CUBS COME CLOSER TO MUGGSY'S MEN

Giants Lost to Dodgers, While Cubs Were Winning From Cardinals.

PIRATES WON IN TWELFTH

Reds Tied It Up in Eighth, But Gibson's Team Won Out—Boston Beat Quakers.

New York, Aug. 30.—Shooting their bolt in the first inning with four runs, the Giants failed to hold the long lead and lost to Brooklyn today, 7 to 5.

The Dodgers hammered Wiltse out of the box in the second inning, scoring four runs, put one across in the third inning, and in the sixth pounded Crandall to the side lines with another brace of tallies. Curtis replaced Stack in the Brooklyn box in the second inning, and was never in danger, Snodgrass and Wheat each bagged three hits. Moran's fielding featured. The score:

CUBS CLIMBING UP.

Chicago, Aug. 30.—Chicago gained a full game on New York today by defeating St. Louis, 5 to 4, in a hard-fought battle, while New York lost to Brooklyn, 5 to 7. Four games now separate the two leaders in the race for the pennant.

The locals took an early lead against St. Louis today by bunching hits, but this was soon lost as a result of loose playing by the home team. A triple, two bases on balls, a sacrifice fly and two wild pitches again put Chicago in the lead and Schulte's twelfth home run of the season in the seventh inning clinched the game. St. Louis started a belated batting rally in the last inning, but could not overtake their opponents. The score:

DECIDED IN THE TENTH.

Philadelphia, Aug. 30.—Boston hit the ball hard here today, but the home team put up such a fast fielding game that it required ten innings for the visitors to win, 3 to 1. Donnelly pitched fine ball, a home run by Luderus preventing Philadelphia from being shut out. The visitors won by hitting Alexander, a relief pitcher, for five singles in the tenth. The score:

SOME GOOD PLAYERS PLAY WITH M.A.A.A.

McAllen, Niven, Watt, Goodhugh, Brophy and Pope All Said To Be Fast Ones.

[Canadian Press.]

Montreal, Aug. 31.—Among the M. A. A. A. rugby players who turned out last night were McAllen, who has played centre scrimmage for several seasons for the Winged Wheel. Niven, who at one time was looked on as one of the best outside wings; Goodhugh, a likely player from the intermediates of last year, and Watt, another from the same ranks. Watt is an inside wing, and is said to be fast. Brophy, an old-timer, was also out. Another newcomer in harness last night was Pope, who is looked on as a likely one, and has already shown an ability to handle the ball and can punt with either foot.

The management of the club has not yet decided regarding a coach, and for the next week will hold practices in the afternoon. After that they will go back to the early morning work, the same as in 1906, when the Montrealers had the best team that ever sported the M.A.A.A. emblem.

RED AND BLUE RIBBONS WILL DISTINGUISH RINKS

London Lawn Bowling Association Has Arranged for Big Day's Sport—Finals Will Be Played on Thistle Greens in the Evening.

The first annual tourney of London Lawn Bowlers' Association will be held on Monday (Labor Day), on the lawns of the London Bowling Club, commencing at 9 o'clock sharp. Play will continue all day, and each rink entered will play eleven games of six ends each. The total scores will be kept and the four rinks having the largest plus on their total score will play off the semi-finals and finals at the Thistle Club greens at 7:30 in the evening. In the final games at the Thistle Club the rinks will be drawn on Bagnell system and games won will count.

In play during the day twenty-two rinks will wear red ribbons and twenty-two rinks will wear blue ribbons. After playing each six ends the rinks wearing red will move up two greens; for example, the red rink playing on green three will move to green five. The blue ribbons will move down two greens; for example, the blue rink playing on green three will move down to green one. In every game a red rink must play a blue rink.

The games will be played without touchers, and a jack driven across the adjoining green will constitute a dead end.

Any disinterested skip is an umpire for the day.

The semi-finals, starting at 7:30 at the Thistle Club in the evening, will consist of eight ends, and the final game will consist of ten ends.

The ladies and citizens in general are cordially invited to attend the games in the daytime and also are invited to the Thistle Club in the evening.

In all forty-four rinks are entered and the draw for the first games at 9 o'clock sharp is as follows:

Red Ribbons move up. Blue Ribbons move down.

LONDON MAY HAVE A TEAM IN C. L. A. GROUP NEXT SEASON

Local Lacrosse Men Are Waking Up to the Fact That City Needs a Team.

