THE ATLANTIC FAST STEAMSHIP SERVICE.

An Important Case Before the Supreme Court—Proposed Conference of Ontario Municipal Authorities.

OTTAWA, May 15.—Mayor Clarke, City Solicitor Biggar, City Engineer Sankey and Ald. Boustead of Toronto arrived here this morning on civic business. They intended to interview Sir Hector Langevin, but the Minister of Public Works is in Quebec. They had an interview with the Deputy Minister, however, to ascertain the exact position of the city in respect of the Canadian Pacific's claim of the Esplanade from Yonge to Simcoe-streets. Some delay has been made in issuing the patents for the water slips, and the delegation also inquired into this matter.

In the Supreme Court to-day the case of the Exchange Bank vs. Francis E. Gilman came up for consideration. Mr. McMaster appeared for the bank and Mr. Gilman in his own behalf. This appeal involves a very important point raised by plea to the merits in the lower court. It is this, "Can a plaintiff during the trial of a cause withdraw a portion of his demand with the leave of the court, proceed to judgment for the balance, reserving his right to institute a suit for the portion withdrawn?" In the Superior Court Mr. Justice Torrance decided the questions in the affirmative and gave judgment in favor of plaintiff for $41,627, but the Court of Queen's Bench decided the question in the negative and reversed the decision of Judge Torrance without any reference to the grounds of action, hence the appeal in the present instance.

Dr. Ferguson, M.P., Welland, arrived here this morning on departmental business.

Hon. C. H. Tupper and Mrs. Tupper are in Montreal to-day seeing Sir Charles off for England.

Mr. Griffin, Librarian, and Mr. Horan of the Justice Department also sailed by the same boat, the Parisian.

Major Erratt has issued a circular letter to the mayors of all towns and cities and the reeves and wardens of all counties and municipal corporations in Ontario, stating that despite the numerous petitions presented to the Provincial Parliament during the past session no action was taken nor will likely be taken on the subject of the abolition of municipal tax exemption, and suggesting a conference of representatives from the various municipalities to be held in Toronto towards the latter end of June or July.

Hon. Geo. E. Foster, speaking to a reporter to-day in reference to the statement recently cabled from England that the Andersons were experiencing difficulty in raising capital for the Atlantic fast steamship service, said: "I have not heard anything which would lead me to suppose there is any foundation in fact for the report. So far as I know the Andersons are progressing fairly in their negotiations and hope to be able in a little while to definitely announce the formation of a company."

IN THE WORLD OF SPORT.

Exile Wins the Brooklyn Handicap in Fast Time—Ball Games Yesterday.

GRAVESEND, L. I., May 15.—The gates of the Brooklyn Jockey Club were thrown open to the public to-day and 15,000 people surged through them, all bent upon seeing one race and that was the Brooklyn Handicap. It was the first day of the spring meeting and the big handicap was the attraction. Ever since the weights appeared last February Hanover has been fancied for this event and yesterday he was the public's favorite. The others had no lack of supporters. However it was hardly thought that Exile was good enough, though Billy Lakeland declared that his horse had a great chance and would be benefited by the heavy going. He proved equal to the task, and his race was even better than the record, considering the "going" and that Exile was the last horse away. It was certainly a great performance. The weather was fine though the track was somewhat damp.

After the third race there was a rush to the betting ring. Men clamored like mad and fought like wild animals for a chance to stake their money on their favorites. The odds offered by the "bookies" were inadequate, but had there been four times the number of bookmakers all would have been rushed to accommodate the tremendous number of bettors. Results:

First race—Purse $1000; for all ages; 5 furlongs.
J A & A H Morris' blk c Britannic, 5 by Plevna—Fairdless, 125 ..... (Littlefield) 1
C Cornelisen's br g King Crab, 4, 119 2
Owner's b h Reveller, aged, 125 3
Time—1.01¼.
Won by five lengths.

