Local News.

To our Patrons.—We tender our thanks to those of our friends and patrons who have promptly settled accounts for the last quarter's advertising, and we will be exceedingly obliged if all who have not yet done so will follow their example. We hope that our friends who take the Maritime Farmer, and whose subscriptions are unpaid, will not allow them to remain longer in arrear, and that all who are indebted to us for small sums will make immediate payment. We hope our friends whose this notice concerns will give it their particular and earliest attention.

☞ See advertisement of the Boston Ideal Comedy Opera Company, which opens Monday night, July 12th.

Mr. James Smith, of Bloomfield, his friends will be interested to learn, was in the city on Tuesday last, looking remarkably well.

The crops about Bloomfield and Gordonvale are promising well. Hay on the high land will be light, and the cut will not be as good as last year. The potato bugs have not made their appearance in any force.

Lightning Struck.—During the storm on Sunday, lightning struck the barn of Mr. Geo. A. Vanwart, setting it on fire and killed three sheep. The flames were extinguished before they committed much damage.

Mr. Bebbington, Florist, sent us, last Saturday, a delightfully fragrant bouquet of beautiful red, white and yellow roses, and we thank him for his attention. All who wish choice cut flowers for table adornment should give him a call.

We are informed that a marriage between Alex. Smith, Sen., of Bloomfield, and Miss Mary Ann Johnston of Doughty, was said to come off last Wednesday. As the day has passed, we are not premature in wishing the adventurous couple all happiness and prosperity.

We are sorry to state that Mr. L. O. MacNutt, one of our staff, and a member of No. 5 Co., 71st Battalion, now in camp at Woodstock, was kicked on the arm by the restive charger ridden by Major Staples. He is under care of Surgeon Smith, and is doing well as can be expected.

During the last storm the barn of Alexander Smith, Junr., of Bloomfield Ridge, York County, was struck by lightning in two places. Fifteen minutes afterwards it was discovered to be on fire. By the exertions of Mr. Samuel Wheeler and some ladies who were passing at the time, the flames were extinguished after having made considerable headway.

Cricket.—A correspondent who signs himself "The Cricketer's Friend," sends us a communication reciting the past victories of cricket in Fredericton, of which we cannot avail ourselves now. Everybody knows that Fredericton used to be a great little place for cricket and there is little reason to doubt that lovers of the game now would rival their predecessors had they the same incentives.

A Chimney Struck.—There was a thunderstorm last Sunday. The morning was beautiful. Towards noon the clouds were lying low and black on the Keswick Valley, and at one the sky over the city grew darker and rain fell. But the storm did not burst in earnest until six, and at the height of the storm, lightning struck a chimney on the residence of John McDonald, Esq., and the debris on the platform testified to the damage done.

Dominion Day.—People enjoyed their holiday on Thursday the 1st July, we suppose. The weather was delightful enough to make doing nothing an enjoyment, and, as the majority of people had nothing to do in the way of pleasure making, it was fortunate that it was so. In the forenoon and afternoon, "scratch" cricket matches were played. About dinner time the platform on Queen Street presented a rather lively appearance. One countryman with his brain buzzing with alcoholic ideas, made himself the centre of a group of astonished and admiring listeners who vainly attempted to grasp his argument against the C. T. A., and who certainly thought it a failure in his person.

Personal.—Thomas Nelson, Esq., (of the widely known publishing firm, T. Nelson & Sons, Hope Park End, Edinburgh, and Paternoster Row, London,) accompanied by his sister, Miss Nelson, paid Fredericton a visit, arriving on Monday forenoon, and departing on Wednesday morning. The name of Nelson is familiar as a household word in New Brunswick, for the school books of the first "the Royal Readers," are to be found in every house in the land. On Monday afternoon, in company with Hon. J. J. Fraser and Dr. Rand, he called on His Hon. the Lieut. Governor, visited the University, and drove out to Mr. Gibson's, Marysville. On Tuesday he spent the morning in the Normal and Training Schools, and was much interested in the work of the different classes. He was delighted with Fredericton, and the surrounding country. They have an unique beauty, green and grateful to the eye, which strikes a visitor from the old country, who accustomed to the stone and mortar magnificence of great cities like Edinburgh, built upon its hills, is not much impressed by the architectural splendor even of a Toronto, lowlying by the shores of the great Ontario Lake. Mr. Nelson came out to Toronto after the fatal occurrence, which ended in the death of his brother-in-law, Hon. George Brown, to aid his widowed sister by his sympathy and counsel. He is now returning to that city.

