ne hove in sight and the manage-
mittee fired a salute of 21 guns from
der, and the reply was promptly
n the steamer, which, when made
wharf, was quickly boarded by the
committee, heartily welcomed and
ver to the stewards of the day to be
d and taken care of. At 12 o'clock
ers Nelson, Surprise and Idaho ar-
were received with a 2 gun salute,
whistles all blowing simultaneously
d mountains ring again with the
echoes for which this lake is re-
in its similarity to the Lake of Kil-
Ireland.

ll were ashore, dinners and luncheons
ed, and enjoyed with regular moun-
ites, after which dancing commenced
art of the company, two fine bands
tendance. Other events were carried
r the city, and the greatest possible
ergy was apparent everywhere, the
being especially delighted with
pleased to call their grand reception.
o'clock the Nelson had to leave to en-
passengers to take part in the dances

was served at 6:30, and after a much
est the dancing commenced at 8
the music of an Italian string orches-
-class performers. This was kept up
intermission by the various couples
, when a light lunch was served. The
en boarded their respective steamers,
speeches of welcome and mutual con-
ns, they steemed off amid cheers and
all delighted with their visit.
lowing is a list of the events which
essed by about 800 people:—

From THE DAILY COLONIST, June 9.

THE CITY.

Bitten by a Dog.

Yesterday afternoon, Mrs. Driven, a resident on the Saanich road, came to the police station, and asked that an officer be detailed to shoot a dog, which had bitten her little boy. Officer Abel, upon the consent of the owners of the dog, destroyed the animal.

The V. A. C. Team.

The following are the names of those composing the Victoria Athletic Club's baseball team to oppose the James' Bays next Saturday, the names of the Bays having already been published: Lenfesty, pitcher; Huxtable, catcher; Partridge, 1st base; Hayes, second base; Scott, 3rd base; Smith, short stop; Brunell, left field; Gouge, centre field; Meldram, right field; Wriglesworth, reserve.

Cricket.

Two teams of the Corrig College students had some excellent practice yesterday afternoon at the Hill. Mr. Cartwright made a fine innings for 40, and A. Field's 11 was a carefully played innings. The totals on each side were:

Mr. Cartwright's Eleven 63
Mr. Selkirk's Eleven 32

The College expect to meet an eleven from the Navy on Saturday next.

The Insurance Cases.

Mr. W. J. Taylor returned last night from Kamloops, where he was attending the Assizes. A. E. Howse, of Nicola, charged with complicity in the burning of some buildings, was found guilty, and sentenced to one year's imprisonment. Clark, mixed up in the same case, was given six months. Mr. Taylor appeared for the defence, Hon. Mr. Pooley watching the case in the interests of the insurance company.

Sunday School Union.

A regular meeting of the Teachers' Union of the Church of England was held in St. Mark's church, on Thursday evening, there being present representatives from all the different Episcopal churches in and around the city. A large amount of general business was gone through, and in the Superintendent's report it was shown that the general attendance of the Sunday schools was gradually increasing. The next place of meeting will be Esquimalt.

Handsome Prizes.

The medals won by Westminster athletes at the Victoria celebration have arrived, and are much admired. The Times championship medal, which Mr. Turner won, is remarkably handsome. It represents a miniature copy of the paper, in gold, forming a novel feature. The other medals won by Mr. Turner and the silver medal won by Mr. Martin are also very fine. The canoeing medals, won by Messrs. Blomfield and Springer, show taste and originality in workmanship, Mr. Blomfield's single paddle medal being especially neat in design.—Columbian.

Misplaced Confidence.

Mrs. Fox is a victim of misplaced confidence. She visited Westminster this week, leaving her house in charge of a colored woman, who met her at the dock on her return, last evening, and accompanied her home. At the door, the lady of dark complexion made an excuse that she wanted to run down town for a moment, and walked away. When the Kingston sailed she is believed to have been a passenger, and the police were informed last night that she had stolen a quantity of jewelry, money and clothing left in her charge. The police of Seattle were communicated with by telegraph.

"Town Topics."

