FIFTEENTH YEAR — SATURDAY MORNING, JUNE 9 1894—EIGHT PAGES — ONE CENT.

FINISHING UP THE TARIFF.

THE BARLEY DUTY MADE THE SAME AS IN THE U.S. BILL.

Eggs Will Also Bear the Same Duty in Each Tariff—Vinegar Reduced to Six Cents—The Insolvency Bill Reported—The Dillon Divorce Case to Be Reopened.

OTTAWA, Ont., June 8.—The whole of the afternoon was taken up with reading the tariff resolutions for the final approval of the House. Very few changes were made.

At the suggestion of Sir Richard Cartwright the duty of 15 cents per bushel on barley was altered to 30 per cent. ad valorem, the same as the United States duty, that the difference might not be represented as a grievance in case of reciprocity negotiations.

The Implement Changes Too Sweeping.

On the item "agricultural implements" Mr. Maclean thought the reduction had been too sweeping and read letters from Grant & Co. of Grimsby and the Massey-Harris Co., that their business would be seriously affected by the cut from 35 to 20 per cent. It was too sweeping.

Private Bills Passed.

After recess the following private bills were read a third time and passed:

To incorporate the Metis, Matane and Gaspe Railway Company—Mr. Turcotte.

To amend the act to revive and amend the act to incorporate the Rocky Mountain Railway and Coal Company—Mr. Davis.

To incorporate the Lake Megantic Railway Company—Mr. Pope.

To incorporate the Alberta Southern Railway Company—Mr. Davis.

To incorporate the Wolseley and Fort Qu'Appelle Railway Company. — Mr. Davin.

Respecting the Erie & Huron Railway Company.—Mr. Cockburn.

To amend the Acts relating to the Moncton & Prince Edward Island Railway and Ferry Company.—Mr. McInerney.

To again revive and further amend the act to incorporate the Red River Valley Railway and Coal Company.—Mr. Davis.

Respecting the Manitoba and Northwestern Railway Company of Canada.—Mr. Taylor.

Respecting the Montreal Island Belt Line Railway Company.—Mr. Bergeron.

The House then resumed concurrence in the tariff resolutions, and the items were run through, trifling verbal arrangements being made here and there.

A few changes were made as the items were read out, the most notable of which are that the excise duty on vinegar was reduced from eight to six cents, and that a proviso was added to the items of eggs, five cents a dozen that this duty may be reduced if the United States reduced the duty on Canadian eggs. Maple sugar had escaped the eagle eye of the Finance Minister, but he gave notice that he would move that it be charged 20 per cent.

Three Weeks More.

The general impression is that the session will last about three weeks longer.

Vinegar Men Seek Reduced Duties.

The vinegar manufacturers were here in force to-day urging that the proposed doubling of the duties on that article be reduced. They claimed that adulterated vinegar and vinegars from cider, etc., which paid no excise duty, would with eight cents a gallon excise as proposed on their product drive them out of business. The Government promised to consider the request.

Insolvency Bill Reported.

The Insolvency bill was reported to the Senate this afternoon by Hon. Mr. Bowell and its consideration will be commenced on Tuesday.

A Costly Senatorial Squabble.

Senator Clemow gave notice in the Senate to-day he will move on Wednesday that the Dillon Divorce bill which was dropped last night be restored to the order paper. There is a good deal of feeling over the treatment of this application by the Divorce Committee of the Senate. Two Senators had a squabble and one of them to spite the other proposed the bill and with such success that in a very thin House last night the report of the committee recommending that the divorce be granted was defeated by a vote of 23 to 24. This senatorial squabble has cost young Dillon over a thousand dollars and has furnished a very strong argument in favor of the establishment of a divorce court for the Dominion.

The holding of the Intercolonial Conference two weeks hence will be marked by a number of social events.

THE WASHAGO SHOOTING.

A Warrant Issued For a Former Hotelkeeper.