Second race—A handicap sweepstakes of $20 each, with $1000 added; 1 1-16 miles.
W Lakeland's ch c Tea Tray, 4, by imp. Rayon d'Or—Ella T, 107 ..... (Rayford) 1
T Brien's br c Ballston, 4, 114 2
D T Pulsifer's ch h Brother Ban, 5, 106 3
Time—1.48¾.
Mutuals paid $87.30.

Third race—The Expectation Stakes for 2-year-olds at $100 each with $1500 added; ½ mile.
W L Scott's b c Bouquet, by Rayon d'Or, 115 .. 1
A Belmont's ch c Belisarius, 115 2
Dwyer Bros.' b c Houston, 115 3
Time—.48.
Mutuals paid $84.40.

Fourth race—The Brooklyn Jockey Club Handicap for 3-year-olds and upward, $100 each; the club to add an amount necessary to make the gross value of the stakes $10,000, of which the second horse shall receive $2000 and the third horse $1000; 1½ miles.
W. Lakeland's b h Exile, aged, by imp. Mortemer—Second Hand, 116 ..... (Hamilton) 1
A. Belmont's ch c Prince Royal, 4, 120 ..... (Garrison) 2
Chicago Stable's ch h Terra Cotta, 5, 120 ..... (McLaughlin) 3
W. Gratz's ch h Elkwood, 6, 120 ..... (Martin) 0
Edgemont Stable's b c Juggler, 4, 97 ..... (A. McCarthy) 0
Dwyer Bros.' ch h Hanover, 5, 122 ..... (Taylor) 0
Acorn Stable's b h Richmond, aged, 110 ..... (Littlefield) 0
Time—2.07¼.
Mutuals paid $83.30.

Betting—8 to 5 against Hanover, Prince Royal and Terra Cotta, 5 to 1 Exile, 6 to 1 Elkwood, 8 to 1 Juggler, 10 to 1 Richmond.

The race—After a long delay at the post caused by Exile and Prince Royal the flag fell with Juggler in front, followed by Terra Cotta, Elkwood, Richmond, Prince Royal, Hanover and Exile in the order named, the latter getting much the worst of the start. Nearing the stand Hanover joined Juggler and the two ran hopped to the turn, with Prince Royal leading the others, of which Richmond was last. Rounding the club house bend Juggler again took command and showed the way into the back stretch, a neck in front of Hanover. Juggler increased his lead and the others closed on Hanover, who fell back beaten. At the far turn Exile showed in front and led into the stretch half a length in front of Prince Royal, who was two lengths in front of Juggler, with Hanover fourth. Then began the struggle that set the blood of every spectator chasing through their veins. Garrison rode Prince Royal like a demon, but in vain, he couldn't overhaul Exile, who in the last furlong drew away and won by two lengths. Prince Royal beat Terra Cotta a dozen lengths for the place, Elkwood, Juggler, Hanover and Richmond finishing in the order named. The fraction time was as follows: Quarter, 25; half, 50; five furlongs, 1.03; three-quarters, 1.16; seven furlongs, 1.28¾; mile, 1.41¾; 1⅛ miles, 2.07¼.

Fifth race—Purse $1000, for maiden 2-year-olds; ⅞ mile. Reclare, 115, won by two lengths; John Atwood, 118, 2; St. James, 118, 3. Time 60.

DISTRESS RESULTS.

Suffering in Westphalia Owing to the Coal Miners' Strike.

BERLIN, May 15.—Distress is beginning to be felt in the coal districts in consequence of the strike of the men. A committee has appealed for funds and a number of Westphalia newspapers have opened subscription lists. The number of strikers and their dependents is estimated at 160,000. Hundreds of miners have resumed work under the protection of troops and many other strikes are wavering.

The employers in the Witter district have offered to increase wages without altering the hours of labor, and the offer may possibly be accepted. The strikers' committee has issued placards urging strikers to maintain peace. Placards have been posted in many places warning peaceful citizens to remain in-doors after sunset. A number of placards have also been posted urging the strikers to commit violence. These latter are attributed by some to the masters, by other to the socialists, and by still others to women opposed to the strike.

Ordering Coal from England.

LONDON, May 15.—There were 120 cargoes of coal ordered in England to-day for Germany.