The publishers of "Tales From Town Topics" have evidently exerted themselves to infuse all the freshness and fragrance of the month of roses into No. 4 of the series, which has just appeared. There are many stories in which the captivating characters are placed in an environment of summer scenes, with the sea or mountains for a background, and the poetry and wit of the volume all contain more or less of the gay and vernal spirit that distinguishes nature in this season of pleasurable pastime. As a summer book, "Tales From Town Topics, No. 4," is a refreshment, and will add materially to the gaiety of the hot weather.

St. John's Concert.

The following is the programme to be given in St. John's schoolroom, this evening, in aid of the organ fund:

PART I.

Piano Solo.....Rapsodie (Liszt.....
.....Automatic Piano
Song.....The Bedouin's Love Song.....
.....Mr. C. Rowlands
Ballad.....Summer Shower...Miss Twiss
Dance.....Cachuca...Miss Flo. Gowen
Song.....Thy Sentinel Am I.....Mr. Kent
Song.....I'll be a Soldier, Mother.Mrs.Temple
Song.....Garonne.....Mr. Keith

PART II.

Piano Duet.....Sleigh Bells.....
.....Misses Arden and Lipscombe
Song.....Golden Love.....Mrs Jacion
Song.....Mr. C. Rowlands
Song.....Fiddle and I.....Miss M. Twiss
Recitation.....Miss Lawson
Vocal Duet...Land of the Swallows.....
.....The Misses Twiss
Piano Solo.....Selections...Automatic Piano
God Save the Queen.

New Board of Trade Building.

A meeting of the trustees of the Board of Trade Building Association was held, yesterday morning, to consider the tenders for the erection of the new building. The contract was let to Messrs. Dinsdale & Burns, their figure being somewhere between $35,000 and $40,000. The old building on the site opposite the Bastion street Court house will be removed at once, and work will then be commenced on the new structure, which will be after the plans prepared by Mr. A. Maxwell Muir and to which extended reference has been previously made. Mr. C. E. Renouf brought up the idea of building a suitable "Chamber of Commerce," some eight months ago, and, thanks to the energy of those who have had the matter in hand, there has been some $30,000 subscribed so far. The new structure will be a credit to the city.

Victoria Yacht Club.

A largely attended meeting of those interested in the formation of a yacht club in this port was held last evening, and, as predicted, the enthusiasm of the promoters of the project was amply rewarded by the result. Forty-six members were enrolled, all good men and true in matters aquatic. Capt. J. C. Cox was called to the chair, and Capt. Foot was appointed secretary *pro tem.* The project was discussed at some length, and a decision unanimously arrived at that a club be formed, that it be known as the Victoria Yacht Club, and that a committee be appointed to draw up a code of rules and by-laws for the government of the members. The committee selected were Capt. Cox, Capt. Magnesen, H. Newton, Sergt.-Major Mulcahey, and Mr. Charles. Messrs. Seeley, Lowen, Mitchell and Capt. Cox were appointed a committee on ways and means, and the meeting adjourned until Wednesday evening next to receive reports and elect officers. It was agreed that the club should be represented at Anacortes on the 4th July celebration there, but what boats are to go has not yet been definitely decided upon.

The Gun.

The Union Gun Club have decided to send a representative team to the tournament which will take place at Seattle, on the 17th, 18th and 19th of this month. All of the crack shots of the Pacific Northwest gun clubs will meet. The Union Club will, no doubt, "keep their end up" with the best of the sharpshooters.

Sunday School Excursion.

There was a largely attended meeting of the members of the Centennial Methodist church last night to make arrangements for the annual Sunday school picnic to be held on July 1. Pedder Bay was the rendezvous selected, and to get there the Princess Louise has been chartered for the day. A good time is looked for.

Further Rich Finds.

Further discoveries of valuable ore in the Slocan neighborhood are reported from Kaslo City. The finds are about 14 miles up the north fork of the Kaslo, not far from the mouth of Bear creek, and the general assays run about 105 to the ton. One similar to that of the Montezuma has also been discovered by the prospectors, and many others are now going out of Kaslo.

