ARMIES WITHIN STONE'S THROW

Japs and Russians Almost Clinched Again

Another Great Battle Will Take Place on Shakhe River in a Few Days.

MUKDEN, Nov. 7.—The Russian and Japanese armies extending from Bentsiaputze, east, to the Liao River, west, at places are almost within a stone's throw of each other. At Bensiaputze not more than 400 yards separate the advance parties. At Huangshantse the Russian centre has thrown advance posts across the Shakhe river. Both armies are still strengthening their operations all along the line. The slightest movement on either side is the sign for firing which occasionally lasts all night. The Russians are using six-inch guns on the railway, which must greatly harass the Japanese. Undoubtedly the most decisive if not the greatest battle of the war will be fought in the vicinity of the Shakhe river. The Russians are confident of their ability to hold their positions. The soldiers are building mud houses for winter quarters. The nights continue cold but the days are bright and crisp.

RAISING THE VARIAG.

NEW YORK, Nov, 7.—A Seoul, Korea, despatch to the Herald, dated Oct. 28, pia Che Foo, Nov. 6, says: The efforts of the engineers to raise the Variag, at which they have been working for six months have ended in a complete failure. At extreme low tide, powerful pumps were started in the presence of naval officers of all nations, but the pumps were quickly choked by mud which rendered the attempt abortive. The officer in charge asserts that a new method will be used and another attempt made to raise the Russian warship within a month. He expressed determination to achieve success in spite of all obstacles.

JAP COMMUNICATIONS THREATENED.

NEW YORK, Nov. 7.—A despatch to the Herald from Wonson, Korea, via Che Foo, Nov. 6, says that 15,000 Russian troops are south of Tumen river with 32 guns. Of this number, 6,000 of the main body are quartered at Kyungsung, 2,000 along the coast in town garrisons and 4,000 cavalry are throwing out westward in small bodies, menacing the Japanese lines of communications and railway construction between Pin Yang and Wiju by frequent cross country raids. The remainder of 3,000 are in small scouting detachments to the south. The Russian cavalry by long detours frequently appears in the rear of the Japanese outposts within a mile of the gates of Hamheung, immediately disappearing upon the Japanese infantry making a sortie from the town. The Russians occupied Hamwan Pass, a small force of Japanese retiring to Kaksan Yung upon the approach of the Russians. The Japanese are provisioning Hamheung, where 2,000 troops are now quartered. Thousands of tons of army stores are being transported from Hahho to Hamheung, a distance of 13 miles over an excellent road. The line of transportation is liable to interruption by raids of Cossacks, who a few days ago cut the telephone near Sahho between Wonson and Hamheung. A thousand Japanese patrol the road night and day with strong support at various ports. In garrison at Wonson are an additional thousand men, giving a total of Japanese forces on the east coast of well inside 5,000.

NATIVES MASSACRE SCORES OF SAILORS.

Captain and Twenty-One Men of British Steamship Baron Innerdale Slain

LONDON, Nov. 5.—According to information from the Island of Perim, at the entrance to the Red Sea, an investigation of Massira Island, made by the Sultan of Muscat, shows that a boat's crew, comprising the captain and twenty-one men which left the British steamship Baron Innerdale, which ran ashore at the Kuria Muria Islands reached Massira Islands and were massacred by the natives there. Nine of the murderers have been arrested.

The India Office confirms the report of the massacre of the captain and twenty-one of the crew of the British steamship Baron Innerdale. The vessel was wrecked and the Greek crew took to the boats. It is supposed they landed or were driven ashore in a monsoon.

According to a despatch from Aden, Arabia, August 30 last, a boat containing the captain and sixteen members of the crew, who had left the steamer Baron Innerdale, which was ashore at the Kuria Muria Islands, off the southeast coast of Arabia, capsized and all the occupants were drowned, with the exception of one boy, who was saved by the natives.

The Baron Innerdale was bound from Kurrachee, British India, July 27, for the United Kingdom or to a port of Europe.

MRS GEO. J. COLTER DEAD.

