PATHFINDER SUNK BY MINES.

Special to Evening Telegram. LONDON, To-day. Another British cruiser has been destroyed by floating mines in the North Sea. The Pathfinder struck one of these mines, according to a statement issued, and went down a short time after. No details are given out regarding the loss of life, but it is understood that by far the greater part of the crew of three hundred

men were taken off in safety by boats of other ships near by. The Pathfinder was the flagship of the Sixth Destroyer Flotilla. Paymaster Sydney W. Finch was killed and Commander Captain Francis Lorne wounded. Six junior officers and two petty officers are missing. [The Pathfinder is a light cruiser of 2,940 tons, built in 1905. She carries nine 4 inch guns. Her indicated horsepower was 17,532 and her speed was 25 1/2 knots.—Ed.]

Recruits at the Range.

The squad of sixty four of our volunteers who are daily at musketry practice at the Rifle Range, on the South Side Hill, under Instructor March, are making good progress. The shooting average of the recruits is creditable.

The White Man's Burden

People are finding out that a lot of the troubles that go to make up life's burden are caused by

Tea and Coffee Drinking

Tea and coffee contain a drug, caffeine—from 1 1/2 to 3 grains to the cup. It not only stands to reason, but has been demonstrated scientifically and in practical experience, that this steady drugging is a foe to health and comfort.

A great army of people have found freedom from ills due to tea and coffee by changing to

POSTUM

—a delicious pure food-drink, made from whole wheat and a bit of molasses. No caffeine, no drug, no harmful ingredient.

Even children drink Postum freely with benefit; they can't do that with tea or coffee.

Postum comes in two forms:

Regular Postum, must be boiled, 15c and 25c pkgs.

Instant Postum, a soluble form, made in the cup instantly, 30c and 50c tins.

Grocers everywhere sell both kinds and the cost per cup is about the same.

McMurdo's Store News.

Lazell's Talcum Powders have been universally popular this summer. The reason is that Lazell's Talcums seem to be more soothing and pleasant than any others, and their exquisite perfume is a further attraction. On the whole they are the most largely used Talcums at present in the market. We recommend them in all cases for which a talcum powder is suitable as we are sure that the best and purest materials are used in them, that they are so finely ground that there is no grit and that they are the most pleasantly perfumed of anything of the kind we have. "Nassatta" and "Field Violets" each 25c. tin.

Beech Nut Cheiving Gum is still going strong. We sell it all day and every day. It is really good. Price 5c. a pkg.

Hr. Grace Notes.

Mr. Herbert Heater who resigned from the police force at St. John's and volunteered for war service a few days ago, arrived from St. John's on Wednesday night on a short visit to his parents, Mr. and Mrs. John Heater. He returns to the city to-day.

Mrs. S. Bursell, of St. John's, accompanied by Misses Marion and Lillian Ayre are visiting Harbor Grace and staying with Mrs. A. Rogers. It is the first visit of the Misses Ayre to this town, and they are very much pleased with the clean streets and pure air of the second city. They have made many friends since coming here, who will be glad to have them return another season, or better still to settle down here.

Household Notes

Green salad should be served with a fish meal.

Save all old flannelette garments for dustcloths.

Three courses are enough for any summer dinner.

The success of canning depends on perfect sterilization.

Fried clams on toast are an excellent breakfast or luncheon dish.

The scaling of fish is facilitated if the fish be dipped in boiling water.

Stuffed tomatoes make an excellent main dish for a hot-weather dinner.

Left-over fish of any sort can be creamed, baked and served in ramekins.

Nearly all cream soups and vegetable soups will harmonize with fish.

Choose the "dry" fresh fruits for a picnic—apples, cherries, plums, pears.

Never return the contents of tin cans to the cans again once they are opened.

The first principle of good packing is to pack so closely that nothing can move.

Preserving powders used in canning fruit are both unnecessary and dangerous.

It is said that ebony toilet articles can be kept nice by rubbing with pure cold cream.

Preserved cherries and blanched almonds make a welcome addition to a fruit salad.

In watering the garden remember that madder roses in particular are thirsty plants.

In making leas remember not to have them too sweet, or they will not freeze properly.

Paper napkins and tablecloths are becoming more and more favorites for hot weather use.

Cheap eggs are never cheap; it is always best to buy the freshest and feel sure of them.

People who live near the water should let fish make a large part of their summer diet.

BIG MOVEMENT NOW ON.

Special to Evening Telegram.

LONDON, To-day.

The belief is growing that a great decisive battle is being fought at Verdun, the strong fortress of France on the Meuse, near the French frontier.

