THE SERBIAN AND GREEK RAIL-  
WAY.

ATHENS, To-day.  
Replying to a protest from Berlin against the transportation of soldiers over Greek railways, the Greek Government informed Germany, says the Journal d'Athens, the Cabinet recognized that such an act would be a violation of neutrality. This action, the newspaper adds, followed the declaration from Germany that in event of such transportation German aeroplanes would be obliged to bombard railways and transport trains.

## VETERAN STATESMAN DEAD.

LONDON, To-day.  
Earl St. Aldwin, the veteran English statesman, twice Chancellor of the Exchequer, and twice Chief Secretary for Ireland, died yesterday at his country home. He was born in 1837.

## SINK ALL IN SIGHT.

ROTTERDAM, To-day.  
The captain of the Dutch ship Berklestroom, sunk in the North Sea on April 23rd by a German submarine, is quoted by the Nieuw Rotterdamse Courant, as declaring that the commander of the undersea boat told him that the Germans intended to sink all ships of every nationality carrying food to England.

## KINGSTOWN, Ireland, To-day.

A proclamation issued by Provisional President Pearce, advising the surrender of all rebels, follows: "In order to prevent further slaughter to unarmed people and in the hope of saving the lives of our followers who are surrounded and hopelessly outnumbered, the members of the Provisional Government at headquarters have agreed unconditionally to surrender. Commands of all units of the Republican forces with all followers are ordered to lay down their arms. (Signed) Pearce."

## DUBLIN REBELS SURRENDER.

KINGSTOWN, Ireland, To-day.  
The main body of Sinn Fein rebels at Dublin surrendered during the course of yesterday. There was, however, considerable fighting throughout Sunday at Dublin and suburbs. It was especially severe at Balls Bridge outside Dublin. The rebels in the college of surgeons surrendered this morning. One prisoner taken here was the Countess Markievicz.

## BUDGET OF WAR NEWS.

LONDON, To-day.  
The French and Germans on several sectors to the northwest of Ver-

dun have been engaged in relatively heavy infantry fighting with results evidently in favor of the French. To the north of Le Mort Homme, the French seized a German trench and captured 35 prisoners and to the north of Cumieres made a similar gain in which 20 prisoners were taken. Berlin says strong fighting attacks from Le Mort Homme to the northern part of Charettes Wood were repulsed. On the remainder of the French front except for small infantry attacks, not in Vosges mountains and in the region of Lausigny bombardments alone have been in progress. In fights in the air the French claim their aviators have brought down four Fokkers, four other German aeroplanes, while Berlin says that in a flight over Verdun a French machine was shot down. Except for the Russian attack at Colditana which Italians repulsed, only bombardments have taken place on Austro-Italian line. In the region of south Lake Naroz, further success for German arms against Russian, the capture of four guns, one machine gun and 83 prisoners reported by Berlin. Petrograd says fighting in this region is diminishing in intensity. On the remaining northern Russian lines there have been enemy artillery bombardments north of Mouravitzkva River region, where the Austrians forced Russians out of trench, but later the Russians in a counter action in which they inflicted heavy casualties, recaptured trench and received the surrender of 600 Magyars, 22 of whom were officers. In the fighting the Russians admit the loss of four officers and 100 men. The Turks in the vicinity of Diarbekir, Asiatic Turkey, took offensive against Russians but were repulsed. In East Africa the British are continuing their successes against Germans having taken near Konda, Buravi, munitions, convoys and a large number of cattle suitable for food.

OFFICERS CASUALTIES AT DUB-  
LIN.

LONDON, To-day.  
The official list of casualties among army officers at Dublin was given out last night and contains 27 names. Of this total 5 are killed, 21 wounded and 1 missing. This list is additional to the one announced on Friday, giving the names of 2 officers killed and 5 wounded.

## SUCCESS IN EAST AFRICA.

LONDON, To-day.  
A British official communication concerning operations against Germans in East Africa, says: "Lieut. General Jan Christian Smuts, Commander of the Expeditionary force, telegraphed under date of April 29th, his mounted troops captured in the vicinity of Konda Burgant various convoys, including 200 slaughter, 80 rifles, large amount of ammunition, a herd of 600 mixed cattle, 200 donkeys with saddlery supplies."