FREDERICTON, Nov. 7.—The death occurred at Keswick yesterday of the wife of Hon. Geo. J. Colter, after an illness extending over some years. Mrs. Colter was 57 years of age and a daughter of Leonard Slipp, of Lower Woodstock. Besides a husband the deceased leaves two sons, one at home and one attending the high school here, and four brothers. The funeral will take place tomorrow afternoon at 2 p. m.

DANIEL'S MAJORITY 1151; STOCKTON'S WAS 637.

Declaration Day Proceedings Quiet and Uninteresting--No Speeches Made--Crocket's Majority in York Was 162.

The declaration proceedings took place at the Court House today, commencing at eleven o'clock. The city and county ballot was first declared and then the city ballot. The sheriff's task was an arduous one, for he had to go through no less than ninety-eight boxes. He was assisted by the deputy sheriff and the court constables.

When the city and county ballot was declared Dr. A. A. Stockton made the following motion: "That a vote of thanks be tendered to the high sheriff for the fair and impartial way in which he conducted this election." H. A. McKeown seconded the motion, which was carried unanimously.

The sheriff responded in a few appropriate remarks. He said that great credit was due to Deputy Sheriff Rankine, whose knowledge and experience of the running of elections wonderfully assisted in the present campaign.

At the conclusion of the city ballot, Richard O'Brien moved a similar resolution, which was seconded by Dr. J. W. Daniel.

There was only a small attendance at the proceedings.

Following is the result of the recount:

Stockton's majority 637.

IN YORK COUNTY.

(Special to the Star).

FREDERICTON, N. B., Nov. 7.—Today was declaration day in York. The official count was: Crocket, 3,096; Gibson, 2,934, a majority for Crocket of 162. Both candidates briefly addressed the electors.

TORONTO, Nov. 6.—Complete returns from West Algoma elect Boyce Con., by 132 majority.

Later returns give Lancaster, Con., 325 majority in Lincoln county. The majority for Porter, Con., in West Hastings, is now placed at 868.

According to a recount the official majority for Hon. C. S. Hyman in London is 23. Official count in North Perth shows a majority of 320 for McLaren, Con.

Official declaration of North Toronto poll gives Hon. G. E. Foster, Con., 112 majority.

VANCOUVER, B. C., Nov. 5.—William Sloan, Liberal, was today elected member of Comox-Atlin by acclamation, the opposition candidate retiring.

I. C. R. TRAIN WRECK

Special Freight Crashes Through Bridge Near New Glasgow Today—Nobody Was Hurt.

(Special to the Star).

HALIFAX, N. S., Nov. 7.—A special train on the I. C. R. went through a bridge over the East River, near New Glasgow this morning. Seven freight cars and the tender of the engine went into the river, the engine escaping. No one was injured.

THINKS PORT ARTHUR'S FALL WILL STOP WAR

(Special to Star.)

MONTREAL, Nov. 7.—Consul General Nosse, of Japan, in an interview today, stated he believed the fall of Port Arthur would bring about the close of the war by intervention of the powers.

Discussing the Dogger Bank outrage, he said it was undoubtedly inspired by a desire to bring about the intervention of England and the holding back of the Baltic fleet.

ANOTHER GOV'T. SUSTAINED.

ROME, Nov. 7, 11 a. m.—Definite returns show that all the members of the cabinet have been re-elected. Former Premier Rudini, Baron Soninno, leader of the Constitutional opposition, and Signor I. Prenetti, the former foreign minister, and Ferri, the socialist leader, have also been re-elected. The government has been victorious over the extremists who lost 20 seats. Turin, Naples, Palermo and almost all the large towns joined Milan and Genoa in defeating the extremists as a manifestation against the general strike. This was the predominate note in the elections.

A MIXED UP ARRANGEMENT.

Queer Plan For Accommodation of Horses in No. 1 Fire Station.

Work has been commenced on two new stalls in No. 1 hook and ladder station for the horses that will haul the fire steamer that will be placed there when the chemical engine arrives and is placed in No. 2 fire station.

As it is the entire arrangement is considered a farce. The new stalls are being erected in the middle of the barn floor having but a narrow passage all around them. There will be six horses on the floor and there is now only room to clean one horse at a time. One of the engine horses will follow the chief's horse and the other, one of the hook and ladder truck horses but he problem is how are the horses to get into position as both come out on one side of the engine, the pole of which will almost meet the chief's cart.

