WINTER SPORT IN FEBRUARY.

UPPER CANADA AND TRINITY TIE AT HOCKEY.

Each Seven Score One Goal—Toronto Lacrosse Men Look for Pastures New—Hanlan and O'Connor Will Visit New York Next Month—Racing and General Sports.

Upper Canada College and Trinity University hockeyists met yesterday afternoon on the Alexandra Rink. The game was one of the most evenly played matches this year. The match was started at 4.30, and from the start it was evident that a first-class game would be given. Rushes were made alternately from goal to goal, but the defence on both teams worked so well that when half time was called neither side had scored.

After five minutes' rest play was resumed. The college boys had now made up their minds to play, and by a good rush on the right by MacFarlane, who centered, Barr being on the spot, tallied first game for Upper Canada.

This seemed to arouse th Trinity a spirit of play up. They made two or three capital rushes on the college goal and finally scored by a good shot from Patterson. This evened up the games and both teams worked like Trojans. Trinity came very near scoring, the puck striking the goal post. During the middle of this half Hargraft and H. H. Bedford-Jones came in contact rather unexpectedly and time was called for repairs. No more games were scored.

The play of McMurrich in goal was a feature of the game. Barr, Gilmour, McFarlane and Bryce McMurrich also played well for the col ege. Patterson was Trinity's star. Besides Bedford-Jones, Hedley, Wallbridge and Clement Lewis did good work. The teams were:

Upper Canada (1): Goal, McMurrich; point, Hargraft; cover, Gilmour; forwards, Primrose, McFarlane, Barr, McMurrich (capt.).

Trinity (1): Goal, Wadsworth; point, Lewis; cover, Wallbridge; forwards, Patterson, McCarthy, Bedford-Jones, Hedley (capt.).

Referee, Mr. Humphries; umpires, J. Burns, L. Martin.

A NEW LACROSSE FIELD.

The Toronto Lacrosse Club May Abandon the Beautiful Rosedale Grounds.

A special meeting of the Toronto Lacrosse Club was held last night at the Granite Club to consider the question of securing new grounds. President W. J. Suckling was in the chair. There were besides about 50 members present, including all the old players.

Increasing taxation on the Rosedale grounds compelled the club to look for another location; so a committee consisting of the President, Secretary Schofield and Messrs. Logan, Nelson, Massey and Henderson was appointed to investigate several properties north of the present park and report at the annual general meeting the second week in April. Should this committee meet with sufficient success, the lacrosse men will abandon the old Rosedale grounds and build up a new park for themselves. However, it is yet possible that the club will continue at the old stand for another year.

As boxing is becoming a very popular sport among the city boys and particularly with the clubs, it is worth noting that Messrs. H. P. Davies & Co., 81 Yonge-street, carry in stock a most complete and varied assortment of the best English and American makes of boxing gloves, and as a well-made glove is desirable for indulgence in the sport you should pay the establishment a visit and make a selection.

The long-postponed match between the Upper Canada College and Granite II. sevens for the junior championship of the city will take place this afternoon at 5.30 o'clock, at the Granite Rink. As these two teams have defeated all the banks and neither of them has experienced a defeat this season, an exciting struggle may be expected.

They will not start in the road sculling race, but Hanlan has consented to send the land oarsmen off for their start. O'Connor will simply go down as a spectator. W. J. THE WORLD OF PLEASURE.

To-Day Closes Three Successful Engagements—Forthcoming Attractions—Concerts and Plays.

