When Travelling

Always take with you a bottle of Dr. Fowler's Extract of Wild Strawberry.

The change of food and water to which those who travel are subject, often produces an attack of diarrhœa, which is as unpleasant and discomforting as it may be dangerous.

A bottle of Dr. Fowler's Extract of Wild Strawberry in your grip is a guarantee of safety.

On the first indication of Cramps, Colic, Diarrhœa or Dysentery, a few doses will promptly check the further advance of these diseases.

So, too, it is a specific for sea sickness, relieving the nausea, stopping the vomiting, settling the stomach and bracing up the weakened heart.

Dr. Fowler's Extract of Wild Strawberry is being more widely and shamelessly imitated this year than ever before by unscrupulous pharmaceutical concerns who hope to profit by the high reputation of this remedy. Your safety lies in seeing that the full name, Dr. Fowler's Extract of Wild Strawberry is on every bottle you buy.

A GREAT BICYCLE COMPANY.

The leading bicycle manufacturers of Canada have amalgamated their interests in the Canada Cycle & Motor Company, whose foundation is now announced and whose preference stock is open for subscription. The names of the makers whose concerns are embraced in the new company are a guarantee for excellence of workmanship and industrial skill. The special products are familiar to everyone, while the men who control the new organization, Walter E. H. Massey (Massey-Harris Company), Senator Cox, Warren Y. Soper, of Ottawa; E. L. Goold, of Brantford; J. W. Flavelle, Hon. L. M. Jones and Mr. E. R. Thomas, are known throughout the Dominion as combining enterprise, shrewdness and integrity with financial stability. Under their guidance there can be no doubt that a brilliant future awaits the new aggregation. As there is at the present time much idle capital seeking safe investment at 4 per cent. and the banks are allowing only 3 per cent. upon deposits, there is certain to be a heavy demand for the 7 per cent. cumulative preference stock which is offered to the public. First-class securities of this nature seldom bear so high a rate of interest, and when they do the public is apt to want very much more of the stock than is for sale.

EASILY BLINDED.

A Funny Little Story Comes from Far-away Ceylon

A Planter Wanted to go away so he left His Glasss Eye to Watch Over the Coolies at Work.

Here is a funny little story from far-away Ceylon. A tea planter who had a glass eye was desirous of going away with a friend, but he knew that as soon as the natives who were at work on the plantation heard that he had gone they would not do a stroke of work. How was he to get off? That was the question. After much thought an idea struck him. Going up to the men, he addressed them thus:

"Although I myself will be absent, yet I shall leave one of my eyes to see that you do your work."

And much to the surprise and bewilderment of the natives he took out the glass eye and placed it on the stump of a tree and left. For some time the men worked like beavers, now and then casting furtive glances at the eye to see if it was still watching, but at last one of them, seizing his tin, in which he carried his food, approached the tree and gently placed it over the eye. As soon as they were not being watched they all lay down and slept peacefully until sunset.

ON MIXED BABIES.

THE GREEK RELIGIOUS AUTHORITIES WERE CALLED ON TO GIVE A DECISION

Which Strongly Recalls Solomon's Famous Judgment—One of these Babies was Ugly and the Other Pretty.

The Greek ecclesiastical authorities at Aleppo have been called upon to decide a case which strongly recalls Solomon's famous judgment. By a strange coincidence a woman and her daughter both gave birth to a female child at the same time. But the babies got mixed, and, as one of them was ugly and the other pretty and healthy, both mothers claimed the latter. The elder woman maintained that, as all her other children were handsome, the ugly child could not be hers, while her daughter claimed that, being young, handsome and strong, she could not be the mother of a weak and ugly babe.

The religious chief of the town settled the affair in a summary way. He adjudged the beautiful child to the daughter on the ground that, it being her first, the occasion was not to be made one of humiliation and disappointment, while the elder mother could afford to forego her claim since she had already had several handsome children.—Constantinople Malumat.

A Wonder Flower.

The Canadian Manufacturer reports the remarkable phenomenon of the discovery of a flower incased in a hole in an old iron casting, the flower being in a perfect state of preservation. A workman engaged in breaking up old iron at a foundry in Ontario came across an old wheel that had done service on a stationary engine for many years. On breaking it he discovered in a crevice a flower blossom in perfect condition, its color being as fresh as the day it found its way into its mysterious hiding place. It had evidently fallen into the casting when it was being poured, and in some manner escaped injury from the molten metal. As the cavity was perfectly airtight it naturally retained its freshness until exposed to view.

Her Lucid Reason.

"Don't you wish," he asked, looking soulfully into her eyes, "that the tunnel on this line was ten times as long?"

"No," she answered.