Last evening's article in The Advertiser in relation to the game of lacrosse being revived in this city has awakened considerable interest in the game, and already local lacrosse players are beginning to get in touch with the men behind the movement. The sporting editor is in receipt of a letter this morning from one who signs himself "An Interested Lacrosse Follower," mentioning the fact that Mr. Grant Fetterly, of this city, who is well known as a good man between the nets in lacrosse, is assisting Mr. Fred Fitzgerald in reviving the game in London. Mr. Fetterly is also in touch with several lacrosse players, and both he and Mr. Fitzgerald are spending a great deal of time and effort in gathering material for a strong team next season.

It is likely that a team will be entered in the C. L. A. with such towns as Preston, Galt, and Hespeler, or Woodstock, Stratford and St. Marys. With a team from London in such a district, additional interest would be taken in the games in these other places, while the game would receive a big boost in this city. It is time London was taking an interest in the Canadian national game, and already several other large Canadin cities are beginning to revive the old lacrosse spirit. In several cities free lacrosse sticks have been supplied to the school boys and school leagues have been formed. This has been the means of creating new interest in the game, and also developing splendid material for the fast teams.

This effort to put London back on the map in lacrosse circles is not going to be a half-hearted one, but is being taken hold of with the purpose of putting one of the fastest teams in Western Ontario in this city next spring.

THAMESVILLE RINK WON AT DUTTON

Dutton Bowling Tournament Yesterday Was a Great Success—Many Clubs Present.

[Canadian Press.]

Dutton, Aug. 31.—The Dutton Bowling Club held their first annual tournament yesterday which was a marked success, there being a good attendance, clubs being present from St. Thomas, Ridgetown, Wheatley, Wallacetown, Chatham, Glencoe, Thamesville, Rodney, West Lorne and other places. All the events were close, especially the final for the McIntyre trophy, which was won by Cornwall, of Thamesville, from Laing, of Ridgetown. The consolation was won by Mr. Scott, of Wheatley, over Newman, of Ridgetown.

PACKEY M'FARLAND BEAT JOE HIRST

Landed on His Opponent at Will During Bout.

[Canadian Press.]

Philadelphia, Aug. 31.—In a one-sided six-round bout before the Olympic Athletic Club here last night, Packey McFarland, the Chicago lightweight, received the popular decision over Joe Hirst, of Philadelphia. In all but one round McFarland landed at will, while the blows of his opponent lacked force.

ENGLISH GOLFERS BEAT AMERICANS

Hilton and Hunter Win From Travis and Herreshoff at the Chicago Tournament.

[Canadian Press.]

Chicago, Aug. 31.—Many of the leading golfers of the country will be seen in action today at the Chicago Golf Club, where the eighth annual competition for the Olympic trophy will be staged. Teams of four representing different associations of the country will compete at 36 holes medal play. The victorious team will have possession of the trophy until the next annual competition and each member of the team will receive a medal.

Many practiced yesterday on the course, where the national championship competition will begin on Monday and pronounced it in fine condition. In an eighteen hole foursome Harold Hilton, national champion, and Norman Hunter, both of England, defeated W. J. Travis and Fred Herreshoff. The cards were seventy and seventy-five, respectively.

RAPS EUGENICS

Dr. Wallace Does Not Approve of These "Modern Heresies."

London, Aug. 30.—Dr. Alfred Russel Wallace, like many others, does not approve of any of the "modern eugenic heresies that are being advocated."

The aged scientist (Dr. Wallace is in his ninetieth year) feels a little sore on the point because he has been referred to as spending the evening of his days in furthering the teaching of eugenics.

"Wherever did I advocate any such preposterous theories?" Dr. Wallace asked scornfully. "Not a reference to any of my writings; not a word is quoted in justification of this scientific libel. Why, never by word or deed have I given the slightest countenance to eugenics."

In the Northwest they think that the gray gelding Vaster, that recently took a half-mile track record of 2:15¼, will be a star next year. He was bought by A. C. Mackenzie for $5,000 after the performance.

MAXIM A BELIEVER IN GREAT SEA MONSTERS

Inventor Says Many in the Deep Are Not Described in History.

London, Aug. 30.—When so prominent person as Sir Hiram Maxim comes forward as a firm believer in the mysterious animals of the deep, we ought to sit up and take notice. The London papers are at present printing interviews and signed statements from prominent men giving their views on the subject.

"I think the time has arrived," said Sir Hiram Maxim, the famous inventor, "when we must admit that there are certain large animals living in the sea that are not described in any works on natural history. C. A. Nichols & Co., Springfield, Mass., published in 1882 a very remarkable work. In this I find that in 1851, and for some years following, the sea serpent—or sea serpents—appeared very often off the New England coast.