ORILLIA, June 8.—Early in the spring William Ingersoll, an Indian from Rama, while out on a fishing expedition at Washago, received an ugly wound in the left arm caused by a ball from a rifle fired by someone on shore. For some time the matter received no more than passing notice, popular opinion being that the party who fired the weapon had no evil intention further than that they aimed at some object and missed. Investigation, however, proved otherwise, and on the information of Indian Agent McPhee of Rama, Constables Clarke, Black and Cotton were assigned the task of arresting Christopher Mann, who at the time of the shooting conducted a hotel in Washago, and who, the authorities say, is the party who unsuccessfully attempted to take human life. The trio of Orillia officers drove to Washago to find that the bird had flown.

The Minden Suicide's Body Found.

GELERT, Ont., June 8.—While Joseph Howe was crossing Lake Kushawigmog today he found the body of Alonzo Stata floating about one mile from shore. Stata was a lunatic, and escaped from the constable while being conveyed to the asylum.

Meyer's Permanent Address is Sing Sing.

NEW YORK, June 8.—Dr. Meyer, convicted of poisoning Ludwig Brandt, has been sentenced to life imprisonment at Sing Sing.

German Cable To Southwest Africa.

BERLIN, June 8.—At a meeting of the Colonial Council to-day Dr. Kayser, director of the Foreign Office, presiding, it was proposed to lay a direct submarine cable to the southwest coast of Africa.

THE CAMPAIGN.

Fully 10,000 Names Will Be Added To the Registration—Political Gossip From Various Constituencies.

Another day and the list of names on the registrars' books grows larger. Although yesterday's totals will not reach those of Tuesday and Thursday, the result of the three days will not be less than 10,000.

During the day names came in slowly, but with the dusk the rush set in. From 7 to 10 o'clock every registrar was busy. The energy of the party workers was expended in hunting up somnolent ones who knew nothing of registration or its results.

South Toronto showed little diminution in the number and there will be over 5000 registered voters in this district when polling day dawns. Of the other districts North Toronto leads, while East and West Toronto will each have less than 2000. Yesterday's registration is computed at 2500.

Farmer-General Dryden is evidently seriously put out by the disclosures made by Prof. Shaw, late farm superintendent of Guelph Agricultural College, with respect to the purchase of a Hereford bull and cow from Robert Mackie, one of Mr. Dryden's disgruntled constituents.

The auctioneer and Robert Mackie have both made affidavits to help Hon. John Dryden, but altogether corroborative of the story of Prof. Shaw—that Mackie was a disgruntled constituent of the Minister of Agriculture, and that the Department spent $400 with him to bring him back to the fold. To a gathering of his constituents Mr. Dryden made an explanation. He said:

"The facts are that I interested myself in one of my constituents. The college was buying cattle, and Mr. Mackie had as fine a herd of Herefords as anyone else in the province, and had been overlooked. He naturally felt sore about it, and as one of my constituents I represented his case to the college authorities. I am not going to take any of it back. If any of you get into trouble and I can help you I am bound to do it. There was nothing corrupt about it. If there is anything in the charge it would be that I ordered Prof. Shaw to buy these animals and pay more than they were worth. If that is true I am culpable. But if the College wanted cattle and Mackie had good ones at reasonable prices, who will say that I did wrong to encourage Prof. Shaw to buy them there? Prof. Shaw first approached me on the subject, after my appointment as Minister, which was after the election had taken place, and a purchase from Mackie could do me no good anyway. Prof. Shaw's recommendation being in accord with my previous suggestion as a private member, I could hardly ignore it and direct him to purchase elsewhere."

Mr. Arthur Mowat, son of Sir Oliver Mowat, in a letter to The Globe regarding the statements of J. J. Muldoon, says: "Every statement Muldoon makes of wrong-doing by the committee, of which I was a member, and to which he refers, is false. The committee did not 'provide false beards and mustaches to be used upon personators.' The committee did not 'provide for looking after personations,' and it is not true 'that personation was carried on at that election on behalf of Messrs. McDougall and Tait at the instance of our committee.' That Muldoon personated some voters at that election I believe now to be true. That he induced some kindred spirits to do likewise is not improbable. That he induced many to do so is extremely unlikely."