## UP TO ARMPITS IN MUD.

BRITISH HEADQUARTERS, France, To-day.  
(Delayed). The physical difficulty of any extended movement until dry weather sets in is exemplified by the experience of the battalion which

took a section of German trenches on the Ypres-Langemark Road. After 2 days spring rains attacking forces sank up to their armpits in morasses which was spotted with shell craters, filled with water, helping themselves with their rifles, half crawling and swimming under shell fire. After a trench had been taken the men dug out the wounded and those stuck in the mire who were not wounded. One Corporal, himself wounded, took two and a half hours bringing another wounded man 600 yards through the bog. German counter attacks caught them floundering in mud and by such gun fire gave up the attempt and withdrew.

## PRINCE ALBERT BETTER.

LONDON, To-day.  
Prince Albert, second son of King George, who has been undergoing a long course of treatment for gastritis disorder, is completely recovered and shortly will resume duties as a midshipman in the Navy.

## TWO MILLION DAMAGE.

DUBLIN, To-day.  
Although it is impossible to obtain the damage done since the outbreak of the rebellion, it can be placed conservatively at something more than two million.

## CONTINUING GUERRILLA WARFARE

KINGSTOWN, To-day.  
Although the principal leaders of the rebel movement have laid down their arms and advised their followers to acquiesce in unconditional surrender, there is no doubt that there will still be great difficulty in restoring peace in Dublin and surrounding districts. Numerous small bands of rebels evidently either have not received the leaders' orders or doubt the authenticity of the orders and have at any rate determined to continue guerrilla warfare.

HARD FATE OF CREW IN WHITE  
SEA.

HALIFAX, To-day.  
One of the most touching incidents of the war which has occurred so far befall the Captain and crew of the British steamer Suffolk. Only three of the crew of twenty seven survive to tell the tale of hardships endured in the frozen zones of Russia. Those of the crew who did not kill themselves while in a state of despondency caused by great suffering were frozen to death in the heroic efforts to reach land 80 miles from a point which their steamer became stranded. The sorry fates of the Captain and 24 members of the crew who perished after enduring innumerable hardships was told by members of the Newfoundland steamer Bellaventure who returned to Halifax to-day. A member of the crew talked with one of the survivors of the Suffolk. He is a Russian Finn and the only one who was physically able to talk. The Suffolk is a cargo steamer, which while on a trip to Archangel got frozen in the White Sea before Christmas.

## THE BATTLE OF VERDUN.

PARIS, To-day.  
The battle of Verdun, says semi-official statement, appears to be reviving somewhat but with none of its former violence. There is a great difference, the statement adds, between the random attempts which are crushed almost as soon as they are begun and the massed attacks of February 21 and April 9. After 68 days of struggle as tremendous as vain the German efforts cannot renew itself with the same intensity. Not only has the German offensive hitherto failed inasmuch as it has not secured its chief object, Verdun, but it has considerably enfeebled the offensive power of the enemy's fighting forces.

## 250 SINN FEIN PRISONERS

HOLYHEAD, To-day.  
A boatload of 250 Sinn Fein prisoners arrived at Holyhead this morning. They were prisoners taken in the Dublin fighting. Practically all young men and boys. They were immediately put aboard train for prisons in the interior of England.

## SHOT POLICEMAN.

LONDON, To-day.  
A police constable carrying despatches in the Dundalk district county of Louth, last Monday afternoon was stopped by armed rebels who took despatches from him, placed him against the hedge and shot him to death.

## NORWEGIAN SUNK.

LONDON, To-day.  
The Norwegian steamer Mod has been sunk. She was 663 tons and owned in Christiania.

## CONDITIONS NEARER NORMAL.

BELFAST, To-day.  
Nearly a thousand persons from Belfast who went to Dublin for Easter holidays returned here to-day. They reported the wholesale surrendering of rioters and a general improvement in the conditions in Dublin. Reports from various parts of Ulster indicate that conditions are about normal there. The authorities here are confident that the situation is well in hand throughout the northern provinces.

## GUARANTEE BELGIAN CONGO.

HAVRE, To-day.  
The Belgian Government has received through the French Minister a declaration under which France, Great Britain and Russia guarantee the integrity of Belgian Congo.
