STARTED THE SECOND WELL,

BUT CANADIANS WERE ALL OUT IN THE FIRST FOR 87.

The International Looks Like a Close and Exciting Finish—George S. Lyon Made Canada's Top Score, With Gillespie Next—Brown and Thomson Get Into the 50's for Uncle Sam.

The annual international cricket match between Canada and the United States was begun yesterday at Rosedale. The result shows little advantage to either side, and if anything the visitors have it. Although Canada was 90 runs behind on the result of the first innings, in the second Goldingham and Terry batted up 57 runs between them, and were still at the wickets when stumps were drawn at 5.45 for the night. These with Martin's two and seven extras made 66 for one wicket, and revived Canada's hope for victory that at one time was nearly lost.

Both teams were in the field promptly on time. The visitors practised half an hour after Capt. Patterson lost the toss, and then took the field. Goldingham and Martin faced the bowling of Patterson and Muir. The Germantown man sent down the first ball to Goldingham from the grand stand end, who cut for a single. Martin then played the next four and Muir sent down a maiden to Goldingham. Now the big match was fairly opened. Runs came painfully slow. Martin cut one of Muir's medium breaks for three, and brought the first genuine round of applause. After he had got six Ralston took him splendidly at the wickets on one of Patterson's big breaks. Seven minutes later, with Terry as his partner, Martin put one of Muir's into the slips at a lightning pace, but Wood held it, and the Hamiltonian went to the pavilion. Two wickets for 14 runs was a poor showing indeed, and the Quakers seemed on good terms with themselves. Hansard joined Terry, and after each had hit for a single the St. John man put one of Patterson's up that Biddle cleverly caught. Lang went out and played two before he sent another of Patterson's breaks up for Bohlen, and still the score was 16. Dyce Saunders was the next victim. He played the first ball into his wickets. Then Sid his brother went in and with Terry increased the score to 26. Then Terry sent a lofty one that Patterson waited for and firmly held in his gloved left hand. Bristowe only required a single ball. Then Lyon came in and the first stand of the day was made. From 11.51 to 12.50 this reliable pair batted and put on 41 of the 87 runs. Patterson and Muir were almost unplayable until this innings and they gave way to Brown and Cowperthwaite. The latter got Gillespies' wicket on a catch by Ralston and soon after Patterson and Muir went back. Muir made 15 minutes stand and permitted Lyon to go from 15 to 30 and raise the Canadian score to 87. The London man started well and finally stepped before his stumps to one of Muir's balls.

After luncheon Patterson and Brown went in and hit out merrily. Forty-four were up before Patterson stepped out to Laing and was cleverly stumped by D. W. Saunders. Wood came in and made a stand as one of Laing's swift ones went crashing into his timber, when he had three to his credit. Bohler joined Brown and the fastest scoring of the day followed. Ninety were up before the two were separated. Brown succumbed to Laing just as Wood had done, and Muir was the next man. In 15 minutes he made 8, but Bohlen had gone before him for 15. Ralston took a few balls and was the only visitor to get a duck. Cregar stayed awhile with Thomson, and the latter did the bulk of the hitting. Biddle lasted 9 minutes before Martin caught him off Bristowe. The last man stayed 15 minutes, and enabled Thomson to send the ball twice over the grand stand and hit several fours and raise himself to 52 before his partner's stumps were knocked down by Laing. It was only 4.16, and after a short rest Goldingham and Martin started Canada's second innings. The latter's stay was short, but Terry joined his Toronto mate for hitting purposes, and the two sent up the score at a rapid rate. Patterson, Muir, Brown, Cregar and Cowperthwaite all tried their turn with the ball, and with the single exception were unsuccessful. Both teams were expected to make larger scores, and while the Canadians were satisfied at getting their opponents out for 177 runs, the visitors scarcely expected to retire the Dominion's strong batsmen for 87. They certainly will not repeat the performance and 200 or more now looks a likely figure. Thus an exciting finish is looked for to-day.

The wicket played perfectly. Although Laing did nothing with the bat, he came off gloriously with the ball. His 7 wickets for 54 runs against the Philadelphia cracks is a marvelous performance. Grew took 2 for 49 and Bristowe 1 for 23.

