Fletcher Music Method, SIMPLEX and KINDERGARTEN

TEACHER'S COURSE.

Owing to many requests for the course for teachers in this method, Miss Fletcher—the originator and patentee—will conduct a class in Toronto during the spring of 1900, provided a sufficient number agree well in advance to begin study simultaneously. The Fletcher Music Method eliminates the drudgery of study, and gives a logical and systematic fundamental musical education on lines at once natural, thorough and—to children—distinctly enjoyable. All materials used are protected by patents, and the course for teachers is given only by Miss Fletcher. The method is endorsed by the most eminent musicians of Europe and America, familiar names being: Wm. Cummings, Director, Guildhall School of Music, London; Signor Garcia, Antoinette Sterling, W. O. Forsyth, Director Metropolitan School of Music; Dr. Fisher, Toronto Conservatory; F. H. Torrington, Toronto College; H. M. Field, Caven Barron, London Conservatory; Dr. Harris, Hamilton Conservatory, etc.

The Demon Dyspepsia—In olden times it was a popular belief that demons moved invisibly through the ambient air seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who by careless or unwise living invite him. And once he enters a man it is difficult to dislodge him. He that finds himself so possessed should know that a valiant friend to do battle for him with the unseen foe is Parmelee's Vegetable Pills, which are ever ready for the trial. ed