The County Council.—The County Council was in session on Tuesday, and owing to the courtesy of the Mayor and the City Fathers, they sat in the City Council Chamber, as the Court House was preoccupied. It is pleasant to see the good feeling existing between the two bodies, whose interests sometimes clash, and who appeared lately on the point of going to law over the question whether the County had a right to establish a free market in the Court House or not. After experiencing the comfort of sitting within the carpeted enclosure of the snug and handsome City Chamber, the County Councillors will not like the discomfort and miserable accommodation in their old quarters, and will solemnly determine that the base of the Court House shall be fitted up for their accommodation, and at that of all the County and City officers, whose places are now most inconveniently scattered up and down the city. The bill authorising the change to be made, but was not introduced into the legislature, because the committee acting for City and County, could not agree as to the proportion of the cost to be borne by each. But surely there can be no insuperable difficulty in the way of coming to an equitable agreement. It is a shame that a fine looking body of men like the County Councillors should not be handsomely accommodated, and it is too bad that valuable public and private documents should be kept in old insecure detached buildings, when all might be gathered under one roof, deposited in a fire proof vault, and safely preserved. The change would be a boon to the County Councillors, a convenience to the general public, and if carried out would bring a sense of security. No time should be lost in making it.

I. O. O. F. Bazaar.—The ladies and their confreres who spent so much time, work, taste and enthusiasm in preparing articles for the Bazaar, adorning the Exhibition Building with banners and appropriate mottoes, and carrying out all arrangements, were not repaid by the monetary returns, but they must have been exceedingly gratified by the compliments paid them by, and the pleasure afforded to, the appreciating visitors. The performance of the Reform Club Band, added much to the enjoyment, and they played choice programmes on Wednesday and Thursday. The art gallery and museum of curiosities, containing among others the corner stone of the old legislative building, and Mr. J. Myrehall's fine collection of ancient gold and silver coins, attracted many. None could resist the seductions of the refreshment tables, or the enticing ways of the ladies at the sale tables. The only safety was in keeping at a distance from them. We suspect that many men have learned to dread Bazaar seductions, which dread may explain why the generally gallant Frederictonians did not show in more force at the I. O. O. F. Bazaar.

The following ladies presided at the tables:—

Tea and Refreshment—Mrs. G. H. Simmons, Mrs. H. Clark, Mrs. Currier, Mrs. Guiou, Mrs. J. H. Millar, Mrs. Thomas, Mrs. R. Atherton, Mrs. E. Perkins, Mrs. Withrow, Miss K. Barker, Miss Bain.

Fancy Tables.—Mrs. G. W. Turner, Mrs. Vavasour, Mrs. G. F. Coy, Mrs. R. McNally, Mrs. Creed, Mrs. C. Sampson, Mrs. W. Vanwart, Miss Quinn, Miss Clarke.

Doll Table—Miss Rideout, Miss Guiou.

Ice Cream—Miss Guiou, Miss Yardy, Miss Agnew, Miss H. Burchill, Miss Ada Burchill Miss Annie Atherton.

Floral Arbor—Miss Wood, Misses Lugrin, Miss C. Campbell.

Magic Lake—Mrs. Barker, Miss M. E. Hatt.

Fruit Table—Miss Waterhouse, Miss Barker, Miss Miller.

Trouble with the Firemen.—There is mutual misunderstanding between the City Council and the Firemen. The latter demand an increase of pay, $10 a man, and $15 for each of the Captains, and they held a meeting, at which they came to the determination to press it, and transmitted to the Council a copy of the proceedings of the meeting, and, without specifying exactly what they wanted, tacked on a resolution, threatening that they would resign in a body unless their demand was complied with. The City Council on Tuesday night, refused to consider their general demand for an increase of pay, whereon the Firemen resigned in a body, handing over everything to Assistant Chief Engineer Hatt. Such of the citizens, as saw it, were no doubt, startled by the notice given last evening by Councillor Wilson, Chairman of the Fire Committee, telling them that they must protect themselves in case of fire. At the meeting of the Council last night, to consider the action of the Firemen, the Board stood firm not to comply with a general demand for increase of pay under threat. By their interpretation of the law, under which the Fire Companies are organized, the firemen cannot resign, or rather if they do, they are subject to a fine and and penalty. We are inclined to think that the Firemen have acted precipitatedly, and hope that on second thoughts, they will return to their duty, and in a temperate manner state to the City Council what they think they are entitled to. The Board will not we fancy, refuse any reasonable request. In the meantime the citizens generally, must hold themselves in readiness, to turn out at a moment's notice in case of fire, and be prepared to enrol themselves in volunteer companies, if the Council and Firemen cannot come to terms.

