LUMBER, SHINGLES, ETC.

VOL. VI. NO. 45. Athens, Leeds County, Ontario, Tuesday, November 11th, 1890. {$1.00 a year in advance $1.25 if not paid within 6 month B. Loverin Proprietor.}

GEO. G. HUTCHESON & CO.

LINENS GOODS.

We have received a very fine lot of Household Linen Goods in the way of Towels, Tray Covers, Sideboard Covers, Table Cloths, Damask Tablings, Napkins, &c., all imported direct and well worth your attention. Fancy Towels, Covers, &c., with drawn tenders and knotted fringe.

CHENILLE CURTAINS.

The handsomest stock and the best value we have ever shown. Come and see the new ideas and styles, new shadings, Gobelin Blue, Terra Cotta, Old Rose, &c. &c. Prices never were lower.

OSTRICH FEATHERS.

We are offering our whole stock of Colored Ostrich Tips and Plumes, including almost any desirable shade, at exactly

HALF PRICE

to clear out all millinery goods. Black Feathers at one-third off. These are nearly all Fine Feathers and would be cheap at regular prices, having been bought before the rise in ostrich feathers. At half price they are the chance of the season. It will pay you to dye them if we have not the color you wish.

CALL ME.

Call me early, mother, call me early, mother dear,
For Nov. 13th will be to me the happiest day of all the year,
For I'm going to Brockville, mother, on the B. & W. train,
And will spend my money wisely and reap the largest gain.
So wake me, call me early, mother, call me early from my nap,
For I'm going to Lewis & Patterson's to buy myself a wrap;
So be sure you wake me early that I may not miss the train,
Prices such as they now offer may not come to us again.

A LETTER FROM MANITOBA.

Snow Flake, Man., Oct. 27th, 1890.

Dear Editor,—A friend has recently sent me a copy of your paper, and as I read different paragraphs that it contained, recalled to my mind so very vividly the scenes of long ago around Athens and Sheldon's Corners that I felt impelled to address a few lines to your paper, hoping that in your generosity you will find space for them. I might say that it was just fifteen years last Dominion Day since I boarded a western train at old Brockville and turned my back upon dear old Leeds and the scenes of my boyhood that are so dear to us all, and what changes those fifteen years has wrought, not only in the lives of us all, but in the progress of our fair Dominion, and especially my adopted province, viz: Manitoba.

Although I have been a resident of Manitoba for nine years, my mind often goes back to the old familiar scenes and the first time when a small boy that I visited Athens for the first time in company with my father, but who was removed from those earthly scenes in Jan. 88, and how vividly do I remember the old school house and play ground at Sheldons, and Mr. John Yates, instrument of torture in the the shape of a thorn persuader of rather large porportions, and what an adept he was at handling the same. If my memory does not fail me I think he was of Irish parentage hence his capabilities in swinging the thorn, and if it was not the genuine black thorn, there was no mistake that it could produce a black mark, and I almost fancy I can hear the hammer strike the anvil in Mr. Thos. Wilson's blacksmith shop across the way from that ever to be remembered old play ground.

For fear that I may trespass too much on your space in recounting those scenes that has such a peculiar interest to me I will confine myself to addressing a few words to the young men and young ladies that may be thinking of coming to Manitoba to better their worldly prospects.

After a nine years experience in Manitoba I would say to the young men who are not land owners, and have saved a few hundred dollars and are inclined to agricultural pursuits by all means come to Manitoba. In some parts of Manitoba and the Western Territories homesteads can be obtained by paying a nominal fee of $10 and complying with homestead law, this entitles him to 160 acres of and ready for the plow, and should he want to buy land that is near a railway, good land can be obtained from $2.50 to $5.00 per acre in close proximity to schools, churches, railroad depot and good roads, and settled mostly by Ontario people, Western Ontario people predominates. I know very few Leeds men in my district, I might say one that I know and he has prospered is Mr. Smith Curtis, who is a law partner of our Attorney General, and the Winnipeg *Free Press* says that they have made lots of money by using the Attorney General's public position to attain it. But be that as it may there are many chances here for young men that Ontario does not offer. To the young ladies I would say there are hosts of chances for them to become the wives of merchants, lawyers, farmers, etc., and those of you who are not matrimonially inclined there is openings as school teachers, sales women, and any amount of good openings for millinery and dressmaking shops. At one issue last spring the Winnipeg *Free Press* contained two solid columns teachers wanted. Some lady teachers are receiving $450 per annum, and the cost of living very little higher than Ontario.

I would advise all young men wanting land before they settle elsewhere to come to Southern Man., via C. P. R. South Western Branch and see Southern Man., which is undoubtedly the garden of the West. I might say that the necessaries of life are very nearly as cheap as Ontario, a keen competition having arisen among our merchants the last two or three years. I am located about 100 miles S. West of Winnipeg on C. P. R. S. Western Branch and would be pleased to see any of the boys from Leeds.

