CHEAPEST OF ALL MEDICINES.—Considering the curative qualities of Dr. Thomas' Eclectric Oil it is the cheapest medicine now offered to the public. The dose required in any ailment is small, and a bottle contains many doses. If it were valued at the benefit it confers it could not be purchased for many times the price asked for it, but increased consumption has simplified and cheapened its manufacture.

LECTURE IS TONIGHT.

The lecture by Col. Hegler, of Ingersoll on "My Friend Pat," is to be given in the school room of St. James Church, South London tonight. It was stated in error in yesterday's paper that the lecture was to be given last evening.

INTERESTING LECTURE.

At the First Methodist Church last night, Mr. Frank Yeigh, of Toronto, gave a very interesting lecture on "Imperial Canada," with views of the Dominion from the Atlantic to the Pacific. Mr. Yeigh's lecture was very entertaining and abounded in interesting reminiscences of a trip he made across the continent last summer.

EVANGELISTS COMING.

Miss Elinor Stafford Miller, of Melbourne, Australia, will conduct a series of special evangelistic services in Dundas Center Methodist Church commencing Sunday, Feb. 7. Miss Miller is assisted in her work by Miss Jule Layton, a noted contralto singer, of Melbourne. These ladies have been working in some American cities for the past few months, and their work is everywhere spoken of with highest commendation. Miss Miller was a Methodist deaconess in Melbourne, but having talents for public work she was employed as an evangelist by the Methodist Conference in that country. The tour of these ladies in evangelistic work through America has been marked with great success.

LONDONER IN TROUBLE.

The Detroit Free Press says: George C. Pierce, the London, Ont., young man, who pleaded guilty to the charge of stealing $80 from his room-mate, John Schmidt, was sentenced by Judge Murphy to serve six months in the Detroit House of Correction. The light penalty was imposed because of the fact that Pierce is to fall heir to $300 when he becomes of age in September, and he promised to make restitution. The money was left to Pierce by his mother, and she specified in the will that he should remain at home in order to get the legacy. A London lawyer, however, has advised Judge Murphy that the executors will likely see to it that George is given the money.

A GOOD CONCERT.

An excellent concert was given by Forest City Division, No. 1, Uniform Rank, K. O. T. M., in the Grand Opera House last night. The audience was not a very large one, but the entertainment provided was first-class, and the concert appeared to please all present. The old-time London favorite, Mr. H. Ruthven McDonald, rendered several numbers splendidly, and was rewarded with encores, to which he was well entitled. A versatile artist is Mr. Frank Conklin, of New York, who as a reader and entertainer gave selections from "David Harum" and other pieces, and at once made himself a favorite with the audience. During the evening several pleasing numbers were also rendered by the Seventh Regiment Band.

A GOOD FIRE ESCAPE.

That Made by the Dennis Company of This City One of the Best.

The wisdom of using fire escapes is something that no sensible person will dispute. Their value as a life-saving medium has been too often demonstrated to require argument in favor of their use, but it is a fact that the recent dreadful calamity at the Iroquois Theater in Chicago has drawn to the attention of the public more than ever before the absolute necessity of equipping buildings with these means of exit.

The well-known Dennis Dire and Iron Works of this city, for many years, have been building what is admitted to be one of the best fire escapes that has yet been produced. It is a tribute to their worth that they invariably are chosen when shown in competition with other makes. They are now in use from the Atlantic to the Pacific. This firm has placed fire escapes at Prince Albert, Sask.; Brandon, Man.; on the Holt, Renfrew & Co., cigar factory at Quebec, P. Q.; on the C. P. R. hotel at Vancouver, B. C.; on the Alberta Hotel and other buildings at Calgary, N. W. T.; on three new hotels at Halifax, N. S.; on the Canada Furniture Factories at Woodstock, Forest, etc.; and on the Bain Wagon Factory at Woodstock. This proves that it is not necessary for anyone to go to the larger places for fire escapes, as the London firm makes them of such a satisfactory kind that it receives orders from all over the Dominion. The Dennis Company has placed a large number of escapes on local buildings—on Darch & Sons' and the Bank of Toronto's high structures, and on the McCormick factory. These are only a few of the many installed here.

This fire escape is made with first regard to strength and simplicity. They are permanently strong and suitable for the object for which they are intended. They are rigidly and durably constructed of the very best materials. The Dennis Company has been making these fire escapes for many years, and by long experience and accurate workmanship, they are able to produce them at a cost which makes consideration of their merits the more attractive.

LEGAL DECISIONS.

At Osgoode Hall, before Mr. Justice Ferguson—In Attorney-General for Canada vs. Hobbs Hardware Co.—W. E. Raney, for Johanna Connor, administratrix of estate of R. W. Connor, moved for order of payment out of court of moneys in court to the credit of this action, notwithstanding the stop order by the Master in Chambers on the 8th December, 1903, on the aplication of one M. Connolly. A. Mills for Minister of Justice. C. A. Moss for M. Connolly, contra. Order made for payment out of $700 to Crown and $1,800 to Johanna Connor, with acrued interest in both cases. M. Connolly to pay costs.