The Excursion to Calais.—All who joined the excursion to Calais under the auspices of the Reform Club Band, have returned immensely pleased with the trip, and with the friendly reception extended to them by their American cousins. The party, about 150 in number, and including a very fair proportion of the fair sex, left Fredericton at half past ten on Saturday night, and arrived at Calais at half past three in the morning of the 4th of July. The Sabbath quiet recuperated them for the jollifications of Monday, which commenced at dawn of day with ringing of bells and firing of crackers. Our party were particularly struck by the enthusiasm displayed by their American cousins in celebrating Independence Day.

Thousands from the adjoining county flocked into Calais to see the sights, enjoy the sports, and listen to the stirring national airs. Our New Brunswickers entered with full zest into all the merrymakings, and the Reform Club Band contributed to the enjoyment of the vast crowd, by playing their best pieces in their best style, and were thanked by the Mayor in the most cordial manner, who was answered by Mr. Williamson in the same happy vein. The celebration closed with a brilliant display of fireworks, and our party left for St. Stephen to the air from their band, "The Skids are out To-day," and to the accompaniments of the cheers and farewell salutes of their American friends. The fun of the day was sometimes uproarious, but it was all the outcome of natural good spirits, assisted by a little "witch hazel." St. Stephen was left at half-past eleven, and Fredericton reached at half-past four on Tuesday morning.

We have received the first number of the "*Industrial World*" and National Economist, a large sixteen paged weekly journal, devoted to home industries, commerce, finance, insurance, railroads and mining. It is a pronounced protectionist organ, and stands upon the principles that "production at home is what makes wealth and employment for a people," and "that the Provinces should trade with each other rather than with the States." This first issue of the *Industrial World* is what may be called "a feeler." It contains a vast amount of information together with editorial opening, penned by able writers, and has been forwarded to over 5,000 readers. It will depend on the reception extended to it, and on the readers becoming subscribers, whether *Industrial World* will make its weekly revolutions. There should be an extensive field in Canada for such a journal, and we hope that the publishers will meet with the success to which an enterprise with a great national object entitles them. It is printed at Ottawa by the Industrial World Publishing Company, Ottawa. The annual subscription is $3.

The following is a description of the Ascot Gold Cup, value 1,000 sovereigns, won by Mr. F. Gretton's Isonomy on the 10th inst:—A vase of classic shape, richly chased in high relief with "The Labours of Hercules." No 1. Hercules Slaying the Nemean Lion. No 2. The Encounter with the Lernean Hydra. No. 3. The Capture of the Ercymanthine Boar. No. 4. The Taking of the Brazen-footed Stag. No. 5. The Destruction of the Stymphalides. No. 6. Hercules Resting after Cleansing the Augean Stables. No. 7. The Capture of the Cretan Bull. No. 8. The Slaughter of Diomedes and his Mares. No. 9. The Death of Geryon. No. 10. The Defeat of the Amazon Hippolyte. No. 11. Cerberus dragged from Hades. No. 12. Hercules plucks the Golden Apple of the Hesperides. On the neck of the vase the infant Hercules is represented strangling the serpents sent by Juno for his destruction; while on the opposite side the Ægis of Minerva with Medusa's head symbolizes the protection which the goddess always extended to the hero. The handles are formed by groups representing—first, the Centaur Chiron instructing the youthful Hercules in the use of the bow; and, second, the Centaur Nessus conveying Dianira, the wife of Hercules, across the River Evenus. The vase is surmounted by a figure of Jupiter, the father of Hercules, seated on the eagle, and holding the sceptre of authority. Around the foot a group of boys support the attributes of the hero, the lion's skin, the bow and quiver of arrows, the shield and sword and the club. Various portions of the cup are richly decorated with delicately chased scroll-work of leaves and flowers, the whole being supported on a white marble base, with title of race and royal cipher.

The horrors of war are nothing to the horrors of Neuralgia. Immediate relief may be had by bathing the head with *Johnson's Anodyne Liniment* and snuffing it up the nostrils.

Parsons' Purgative Pills are a priceless boon to the people of the South and Southwest. They effectually prevent fever and ague and all malarious diseases, and cost only 25 cents a box.

The effects after taking *Adamson's Botanic Balsam* are a soothing and controlling influence over any Cough or Cold, promoting rest, allaying the tickling sensation in the throat, and causing a healthy expectoration.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS is on the outside wrapper. Sold by all Medicine Dealers. 25 cents a bottle. Beware of imitations.

and every description of

STAPLE & FANCY DRY GOODS.

"Good goods and fair prices."

