour is the one that combines the good qualities of Ontario and Western wheat. This is exactly what "Beaver" Flour does. It is a blend of best Ontario fall wheat with a little Western wheat to add strength. "Beaver" Flour is equally good for Bread and Pastry—it has the real home made flavor that western flours lack. Ask your grocer.