Two Candidates Selected at Ottawa.

OTTAWA, June 9.—The adjourned Conservative convention was held at 8 o'clock last evening, but up to 1.30 this morning no candidates have been selected, although several ballots had been taken. The whole evening was spent in a wrangle which was no credit to the Conservative Party of this city.

At 1.40 this morning the convention selected McVeity and Durocher as candidates, and they were made unanimous choices.

Rumors of early prorogation were rife about the House last night and several leading members of the Opposition expressed their opinion that prorogation would take place not later than Saturday the 23rd, so that the Ontario members may have a chance to take a hand in the provincial elections.

There is a good deal of business to get through with, but if the Opposition is willing to let matters go there is no reason why everything cannot be rushed through in the time named.

Political Notes.

Two additional meetings, at which Sir Oliver will address the faithful, were arranged for last night. They are: June 18, St. Catharines; June 21, Simoce (Norfolk county).

The Conservatives of South Norfolk met a day or two ago and upon Mr. Elias Boughner declining to become a candidate it was decided not to place anyone in the field. The contest is therefore between Messrs. Charlton (Reform) and Cruise (Patron).

A Battle Creek doctor has invented a machine for accurately testing a man's strength, and discovering just where he is the weakest. If he can get it on the market before the elections are held, several gentlemen by the name of Mowat, Meredith and others will forward their advance orders at once.

Hon. N. Clarke Wallace, accompanied by Dr. Beattie Nesbitt, will address meetings at the following places next week: Omemee, East Victoria—Monday, June 11. Cannington, North Ontario—Tuesday, June 12. Blackstock, West Durham, Wednesday, June 13. Listowel, North Perth—Thursday, June 14. Exeter, South Huron—Friday, June 15.

Col. Kerns, the Conservative candidate for Halton, has been interviewed by a committee of the Patrons and accepted every plank of their platform, except that of the abolition of the Senate. He said the Senate should be an elective body, but he did not think that it ought to be abolished.

An enthusiastic meeting in the interest of Mr. Langford, the Conservative candidate, was held in the Town Hall, Bracebridge, last night. Addresses were delivered by Mr. W. R. Meredith, Mr. G. F. Marter and the candidate, Mr. G. E. Langford. A large crowd came from Gravenhurst by special train and another from Port Carling by special boat.

OBJECT OF THE CONFERENCE

WILL BE THE PROMOTION OF INTER-COLONIAL TRADE.

Together With the Question of Inter-Imperial Cable Communication—Sir John Colomb Writes to The Times Seeking More Light as to What Matters the Delegates Will Discuss.

LONDON, June 8.—In the House of Commons to-day Mr. Sydney Buxton, Parliamentary Secretary for the Colonies, referring to a question by Mr. J. Crombie in regard to the matters to be discussed by the Intercolonial Conference at Ottawa, said the conference would consider the questions of cable communication between the United Kingdom and Australia by way of Canada, and improving trade relations between Canada and Australia and the colonies generally.

England Knows Little of the Object of the Convention.

LONDON, June 8.—(Telegram special.)—Sir John Colomb in a letter to The Times to-day devotes his attention to the approaching Intercolonial Conference at Ottawa, and urges the necessity for a clearer exposition of the aims and objects of the convention. The people of England are, he says, quite in the dark as to the precise nature of the conference and fuller information as to its power and limits should be demanded. Especially should it be explained whether the gathering of representatives has been arranged by the whole series of Colonial prime ministers or if it is simply a means by which pressure can be more surely brought upon the Imperial Government in order to obtain the subsidy necessary to float the Pacific cable and other schemes. If the object of the conference is simply to improve the trade between Canada and Australia, why in the name of reason should the Cape Colony send delegates to Ottawa? The present large demands on behalf of the British navy forbid the guarantee to the proposed railway in Uganda, and Sir John argues that it is fair to presume that the same cause will preclude the granting of a subsidy to a fast Atlantic mail line or a Pacific cable enterprise.

