**GOLDEN STAR**
We believe the mine with ten stamps li
roducing nearly as much gold as the Cari
oo (McK.) with twenty, or the Sultana
vith thirty stamps. The big ore lenses of
he Sultana carry about $7 per ton. We
hink the Star good for from $14 to $21,
nd with 3000 feet of development it should
keep thirty stamps going. The concen-
rates were not disappointing. The stock
s weak owing to delay in giving out the
report. Buy now. The average man goes
n on the rising and out on the falling mar-
ket, thus giving momentum to both move-
ments. Hence some stocks are too high,
others too low. We try to identify both
classes. Send for our views. Having no in-
terest in any stock we naturally fall into
the practice of recommending only the big-
gest money makers, for if we lead you to
profits your patronage is assured. All our
interests are against advising the purchase
of worthless stock. Orders for the purchase
or sale of any of the standard stocks will
be promptly and carefully executed.

## WHITE WINGS RUN DOWN

**By the Primrose on Sunday Afternoon, But Nobody Hurt—Excursions of a Day.**

The travel by water was exceptionally heavy yesterday for the beginning of a week. There were a large number of excursions, and all had their crowds of pleasure-seekers. The Macassa and Modjeska of the Hamilton fleet carried several hundred people.

The excursions were: St. Mary's Literary and Athletic Association, 600 strong, to Niagara-on-the-Lake; Catholic Order of Foresters, 350 strong, to St. Catharines, and Parkdale Congregational Church Sunday School, 400 strong, to Oakville.

The White Star will carry the excursion of Sheridan-avenue Baptist Church to Oakville to-day, and St. Bartholomew's and St. Mark's Sunday Schools to Lorne Park.

The Bonke Manufacturing Company's employes held their first annual moonlight excursion on board the Garden City last night. There were about 400 people who attended, and a very enjoyable time was spent. An orchestra was present, and a program of music was rendered.

The Ladies' Sodality of St. Paul's Church will run their excursion to St. Catharines to-day on the Lakeside.

The stonehooker White Wings, formerly a pleasure yacht, lies at the bottom of the bay, in Church-street dock. She was taken from her moorings on Sunday afternoon by a party of men and women, who proceeded to enjoy themselves by a trip around the bay. The fun was soon ended, however, by the ferry steamer Primrose running their craft down in the middle of the bay. The jib-boom and canvas of the stonehooker was carried away, and she commenced to sink. The occupants were able to get the boat into Church-street dock, and had just climbed over onto the wharf when she went down. The ferry steamer received no damage, but her passengers were greatly excited.

**New York and Return $10.**

Union Masonic excursion under the auspices of St. Andrew's and Harmony Lodges A.F. & A.M., on Monday, Aug. 7, via Niagara N. Company's steamers, West Shore Railway, and Hudson River day boats to New York. Tickets good for 10 days.

This will be the only excursion of the season by way of Niagara Falls, Buffalo and the far-famed Hudson. Do not, therefore, miss the pleasures of a day trip down that magnificent river on one of its "floating palaces." Fare round trip $10.

Excursion party will leave Toronto by 2 o'clock boat for Niagara Falls and Buffalo, arriving at Buffalo at 6.30 p.m., where a stop of three hours will be made. Will leave Buffalo at 10 p.m. and arrive in Albany at 6.30 a.m., in time for breakfast and to see the capital before taking boat at 8.30. Will arrive in New York at 5.30 p.m. Excursionists may return at their own pleasure any time within ten days.

Tickets may be procured at Capt. Melville's Ticket Office, corner Toronto and Adelaide-streets, or from any of the following committee: Bros. George Tait, Geo. J. Bennett, H. T. Smith, J.C.Gardiner, Chas. E. Edmonds, W. H. Shaw, R. J. Beeman, and the undersigned: W. C. Wilkinson, chairman; Jas. Glanville, treasurer; G. C. Patterson, 23 Jordan-street, secretary, or address H. Parry, general agent, 308 Main-street, Buffalo, N. Y. ed

**In the Surrogate Court.**

Application was made in the Surrogate Court yesterday for probate of the will of the late Sarah A. Macdonald, wife of William H. Macdonald, who died July 7, leaving an estate worth $2250. The whole was left to her daughter, Bernadetta, in trust.

Proceedings also took place in the estate of the late Mrs. Octavia Keeler, widow. She left her estate of $600 to her daughter-in-law, Blanche E. Keeler of Brighton, Northumberland County.

**Ho! For the Falls.**

The Prince of Wales Lodge of Oddfellows will hold their annual excursion to Niagara Falls to-morrow by the Niagara Navigation Company's boats, leaving at 7, 9 and 11. Tickets for the round trip will be $1.25.