A fashionable assembly of about 1250 persons attended in the afternoon. The Government House party were there and many well known in Toronto society. But the bulk of the crowd were made up of cricketers from all the province. Dr. Bray and a big party were there from Chatham. E. Bayly, Q.C., and a party of Londoners were there. Mr. Harvey and a lot of Hamiltonians came up to see Tannis Gillespie make his usual good score. Guelph had Mr. McConkey and a dozen more besides Umpire Harley, one of Canada's veterans. Detroit had a representative in Umpire C. D. Calvert. Ottawa and all the cricket teams in the east, north and west had their full quota at Rosedale to see what promises to be one of the most interesting of international cricket matches. The score:

RUNS FOR THE FALL OF EACH WICKET.

CANADA, second innings—Goldingham, not out, 26; Martin, b Patterson, 2; Terry, not out, 32; extras (byes 3, leg byes 2, wides 2), 7. Total 66.

Cricket Slips.

The official scorers yesterday were Rev. H. H. Brashier of Alberta and Messrs. J. E. Hall and S. F. Houston.

Thomson gave an easy chance to Goldingham early in his innings that would have made a half century difference to the American's score had it been accepted.

The visitors fielded perfectly the first innings, and with a few exceptions the Canadians put up a strong game also in the field.

The Rosedalians were particularly well pleased with their representative's top score on his own club's ground and before all his comrades.

Messrs. Suckling & Sons have made the Australians an offer for Sept. 14, 16 and 17, and if Rosedale can be secured for those dates the Antipodeans will be here to meet a team picked by the Canadian Cricket Association.

DUKES WIN BY 5 TO 4.

Cobourg Beaten in One of the Canadian Baseball Finals.

Yesterday afternoon at the baseball grounds one of the most exciting games of the season was played, being between the Dukes and the Cobourgs, the second of a series of three. The Cobourgs won the first at Cobourgs last Friday by 2 to 0, and yesterday the Dukes won by 5 to 4.

A fine day and the anticipation of a good game brought out about 500 lovers of the game, including a good number of ladies. Both teams had their star men on. Neither side scored until the Dukes went in in the third, when successive hits by Benson, Chambers and Blakey scored up two runs. Cobourg tied in the fifth, with hits by Arthur Mulhall, Malone and Weidman. In the eighth Cobourg started in with a vim. Edmonds took his base on balls and was followed by Brown and Duncan making safe hits, bringing in two runs—leaving the score 4 to 2 in their favor.

The Dukes in the 9th, always playing to the last, started with Harris getting his base on balls, McGarry getting a hit, Synge with another and Benson making a hit to second base, which Edmonds fumbled, bringing in the last of the three runs, which won the game for the Dukes. Score:

W. W. WOOD IS CAPTAIN.

Toronto Rugby Football Club Elects a Popular Officer.

A meeting of the Executive Committee of the Toronto Rugby Football Club was held yesterday afternoon at Rosedale. Vice-President W. W. Wood was elected to the office of captain and the place left vacant was filled by the election of Edward Bayly thereto. This will necessitate the election of a new committeeman to replace Mr. Bayly.

It was decided to have a bus at Yonge-Wellington-streets at 4.30 on Mondays, Wednesdays and Fridays to take the members up to Rosedale. The first practice takes place to-morrow.

Mr. Bayly announced his retirement as an active player and volunteered to assist Captain Wood in coaching the candidates.

Zimmie Does a Mile in Less Than 2.02.

SPRINGFIELD, Mass., Sept. 11.—A. A. Zimmerman, W. A. Rhodes and L. S. Meintzes made trials for speed on Hampden Park to-day, and the latter lowered the three, four and five-mile figures. Zimmerman made a mile with a flying start in 2.01 3-5, a second faster than the record, but will not ask to have it stand because he was paced by a professional. The quarter was in :30 2-5, half in 1.00 2-5, three-quarters in 1.31 3-5. Meintzes then made 3 miles in 6.45 1-5, 4 miles in 8.57 3-5 and 5 miles in 11.09 3-5. The record for the distances were: 7.04 3-5, 9.26 2-5 and 11.41 made by Windle on Hampden Park Sept. 29, 1892. His first mile was in 2.19 3.5 and two miles in 4.31. Rhodes failed to lower the 2 mile record.

The English Billiardist.

Messrs. Roberts and Sutton played their final exhibition match last night in the King-street Art Gallery before a small company. For the fourth time the Englishman won. The score was 13 to 7. This was the second of two matches at English and American pyramid pool. Roberts scored 12 to Sutton's 8 on Saturday at English pyramids and thus won the pool match by 25 games to 15.