The Academy.....The French Spy
Jacobs & Sparrow's.....An Irishman's Love
Robinson's Musee.....Big Amusement Medley

The patrons of the Grand will have a great treat next week in the production of the spectacular melodrama, "Hands Across the Sea," with its elaborate scenery and beautiful stage settings. The company is a very strong one, including as it does the well-known comedian and Toronto boy, Billy Lytell. Speaking of the performance a Chicago exchange says: Mr. Lytell as Tom Bassett, a young English country gentleman, assumes a role that fits him to perfection and demonstrates he is a comedian of sterling ability. Mr. James L. Edwards as Jack Dudley, the young English farmer, possesses much ability. His acting is realistic and pleasant. Mr. Carl Smith as Jean de Lussac, the gambling house lout, carries out all his plans with the imperturbability of the cunning gambler. Mr. Drew Morton as Dick Melford, alias the King of Australia and Lillian's father, personates the character admirably. Mr. A. D. Beebe as Robert Stillwood, the arch villain, personates the character extremely well. Mr. M. M. Murray as Count Paul du Reval is very characteristic in his role. Mr. J. C. Kline as Joseph Stillwood, a Devonshire landowner, makes an excellent old villain. Mr. Thomas Meegan as Hiram Hiccory from Chicago assumes his role very becomingly, so also do the other members of the company in their respective roles, more especially Miss Olive West, who plays the part of Lillian Thetford, the heroine, and whose acting at times is very realistic.

"Hands Across the Sea" should have a successful run next week. The sale of seats began yesterd ay.

Academy of Music.

The Academy of Music will be closed next week. The management are endeavoring to open the doors of this popular house only when first-class attractions can be secured. "The French Spy" Co. give a special matinee to-day and last performances to-night.

The week after next Frank Daniels, in "Little Puck," will hold the boards.

On March 23, the Casino Opera Company will appear at the Academy of Music in the new success "Poor Jonathan." Manager Greene arrived back yesterday having perfected final arrangements with Mr. Aronson. He speaks in the highest terms of the opera and says it is bound to catch on in Toronto.

A Pair of Jacks.

Grattan Donnelly's latest laughing festival, "A Pair of Jacks," will be seen at Jacobs & Sparrow's Opera House next Monday evening and during the week. The farce will be illustrated by comedians who will make the theatre-going public laugh, vocalists who will delight the ear, specialists who will astonish and please and dancers who charm by graceful motion. Every idea in "A Pair of Jacks" is a novelty. H. Grattan Donnelly is the author of "Natural Gas" and "Later On," and as a constructor of funny farces he has few superiors. "A Pair of Jacks" is Mr. Donnelly's latest effort at amusing the populace and it has made a distinctive and decided hit.

Robinson's Musee Theatre.

The management of the above theatre have secured great attractions for their patrons next week, when one of the best and largest shows of the season will be presented. In the curio hall will be seen the first and only troup of Samoan Warriors ever brought to this country. They will remain but one week, and no one should fail to see them, as they are a great curiosity and must also prove interesting and instructive at the same time. On their trip they are accompanied by their chief Atafau, who when the warships of America, England and Germany were wrecked in the great hurricane at Apia Harbor on March 16, 17 and 18, 1889, commanded of his warriors to go to the rescue of the drowning sailors. The warriors are courageous, gentle and generous although not civilized. Their method of cultivating and developing oratorical faculties is peculiar—they repair to the woods and try their eloquence on the trees. Tattooing is the general custom and all adults have their name tattooed on the arm, and every male, when he arrives at man's estate, is tattooed from the hip to the knee in one solid shade, and he appears as though wearing a very close-fitting pair of knee breches. Mustaches are fashionable, but beards are seldom seen, the natives shaving their chins with pieces of broken glass bottles. These warriors will appear in their native dress, dances, etc.

In the charming little theatre a specially strong combination, the Starr Sisters' Burlesque Comedy Company, will carry out a long and very entertaining program. They come direct from New York and come here highly recommended. Visitors to the Musee next week are sure to be well satisfied.

Iolanthe.

The Harmony Club has commenced active rehearsals of this pretty opera under the direction of Mr. E. W. Schuch, musical director of the club. The attendance at the practices has been a large and enthusiastic one, upwards of 60 voices having been at work. A full rehearsal of the choruses will be held this evening at the rooms in Yonge-street market. Mr. Schuch reports a splendid chorus of efficient voices who are full of enthusiasm for the performances in April.