# ELEVEN PROSPECTORS LOST

## Mr. and Mrs. Mills of Vancouver Are Among Those Lost Near Windy Arm.

## HAD A ROUGH TIME IN ALASKA.

**Massachusetts Men Went to Resurrection Bay and Had Hard Work Getting Back.**

Chicago, July 17.—A special to The Tribune from Victoria, B.C., says: "The steamer Tees brings news of the death of a party of 11 prospectors by drowning near Windy Arm. Those known to have been lost are Mr. and Mrs. Mills of Vancouver, Mrs. Klune and daughter and a young man named aHrry Howard."

**They Had a Rough Time.**

Seattle, Wash., July 17.—The schooner General Siglin, which arrived here last night from Cook's Inlet, Alaska, had among her passengers 14 members of a party of 16 Massachusetts men who left Boston a year ago last February in the schooner Ruhel Richardson.

They went to Resurrection Bay, Alaska, where they anchored their vessel for the winter. In November she broke her chains, and a strong wind drove her at high tide on a sandbar. The craft careened and settled. Until within three or four weeks she was practically buried in the sand. Meanwhile the prospecting contingent had gone into Cooper River, a tributary of Resurrection Bay, where they located a claim and at once began its development. Very poor diggings were encountered, the men making but 50 cents to $1 per day, but they kept pegging away until they secured gold enough to pay their passage back home. Before their departure they sold the buried schooner, which is a comparatively new craft, constructed at a cost of $10,000, to a Captain Newport, for $100. Nearly every member of the crowd had a slight touch of scurvy during the winter. They are returning to their Massachusetts homes, very much disgusted with the Resurrection section of Alaska as a gold-producing district.

## THE COMING TATTOO.

**Lieut.-Col. Otter Has Appointed Officers as Assistants in Directing the Manoeuvres.**

One of the most beautiful numbers in the tattoo program on Wednesday and Thursday of next week will be the evening hymn. The impression produced by 500 bandsmen playing in harmony the sweet and uplifting melody, whose effect is heightened by the softness with which the music is arranged to be played, is most lasting and deep. This number will be conducted by Mr. John Bayley, bandmaster of the Queen's Own Rifles. Lt.-Col. Otter has appointed the following officers as assisting staff in directing the manoeuvres on the two nights: Major W. C. Macdonald, 48th Highlanders; Messrs. C. S. McInnes, Royal Grenadiers, and George Higginbottom, Queen's Own Rifles. In the event of rain on either evening holders of reserved seats can exchange tickets for the following evening. The reserved seat plan opens at Nordheimer's on Thursday morning at 9 o'clock, and undoubtedly early application will be necessary to secure good places as the popularity of the occasion is such as to warrant splendid crowds.

## BIG RUSH TO MURRAY'S.

**Yesterday Was Bargain Day in Shirt Waists and Skirts, and Thousands Came.**

A stranger might well have wondered at the scene on King-street yesterday morning at 7.45 o'clock. Beginning east of Toronto-street and extending to Yonge-street, a gathering, such as could only be brought together by some extraordinary power, was anxiously waiting. The observer could see that it was not a holiday crowd, but one on some business purpose bent.

Not many of the sterner sex were there, but there were fully 4500 of the feminine caste. There were girls in their teens, comely matrons, the stylishly-dressed and the woman in moderate circumstances stood side by side and waited. The World was there, and wondered what it was all about.

As 8 o'clock struck there was a break in the crowd just in front of Murray's, and the secret was out. The World's young man remembers having seen Murray's ad on Saturday, and his wonder ceased, for be it known, it was stated that on Monday morning this firm would sell shirt-waists and crash skirts for a quarter. Twenty-five cents, mind you. Was it not enough to keep sisters and mothers awake all night, ready to jump when the clock warned them it was time to be up and away?

It was the queerest scene imaginable, nearly 5000 people on a hot July morning waiting to take advantage of an enterprising firm's purchase and not more than a third of them could hope to get within the doors at one time, but the vision of lovely patterned, cool shirt-waists and likewise the crash skirts, at less than the price of three ice-creams, made them happy, and they patiently waited.

Promptly at 8 o'clock those nearest the doors and their name was legion, were admitted, and such a struggle. How the millinery suffered! Many a bunch of flowers and long dangerous-looking quill were made to kiss the dust, and were trampled under foot in the crush to gain an entrance.

Within a very few minutes it was seen that to allow the doors to remain open meant almost riot, so by strenuous resistance on the part of able-bodied door-keepers, the crowd was forced back, and the doors locked.

The World's young man went away and reflected that there never was anything like it before.

In order to learn the views of Messrs. Murray & Co., and to find out if this was not a most unusual occurrence, Mr. Drynan, senior partner of the firm, was asked for an interview. It was well on in the afternoon before Mr. Drynan could spare a moment, and then could only take time to say that in all his business experience, extending over a great number of years, he had never witnessed such an extraordinary gathering of buyers. "On rare occasions," said he, "the Monday morning bargains of the big New York and Chicago houses attract several thousand, but I believe we beat them yesterday."

