The Week Opened With a Stronger Tone in American Issues.

C.P.R. and Toronto Railway Higher, But Other Canadian Stocks Very Dull—Market Quotations, Notes and Gossip.

World Office.
Monday Evening, June 16.

Outside of C.P.R. and Toronto Railway the local market was very dull again today, with prices leaning towards a lower level. The betterment in the New York market had no effect here, except in reviving interest in C.P.R. Toronto Railway, as has been the case in numerous other instances, exhibited a stronger feeling in the face of a strike and closed, ex-div. considered, a point higher than on Saturday. The opening was easy, with sales as low as 118⅝, but a little support from the inside left the price at the close at 120¾ cum-dividend. C.P.R. opened fractionally higher, at 136, advanced with New York to 137, and eased at the close to 136½, with sales totalling 3190. Twin City was dull and registered a further decline to 119. The rumored merger between Dominion Coal and Dominion Steel on a basis of 150 for the Coal and 100 for the Steel, did not help the former, which declined to 133¾, closing at 133½. Sao Paulo was in sympathy with the rest of the list and sold for one quotation at 100½. Dominion Steel bonds were firm, with sales at 92½, and General Electric brought 212¾ and 212⅞.

* * *

Bank shares are still enquired after at steady prices. Hamilton sold for 234¼ to 234½, Ottawa 215 to 216, and Dominion 244½. Imperial brought 248 and Standard 240 for small lots.

* * *

Montreal trading was exceedingly tame to-day and practically featureless. C.P.R. was firmer, with other exchanges, selling up to 137 and closing at 136¾. Power was firm at 150½. Toronto Railway developed strength during the day, closing at 121¼, against the opening at 119. Twin City sold at 119½, Richelieu 113, Dominion Steel 53½ to 54, and bonds 92¼.

* * *

On the Standard Exchange C.P.R. brought 136 to 137¼, Payne 22, Republic 9¼ and Black Tail 12.

* * *

Renewed activity on Wall-street to-day led to higher prices for a large proportion of the list. St. Paul, Atchison, Mo.P. and Union Pacific were leaders and made early advances. The close was steady at a slight reaction from the best prices. Pool operations are being conducted in the more prominent issues and any material public following is expected to carry prices to a considerably higher level.

Joseph says: Market will gradually harden, and on any recessions good stocks are a buy. But Pennsylvania for a smart advance. Insiders still accumulating Manhattan. Sell Reading common on bulges for quick profits. U.P., S.P. and Atchison are to be bought for substantial rise. B. & O., Norfolk & Western, M., K.T. and Wabash going higher.

Dow Jones says: The selection of D. S. Smith, superintendent of the St. Paul lines of Twin City, as general manager of B. R. T., bears out the announcement recently made by important interests in the latter company to the effect that they were constantly on the lookout for the ablest stray talent in the country, with a view to increasing the efficiency of their operations. Mr. Smith is the second capable official drawn from the Twin City system within the past few weeks, and it may be remarked that the management of the latter system is generally regarded as a first-class. President Lowry and his lieutenants have succeeded in operating the system under their charge very efficiently and economically, and it is conceded that in going there for new talent the B.R.T. people have gone to a good school. The best results have never been obtained from Brooklyn lines, and it has generally been argued that a change of operating officials could be made with advantage. Insiders say Mr. Greatsinger is a very capable officer, but that he has been hampered heretofore by the mediocrity of some of his assistants. This condition is to be changed, and the results are expected to show in due time.

On Wall Street.

J. G. Beaty, 21 Melinda street, received the following from McIntyre & Marshall at the close of the market to-day:

There was a little more activity in the stock market to-day, but the character of speculation was the same as that which has prevailed the past several days. The bull pool, which has been endeavoring to divorce the market from the coal miners' strike, furnished most of the buying power again to-day, and there were more active and aggressive operations with that end in view. The renewed strength in Canadian Pacific was attributed to the old pool in that stock, while Reading's rise was mostly on scattered covering of shorts and some local and western buying. There were no new developments in connection with the strike. This continues to drag along and is expected to be so until the miners are tired out. There were numerous specialties which were advanced on pool manipulation. Loans was not a factor and commission house business continued small. The market is highly professional in character and in the control of various pools. Aside from coal miners' strike, there is nothing unfavorable in general situation at present and the absence of much stock pressing for sale makes bull manipulation at the moment rather an easy matter, but it remains to be seen whether the public will come in. The decision of New Jersey chancellor restraining the United States Steel Company indemnitely from carrying out its bond proposition is very important, but the street does not regard it as final. The corporation decided to carry the suit to the United States Supreme Court.

Ladenburg, Thalmann & Co. wired A. J. Wright & Co. at the close of the market to-day:

Stock market was dull and professional again to-day, St. Paul and Mo.P. scored advances in the first hour of about one point each, part of which they subsequently lost, but they were strong all day. In the afternoon Reading was one of the features. In the general list there was some irregularity and apparently profit-taking. Northwest was one of the features, but there was no explanation for the advance. It may be said, however, that there are purchasers ready and willing to pay the company 60 million of dollars for the surplus assets in its treasury. The day was bare of news, even from the anthracite region. London did practically nothing.

Money Markets.

The Bank of England discount rate is 3 per cent. Money, 2 to 2½ per cent. The rate of discount in the open market for short bills is 2⅝ per cent. and for three months' bills 2⅝ per cent. Local money market is steady. Money on call, 5 to 5½ per cent.

Money on call in New York steady; actual transactions ranging from 2½ to 3 per cent. Last loan 3 per cent.

Price of Silver.

Bar silver in London dull, 24¼d per ounce.

Bar silver in New York, 52½c.

Mexican silver dollars, 42c.

IT LAYS A STILLING HAND ON PAIN.—For pains in the joints and limbs and for rheumatic pains, neuralgia and lumbago, Dr. Thomas' Eclectric Oil is without a peer. Well rubbed in, the skin absorbs it, and it quickly and permanently relieves the affected part. Its value lies in its magic property of removing pain from the body, and for that good quality it is unequalled.

Presentation at U.C.C.

At U.C.C. yesterday, H. H. Betts in the name of the boys presented E. R. Peacock, who is leaving the school, with a handsome gold watch. Mr. Peacock thanked the boys for this present and remarked that the seven years which he had spent at the school would always be among the happiest in his life. Mr. Peacock leaves the College to take a business position.

THE BEST TEST that GRIFFITHS MENTHOL LINIMENT meets all the requirements of what a liniment should be, is that its sale grows larger every day. Used on baby or grandmother it's equally good. Does not burn or blister, used internally and externally, and never fails to kill every pain. Large bottles 25c and 75c, all dealers.