A New Steam Launch.

H. R. Foot & Co. have completed an auxiliary steam yacht for the Rev. Mr. Nixon, of Denman Island. The neat little craft is 42 ft. in length, with a beam of 10 ft., and a depth of 5 ft. She only awaits the arrival of the engines, 6 h. p., which are being manufactured by the Doty Engine Co., Toronto, when she will be launched. The yacht is a beauty, and one which does credit to the builders.

A Bastard's Trick.

On Sunday last, a horse belonging to Mr. S. Schoen was severely wounded in the neck by some malicious person or persons, who, evidently having some grudge against Mr. Schoen, thought to vent it on the poor animal, which was at the time pasturing in a field in the Work Estate. The cut in the animal's neck is about four inches long, and if it had not been attended to at once would, no doubt, have killed the horse. Detectives are working up the case, and it is thought that before long the circumstances of the matter will be brought before the police magistrate.

The Race Off.

Alex. McLean came over by the Yosemite on Tuesday to complete arrangements with Angus McCormack (or McLean) for a race on Shawnigan lake. Mac No. 2, however, backed down, and the $250 he was boasting of was not forthcoming. Alec. offered to row for $50, and even this small sum the other Mac or his friends were not disposed to put up. The "champion" scornfully declared "The fellow couldn't row a Chinaman." McLean is open to an engagement for any amount, and is confident that he will get the best of McKay, whom he is to meet on the 18th inst. at Vancouver. Mac looks in fine form, and is in good spirits.

The A. O. U. W.

Mr. John Milne, past grand master of the A.O.U.W., of Ontario, arrived on the Yosemite, last evening, and registered at the Victoria. Mr. Milne has been organizing the grand lodge of Manitoba and the Northwest Territories, and having a few days to spare, is paying a visit to the coast before proceeding to the Supreme Grand lodge to be held next week at Helena, Mont. On the invitation of Grand Master G. Leiser, of British Columbia, he attended a meeting of Victoria Lodge, No. 1, last night, and took charge of the work in the second degree. Afterwards Bro. Milne made a short but instructive and eloquent address, convincing all present of his thorough mastery of the work and principles of the order. This evening he will leave for Helena, accompanied by G. Leiser, J. T. McIlmoyle and H. Hoy, representatives of the Grand lodge of this province. Mr. Milne resides in Essex, Essex County, Ont., and was grand master of Ontario Grand lodge, which has a jurisdiction of 26,000 members, for two years. After the adjournment of the Supreme Grand lodge he will return to the Canadian Northwest, and complete his mission, afterwards proceeding home.

A Shooting Affray.

Robert Dudgeon and James Rollin were arrested, yesterday afternoon, by the provincial police, on a charge of maliciously shooting at Mrs. Samuel Sea and Miss Sea, wife and daughter respectively, of a farmer named Samuel Sea, who lives on the Burnside road. The case is a most peculiar one. Miss Sea says that on Tuesday afternoon she was at home with her mother, when she heard some shots fired about the house, and went out to see what was the matter. Not far from the house were two men, each carrying a shot gun. She enquired what they were doing, and without reply one of them raised his gun and fired in her direction. One of the pellets of shot hit her in the face two inches under the eye, drawing blood. Miss Sea then ran back to the house, and as she retreated both guns were fired at her, a number of the pellets striking her in the back. Mrs. Sea afterwards came out, and when she asked the "sportsmen" what they wanted, the guns were again discharged. Besides this, the men are said to have used all sorts of abominable language towards her. They finally walked away in the direction of the city. Sergeant Langley, of the provincial police, was put in possession of the facts, and soon had the men located. They will be tried at the provincial police court to-day. No reason for their most extraordinary conduct has been assigned. The men were last evening admitted to bail, themselves in $500 each, and each of them two sureties of $250 each.

THE CLOSE OF HIS CAREER.

Harry Blether Commits Suicide While Under Arrest at Santa Cruz.