"It appears that there were two kinds of these monsters. On one occasion the animal that was seen had a fishlike head, very large eyes, gills and a continuous fin extending the whole length of its back supported by numerous spines after the manner of a stickleback. It was simply a very large fish of an unknown variety.

"The monster that was seen a great number of times by numerous people had a body eighty to ninety feet long, and about the diameter of a large cask, with a head closely resembling that of a snake.

"I quote the following from the publication referred to:

"'From all this testimony there seemed to be no doubt, reasonable or plausible, of the existence of a sea serpent of some eighty or a hundred feet in length and of the size of a large barrel or cask.

"'Indeed, so great was the sensation created by the movements of the monster, so repeatedly seen for successive years by so many witnesses and described by them with such general detail and general concurrence, that the Linnaean Society of Boston appointed a committee of eminent scientific gentlemen to collect evidence on the subject, and they drew up a report giving in detail the descriptions of numerous witnesses who saw the creature at sea, some of them from a distance of only ten yards.

"'According to these witnesses, the monster was from eighty to ninety feet long. His head usually was carried about two feet above the water. The body, which was of a dark-brown color, had thirty or more protuberances and was compared by some to four-gallon kegs, by others to a string of buoys and called by several persons bunches on the back. The motion was very rapid, faster than that of a whale, swimming a mile in three minutes, and sometimes more, leaving a wake behind. It chased mackerel, herring and other fish, which were seen jumping out of the water fifty at a time as he approached.'"

It has been suggested that this creature is a mammal. If so, it would have warm blood and would have to breathe at least as often as a whale. But, as it remains below the water for days and weeks at a time, it is safe to say that it had cold blood and is probably some kind of a snake.

"THE ARRIVAL OF KITTY" MUCH ENJOYED COMEDY

Popular-Priced Attraction in Hands of Number of Clever People.

"The Arrival of Kitty," a musical farce comedy, was the offering at the Grand Opera House last night, and attracted a good house. It proved to be one of the best popular attractions presented here in a long time. The parts were well taken, and the garniture of the play was good.

The plot hinges about the experiences of Kitty Benders, a vaudeville actress. This part is enacted by Miss Florence Forrest, who is clever. The other roles were well handled. Colonel Bell, a gay old rascal, was well impersonated by Fred R. Wren, while Hal Johnston, as Billy Brown, a college student, was excellent. Miss Marie Carlton, Miss Marie Love and Miss Margaret Reis were good in their parts. Some good music was interspersed throughout the piece.

"The Arrival of Kitty" will be the attraction again tonight, and should attract a good audience.

CORNELIER,
Youthful phenomenon of last year's Ottawa College rugby team, who will probably play with Queen's University (Kingston), the coming season.

Mush, 2:08¾, a sensational Grand Circuit pacer of 1903, was killed recently by a trolley car at Poughkeepsie, N. Y.

Dan Densmore, 2:02¼, is one of the best gaited and strongest going pacers racing on the big line.

A report in circulation is to the effect that the Ontario pacer Grocery Boy, 2:18¼, once delivered the parcels.

San Francisco's first performer is the 2-year-old trotter Frisco, out of Little Squaw, 2:04½. They tin cupped the youngster in 2:29½. He has a couple of others up there that will beat 2:30 this fall.

SOME WORKING GIRLS LOSE TOO MUCH TIME

Two Girls Tell How To Avoid It.

There is nothing that teaches more than experience. We therefore quote from the letters of two girls who suffered and were restored to health. The same remedy is within reach of all.

Brooklyn, N. Y. — "Prior to taking the first bottle of Lydia E. Pinkham's Vegetable Compound I suffered agony every month, but after your wonderful medicine had been taken a while I felt a little better, and after taking seven bottles of it I feel that I can truly say I have no more pain or inconvenience.

"As I am out in the business world as a stenographer, I come in contact with many girls, and when the opportune moment arrives I tell them about the Vegetable Compound and I know that quite a few are taking it."—HELEN CANET, 556 Dean St.

Another Girl's Experience.

Tishomingo, Okla.—"I am a stenographer and book-keeper, and Lydia E. Pinkham's Vegetable Compound has saved my life. I am enjoying the best of health now, but I was suffering from female troubles and painful periods, and would have backache, headache and fainting spells. If any woman would like to write to me I will gladly answer her letter and tell her what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. MATTIE COPENHAVER, Tishomingo, Okla.