"Why, at one time," continued Mr. Drynan, "I had fears that our entire plate-glass front would be smashed to pieces by the press of the crowds, but I am glad to say that everything passed off without a single unpleasant circumstance."

Mr. Drynan, in explaining about the sale of shirt-waists and skirts, stated that they comprised a purchase he made in New York a few days ago, and which he believed to contain the largest numerical quantity ever handled in any one instance. Mr. Drynan further stated that owing to the tremendous quantity he had special arrangements for tabulating the sale of shirt-waists and blouses, and gave out the figures up to 12 o'clock as 15,000 garments sold, about equally divided between shirt-waists and blouses.

At 2 o'clock in the afternoon the crush had somewhat abated, although there was still a big crowd.

The morning experience of many, who went early and had to stay late, before they got a chance to get within the doors, will long be remembered. It is said that some were patient enough to stand outside from 8 o'clock until nearly 12 o'clock before they were admitted, it being only possible to allow a portion of the waiting crowds to pass within the doors at intervals of half an hour.

## BOLE DOES IT AGAIN.

**The Man of West Elgin Notoriety Again Gets the Hardy Government Into Trouble.**

Manitoulin Expositor: To say the people of Little Current are indignant is putting it mild. During the past week the tourist trade to this town received a severe slap, and as a result some 20 tourists who purposed remaining here did not do so.

The cause of this is that Mr. D. Bole, fishery overseer, either legally or illegally, fined a number of American tourists $40 for fishing in Canadian waters without a license. Some of the people of the town took the matter up and reported it to the department, with the result, we understand, that Mr. Bole will be instructed to return the fines.

These gentlemen had bought all their supplies and their boat in Canada, and were making a tour of this channel to locate an island on which to build a club house. They were negotiating with Mr. Patten for the survey and the purchase of the property. The injudicious action of Mr. Bole drove these people out of the country, and negotiations were stopped. This is a direct loss to Little Current, not only in the loss of these gentlemen, but in the loss of those who have heard about it.

Now that this matter is cleared up, the Americans will feel free again to come to Little Current to enjoy the excellent fishing.

## FIRES IN THE STATES.

**Gallatin, Tenn., Devastated to the Extent of $75,000—Indians Suspected in Utah.**

Gallatin, Tenn., July 17.—Last night the entire south side of the public square was destroyed, entailing a loss of at least $75,000. The principal block destroyed was that of the Tompkins Opera House. The post-office was also burned, but the mail and records were saved.

## CHIVALRIC MEXICAN CAPTAIN.

**Half Starved Miners Raised a Purse For Him, But He Declined It.**

San Diego, Cal., July 17.—A special to The Union from Ensenada, Lower California, says: "The Mexican man-of-war Democrata, Captain Urgell, has arrived from San Roque with 98 American and 25 Mexicans, who were found on the beach there.

"Most of the miners had sold all their grub and tents and made their way to the landing, misled by the false rumors that the steamer St. Denis was due there July 5. The beach was covered with hungry men. Not one would admit, however, that he was broke, and in fact a company organized by them raised a purse of 1000 Mexican dollars, and offered it to Captain Urgell to take the crowd to Ensenada. The captain refused the money. He treated the luckless gold-seekers royally and brought them here."

**Where the Roosters Roost.**

Travelers who were in the Union Station yesterday afternoon were reminded of the first trip they ever took to the country. Forty-nine children and sick adults were sent out to the country for two weeks, under the auspices of the Fresh Air Fund Committee. They had their little bundles of play clothes wrapped up in paper, and their faces shone with pleasure that was prospective. Many of the parents were down to see them off, and it was hard for some of them to keep back the tears as they bade their little darlings good-bye. Every one of the children had been selected with care, which was vouched for by such workers as Miss Hesslan, Miss Gamble, Miss Sims and Miss Ariss of the Methodist Deaconess' Home. Almost as many have gone away this summer as went the whole of last summer, but there are scores to go yet, as soon as the funds rise again in the treasury. It costs $3.25 to send one child away for two weeks. New lots can be got ready every Monday, as there are plenty of homes to send them to.

**To Appear in Seven Days.**

In the suit of F. Strachan Cox against Col. Prior, M.P., et al., for $20,000, for the alleged non-delivery of stock in the Crow's Nest Pass Coal Company, an order was granted yesterday at Osgoode Hall that provided if Col. Prior did not appear before the court in seven days, the defence would be struck out.

**Bicycle Accident.**

While three gentlemen were wheeling to Weston on Sunday last, one of them met with a painful accident. Two hundred yards this side of Mr. Barton's house three posts arch the narrow sidewalk, under which one of the men rode, and fell, catching a barb-wire fence, lacerating his hands, and almost severing the thumb. Mr. Barton very kindly offered his horse and rig, and drove the unfortunate man to Weston, where Dr. Carleton was called. It was found necessary to have the thumb stitched in three places, and, after an hour's delay, the patient was driven to his home in Toronto.

S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for Inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others, as it did so much for me. ed