A San Francisco dispatch of last evening says: "Harry L. Blether, who committed suicide at Santa Cruz shortly after his arrest for forgery, was well known in this city and in Victoria, B. C. He recently served a two years' term of imprisonment in the Victoria prison for taking stolen goods into the province. He had also a record in Portland and Seattle. Blether recently came to the city and married a daughter of an Italian restaurant keeper; in April he rented a desk in Detective Metzler's office, and represented himself as a money lender and agent for the Pacific Investment Co. Metzler, hearing of his record, made him move. Blether also tried to swindle several local stablemen in the sale of horses. He was 28 years old."

Capucin Extensions.

ROME, June 8.—Father Bernard Christen, General of the Capucins, will sail from Genoa, on the 15th of June, to the United States, charged by the Pope with the duty of visiting the houses of the Capucin order in America. Father Christen, will also establish many new missions of the order in the United States.

AN IMPORTANT MEETING.

The Second Reading of the Victoria & Sydney Railway By-Law.

Communications on Various Subjects—A Busy Night's Work Carried Through Successfully.

At the regular meeting of the City Council last evening, Mayor Beaven in the chair, the following Aldermen were present—McKillican, Baker, Bragg, Lovell, Munn and Hunter.

The minutes of the previous meeting were adopted. The following communications was read:—

From the City Surveyor, stating that the street grades by-law should be amended.

It was moved by Alderman Baker and seconded by Ald. Lovell, that the recommendation be approved, and that the City Surveyor be requested to supply the necessary information to the City Solicitors, so that an amended by-law may be drawn up. The motion was carried.

From Bodwell & Irving stating that unless the sewage flowing from Fort Street into the property of Major Dupont were diverted they would have to commence action on behalf of their client to have the nuisance abated.

On motion of Ald. Hunter the letter was received and filed.

From R. J. Williams, asking that when the drains were laid from the Driard House, other residents in the vicinity be allowed proper sewers on the same level. Referred to the Sewerage Commissioners and Sanitary Engineer.

From C. N. Gowan, tendering his resignation as assistant engineer in the Fire Department.—Resignation accepted.

From Messrs. Storey and others, asking what had been done in regard to the moving of the fence on Herald street, referred to at a previous meeting.

On motion, the opinion of the City solicitors was read and a copy ordered to be sent to the petitioners.

From Eberts & Taylor, stating that they could not find in the original contract or in the by-law any power granting to the Commissioners the right to vary the contract or the time allowed for the completion of the contract.

Filed, and copy to be sent to Sewerage Commissioners.

From Alex. McBean, asking for instructions as to his future conduct of the sewage contract, and stating that, owing to the notice received by him as to the appropriations giving out, he had discharged a number of men and had suspended operations to a certain extent; that he had now been ordered to open up the system from Government street to the Driard, and it would not pay him to extend over three years a contract which could be completed in eighteen months.—Referred to the Sewerage Commissioners and Sanitary Engineer.

From Col. Prior, stating that his request for space in the Public market to store the volunteer's accoutrements, was not made under the impression that the volunteers were to have the use of the market for nothing.

ALD. MCKILLICAN stated that he had seen Col. Prior previous to the meeting, and that arrangements satisfactory to both had been agreed upon.

ALD. STYLES thought that the volunteers should do something for the city, and have the magazine at Beacon Hill removed.

ALD. MUNN stated that he had the personal assurance of Sir Adolph Caron that the magazine would be removed.

Request granted.

Chief Engineer Deasy reported six fires during the month of May. He recommended that some action be taken as to the erection of smoke stacks as the chief cause of fires were chance sparks.

From W. S. Gore, deputy commissioner of Lands and works, offering on behalf of the Government, to contribute $500 towards opening up Tolmie avenue, provided the city would give an equal amount.—Referred to the City Engineer and Street committee.

The report of the Finance committee recommending the payment of accounts amounting to $2,386, was adopted, and the accounts ordered paid.

The same committee reported that they had paid $1,508.12, and their action was approved.

From Inspector Northcott, estimating the cost of proposed alterations at the Deluge house at $697.