In court of appeal, Toronto, before Justices Moss, Osler, Maclennan, Garrow—Highway Advertising Co. of Canada, vs. Ellis. A. B. Aylesworth, K. C., and J. M. McEvoy (London), for plaintiffs, appealed from judgment of Boyd, C. (2 O. W. R. 151), dated 21st February, 1903. The action was to recover $5,000 from the promoters and directors of the plaintiff company upon the ground that that sum was diverted from the assets of the plaintiff company, and to recover another sum of $300 withdrawn by the defendants and converted to their own use. The plaintiffs allege that the defendants as promoters of the company obtained a half interest in the patent of invention operated by the company for the sole purpose and with the intention that such interest in the patent should be transferred to the company at a profit upon its incorporation. The patent was disposed of by the proprietors and taken by the company at a valuation of $50,000, of which $5,000 was to be paid, and was paid in cash out of the company's money. Boyd, C., held that the plaintiffs had failed to prove their allegation, and dismissed the action with costs not only as to the $5,000 claim, but also as to the claim for $300. G. F. Sheepley K.C., and W. H. Irving for defendant Ellis, and J. Heighington, for defendant McCutcheon, opposed appeal. Not finished.

SAD END OF JAMES HASLETT, AGED RESIDENT OF THORNDALE

Frozen to Death in His Home—Arose to Replenish Fire and Was Overcome by Cold.

James Haslett, over 80 years of age, and who had resided for upwards of ten years in Thorndale, was last night found frozen to death in his little home in that village.

For many years Haslett had lived alone, but although he kept to himself he was friendly with his neighbors, and was well liked. Yesterday no smoke was noticed coming from the chimney of his home, and the neighbors became alarmed.

Consequently, at about 8 o'clock, the door was forced open by Messrs. R. T. Wright and William Crawford, and the body of the old man was found in the living room, frozen stiff and stretched on the floor.

It was evident that Haslett had arisen during the night to replenish the fire, as the stove door was open and a stick of wood was on top of the stove. He had apparently been overcome by a fainting spell, or an attack of heart disease.

It is understood that he has a sister living in Dorchester, and a niece, Mrs. Isaac Gibbert in Fingal.

THE FIRST PRESBYTERIANS GAVE LIBERALLY TO CHURCH SCHEMES

Congregation Had a Very Successful Year—Annual Meeting—Managers Re-elected.

The First Presbyterian Church—now getting to be rather historic, being 71 years in existence—held its annual meeting last night, the pastor, Rev. W. J. Clark, in the chair, for the first part of the evening, and Dr. J. N. Wood during the latter half.

The congregation has had an interesting as well as successful year. It has been erecting what promises to be one of the most complete and artistic Sabbath school buildings in the Dominion, with accommodations for the various organizations of the congregation. It will be ready for use within a comparatively short time.

The members and adherents have subscribed liberally both for ordinary church purposes, and towards the new school building, the ordinary church revenue for the year having been $5,806 40, with a surplus on hand, on this account, of $558 30 for the year. To this is added the proportion of purely voluntary and widely-general cash contributions to the building fund, totaling nearly $5,000. This is exclusive of more than $1,000 raised by the Ladies' Aid Society towards decorating and furnishing the new building, and exclusive also of a total of some $2,462 93, raised for missions and various general schemes of the Presbyterian Church of Canada, or for collateral local purposes.

Interesting reports were presented from the Sunday school, mission committee, the Dr. Robertson Northwest Fund, W. F. M. S., Ladies' Aid Society, Young Women's Home Circle, Victoria Mission Band, and the Society for Bible Study.

The year has been one of harmony and good will. By unanimous vote, the salary of the pastor, Rev. W. J. Clark, was increased from $2,400 per annum to $2,700, amid hearty applause.

The retiring board of managers were re-elected in a body by unanimous vote. The full board is as follows: A. M. Hamilton, Dr. J. N. Wood, A. Sharp, Dr. D. H. Arnott, R. G. Fisher, C. G. Jarvis, Ed Reid, J. S. Moore, J. R. Shuttleworth, A. McPherson, W. C. Allan, S. B. McCready.

With a united congregation, and with a new and modern building added to its equipment, the church faces the future with confident expectation.

FAILED TO PASS EXAM.

New Second Engineer for Steamer Must Be Secured.

Expert Angus Makes His Report to Market, Fire and Light Committee

The market, fire and light committee of the city council met at 5 o'clock yesterday afternoon and dealt for the most part with fire hall matters.

The petition of the firemen of the central station to change the name of the new steam engine from the "Phoenix" to the "John A. Roe," out of respect to the memory of the late chief, was granted.