THE DEATH TAX AN INJUSTICE.

Sir John Hall Addresses the Colonial Party at Westminster.

LONDON, June 8.—A meeting of the colonial party in the House of Commons and the colonial representatives in London was held last evening, Sir Charles Dilke presiding, Sir John Hall, ex-premier of New Zealand, vigorously denounced the proposal of the Government to impose a tax upon colonial property held in England. It was as great an injustice, he declared, as the tax by which England lost the American colonies in 1776. The people of New Zealand, he said, were opposed to the annexation of Samoa and were also opposed to the levying of preferential duties between England and the colonies.

The meeting congratulated the Government on the appointment of the Earl of Jersey, formerly Governor of New South Wales, as Imperial delegate to the Colonial Conference at Ottawa.

Natal declines to take any active part with the colonies in their joint protest against the death duties proposals of the Chancellor of the Exchequer.

DEATH DUTIES BRED STRIFE.

They Have Caused the First Serious Difference Between Britain and Australia.

LONDON, June 8.—In a speech in London this evening Lord Salisbury made a strong attack upon Sir William Harcourt's budget. The death duties proposed by the Chancellor of the Exchequer, he said, provides the English brethren in the colonies with a rod of offence. They had caused the first serious difference of opinion between Australia and England.

Concerning Home Rule Lord Salisbury said that the crisis which had endangered the integrity of the empire was now passed. He was convinced that in the next general election the people would endorse the action of the Lords in rejecting the Home Rule bill.

The Labor Problem Causes Uneasiness.

Among the many problems that were pressing for solution, the labor problem was perhaps the most conspicuous. It was causing general uneasiness and anxiety. While the population of the country grew constantly, the means of employment did not increase with equal rapidity. The tariff wall which separated Great Britain from almost every other civilized nation was rendering the chances of self-support fewer than ever. The resulting difficulties were largely new ones, and it would not be surprising to learn that the legislative machinery hitherto used had become inadequate. The Liberals had done nothing toward smoothing the way to the adjustment of class differences, but had incited class against class. The Conservatives, however, hoped to preserve the mutual harmony of the classes, and they would undertake the solution of the formidable social problems.

DEADLY STORM IN BAVARIA.

Several Killed By Lightning—Nine Persons Drowned.

BERLIN, June 8.—A phenomenal storm swept over the mountains of Bavaria yesterday. Several persons were killed by lightning. Eight or nine were drowned in lakes. The loss of property is reported as very heavy.

CALEB HARTLEY WAS POISONED.

The Public Analyst Finds that He Did Not Die From Natural Causes—No Arrests Yet Made.

Caleb Hartley, whose mysterious death at New Durham, South Oxford, has been the subject of much excitement for some weeks past, was deliberately poisoned. Who the culprits were is for the Coroner's jury to decide. Prof. Ellis of this city has forwarded the result of his analysis to the Coroner, and it is understood that positive traces of poison have been found in the stomach of the deceased.

The inquest will not be resumed until Tuesday next, June 12, and meantime the parties suspected of the murder have, thanks to the laxity of the county authorities, been allowed to wander at their own sweet will.

Considerable evidence was taken at the adjourned inquest the other evening, all of which tended to show that deceased did not die from natural causes.

THE RIOTOUS COAL STRIKERS.

Alarming Reports From Many Sections—No Bloodshed Yesterday.