Belleville Briefs.

BELLEVILLE, May 16.—The Board of Education passed their estimates Tuesday night. The sum required for public schools is $12,210 and for high schools $3410.

Mr. Charles Bunt of Detroit has been examining iron deposits in North Hastings, with a view to establishing smelting works here.

The Imperial Federation League met Tuesday night and elected these officers: President, W. R. Northrup; First Vice-President, A. R. Dougall; Second Vice-President, Rev. S Daw: Treasurer, Walter Alford; Secretary, J. F. Wills. Executive Committee—Rev. D. F. Bogart, Thos. Wills, R. Elliott, D. F. Rutledge, W. R. Carmichael, Thos. Wilkes, Wm. Johnston.

The annual meeting of the Mechanics Institute was held Monday night. The expenditure which was over $1600 was balanced by the receipt. The officers elected were: C. Bogart, President; W. Tennant, 1st Vice-President; Geo. D. Dickson, Q.C., 2nd Vice-President; W. T. McIntyre, Treasurer. Directors—W. N. Ponton, Thos. Ritchie, Thos. Wills, Dr. Wright, A. N. Read, E. B. Burrell, John J. B. Flint.

The number of pupils attending the High School is 170.

The official board of the Bridge-street Methodist Church met Tuesday night and passed a resolution highly appreciative of the character and work of Rev. Geo. Learoyd, the retiring pastor.

Both Will Recover.

DETROIT, May 16.—Philip H. Hartsell and Wm. J. Smith, who had an encounter on Grand River-avenue Tuesday evening and shot each other, will probably both recover. Hartsell fired four shots all taking effect in his father-in-law's body. One bullet struck Smith on the forehead, going through the rim of his hat and lodging in the scalp. One grazed his head, one passed through the fleshy part of his right upper arm and the fourth grazed the under part of the same arm. Smith discharged five balls only one of which hit Hartsell. The bullet entered his right breast and narrowly escaped the lung. Smith was arraigned yesterday charged with attempted murder, pleaded not guilty and had his examination set for May 24. Ex-Alderman Henderson furnished $1000 bail for his appearance. Justice Miner issued a warrant against Hartsell who was also charged with murder. Hartsell is feeling better. He is still in his room under surveillance.

The Flour Output.

MINNEAPOLIS, May 15.—The Northwestern Miller says: Although fifteen mills ran to a greater or less extent last week the aggregate production of flour for the week was only 94,070 barrels against 88,220 barrels the previous week and 170,300 barrels for the corresponding week in 1888. Fifteen mills are in operation again to-day and indications point to quite a gain in the output for the week. Most of the mills got some orders ahead last week and though the demand is lighter now they are grinding stronger to fill them. Nearly 50,000 barrels of flour, mostly patents, were withdrawn from store at Duluth during last week, leaving 156,000 in store there Saturday. Considerable held in store here is also being shipped. The direct exports of flour for the week were 35,000 barrels against 40,500 barrels the preceding week.

A Michigan Sensation.

MARSHALL, Mich., May 16.—This city has a romance. A colored barber has brought home from Canada as his wife a handsome German girl and the couple are as much objects of curiosity as a two-headed girl ever was. Walter H. Clark is the barber's name. A few days ago he left town with a big sign on his window to the effect that he had gone away temporarily to give other barbers a chance to do some work. Yesterday he reached here from Essex Centre with his bride. Clark is 28 years old and speaks some German while his wife is 20 and speaks a good deal of German. She is a member of the Christian Church and has always borne an excellent character but the people came near mobbing her and her dusky choice before they got out of Canada.

Injured by Carelessness.

IRONEMING, Mich., May 16.—By an explosion of dynamite at Oscola mine early yesterday morning four miners were terribly injured. Jas. Rosette had his skull fractured, John Turk right arm blown off and otherwise mangled, Antoine Fuatitzsk left arm partly torn off and balance crushed. The fourth man is not dangerously though painfully wounded. The first two may die. Turk is married and has a large family. The accident occurred through the carelessness of the men injured.