Amusement Notes.

The Toronto Vocal Society, W. Edgar Buck conductor, give their last concert of the season on April 21. A fine program is being prepared.

Dramatic Dots.

The "tank" drama is not in it now alongside the "railroad" drama.

A life-like wax figure of the late General William Tecumseh Sherman is already on exhibition in the Eden Musee, New York.

Jenny Hill, England's most popular variety actress, was given a splendid welcome last Monday at Tony Pastor's Theatre, New York.

Edwin Booth and Lawrence Barrett will be seen together in Shakespearean plays at the Broadway Theatre, New York, next week.

Her Majesty the Queen has sent to Sir Arthur Sullivan an autograph letter, congratulating the composer upon the success of "Ivanhoe."

Mrs. Emma Frank, who was rather unfortunate with her war play venture, "Fort Donaldson," contemplates touring the old reliable "Only a Farmer's Daughter."

Bolossy Kiralfy will next season at Weehawken, N.J., make his greatest effort in the way of spectacular productions. The piece will be called "King Solomon" and will have over 1000 people in the presentation.

Mrs. Leslie Carter is getting a better chance from the dramatic critics in Chicago than she got from the courts. She only asked for a fair trial to show what she could do, and she won.

Mrs. Frances Hodgson-Burnett will shortly leave England for her home in Washington and will set to work on two stories and a play, which have been long postponed owing to the illness and death of her son.

Mrs. Langtry will shortly produce at the Princess' Theatre, London, Eng., Charles Coghlan's comedy, "Lady Barter." This piece was given for the first time at the Grand here by Rose Coghlan early in the season.

Sims Reeves, the popular tenor, now getting dangerously near his 70th year, announces his "absolutely final farewell" for May 11 next, when Christine Nilsson will come especially from Madrid to be present at the veteran tenor's "farewell concert." Sims Reeves first made his appearance on the stage at Newcastle, Eng., December, 1829, at which time he was singing baritone parts.

NOTES FROM OSGOODE HALL.

A Batch of Business Transacted in the Courts Yesterday.

Thomas Birkett, the late Mayor of Ottawa, appealed yesterday to Judge MacMahon from the order of the master in chambers unseating him. Argument in the case occupied most of the day, and judgment was reserved.

The case of Farquhar v. West Toronto Junction was enlarged for two weeks.

Davies v. the City of Toronto and Prittie v. the City of Toronto stand till Tuesday next.

The quo warranto proceeding against the Guelph aldermen Coffee, Hough and Little was to have come up but was enlarged.

Mr. Justice MacMahon made an order allowing the issue of a writ of certiorari to bring up the evidence and proceedings on the inquest on the body of David Norton Clow, who was killed on the 1st of this month in a collision between two freight trains on the Grand Trunk Railway, near Ballantyne's Station. Dr. E. J. Saunders of Kingston was the coroner and the jury found that the collision was due to negligence on the part of George May Stone, train despatcher at Montreal, and Alfred R. Laddey, the telegraph operator in Kingston, in passing orders for trains to leave Kingston and Ballantyne's stations without first taking precautions to prevent collision. A motion will be made on the return of the papers to quash the inquisition.

Chief Justice Galt yesterday made an order admitting to bail William Delorme of Ottawa, committed for trial on a charge of rape. The offence was committed over a year ago, but Delorme has kept out of the way until a few days ago, when he was arrested. He must enter into a recognizance himself in $1000 and two sureties in $500 each.

An appeal from the order of the master in chambers in the libel action of Martin v. The Empire ordering security for costs was argued before Mr. Justice MacMahon yesterday. His Lordship held that the master was right and dismissed the appeal with costs.

The motion to continue the injunction in Garford v. Stark was enlarged for one week.