The report of the Market committee was read and adopted. Their action in renting four stalls to Col. Prior at $40 a month was approved.

The Park committee recommended that fifteen seats be purchased for the park at a cost of $10 each. Adopted.

The Street committee report, containing several minor recommendations, was adopted.

For the privilege of cutting and carrying away the grass on Beacon Hill park during the present summer, the offer of Mr. W. J. Clark to pay $116 was accepted.

On motion of ALDERMAN LOVELL the Ward's by-law was reconsidered and finally assed.

ALD. MUNN moved the second reading of the Victoria & Sidney Railway Co. by-law. He pointed out that the scheme therein defined had been approved by the people of Victoria, as evidenced, six years ago, when citizens of Victoria offered to guarantee four per cent. interest on the $500,000 necessary for its completion. The present company did not ask such a bonus from the city, inasmuch as all they required was three per cent. on $300,000. The main object was the improvement of the Saanich peninsula and the betterment of communication with the mainland and the islands. The company promised good value for the money, and the benefit to the Saanich peninsula alone would justify the city in guaranteeing the interest. The fruit-raising industry would receive an immense impetus, and the extra trade brought to this city would be of incalculable benefit. The promoters were satisfied that the road will pay its way, the revenue to be derived from cutting cordwood alone being sufficient to pay running expenses. The reduced price of fuel in the city of Victoria would save to the taxpayers of this city $20,000 per annum, more than twice the amount of guarantee asked from her citizens. A saw mill would be almost immediately erected; in fact, the completion of this road would insure to Victoria new channels of trade, which would open up to her a new era of prosperity. The road would be standard gauge, equipped in the most modern manner, the total cost being fully $500,006. The fact of the company investing this much money was in itself a warranty that the company would never allow the city to take charge of the road, to reimburse themselves for their guarantee being used. The benefit to the city during construction would be immense. The stores to be used would be purchased here, and the increase to the trade of Victoria would be 30 per cent. Some public work should be started to give employment to those men out of work, and what better opportunity than this?

ALD. MCKILLICAN rather favored the Saanich and Westminster road, as he was satisfied that its promoters would go through with it, and it would be of more benefit to the city than the Victoria and Sidney scheme.

ALD. STYLES made an extended speech during the course of which he said that of $300,000, the city of Sidney should guarantee something. It seemed that every little improvement to be made near Victoria was subsidized by the Council. It must be apparent that, in a scheme of this kind, the outlying districts would benefit quite as much, if not more, than the city of Victoria. However, he had always been of opinion that a railway was a splendid thing for the city, more especially if the country it ran through was worth opening up. He would like to have this proposition represented as near the facts as possible and clearly put before he gave his vote on the subject.

ALD. BRAGG said that no doubt every member of the board was in favor of building railways. In a matter of this kind it was nothing but right that the board should give its consent, more especially as the whole subject would subsequently have to go before the people. He would vote for the passage of the by-law so that the people could get an opportunity to decide for themselves. It seemed to be generally agreed among the rate-payers that nothing could open up and advance the city of Victoria like railways.

ALD. LOVELL was very much in favor of any reasonable railway proposition. Anything that could be done by the people of Victoria to increase the facilities of communicating with the other big cities of the province should be done. The Island railroad was able to do just what it pleased, having no opposition, and the steamboat communication had fallen into the hands of a big company which was really worked in the interests of the C.P.R. The distance of the proposed road to Saanich was certainly only twenty miles, but it was twenty miles in the right direction. It would bring the city into communication with the products of the Saanich peninsula and the islands. The scheme would result in the promotion of a number of lines of small market steamers which would be of great importance to the city. It would greatly promote the mining interests of the country, and should be taken hold of by the people as a thing that would help the progress of the place greatly.

ALD. HUMBER was in favor of quick communication for Victoria. Opposition was the soul of trade. He would like to see two railways side by side.