It struck him like a dash of cold water in the face. Instantly it dawned upon him that she no longer loved him.

"They always light the car lamps when coming to the long tunnels," she added, "and they don't for the short ones."

TETTER ON HANDS CURED

I had been troubled with tetter for several years. At times my hands would be sore all over, so that I could not use them at all, and were so tender that clear water, even, smarted like fire, and it spread over arms, neck, and face. I had been treated by physicians, but without benefit, when I began the CUTICURA remedies. *I found relief before I had taken the first bottle.* I used three or four bottles of CUTICURA RESOLVENT, one cake of CUTICURA SOAP, and one box of CUTICURA (ointment), and it has never troubled me since. BLOOD POISON CURED

One of my children ran a rusty nail into his foot, which was most painful. His blood got out of order, and sores broke out on his hands and feet. I gave him one bottle of CUTICURA RESOLVENT and used one cake of CUTICURA SOAP, and the child recovered.

TWO MILLION VICTIMS.

It is estimated that one-third the population of Canada are victims to the pill habit. This should not be so as Merrill's System Tonic tones the liver, restores the natural muscular power to the bowels and permanently cures habitual Constipation. The result is that dyspepsia, impure blood and nerve troubles disappear. One 50 cent bottle cures. Sold at the Central Drug Store.

The imprudent spendthrift, finding that he is able to afford this, or that, or the other expense, forgets that all of them together will ruin him.

The things that people see are inside of them and not outside. No two people see the same thing exactly alike. One woman may look out at a beautiful landscape and see all the beauty and restfulness and grandness that there is in it. Another one will look out at the same scene and see nothing. The man who is perfectly well and vigorous enjoys life to the full. Dr. Pierce's Golden Medical Discovery makes people well. There isn't anything miraculous about it—it is the most natural thing in the world. It simply puts the digestive organs, the stomach, the liver, the bowels, in perfect order and thereby makes the blood pure and rich. All diseases live and thrive on impure blood. Keep a stream of pure, rich, red blood flowing into a diseased spot, and the disease will not stay. A man lives on rich, pure blood, and disease dies on it.

Dr. Pierce's Golden Medical Discovery makes pure, rich blood. Send 31 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

If a man is not too mad to intend what he does, he is not too mad to be punished for it.

A COUGH LEADS TO A COFFIN.

There's a striking similarity in these two words. Both are to be dreaded. Coffins cost many dollars whereas 25c. buys a bottle of Four T's and cures the cough in 24 hours, making the coffin unnecessary. Four T's is acknowleged by all to be the best lung remedy in existence. Large bottles 25c. at the Central Drug Store.

It is too often forgotten that better does not necessarily imply "good."

SAVES TIME AND MONEY.

Instead of sitting in a doctor's office for an hour awaiting a consultation, go to the Central Drug Store and ask for a free pamphlet describing the new tonic treatment, called Merrill's System Tonic. Cures by purifying the blood, building up the system, strengthening the nerves and regulating the bowels. Three weeks' treatment for 50c. Sold at the Central Drug Store. Descriptive pamphlet free.

Heat Rashes.

In the warm weather, many suffer from various forms of eruptions, known as "heat rashes," which often cause considerable discomfort on account of their intolerable burning and itching.

These skin diseases are simply an outward manifestation of the impure, perhaps over heated blood and can easily and permanently be cured by

Burdock Blood Bitters.

It keeps the bowels regular, the kidneys free, and stimulates the liver to healthy action. In this way, through the natural excretory channels of the body, it removes all poisons and impurities from the blood, and in consequence the skin becomes clear and smooth and free from spot or blemish.

Danger Lurks in Drinking Water.

Bad Water one of the Most Fertile Sources of Diarrhœa, Dysentery and Cholera Morbus.

At this time of the year, when the wells are low and the water in many sections of the country bad, there is always great danger of diarrhœa, dysentery, cholera morbus, cholera infantum, and all kinds of bowel diseases.

Even the water supplied to towns and cities by a system of waterworks, shows by chemical and microscopic analysis to contain more disease germs and impurities now than at any other season.

People who suspect the water they drink to be bad, can prevent disease by adding about 15 drops of Dr. Fowler's Extract of Wild Strawberry to every glass.

It does not impart any perceptible taste to the water, or render it unpalatable.

It does, however, destroy those germs and microbes which produce the severest and most dangerous types of bowel complaint.

Those who have neglected this simple precaution and are suffering from diarrhœa, dysentery, cholera morbus, or any bowel trouble through drinking impure water, will find this remedy give them prompt relief from pain, and effect a speedy cure.

There is just one word of caution we would give. See that the full name, Dr. Fowler's Extract of Wild Strawberry is on every bottle.