This afternoon at 3 o'clock Mr. Roberts will give an exhibition on the occasion of the opening of Mr. Sutton's new room at 128 King-street west, and to-morrow he leaves for Chicago for his match with Ives.

Forsythe Wins Two Games From Kelly.

Fell Through the Floor.

With a crash as of a piece of artillery a huge tun broke through the second floor of the Toronto Brewing & Malting Company's warehouse in Simcoe-street yesterday afternoon. The great barrel was filled with warm water and its weight snapped the floor beam in two. A large portion of the flooring was carried down and an employe of the company who was standing near took a downward plunge. Fortunately he lit on top of the mass of debris and was hurt only slightly. A small amount will cover the damage done.

THAT PROPOSED STRIKE.

Not Likely That President McKenzie Will Sign the Agreement That the Men Ask —An Unprecedented Demand.

As The World stated yesterday, the union of the Toronto Railway Company's employed at their meeting Sunday discussed the question of a strike, but decided to postpone such action, as to strike during the Fair "might antagonize the sympathy of the citizens."

The street car men are raising a vital issue in their efforts at organization in this city. They have in effect asked the street car company to give a reason satisfactory to the union for the removal of every conductor. As far as The World knows there is not a place on this continent where this is recognized; in every case the companies reserve the right to remove a man and pay him off on the spot without giving any reason for the change. What the companies have to guard against is dishonesty on the part of those who collect the fares, and they claim that the only way that they can do this is by summary dismissal without reason being given whenever they have cause to suspect the honesty of a conductor. The World yesterday met a man who is well posted in these issues and he said that he did not think that William Mackenzie for one moment would entertain the request of his men, or would any street car company in America either.

Said a citizen yesterday: The World's recent article on the question was exactly to the point.

The Railway Company have thus far treated their men with the utmost consideration and liberality. There is not another firm in Canada that would not have summarily discharged every man in its employ—not for voting in accordance with their convictions, but for the active and disreputable part some of them played during the contest in charging the company in the most vituperative language with practising the grossest injustice toward them, and in every conceivable way vilifying the men who were providing them with work and paying them promptly and liberally for their labor. The coarser the abuse of the company from pulpit, press and platform the better the car men liked it. They are now discussing the advisability of resorting to a strike to force their employers to redress their alleged grievances. If they adopt this extreme course it will unquestionably result in disaster to themselves."

FOOTLIGHT AND FORUM.

The Theatres Open Their Week's Engagement to Crowded Houses—Three Excellent Plays for Fair Week.

The Grand.....“Old Homestead.”
Jacobs & Sparrow's.....“Arcadia.”
Academy.....“Jarbeau.”

It is very fitting that "The Old Homestead" should come as a pleasing interlude between "Faust" of last week and Shakespeare of the week to come. Last night the Grand had all available space filled with a very pleased and appreciative audience to listen to the homely philosophy of Joshua Whitcomb. The play has been fitted with new scenery, of which the representation of Grace Church, Broadway, New York, at night is very realistic. In the cast of characters that of Joshua Whitcomb stands out so prominent that little scope is left for the others. Mr. Odell Williams, though not an especially strong man, plays the kindly, simple-hearted, yet philosophic Joshua with an easy, natural grace and a few sympathetic touches that at once find the hearts of the audience.

"The Palms Service" in Grace Church, by William A. Scanlan and the "Old Homestead choir" of 20 voices was the best part of the music, of which the program furnished considerable.

Those who love a good hearty laugh have ever an affection for old Joshua Whitcomb and his white-haired "boys."

"Arcadia" at Jacobs.

As a Fair week attraction the Jacobs & Sparrow's management is offering that ever-popular operatic-burlesque, "Arcadia," with its host of pretty girls, mirth-manufacturing comedians, nimble and graceful dancers, brilliant costumes and picturesque scenery.

This is the same piece, brimful of fun, bright and cheerful music that was made famous by clever Corinne and Mrs. Kimball.

This season the principals of the company are about the same as last year. Among the old favorites are Nellie Harrington, Bertie Crawford, last season with the Spider and Fly Company; Charlie Fostelle, one of the cleverest female impersonators in the business. The part of Tom Tom is taken by an exceedingly clever girl, Lucy Daly, who has visited Toronto several times. She is bright and clever; her dancing of the Highland Fling was one of the greatest hits ever made in this popular house.

The theatre was packed to the doors with an audience that left well pleased. There will be a matinee this afternoon.

Jarbeau at the Academy.