COLUMBUS, Ohio, June 8.—In a telegram to Governor McKinley to-night Gen. Howe tells of the resistance he met at Wheeling Creek. There 700 strikers held the railroad and refused to withdraw. The regiments were drawn up in line of battle. This enraged the strikers and they started toward the militia, who were ordered upon the strikers. The latter held their ground and had to be pushed from the railroad property by the troops. Gen. Howe states that the troops are now surrounded by strikers, who are on the hills, and more troops are needed. Governor McKinley immediately ordered Col. Bunker to proceed east with the 16th Regiment, the Toledo Cadets and Battery D of the First Light Artillery, which arrived this evening from Toledo, to report to Gen. Howe. He also ordered a part of the 3rd Regiment at Dayton to report here at once to form a reserve force to be held here. Speaking of the situation at Wheeling Creek to-night Gov. McKinley said he regarded it as very critical. Twenty-four hundred troops are now in the field.

Wrecked a Train—Shot An Engineer.

CHARLESTON, W. Va., June 8.—News has reached here that strikers attempted to wreck a passenger train on the Chesapeake and Ohio Railroad near Winifred, a short distance from this city, last night. The engine was damaged by running into a pile of ties that had been placed on the track.

It is also reported that strikers shot and killed the engineer of a coal train on the Norfolk & Western Railroad in Wayne County this morning. Much activity prevails at the Governor's office and state troops are being ordered out to suppress strikers on the Baltimore & Ohio Railroad.

Leader of the Rioters Disguised, But Arrested.

PEORIA, Ill., June 8.—John L. Geher, the President of the Peoria Distric Miners' Union, ex-member of the Legislature, the leader of rioters who destroyed the Little mine near Wesley on Wednesday last is now in the hands of the Tazewell county authorities. His arrest was accomplished by the Sheriff of Peoria county at an early hour this morning. He had shaved off his whiskers and otherwise disguised himself preparatory to flight.

300 Strikers After 30 Farmers.

RIDGEWAY, Pa., June 8.—Three hundred strikers left Centreville about 5 o'clock this evening and are marching to St. Mary's, where 30 farmers are digging coal. The strikers are well armed. A special train left here at 7.30 to take deputies to St. Mary's.

A Coal Train Held Despite the Sheriff.

CHARLESTON, W. Va., June 8.—Strikers at Bogg's Run, Marshall County, captured a coal train on the Baltimore and Ohio Railroad this morning and refused to let it go notwithstanding the authorities demanded its release. The sheriff of the county and his deputies were soon on the ground, but this had no effect, and Governor MacCorkle was asked for aid. This evening he ordered six companies of militia to the scene.

Scotch Miners Will Strike.

EDINBURGH, June 8.—In consequence of the determination of the Miners' Association of Scotland to reduce the wages of their employes by one shilling a day the Scottish Miners' Federation has decided in favor of a general strike.

KILLED BY A TOMBSTONE.

Eustache Robillard Meets With a Horrible Death at Ottawa.

OTTAWA, June 8.—Eustache Robillard, aged 20 years, who lived with his mother and brother at Janeville, met with a horrible death about 10 o'clock yesterday morning. For seven years he had been a carter for R. Brown, proprietor of the marble works in George-street. Yesterday he had to take a heavy tombstone to Beachrook. Near Blackburn a traveler found his horses standing still on the road and Robillard dead, his head sticking from between two spokes of one of the wheels and his body caught in the wagon. His neck was broken, and from the appearance of the road it was deducted that the horses had gone some yards without the wheel, in which the deceased's head had caught, turning, and had then stopped, owing to the heavy strain on them. Deceased was subject to fits.

To Cover Canada.

It may be an ambitious project, but the brewers of the celebrated East Kent Ale have determined to make it the standard all over the Dominion. Starting in Toronto they have so far met with the most gratifying success. At all the hotels and clubs, as well as in the stores of wine and liquor merchants, this unequalled ale is now first in favor, and orders are increasing every day. Though undisputably the best manufactured, East Kent Ale is sold at every-day prices.

HIS SENTENCE COMMUTED.

Thomas Williamson, Ex-Reeve of Markham, Has Two Years Cut Off His Sentence by the Governor-General.

The Governor-General has considered the petition from Toronto and York County for the commutation of sentence of Thomas Williamson, Ex-Reeve of Markham, and the decision reached is that the sentence be commuted to 5 years, less the allowances for good conduct.