Another fault found with the arrangement is that in No. 2 station the hose cart will take the place now occupied by the steamer and as a result the horses for the hose cart will have to be let out after the chemical gets out and that will take considerable time.

Seedy Stranger—"Excuse me, sir, but can you change a dollar for me?"

Humanitarian—"Why, yes."

Seedy Stranger—"Thanks; and now will you kindly tell me where I can get the dollar?"

The relatives of the late Michael Birmingham wish to thank their many friends and the members of the New Brunswick Military Veterans Association for kindnesses extended them during their recent bereavement.

DEATHS.

McLAUGHLIN.—Suddenly, in this city on Saturday, 5th Nov., Peter McLaughlin, aged 46 years.

Funeral from his late residence, Fort Dufferin, on Tuesday at 2 p. m.

TOO LATE FOR CLASSIFICATION.

WANTED—A girl, a chocolate dipper. Apply at EAST END KANDY KITCHEN, 189 Union street.

U. S. ELECTIONS TOMORROW.

And Both Sides Claim To Be Confident.

The Populist Candidate Complicates the Situation in New York—Lively Fight in Mass

NEW YORK, Nov. 7.—An extremely large vote is looked for in this city and state. Now that the speeches, except one or two to be delivered today, have been made, and all preparations for getting out and protecting the vote have been completed, both sides continue to express the utmost confidence in the result. An interesting feature of this year's campaign in New York is the canvass made by Thos. A. Watson, the populist nominee of the presidency and some attention was attracted to the claim of Melvin G. Palliser, the Populist state chairman that Watson will poll from 40,000 to 50,000 votes in New York.

BOSTON, Nov. 7.—The campaign managers of both the Republican and Democrat parties in Massachusetts on the day before election express confidence of success. Still there was a little relaxation in campaign activity. The Democratic leaders devoted their energies to making sure of a solid labor vote for W. L. Douglas for governor. Governor Bates' veto of certain labor measures is one of the main campaign issues. Efforts were also being made to turn the socialist vote of about 25,000 into Democratic channels. The Republicans assert they will elect 12 out of the 14 congressmen from the state and the Democrats claim five. In the eleventh district the contest will be close. Eugene N. Foss, the leading exponent of reciprocal trade relations with Canada, is the Republican candidate opposed to Congressman John A. Sullivan. Each party claims that it will show gains in the legislature.

CHICAGO, Nov. 7.—Nothing contained in the state report has materially changed the outlook for either the national or state ticket, the Republican leaders claiming a plurality of 15,000 for Charles S. Deneen, candidate for governor, while the Democratic managers give no figures but reiterate their confidence of success, laying more stress upon the presidential campaign than on the state contest.

TOPEKA, Kas., Nov. 7.—Kansas is conceded to the Republican electoral ticket by a large plurality, but both sides claim the state ticket.

RALEIGH, N. C., Nov. 7.—The outlook for tomorrow is for a sweeping Democratic victory with majorities ranging for both state and national tickets near 60,000.

CINCINNATI, O., Nov. 7.—The Republicans adhere to their claims that Ohio will give Roosevelt the largest plurality the state ever gave a president.

OMAHA, Neb., Nov. 7.—Republican state chairman Burgess expects Nebraska to roll up for Roosevelt and Fairbanks the largest plurality ever given a national ticket.

NEW HAVEN, Conn., Nov. 7.—Especial interest in politics in Connecticut today centres in the prospect of the Republicans and Democrats to carry the cities tomorrow. The chairman of both central committees today expressed their confidence of carrying the state for both national and state tickets.

NEW YORK, Nov. 6. — George B. Cortelyou, chairman of the Republican National committee, made a brief statement today, reiterating his forecast of the previous night on the result of the election. He said:

"As a final forecast I see no reason to change my previous statement, and I adhere to that after receiving full reports from all over the United States in the last 48 hours. I am satisfied that the Republican candidates for president and vice-president will carry every northern state, with the possible exception of Maryland and Nevada, and will have not less than 314 of the 476 votes in the electoral college."

HALIFAX, NS, Nov 4—Ard, strs Damara, from Liverpool via St Johns, NF; Gulf of Ancud, from London via St John, NB.