ALD. BAKER thought that Victoria city would profit by the railroad. If the railroad to Sidney were running the Victoria market would now be paying. Hay, grain and produce were at a very high price, for the reason that it now cost the farmers so much to send in their stuff. There were granite quarries of fine quality in Saanich. The traffic in sand would pay well. There was lumber also, and all these things would make the road pay. Notwithstanding what he had heard, he was confident that the E. & N. road could be made to pay well. If this by-law passed the people, the cars of the new line would be running into Victoria within a year. The people should be allowed to decide on this matter for themselves.

ALD. MUNN pointed out that the only one guarantee that had yet been given by the city—that of the N. E. T. & L. Co.—had been of great benefit, and had helped to put on its feet an institution which, notwithstanding little local troubles, was a fine thing for Victoria. He understood that the people did not care who built the proposed road as long as it was built, and there was no good in granting a perpetual monopoly to any one company. He again advocated the proposition, saying that the matter should be allowed to go before the people.

The second reading was carried, the by-law to be committed on Friday night.

MARKET COMMITTEE'S REPORT.

A report from the Market committee recommended that plans for fences had been prepared at the market, the cost of building them to amount to $320.

The application of Mr. Williams was recommended, with conditions.

The report was received and adopted, and the recommendations ordered to be carried out.

The Council then adjourned till Friday night.

SALMON-DAVIS.

June Roses Play Their Part in a Very Pretty Wedding.

Mr. Maurice Salmon and Miss Kate Davis, daughter of Mr. and Mrs. R. D. Davis, of Johnson street, were married at 5 o'clock last evening, by Rev. Mr. Baer, of Vancouver, the ceremony being witnessed by a company of ladies and gentlemen numbering over 125—all invited guests.

The wedding took place under a handsome canopy in Omineca hall, which was artistically decorated with flags, foliage and flowers. Mr. E. J. Salmon acted as best man, while the supporters of the groom were Messrs. Aaron Lewis, Charles Davis, H. L. Salmon and J. J. Hart. The bride was dressed in China silk, with veil and wreath, and had no maids, being attended instead by two pages, Masters Adolphus and Lionel Cohen. After the ceremony upwards of forty members of the family sat down to an elaborate bridal supper, after which a reception was held from 7 o'clock.

The presents received by Mr. and Mrs. Salmon made a handsome and choice collection, of which the appended is but an incomplete list:

J Piercy & Co, lace curtains; J. J. Hart, carpets and rugs, also complete set of Dickens; Lewis Lewis, dining chairs; R D Davis, piano; James A Cohen, extension table; E J Salmon, plush parlor suit; Mrs P Blumenthal, silver berry spoons and dish; H L Salmon, parlor lamp and book case; J L Levy, toilet set; Miss Florence Harbottle, Japanese tete-a-tete set; Mr and Mrs R Davis, New York, embroidered linen; Mrs. S H Haber, San Francisco, check; Mrs. P Lyons, embroidered table cloths; Col. J Davis, San Francisco, check; J Aspin, China tea set; A F Johnson, New York, check; M Davis, check; J Levy, alarm clock; Mrs. Esther Levy, silver butter dish and bell; Miss Rose Cohen, crystal tea set; Miss Kate Simmons, New York, lace bed spread and cases; A Granat, New York, satin piano cover; Mrs. A Granat, New York, silver napkin rings; E Frank, China salad bowl and spoons; C Russell, China tete-a-tete set; G. FOR SALE—80 acres of land, two miles from Shawnigan Lake. Apply to R. Harris, Cobble Hill. ap18-w-2m

WILL BE VINDICATED.

Doherty Says He Did Not Sell the the Lacrosse Match on Saturday Last.

His Opinion of the Vancouver Team as Compared With Victoria's.

There is still a good deal of talk in the city, and more particularly among the lovers of Canada's national game, about the alleged sale of Saturday's lacrosse match. Some new light has been thrown on the matter by Doherty but not enough to clear up the whole suspicion. The statement he makes is that he went to Vancouver to see Mr. Spencer, Jr., of Spencer's Arcade, this gentleman being on his way to England. He does not propose to make any answer to the charge until he returns to Victoria, and then, if he finds it emanates from responsible parties in connection with the lacrosse club, he will resign from the team and afterwards take what steps may be necessary to vindicate himself.