Williamson committed a number of forgeries and fled the country. He was captured in Nevada and extradited, and sentenced to seven years' imprisonment. Even with the commutation he will have nearly two years yet to serve before he is released.

Dyspepsia, Dizziness, Drowned.

COLLINGWOOD, Ont., June 8.—Emily Roberts, a maiden lady of 45 years of age, was found drowned at Fleming's dock this morning. She had been suffering from dyspepsia for some years and may have had a fit of dizziness when walking at the end of the dock. The body was found in four feet of water.

Two Victims of a Water Bicycle.

GUELPH, Ont., June 8.—This evening about 8 o'clock, while a Mr. Phillips and a friend were trying a water bicycle on the river, the machine upset, throwing the two men into the river, together with two young boys named Smith and Heffernan, who were on with them. The two men got ashore, but the boys sank and were drowned. The body of young Smith was found about 10.30, and the river is still being dragged for the remaining body.

Fearfully and Wonderfully Made.

Scientists tell us there are two pounds of glue in every man's body. We are glad of it. We are going to stick to low prices as long as our glue supply lasts. Sometimes we feel like advancing our prices, but the public may rest assured that as long as there is any bargains to be had in ordered clothing we will have them. For instance, last week we got a line of English pantings worth six, selling them at four dollars, also some nice Scotch tweed suits at $16 to your order. These are prices that talk, but to tell you all would take up too much space in this paper and that costs money, so we have to invite you to call and inspect for yourselves. Waterson, 126 Yonge-street.

At the Midway.

The Midway was thronged all afternoon yesterday with school children, and in the evening the usual big crowd was in attendance and everyone laughed at the comic efforts of the mimic foreigners. The different theatres are well patronized and large numbers of spectators are sure to turn out twice to-day.

After the matinee, which will be held at 3 o'clock, there will be a procession of all the performers, the route being Simcoe, King, College-avenue and University-street.

Dollar Articles For Fifty Cents.

Quinn's fame for fine neckwear is becoming more and more widely spread as time goes on apace. He is now showing a window of grey neckwear at fifty cents. It seems something worse than a crime to sell such a rich quality of goods for such a ridiculously low figure. We doubt very much if there is another store in this country where such articles could be procured for less than one dollar.

The investment annuity policy of the North American Life Assurance Company, Toronto, Ont., provides that at death, or if on the endowment plan, at the maturity of the endowment period, the company will pay the amount of insurance in 20 or 25 equal annual instalments, the first of such to be paid on the occurrence of the event, or at the end of the endowment period. A much lower rate of premium is chargeable on this than on the other plan of insurance, on account of the payment of the face of the policy being extended over a period of years.

For full particulars as to this and the other excellent plans of the company, apply to the head office, North American Life Assurance Company, 22 to 28 King-street west, Toronto, Ont., or to any of the company's agents. 246

FRANCE IN MADAGASCAR.

Objection Taken To a Concession Made To the United States.

LONDON, June 8.—Advices from Antanarivo, under date of May 31, say that the French residents there have entered a formal protest against the concession recently secured by John L. Waller, Ex-United States Consul at Tamatave, declaring that France will refuse to recognize any concessions made to foreigners without her permission. The concession granted to Mr. Waller last March covers an area of 225 square miles in the rubber district on the south coast of Madagascar.

EGGS ARE ON THE FREE LIST.

THE SENATE REDUCES THE BUTTER TAX TO FOUR CENTS.

Barley Raised to 30 Per Cent, and Barley Malt to Forty—The Oatmeal Duty Fixed at 15 Per Cent.—A Motion to Put Three Cents a Dozen on Eggs Defeated.

WASHINGTON, June 8.—In the Senate today paragraph 190 of the Tariff bill fixing the duty on buckwheat, corn, or maize, cornmeal, oats, rye, flour, wheat and wheat flour at 20 per cent. ad valorem and on oatmeal 15 per cent. ad valorem was agreed to.