The committee accepted the report of Expert Robert Angus on the new steam fire engine. Mr. Angus' report declared the engine to be above the specifications in all respects.

Mr. Angus reported further that he had examined W. C. Allen, and had found him capable and qualified as engineer of the steam fire engine. His report regarding J. W. Thompson was not, however, a favorable one. Mr. Angus said that Mr. Thompson had no theoretical or practical knowledge of steam or steam machinery, and that he could not answer the most ordinary questions. Consequently he could not recommend Mr. Thompson for the position of second engineer. The report was accepted.

The petition for an electric light at the corner of King and Ontario streets was laid over together with several other similar requests, until the city engineer shall make a report as to all places in the city where electric lights are required.

Ald. Matthews (chairman), Greer and Garratt, Mayor Beck, Engineer Graydon, Acting Fire Chief Aitkins, Inspector McCallum, Market Clerk Maker and Secretary Bell were present.

ROYAL ARCH MASONS

The Annual Convention Concluded at Toronto.

Toronto, Jan. 27.—The Royal Arch Masons concluded their convention this afternoon. Reports showed this to have been the most successful year on record, both as regards membership and finances.

The report of the grand treasurer showed receipts for the year to have been $8,997 27, and expenditure, $6,399 51. The assets are given as $24,082 75.

In the address of Grand Z Shaw, he says:

"The healthy growth of past years has brought the grand chapter into larger proportions and greater usefulness, and inspired it with more intense vigor, the year just closed being marked by the same life and work which has heretofore characterized it.

"During the year, owing to the zeal and labors of R. E. Companion Wm. Caw, M. D., London district, of which the grand chapter may be justly proud, the companions resident in Strathroy applied for permission to resuscitate Beaver Chapter, No. 74. I consented, and directed the Grand Scribe E to grant the wish of the petitioners by handing them the original warrant, free of the expense due by the former companions."

Toronto was chosen as the next place of meeting against Niagara Falls and Kingston by a big majority.

The election of officers resulted as follows: M. E. Comp. Abraham Shaw, Kingston, grand Z.; William Roaf, K. C., Toronto, second grand principal; John Leslie, Winnipeg, third grand principal; George Bennett, Toronto, grand scribe E.; W. Hay, Renfrew, grand scribe N.; Hugh Murray, Hamilton, grand treasurer; Oliver Ellwood, London, grand principal sojourner; W. K. J. A. Lake, Toronto, grand registrar.

The following were elected to the executive committee: Authrey W. Hite, Toronto; George Moore, Hamilton; James Bicknell, K.C., Toronto; Lieut.-Col. T. C. Hallwell, Stirling; W. S. R. Murch, Kingston.

CIVIL WAR VETERAN.

Millersburg, Ohio, Jan. 28. — Caleb Tharp, believed to have been the oldest soldier in the civil war, is dead at his home in Ripple township, Knox county, aged 103 years. He was past 60 when he enlisted. His widow is 101 years old.

Thought She Would Die.

Doctor Could Do No Good.

Milburn's Heart and Nerve Pills

Effected a Complete Cure in the Case of MRS. CAROLINE HUTT, Morrisburg, Ont.

She says: "It affords me great pleasure to speak about what your Heart and Nerve Pills have done for me. About a year ago I was taken ill with heart trouble and got so bad that I was unable to do any work for four or five months. I got so weak and miserable that my friends thought I was going to die. The doctor attended me for some time but I continued to grow worse. At last I decided to try Milburn's Heart and Nerve Pills, and after taking two boxes they made me well and strong again. I cannot praise them too highly to those suffering from nervous weakness and heart troubles."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 for $1.25 at all dealers, or

SELF-TORTURE

Drunken Savages Stand Mutilation to Show Their Courage.

Yorktown, Man., Jan. 28. — Edward Field, who arrived here, reports the drunken orgies of Indians holding a potlach at Fishing River. Inspired by whisky supplied by a trader, the Indians held a sun dance. This did not content some who wanted a potlach, in which knives are freely used to test the courage of the Indian braves.

One got his companion to cut the tendons of his back to insert sticks, after the custom of the ancient dances, but could not bear the pain when one tendon had been cut. Another put pine needles in his arms and then applied a light to them, severely burning himself, but his bravery was established when he bore the pain without a murmur.

Others slashed themselves with knives inflicting bad flesh wounds and then retired from the dance to be attended by medicine men. The lance continued for three nights, more than a hundred Indians taking part in the performance on the snow, with the temperature 30 below zero.

A MILE IN 35 SECONDS.

Ormond, Fla., Jan. 28. — W. K. Vanderbilt, jun., was on the beach with his 120-horse-power machine, and was timed in one of his miles by W. Gould Brokaw in 39 seconds. It was unofficial, and Vanderbilt himself thinks he did not go that fast.