Doherty says he is almost certain the report of crookedness was started by men who lost money on the unexpected turn of the match. He says: "I bear a clean record in the past as members of the Athletics of St. Catharines, Ont., will vouch. That team last year stood second to the world winners, the famous Cornwall team. This is the first time I have ever been accused of crookedness."

On being told that Tudhope was alleged to have pulled $50 out of his pocket after the match, and said "Victoria couldn't win, Doherty and I fixed the whole thing," and afterwards accusing him (Doherty) of "playing off" in the fourth, fifth, sixth and seventh games, he said, "I believe Tudhope is too much of a gentleman to make such a false accusation, and no doubt the story was originated by some fellows who lost their pile." Asked why he did not play his usual game he said: "I have one answer to make, an answer that the seriousness of the charges renders it permissible that I should make public. A few hours before the game I received a telegram from home saying that my sister was very ill and was not expected to live. I told one or two boys I could not play; I felt so anxious about my sister that my heart was not in the match. The boys told me not to say anything to the others as it would discourage them, as they had relied on me as an essential part of the machine. They were perfectly satisfied as long as we were winning. When the fourth game came I felt pretty blue. I thought I shouldn't be playing lacrosse with my sister, perhaps, dead at home, and I asked to be changed from where I was to VanAllen's position, where there was but little work to do. The team was not playing in good form on Saturday. Tudhope seemed away out of condition. The Vancouver boys had lots of staying power and any amount of luck; but the game still stands 3 goals to 2, as the fourth goal was not taken by Vancouver. Being beaten by a much inferior team occurs to the best regulated clubs sometimes, but the fact remains that Vancouver is hardly in our class. I was practising with them Tuesday night. They are gentlemen every one of them, but as a lacrosse team they are not in it with Victoria."

When Doherty returns, the whole matter will, no doubt, be thoroughly gone into.

NO TROUBLE FEARED.

A Letter From the Hawaiian Foreign Minister About the Recent Arrests.

Prompt Action Has Been Taken by the Authorities to Maintain Quiet.

Mr. R. P. Rithet, consul for the Kingdom of Hawaii for British Columbia, has recently received from the Foreign Office, of that country, some official advices as to the reported uneasiness in the political world. The letter speaks for itself. It reads:

DEPARTMENT OF FOREIGN AFFAIRS,
HONOLULU, May 23, 1892.

SIR: You will notice in the Honolulu paper received by this mail, that on Friday last, the 20th inst., arrests were made of certain persons here whose conduct and language led the authorities to believe that they were acting to the detriment of the best interests of the Kingdom.

Prompt and decided action was regarded by Her Majesty's Government as a necessity to prevent any injury to the country's credit and standing abroad by the circulation of prejudicial statements in the foreign press presumed to have emanated from the same source.

No undue excitement or disturbance has resulted from this action, and political matters are in a most quiet and orderly state, especially so in view of the fact that the Legislature of the Kingdom meets on the 28th inst.

You will be kept fully informed of the course of events; and it will be your duty, as I feel sure it will be your pleasure, to assist Her Majesty's Government in preventing in your locality the circulation of untruthful statements.

To this end you may, if you deem it necessary, hand to the directors of the press in your jurisdiction a statement, over your consular signature, compiled from the information contained in this circular.

With assurances of my high consideration,
I have the honor to be, sir,
Your most obedient servant,
SAMUEL PARKER,
Minister of Foreign Affairs.

THE HOSPITAL BAZAAR.

Active Preparations for a Grand Entertainment—Success Assured.

