### Hr. Grace Notes.

Mrs. Bridget Tobin, wife of our highly respected citizen, Mr. William Tobin, Government Telegraph line repairer, passed away on Thursday last after a long illness, aged 72 years. The funeral took place on Saturday morning and was attended by a large number of friends.

Another old citizen passed away early yesterday morning, after a long and painful illness, in the person of Mrs. Mary O'Brien, aged 92 years. Mrs. O'Brien had resided with her daughter, Mrs. James Moriarty, Le-Marchant Street.

Mr. Samuel Crocker, R.N.R., who was serving on a ship in England, arrived home yesterday to spend a few days with his wife and children here. Mr. Crocker is on H.M.S. Carnarvon, and his ship having touched at Halifax he was granted leave for a few days to visit home. He leaves again on Thursday.

Mrs. Mary Simmons, who is residing on the Southside with her daughter, Mrs. Archibald Noseworthy, reached her 96th year yesterday. The old lady has been bedridden for four years, but is uncomplaining, enjoys a good appetite, and her mind is quite clear. Scenes of her early girlhood are brought back and chatted about as if they had gone only 10 or 12 years.

Mrs. Ballam (nee Miss Lizzie Kennedy), leaves this evening for her home in Boston, having spent a pleasant time here, her health being much improved by her visit. Mrs. Ballam will be accompanied to the big American city by Mrs. Florence Pugh, who will spend some time there.

Mr. John Walker planted early potatoes in May. He dug them in August, and as an experiment, he then planted more in the same ground. Yesterday he dug them and found some large and apparently ripe potatoes—two crops of potatoes in the same ground in one season.

A very pleasant gathering, a social gathering, we might almost call it, took place in Cochrane Hall last night. It was a temperance rally, and the meeting was addressed by Mrs. Howland, Mrs. Bennett and Mrs. Pippy, who are travelling for the W. C. T. U. of St. John's, and also by a number of our citizens. The meeting was very enjoyable.

### Amusements.

#### EVERY PICTURE A FEATURE AT THE CRESCENT.

The Crescent Picture Palace's mid-week show is a great one, every picture a feature, not a weak or trashy picture in the programme: "The Family Black Sheep" is a two act comedy drama by the Kalen Company, and a very strong feature is "The Ward of the Mission," with Augusta Anderson and Robert Nolan. A fine Esanay melo-drama is "The Volunteer Burglar." George Ade presents "A Couple of Side Order Fables" of the most humorous kind. Mr. Dan Delmar, the popular Crescent vocalist sings: "Life is a Game of Checkers," a particularly good number that's alone worth the price of admission. On Friday, the Crescent shows a great two reel feature: "The Intriguers."

#### MILLION DOLLAR MYSTERY AT NICKEL TO-DAY.

There is a most attractive bill at the Nickel Theatre this evening and it is sure to draw large audiences. For the benefit of the public the entertainment this evening will begin at 7 o'clock sharp. The principal feature to-day is "The Million Dollar Mystery," the twenty-second episode being shown. It is a most sensational chapter, one of the best yet given and is the last but one; the final picture will be shown next week. The seventh episode of the "Trey O' Hearts" which is now as popular as "The Million Dollar Mystery" is included. Messrs. Huskins and Cairns will be heard in new songs. Big Pathe Weeklies and Charlie Chaplin comedies are coming to the Nickel shortly. Don't miss to-day's performance as it is one of the best ever given at the Nickel. Good pictures, music and singing, attend early and enjoy it.

#### THE GREATEST LAUGHING ACT EVER SEEN—SEE IT!

Don't miss the greatest laughing act ever presented at Rossley's by Miss Isabel Atlantis and Mr. Donald Fisk. Who could imagine those wonderful globe rolling, novelty and "glimming" change artists in so complete a change. On Trafalgar Night they will present something entirely different again and the dainty Atlantis will be seen in "another" of her wonderful electrical novelty dances. The pictures now shown at Rossley's are very fine. Don't miss to-night's show or you will miss a treat. Those world-renowned artists are continually springing surprises on their audiences. You might miss something. On Friday night the comedy will be continued, and Mr. Rossley wants it understood that children can't compete; they receive the prize because they are young, which spoils the chance of a good man or woman singer or dancer, so therefore children must not compete.

BACK TO THE FRONT.—Private George Cowan, son of Mr. John Cowan, this city, returned to the front on Saturday last after a week's leave in Liverpool and London. George has been many months in the trenches with the Canadians and so far has come through without a scratch. It is hoped that the same good fortune will continue with him.

NASCOPIE AND ERIK.—Both the steamers Nascope and Erik will leave here this afternoon for Sydney to load coal for here. On returning the former ship will get ready to load fish for Mediterranean ports. The Erik's later movements are not yet definitely known.