Vernona Jarbeau and her musical comedy company appeared before an amused audience last night at the Academy of Music. "Starlight" was the farce comedy given, and it afforded the clever company the opportunity of showing their individual ability. The star was amusing as of yore and her many specialties were well received. Hattie Wills is a clever toe dancer. Messrs. Snow, Sanford and Gus Pixley raised roars of laughter in their roles of the cranks and tramp. The female companions of "Starlight" were irresistible in their marching costumes in the last act. On the whole the play is a favorable presentation and should fill the Academy to the doors all week.

Big Attractions at the Musee.

Moore's Musee has a number of strong attractions this week. In the lecture hall Whale Oil Gus and Little Monday remain for another week. The new attractions are the midget ponies and carriage. These are the delight of the ladies and children. The theatre performance is excellent and is given by a number of well-known vaudeville comedians and specialists, headed by Petrie and Elsie, two great favorites in Toronto. The doors are open from 10 a.m. to 11 p.m.

Manager Joe Frank in Town.

The patrons of Jacobs & Sparrow's theatre were surprised and pleased to see the smiling face of jolly Joe Frank in the lobby. "Everybody took their hat off him" and grasped his hand, and when The World left him he was considering the advisability of having his arm put in a sling. Mr. Frank brought the "Arcadia" company to Toronto and will remain for a few days.

Winter Coming.

Furs altered and repaired at moderate prices. Satisfaction guaranteed. Ordered work a specialty. J. Harris, manufacturing furrier, 71 King-street west, Toronto, first flat over Bilton Bros.

T. B. Griffith's Will.

The will of the late Tunis B. Griffith, manager of the Hamilton Street Railway Co., has been filed for probate. The gross value of the estate is estimated at $180,845.90, but from this is to be deducted his proportion of liabilities on stock, $113,780.51, leaving a net value of $67,065.39. In addition to this there is $10,000 life insurance and $20,000 worth of real estate which goes to the widow and is not included in the will.

Chemist and Druggist, 347 Parliament street, Toronto, has received a supply of the celebrated Membray's Kidney and Liver Cure. Try a bottle and ask to see testimonials. For pain in back it is a certain cure. 2

Mr. Kelly Not An Applicant.

Mr. Daniel Kelly informed The World yesterday that he was not an applicant for the position of bursar at the Central Prison.

VALUABLE DOG DROWNED.

A Big Dane Escapes From Its Keeper and Perishes in the Lake.

Mr. Davison of Detroit, the dog fancier, arrived at the Fair Grounds yesterday with five large Danes in a leash tagging at his heels. The dogs are very valuable, and Mr. Davison kept a watchful eye on them. But he relaxed his vigilance when he had them as he thought safely ensconced in the Dog Show Building. The dogs, which are all in bond, were being looked over by Bush Anderson, the genial custom officer, when sudenly one of the largest of them made a break for liberty, jumped a table, sent Mr. Anderson sprawling and floored the two T.I.E. men at the door and dashed through the grounds with its owner and a half-dozen men in hot pursuit. The animal was finally brought to bay down near the lake shore end, finding that his only chance of escape lay in taking the water, he chose the latter alternative and jumped in and swam steadily and strongly out into the lake. The disappointed men balked, of their captive, stared blankly out into the water, where the rapidly-moving dog was fast becoming an almost indistinguishable speck upon the surface of the water. There was no boat handy, and the dog swam on until it was compelled by exhaustion to stop, and sank beneath the waves and gave up the ghost. The dog will prove a serious loss to its owner, as he counted upon securing a number of prizes with it. The canine was worth fully $2500.

Hebrew New Year's Day.

According to the Hebrew calendar Sunday was the world's birthday, and the beginning of the New Year was marked by such festivities as prevail on the Christian New Year's eve.

The World, by Hebraic chronology, was 5654 years old at sunset Sunday. Hebrew custom made Sunday night one of gifts and congratulations throughout the world. Yesterday was the most important in the Hebrew year, with the exception, perhaps, of the Day of Atonement, which comes 10 days later. The orthodox Hebrew will celebrate the New Year for 48 hours after Sunday's sunset. The reformed sect observe yesterday only.

Are Your Eyes Mates?

Perhaps you think that's a foolish question. The Optician knows otherwise. Don't you know that although one's eyes may be both opened to the light at the same time, they often have totally different seeing power—what one eye sees at a distance of 3 feet the other can't see at 1 foot. This is entirely overcome by wearing accurately fitted glasses—our optician does that.

No charge for advice; you only pay for glasses.