THOMAS LOGAN,

Opposite Normal School.

Much Sickness,

Udoubtedly with children, attributed to other causes, is occasioned by Worms. Brown's Vermifuge Comfits, or Worm Lozenges, although effectual in destroying worms, can do no possible injury to the most delicate child. This valuable combination has been successfully used by physicians, and found to be absolutely sure in eradicating worms, so hurtful to children. Twenty-five cents a box.

The Common Expressions, "*I feel so dragged,*" "*My food don't digest,*" "*I do not feel fit for anything,*" which we so often hear during the *Spring and early Summer* months are conclusive evidence that the majority of people require at that season especially a *reliable* medicine that will *strengthen the organs of digestion*, stimulate the *circulation of the Blood*, and "tone up" the debilitated constitution.

Hanington's "Quinine Wine and Iron," taken according to directions, produces *buoyancy of spirits, vigor of mind* and gives *lasting* strength to the whole system. Price 50 cents per bottle—6 bottles for $2.50. All druggist sell it.

F'ton. April 29, 1880

Brown's Household Panacea

Is the most effective Pain Destroyer in the world. Will most surely quicken the blood whether taken internally or applied externally, and thereby more certainly RELIEVE PAIN, whether chronic or acute, than any other pain alleviator, and it is warranted double the strength of any similar preparation.

It cures pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, and all Aches, and is the great Reliever of Pain. "Brown's Household Panacea" should be in every family. A teaspoonful of the Panacea in a tumbler of hot water [sweetened, if preferred], taken at bedtime, will break up a cold. 25 cts. a bottle.

August Flower.

The immense sale and great popularity of Green's August Flower in all towns and villages in the civilized world has caused many imitators to adopt *similar* names, expecting to reap a harvest for themselves at the expense of the afflicted. This Medicine was introduced in 1868, and for the cure of Dyspepsia and Liver Complaint, with their effects, such as Sour Stomach, Costiveness, Sick Stomach, Sick Headache, Indigestion, Palpitation of the Heart, vertigo, etc., etc, *it never has failed to our knowledge.* Three doses will relieve any case of Dyspepsia. Two million bottles sold last year. Price 75 cents. Samples 10 cents.

People tormented by the many disagreeable sensations produced by dyspepsia, or are thin, nervous and weak, should use the standard tonic—Northrop and Lyman's Quinine Wine. They will find it agreeable and beneficial. It enriches the blood by aiding digestion and assimilation; soothes and invigorates the nervous system, and imparts a healthful appetite. When used as a remedy for bilious and intermittent fever, it produces the happiest results, if taken between the attacks. Convalescence is hastened, and untimely decay of the physique and constitution is arrested by it. The spirituous constituent, sherry wine, is of the best quality, and the aromatics combined with it, renders its flavor additionally pleasant. They who use it gain flesh as well as strength, and it exerts a cheering influence upon the mind. It promotes a healthy secretion and flow of bile, sound repose and regularity in the action of the bowels. If judiciously used it may be taken without apprehension of any ill result by persons of the most delicate constitution. A fair trial is all that is needed to prove the genuineness of its claims to public confidence, and to the truth of the general verdict in its behalf. No article of its class commends itself so strongly to nervous invalids who require building up—none is so well adapted to fortify the system against the dangers which threaten the debilitated. It should not be mistaken for a mere stimulant of appetite, which many so-called tonics simply are. It so regulates the stomach that it is enabled to perform its various functions with regularity and vigor and its action is not only thorough but prompt. Ask for the "Quinine Wine of Northrop & Lyman." Sold by all Druggists.

The subscribers feel thankful for the liberal patronage they have received since the opening of their Book Store, next door to Davis & Dibblee's Drug Store, and the public may rest assured that we will continue in the future, as in the past, to sell all kinds of Books, Stationery, &c., at the Lowest Price.

SCHOOL BOOKS.

Our stock of School Books is large, and we assure you our prices will be found the lowest in the city; also Slates, Pencils, Ink, Rulers, Foolscap, and all the requirements of the School Room.

STATIONERY.

Our stock of Stationery is complete from the finest Note papers and Legal Caps down to the cheapest Foolscap at 7 cents per quire.

ENVELOPES.

Beside the very large stock of Envelopes on hand, we have just received one hundred and forty thousand more at an immense reduction, and we will sell them at prices lower than ever offered before. Call and see them and prices.

BLANK BOOKS.

On hand a large stock of Day Books, Journals, Ledgers, and Record Books, which we will sell 50 per cent less than they can be made in the city.