The next paragraph was No. 191, barley and barley peeled patent, or hulled, 25c ad valorem; barley malt 35 cents ad valorem. The amendment of the Finance Committee was to increase the rates to 30 and 40 per cent. ad valorem. After some remarks the committee's amendment was agreed to.

Duty On Butter Reduced.

The duty on mackaroni, vermicelli and all similar preparations was fixed at 20 per cent.

The duty on rice, cleaned 1 1-2 a pound, uncleaned 1c, and rice meal and rice flour 1-4c, as in the House bill, was adopted.

Butter and substitutes therefor 4c a lb., as in the House bill, was adopted (the present rate is 6c and there is quite a trade with Canada).

Cheese was changed from 25 per cent. to 4c a pound.

Eggs Made Free.

The paragraphs on milk, beans, etc. (196, 197 and 198), were severally agreed upon, Mr. Jones withdrawing his proposed amendment putting duties on broom corn, cabbages, cider, eggs and yelks of eggs.

Mr. Platt (Rep., Conn.) moved to put eggs on the dutiable list at the rate of 3c a dozen. The amendment was rejected and then at 6.15 p.m. the Senate adjourned.

Ten Millions Lost in Oregon.

PORTLAND, Ore., June 8.—The Willamette continued to rise until yesterday morning, since which time it has been stationery at 33 feet, five feet above high water mark of 1892. Snake and Upper Columbia Rivers continued falling. The estimates of the loss are placed as high as $10,000,000.

A cyclone has visited Grant Coy, killing at least three persons and doing great damage to crops and property. A family named Parrish is said to have been killed.

Carried Away the Jail.

BONNER'S FERRY, Idaho, June 8.—The Kootenae River continues to rise at the rate of nearly a foot in 24 hours. The main street is from 5 to 10 feet under water. The business portion of the town has been completely deserted.

The Great Northern freight cars are nearly covered with water, and more than 20 buildings have been taken down the river by the flood. The postoffice and Vaugast's large merchandise store were washed away this morning. The heavy log jail was taken up by the flood and carried, with the prisoners, a mile down the river, but it is not known whether the prisoners were drowned or escaped. The people are in sore distress, and the loss to property cannot be estimated.

Coxeyite Transports Wreck—Many Lives Lost.

BRIGHTON, Col., June 8.—Twenty-five of the Coxeyites who departed from Denver in boats are missing, as the result of the upsetting of a number of their boats. It is thought that about 20 have been drowned. Dead bodies can be seen on sandbars and lodged in trees, but cannot be recovered. The Platte River was a raging torrent yesterday and many of the boats were wrecked at the bridges. Twenty-nine boats, containing 185 men, passed Henderson Island Bridge. Only 20, with less than 1000 men, reached Brighton. Some boats were deserted, the occupants taking to the road. At the McKay bridge several men were drowned. At Henderson Island bridge 21 men were in the water at one time, but were rescued with ropes. The body of one man from Utah known as "Frenchy" has been recovered. On one boat containing eight men, six are said to have been lost. The most of the bodies have been washed down stream. A number of men are clinging to trees along the river banks and an order has been telegraphed to Denver for skiffs to take them off.

Gale on the Cape Breton Coast.

WHITE POINT, C.B., June 8.—A severe gale prevails here. Eleven boats are stranded and it is supposed great damage has been done to nets and lobster traps all along the coast.

Your Wife Will Leave You

If you wear that old suit much longer. It looks so worn and shabby and has no more style about it than a cord of wood. You would not be a bad looking fellow if you were dressed procerly. If you don't believe it call and see what a difference Waterson can make in your appearance. Need not cost you more than sixteen dollars, either. Have a pretty line of suitings for that price, and guarantee a fit or no sale. 126 Yonge-street.

A Russian Village Burned—600 Homeless.

ST. PETERSBURG, June 8.—The greater part of Radzilow, Lomshagart, was burned Wednesday. Twelve persons perished in the fire, many were injured and 600 families were left homeless. The fire was incendiary.