There was a large gathering in the Assembly Hall, yesterday morning, composed principally of the ladies interested in the grand bazaar to be given in aid of the funds of the Royal Jubilee hospital on the 20th and 21st instants. The meeting was held for the purpose of making preliminary arrangements for the great event, and was presided over by Mrs. G. A. McTavish, Mrs. Charles Hayward acting as secretary. Mr. Teague was also present, and gave the ladies the benefit of his advice as to the general lay-out of the room. It was agreed that, until the space for the stage or platform is allotted, the ground floor plan could not be satisfactorily arranged, but some general suggestions were made, and the outline of a general plan agreed to. The ladies then proceeded to assign the different booths. The Misses McMicking, with a few assistants, will have charge of the flower stall, and as the friends of the hospital are just now paying particular attention to their gardens and hot-houses, the display at the bazaar will no doubt be a splendid one. Miss Dunsmuir, Miss O'Reilly and Mrs. Vernon, assisted by a number of young ladies, will have charge of the art department, towards which liberal contributions have been promised, and a grand collection is sure to be on hand. A gipsy encampment will be one of the many attractive features of the bazaar. It will be presided over by Mrs. Ballen, who will have the selection of her "own gipsy maids." Mrs. D. Spencer and Mrs. Siddall will dispense ice cream and refreshments, and are sure of a liberal patronage. Miss Lizzie Sylvester, in the costume of the daughters of Israel of old, will pose as Rebecca at the well. Mrs. G. Leiser and Mrs. S. Leiser will have charge of the toys, a plentiful supply of which will be on hand to suit childhood's fancy and parents' pockets. Miss Schroeder and Miss Hyams will attend to the reception room, and make all comers happy by the variety of amusements and articles of interest provided for their entertainment. Aspirants to matrimony—and they are said to be a very numerous class—can, for the moderate investment of 50 cents, secure a chance of winning a wedding cake, in the mysteries of which will be hidden an 18 karat wedding ring, the gift of Messrs. Challoner & Mitchell, and a diamond engagement ring, contributed by Mr. W. H. Pennock. Mrs. Chudley has now in training some sixteen little children, who are to dance a minuet, attired in fancy costume. This will be a decided attraction. Other specialties will be duly announced, probably at the adjourned meeting, to be held on Saturday.

Those who wish to enjoy the privilege of assisting the good work, can send their contributions to any of the members of the executive committee—Mrs. G. A. McTavish, president; Mrs. Charles Hayward, secretary; Mrs. A. J. Smith, Mrs. Captain Rudlin, Mrs. McMicking and Miss A. Hyams.

The bazaar will be deprived of all those terrors which are usually associated with the term, and which so frequently deter would-be patrons, who have not much cash to spare, from attending. There will be no such thing as button-holeing gentlemen, or trying to force sales.

SUPREME COURT.

IN CHAMBERS.

(Before Mr. Justice Walkem).

Wednesday, 8th June, 1892.

C.P.N. Co. v. Morse—Application for proceedings to be stayed, pending appeal. Dismissed.

Fraser v. Hughett & MacIntyre—To add party and amend writ. Adjourned till to-morrow.

McFarlane v. McFarlane—To give particulars of acts. Adjourned till return of Judge Crease.

Hobson v. Winnover—Application to postpone trial. Postponed till Saturday.

Found a New Friend.

Jimmy Chickens, the old familiar figure in Police Court proceedings, was once more on hand, yesterday, when, as he took his place in the dock, he was seen to smile a childlike and happy smile—Mr. Macrae, the new magistrate, was an entire stranger, and hope that a course of first offence might go down, filled Jimmy's bosom. The hope was crushed by the imposition of the usual penalty, and as Jimmy withdrew, he was heard to murmur, glancing reproachfully at the magistrate, "I will see you again."

The Complaint Dismissed.

James Holden, who is proprietor of a little cigar and candy store on Fort street, was charged in the police court yesterday with selling cigarettes to a minor, contrary to provincial law. Mr. Holden was convicted of a similar offence only a few months ago. On this second occasion a lad named Colin Hill deposed to having bought cigarettes from Holden himself, for a younger companion, Hill, himself, being under fifteen years of age. For the defence Amelia Johnson swore that Holden was not in the store when the sale was made; that she made the sale, and that she believed Hill to be over fifteen years of age. The complaint was dismissed.

ANOTHER CANADIAN LOAN.

Dominion Three Per Cent. Inscribed Stock on the London Market.

MONTREAL, June 8.—A special London cable to the Star says: Barings and