We have also made arrangements to manufacture all kinds of Blank Books to order—any size—at about one half the price heretofore charged for same books, and warranted to give satisfaction.

Room Paper and Paper Blinds

We have just received 800 Rolls assorted Paper Blinds, and 1,000 Rolls Room Paper, which we will sell cheap—wholesale or retail.

CONSUMPTION CAN BE CURED

IS A FACT ATTESTED BY THE HIGHEST MEDICAL AUTHORITIES IN THE WORLD.

A careful observance of the laws of health, and the systematic and persistent use of Scott's Emulsion of Cod Liver Oil with Hypophosphites of Lime and Soda will accomplish this result. This preparation has all the virtues of these two most valuable specifics, in a form *perfectly palatable*, and acceptable to the most delicate stomach, and we make the unqualified statement that Scott's Emulsion is being used with better results, and endorsed and prescribed by more physicians for Consumption—and the diseases leading to it such as Chronic Coughs, Bronchitis, Scrofula, Anæmia, General Debility and the Wasting Disorders of children, than any other remedy known to medical science. The rapidity with which patients improve on this food medicine diet, is truly marvellous.

SEE WHAT PHYSICIANS AND THE PEOPLE SAY ABOUT IT.

Messrs. Scott & Bowne! 66 West Thirty-sixth Street, New York, Sept. 2, 1878.

Gents—I have frequently prescribed "Scott's Emulsion of Cod Liver Oil with Hypophosphites during the past year, and regard it as a valuable preparation in scrofulous and consumptive cases, palatable and efficacious. C. C. LOCKWOOD, M. D.

Messrs. Scott & Bowne—*Gentlemen*—Within the last year I have used in my own family, and in my private practice prescribed very extensively Scott's Emulsion of Cod Liver Oil with Hypophosphites and found it a most valuable preparation, especially in diseases of children. It is agreeable to the most delicate stomach; which renders it a very reliable agent as a nutritive remedy in consumptive and scrofulous cases.

Oct. 12, 1879. Yours respectfully, A. H. SAXTON, M. D., Baltimore.

Messrs. Scott & Bowne—*Gentlemen*—Within the last two months I have fairly tried Scott's Emulsion of Cod Liver Oil with Hypophosphites, and I candidly declare that it is the finest preparation of the kind that has ever been brought to my notice; in affections of the Lungs and other wasting diseases, we can consider it our most reliable agent, in a perfectly elegant and agreeable form. Very truly, J. SIMONAUD, M. D. New Orleans, La.

December 10th, 1878.

Messrs. Scott & Bowne—*Gentlemen*—In September 1877, my health began to fail and my physician pronounced it spinal trouble; under his care I got some relief from pain but my general health did not improve, and early in the winter, I began to raise blood and rapidly grew worse in May last I was taken with a violent bleeding which brought me to my bed and my life was despaired of for many weeks; violent symptoms appeared, night and morning coughs, night sweats, short breath, and a return of the spinal trouble. My physician stopped the bleeding and then ordered Cod Liver Oil and Lime; and I used various preparations, but they did no good. I lost all hope of life, and was an object of pity to all my friends. Last September I purchased a bottle of your Emulsion and before it was all taken I was better. I then bought a dozen bottles and have taken all with the following result: Cough subsiding, night sweats stopped, appetite re urned, pains in spine disappeared, strength returning, and my weight increased from 118 to 149 pounds in sixteen weeks. I have taken no other medicine since commencing with your Emulsion and shall continue its use until I am perfectly well. I frequently meet some friend on the street who asks, what cured you, and I answer Scott's Emulsion of Cod Liver Oil, &c. I have a friend who has not spoke aloud for 15 months and he is getting better. I gave him a bottle, and he bought two more then got a dozen and says it is food and medicine for him. He was given up to die a year ago; but he is improving now wonderfully. My recovery is exciting the surprise of many people, and I shall do all I can to make known your valuable medicine.

Jan. 20th 1879. Very truly yours, H. F. SLOCUM, Lowell, Mass.

Messrs. Scott & Bowne: Lynn, Randolph Co., Ind., July 21, 1878.

About the 15th of last April I got a bottle of your Emulsion and at that time I was so prostrated that no one who saw me thought I could live but a few days at most. I could retain nothing on my stomach and was literally starving. I commenced the use of the Emulsion in small doses; it was the first thing that would stay on my stomach; I continued its use, gradually increasing the dose; and from that hour I commenced mending, and now am able to ride and walk and am gaining flesh and strength rapidly. I have advised other parties to try it, and some two or three have already tried it. I am sure I shall entirely recover. I am gratefully yours, R. W. HAMILTON M. D.