Messrs. Shaw & Elliott, acting for Harvey Courtland of Rose-avenue, have issued a writ against K. E. Martin and Norman Allen, practising as Drs. Martin & Allen, claiming $20,000 damages for malpractice and negligence. The plaintiff was suffering from typhoid fever and claims he was improperly treated.

The Acme Silver Company have issued a writ against the Stacey Hardware Manufacturing Company of St. Thomas claiming $5000 damages for libelling the plaintiffs in their business.

Henry Snell and Laura Snell, his wife, have issued a writ against John M. McFarlane claiming damages for an assault and battery and imprisonment done by the defendant upon the plaintiff Laura Snell.

Moulders Repudiate a Reform Handbill.

Editor World: I am authorized by Iron Moulders Union No. 28, to state through the city papers that that organization is a non-political one, and that the circular appearing over the signature of the Iron Moulders Union on a handbill issued by those opposed to the present Administration was so published without the knowledge or authority of that body, and embellished with the heading: "How it Works; Protection for Manufactures and Free Trade in Labor," giving it a political significance entirely foreign to its purpose, and as such is emphatically repudiated by Iron Moulders Union No. 28.

Knights of Labor.

The Knights of Labor aim to protect their members against financial difficulties, etc., Hagard's Yellow Oil protects all who use it from the effects of cold and exposure, such as rheumatism, neuralgia, lumbago, sore throat and all inflammatory pain. Nothing compares with it as a handy pain cure for man and beast.

Oh, What a Cough!

Will you heed the warning? The signal perhaps of the sure approach of that more terrible disease Consumption. Ask yourselves if you can afford, for the sake of saving 50 cents, to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. Sold by Hargreaves Bros., Queen-street west, and by every druggist in the city. 246

A Great Sale.

The sale in progress at McKendry's, the Yonge-street drygoods store, is attracting the crowds. Two reasons why the stock must be sold: No. 1—Two bankrupt stocks have been purchased within the past two weeks and they must go. No. 2—The regular stock will have to go on account of moving into the new store, 202 and 204 Yonge-street. Uncommon bargains every day at 278 Yonge-street. 246

Will Get There All the Same.

A letter just received from a Canadian in London states that the greatest interest is manifested in England about the Dominion elections. The press generally is in favor of Sir John. The writer says that, notwithstanding all the local governments are fighting the Old Man, the latter will get there all the same. "No such disloyal crew as the Grits will ever capture our country," concludes the letter.

Cod Liver Oil.

This valuable medicine for weak lungs and debility is frequently rendered unavailable by its strong odor and taste. Caswell, Massey & Co's. Emulsion of Cod Liver Oil, with pepsin and quinine, entirely overcomes these objections. See letters from leading physicians. W. A. Dyer & Co., Montreal, and all druggists. ed

Mrs. W. J. Lang, Bethany, Ont., writes: "I was one of the greatest sufferers for about fifteen months with a disease of my ear similar to ulcers, causing entire deafness. I tried everything that could be done through medical skill, but without relief. As a last resort, I tried Dr. Thomas' Eclectric Oil, and in ten minutes found relief. I continued using it, and in a short time my ear was cured and hearing completely restored. I have used this wonderful healer successfully in cases of inflammation of the lungs, sore throat, coughs and colds, cuts and bruises, &c., in fact it s our family medicine.

Severe colds are easily cured by the use of Bickle's Anti-Consumptive Syrup, a medicine of extraordinary penetrating and healing properties. It is acknowledged by those who have used it as being the best medicine sold for coughs, colds, inflammation of the lungs and all affections of the throat and chest. Its agreeableness to the taste makes it a favorite with ladies and children

Good Advice.

If you do not want to injure your liver and kidneys, don't buy baking powder in bulk. But the Princess or Borwicke, both are absolutely pure and as cheap as the bad powders. Purity of the Princess and Borwicke proven by the Dominion Government and legaly sworn declaration with each package.