The Shah Gorgeously Received in Russia.

ST. PETERSBURG, May 15.—The Shah of Persia, who is now journeying from Teheran to St. Petersburg, is meeting with a grand reception in Russia. In Erivan the streets through which he passed were lined with troops, and at several points there were triumphal arches bearing the inscription "To the Shah's sacred person." The entire town was brilliantly illuminated at night.

140 Saloons Cut Off in Philadelphia.

PHILADELPHIA, May 15.—The License Court finished its work to-day. In the city complete licenses are granted for 1203 saloons. Last year 1343 licenses were granted and in 1887, before the new law went into effect, there were 5773 saloons in the city.

Damages for Slaughtered Miners.

NEVADA, Mo., May 16.—Damage suits aggregating $100,000 have been filed against Keith and Kerry by the friends and relatives of the 23 miners who were killed by an explosion in the company's mines March 29, 1888.

Woodstock Cheese Market.

WOODSTOCK, May 16.—The bulk of the cheese made in April and beginning of May around Woodstock has been disposed of at 9 and 9⅛ cents.

DUNGANNON,

From our own correspondent.

Fall and spring crops so far are looking well in this locality.

The Maitland Presbytery met on Tuesday, the 14th, at Wingham.

Mr R B Scott, of Seaforth, general agent of the Sun Life Assurance Co., of Montreal, visited our village on Tuesday with a view to further the interests of the company.

On Friday of last week we were favoured with a shower of rain so that now Spring is clothing herself with her beautiful green mantle, and, as the poet says, "all nature lives again."

On Monday, 13th inst., the induction of Rev Mr Anderson took place at St Helens, so that he is now pastor of the two stations which Rev R Leask so long occupied. We wish him spiritual and temporal success in his new appointment.

On arbor day the teacher, Mr Geo S Woods, along with several of his pupils in U. S. S. No. 8, Ashfield, planted a number of shade trees on the school premises, which will through time be a benefit as well as an ornamentation to the school. It is pleasing to note the interest taken by them in adorning the school premises.

The municipal council of the municipality of West Wawanosh will meet in the town hall on Saturday, 25th inst., when a court of revision of the assessment roll for 1889 will be held, and other municipal business will be attended to. All whom it concerns will govern themselves accordingly.

SHEPPARTON.

From our own correspondent.

Chas Hawkins, who went up to the Northwest a few weeks ago, has returned, and is now answering many questions to his friends about his journey there, and the events on the route coming and going.

A little daughter of James Russell, Morris, fell through a scaffold in the barn, a distance of 13 feet. She was rendered insensible by the fall, but no bones were broken.

Thos. Pentland, from near Brandon, Manitoba, paid a short visit to his friends on the 1st con., Morris. He came down to Ashfield to see his father, who is dangerously ill. He said if he had known it was so cold down here he would have brought his fur overcoat.

"The Old Oaken Bucket,
The Iron-bound Bucket,
The Moss-covered Bucket,"

is very likely the one that has conveyed poisons to your system from some old well, whose waters have become contaminated from sewers, vaults, or percolations from the soil. To eradicate these poisons from the system and save yourself a spell of malarial, typhoid or bilious fever, and to keep the liver, kidneys and lungs in a healthy and vigorous condition, use Dr. Pierce's Golden Medical Discovery. It arouses all the excretory organs into activity, thereby cleansing and purifying the system, freeing it from all manner of blood-poisons, no matter from what cause they have arisen. All diseases originating from a torpid or deranged liver, or from impure blood, yield to its wonderful curative properties. It regulates the stomach and bowels, promotes the appetite and digestion, and cures Dyspepsia, "Liver Complaint," and Chronic Diarrhœa. Salt-rheum, Tetter, Eczema, Erysipelas, Scrofulous Sores and Swellings, Enlarged Glands and Tumors disappear under its use.

"Golden Medical Discovery" is the only blood and liver medicine, sold by druggists, under a **positive guarantee** of its benefiting or curing in every case, or money paid for it will be promptly returned.