If the fourth German army marching southwards cuts off the retreat of the French eastern armies which recently have been holding the Germans in check between Toul, 14 miles west of Nancy and Epinal, it might repeat the coup which in 1870 drove General Bourbati and his army of 150,000 into Switzerland. Hopeful critics are speculating on the possibility that the German wing around the south may mean an effort on the part of the invaders to make sure of their retreat through the Meuse district, but more like it is a scheme to strike such a paralyzing blow to the French army as to render the investment of Paris a safe operation. The southerly movement of the Crown Prince's army and that of Bavaria, which has been held on the defensive in Lorraine. Thus the Germans would advance on the east and north in a vast enveloping movement destined to crush the Allies' right wing by sheer weight of numbers, as their left wing was pushed back during the last fortnight.

EVERY MAN CALLED OUT.

Special to Evening Telegram.

LONDON, This Afternoon.

A despatch to the Times from Gen. tend reports that arrivals from Brussels state that many of the Landstrum troops drilling daily are men with white hair, which the correspondent says show that Germany has called up every man able to bear arms. Similar statements are made by those who have seen the German soldiers proceeding north to Antwerp.

HEAVY GUNS FOR PARIS.

Special to Evening Telegram.

LONDON, This Afternoon.

A correspondent to the Daily News in a Paris despatch under Saturday's date, says he understands heavy guns from Boulogne and Cherbourg have been brought up to reinforce the defenses to Paris. Twenty-five thousand and Marine Fusiliers at Hestiales marched through the country in the small hours of yesterday morning.

SHANGHAI, This Afternoon.

Hong Kong reports the arrival there of a number of prizes including the German-American steamer Hana-met and the German steamers Pak-lai, Frisia and Rajapur.

BIG BATTLE RAGING BETWEEN RUSSIANS, AUSTRIANS AND GERMANS.

Special to Evening Telegram.

LONDON, To-day.

The correspondent of the Times at Petrograd under date Sunday referring to a battle just begun, which if as successful as the Russian operations against Lemberg will overthrow Austrian forces and practically open the road to Berlin, says reliable information as to the progress of the battle enables me to state that the outlook is not less promising, but several days may elapse before the final overthrow of the Austrian army. The enemy is composed of at least thirty divisions, besides several German Corps and will fight with the courage of despair on the East. Prussian frontier. There is news of the appearance of a part, if not the whole of the Third Bavarian army corps. The troops were installed at Allenstein which is being reconnoitered by Russian cavalry.

GERMANS ATTACKING NANCY.

LONDON, To-day.

The German plan of campaign is for the moment a mystery. The great sweep through Belgium and the plains of Northern France with a constant reaching out on the West to turn the left flank of the Allies was understandable and foreseen even though the Allies refused to believe the Germans could move so far. Yesterday bulletins stating that the main German army of invasion from the North was turning away from Paris and going toward the south and east appeared to be confirmed and the theory that finds supporters is that the German purpose is now to strike through the centre of the French army, leaving Paris partly invested from the North and crush the main French force by co-operation with another German army advancing from Lorraine.

The news that the Germans are attacking the fortress of Nancy and that Emperor William with his staff are attending the operations tends to fortify this theory. A despatch from Rome says that according to reports from Nish, Emperor William is still putting up a magnificent defence and giving a heroic example of endurance of both soldiers and civilians, even women are fighting stubbornly.

Volunteers Attend Divine Service Yesterday Morning.

The Church parade by the Volunteers for the 1st Nfd. Regiment, which took place yesterday morning, is the subject of much favourable comment on the street to-day. There were over three hundred men, and although they have been only a few days under canvas they are showing the results of good training.

The parade started from the Pictouville Camp at 10 a.m., the members of the various denominations proceeding to the different churches under their respective officers. At noon the different divisions assembled in line at Cavendish Square and the entire line, headed by the C. C. Band proceeded to the Government House grounds where they were reviewed by His Excellency Sir W. E. Davidson, the Prime Minister and several thousand citizens witnessed the parade from different points, and the appearance of the gallant lads who are prepared to give their lives, if necessary, for the honour of the Motherland.

Major W. H. Franklin was in charge of the parade, and other Brigade Officers present with the Volunteers were:—Capt. N. Alderdice, H. Outerbridge, Adj. W. F. Rendell, Lieut. Tait and Kershaw, C. L. E. Major C. Carty, Capt. A. O'Brien, C. J. Howlett and L. C. Murphy, C. C. C. Capt. Chas. Ayre and E. S. Ayre, M. G. B. and Lt.-Col. Paterson and Lieut. J. A. Ledingham, N. H.

The squad at the south side rifle range, under Capt. J. W. March, also attended Church Parade at the West End Churches.