CANADIAN WATERWAYS.

Important Discussion by Civil Engineers—The Great Lakes Route.

The regular meeting of the Canadian Society of Civil Engineers was held at the Canadian Institute last night. Mr. Alan Macdougall presided, and among those present were Prof. Galbraith, Messrs. Redway, G. C. Cunningham, David Blain, Hugh Blain, David Burns, C. E. Marani.

The secretary, W. R. Pillsworth, read an exhaustive paper prepared by Mr. E. L. Corthell of Chicago. The subject was: "An Enlarged Waterway Between the Great Lakes and the Atlantic Seaboard," and was an argument for the cheapening of transport between the great Northwest and of both the Dominion and the United States and the seaboard, special attention being given to the St. Lawrence route which the author considered the most favorable. The feasibility of a ship railway between Toronto and Collingwood received particular and favorable attention.

An interesting discussion followed, and it was decided to further consider the subject at the next regular meeting when it is probable a deputation from the Board of Trade will be present.

Borne to His Rest.

The body of the late Sergeant Carr of the police force was borne to its rest yesterday from his late residence, 16 Bloor-street east. The pall-bearers were: Inspectors Armstrong, Johnston and Brackenreid and Sergeants Hales, McFarlane and Varley. The route of the procession was down Jarvis-street and along Wellesley-street to St. James' Cemetery. Rev. J. F. Lewis conducted the service. The remains were followed by all of the force not on duty. Among the floral offerings was a handsome pillow from the late Sergeant's comrades.

HISTOGENETIC MEDICINES
Have Cured a Toronto Citizen of
CONSUMPTION
Histogenetic Medicine Association:
GENTLEMEN: I now wish to bear my testimony to the magic powers of Histogenetic Medicines in the cure of Lung disease. Three years ago I had a severe attack of intermittent fever, which shook my constitution very seriously, especially my lungs, liver and bronchial tubes. A year ago I took la grippe, which left me in a bad condition. I had a very bad cough and profuse expectoration. Could not sleep for coughing and pain in my lungs. I had night sweats and other evidences of a destructive process going on in my system. All I took and did, including cod liver oil and other consumptive remedies, did me no permanent good. I finally became discouraged, and realized that consumption would soon carry me off unless some unusual treatment was brought into use in my case. I got worse, and still worse, until about the middle of December last when I noticed an advertisement in the Toronto papers giving the testimony of a man named Hapcroft having been cured of consumption. Also the testimony of another Toronto citizen named Sinclair cured of bronchitis with Histogenetic Medicines. I consulted Dr. Rear, the medical examiner of the Association. He was positive after a careful examination of my condition that Histogenetic Medicines perseveringly taken would effect at least an arrest of the disease, and very probably a radical cure. I commenced treatment at once, and began to gain rapidly, when unfortunately I took a severe cold, but persevered with the treatment, and was soon better than usual again. I have rapidly improved till my cough, expectoration, pain and night sweats are entirely gone. I have gained more since commencing the treatment than I had lost during my illness (15 lbs.) In fact I weigh 5 lbs. more than I have for years. I am able now to follow my usual employment all day and feel splendid. The action of these beautifully prepared, tasteless medicines is miraculous and permanent, and they leave no injurious effects. I wish in this testimony to tender my hearty thanks and also those of my now happy wife to the Histogenetic Association for the deep interest they took in my case, which has resulted, through God, in my life being saved when all else failed. I shall gladly answer any enquiries concerning the facts in my case.
Yours truly,
THOS. WILLIAMS,

MRS. DEAN—Our house was furnished throughout by C. F. ADAMS on his credit system, and everything has turned out exactly as represented and highly satisfactory.
MR. DEAN—I had a prejudice against buying goods on credit, but my wife was tired of boarding, and we had heard ADAMS so favorably spoken of that we called to see him, and found his prices and terms so reasonable that we ordered everything in our home from him.