Any intending to come would do well to interview or correspond with Wm. Webster, who is frequently at Athens or write him at Kingston as he will give them more information than I possibly could in a short newspaper article. In conclusion I might say that I have written a good many letters to the press of Western Ont., but none has afforded me more pleasure than those few words addressed to my friends in and around Athens. Wishing you all success I am,

Your obedient servant,
Wellington Barber, J. P.
Postmaster, Snow Flake.

There's a patent medicine which is not a patent medicine—paradoxical as that may sound. It's a discovery! the *golden* discovery of medical science! It's the medicine for you—tired, run-down, exhausted, nerve-wasted men and women; for you sufferers from diseases of skin or scalp, liver or lungs—its chance is with every one, its season always, because it aims to purify the fountain of life—the blood—upon which all such diseases depend. The medicine is Dr. Pierce's Golden Medical Discovery. The makers of it have enough confidence in it to sell it *on trial*. That is—you can get it from your druggist, and if it doesn't do what it's claimed to do, you can get your money back, *every cent* of it.

Tiny, little, sugar-coated granules, are what Dr. Pierce's Pleasant Pellets are. The best Liver Pills ever invented; active, yet mild in operation; cure sick and billous headaches. One a dose.

ADDISON.

Saturday, Nov. 8.—Mr. James Brown, of Browntown, is very sick at present. Little hopes are entertained for his recovery.

Mr. A. McDougall has gone to the States to make arrangements for the fowl trade for this season. He intends to commence buying on the 15th inst.

The green-eyed monster of Reynard Valley ran foul of our road contractor the other evening, and for a while it was thought the contractor would be annihilated. but providentially he escaped with a few slight bruises, and a warning not to return again.

Mr. C. Stowell and family have moved into their new cottage at Maple Green.

Mr. Luther Bissell has been very successful with his new patent whiffletree, having sold the right for several counties already.

ELLISVILE

Saturday, Nov. 8.—The collector is going his rounds as usual. He says it would not be worth while for anybody to stop him at night on the road.

Quite an interesting game of base ball was played on the grounds here last Saturday, between the Wolverines of Seeley's Bay and the Happy Nine, of this place. Toward the close of the fourth inning the rain began to fall quite heavy and time was called, the score standing as follows: Seeley's Bay 18 scores, 4 innings; Ellisville 17 scores, 4 inning, bases full, and none out. The Happy Nine. wish the rain had not come.

Mr. C. Pritchard has purchased the farm belonging to his brother Wm. who is now in Lambton looking for land. Wm. seems to agree with Horace Greely when he said, "go west young man."

OAK LEAF

Monday, Nov. 10.—One by one our aged ancestors of this vicinity are passing away. To-day we are called upon to chronicle the death of Jane Johnson, wife of Mr. John Johnson, which took place after a short illness on the 7th inst. Deceased was born in the county of Wexford, Ireland, in the year 1801, and had therefore reached the ripe age of 89 years. The funeral took place yesterday 9th to Trinity church, where a large number had assembled to pay their last tribute of respect to the departed, the remains being followed by her children, grand children and great grand children. The sermon delivered by Mr. Wright was very appropriate and was received by all with the deepest interest, the reverend gentleman selecting as his text Gen. lvii, 9. Deceased was a kind, industrious, amiable old lady, esteemed and respected not only by her relatives but also by her friends and neighbors. She leaves behind her husband with whom she has lived, as his wife, for the last 66 years, also three sons and three daughters, all of whom are living and in good circumstances.

PHILLIPSVILLE.

Tuesday, Nov. 4.—Frank Day and Miss Butterfield were made man and wife on Thursday.

John Male and Miss Laura Stevens, daughter of Miller Stevens, have started life's journey together. The bride received many beautiful and valuable presents. The members of the Baptist church, of which Miss Stevens was organist, presented her with a beautful set of china dishes.

C. Haskin & Son, mill owners, have under construction a fine steam yacht, which when finished will be a credit to the builder, James Halladay. The cabin and upper works will be finished in native oak and cherry. F. C. Reynolds will do the painting. Messrs. Haskin being practical machinists will put in the machinery. Twelve miles per hour is the estimated speed. They have not decided as yet whether they will put the craft on Delta waters or Portland Lake.

Miss Estella Brown, Delta, is visiting old friends.

Rescue division, No. 231, Sons of Temperance, is booming.

Quarterly meeting service at the Methodist church was largely attended.

LYN.

Saturday, Nov. 8.—The small boy forgot all about Halloween. Everything passed off quietly here.

The trustees of Lyn cemetery have arranged to purchase a strip of land back of the English church as an addition to the cemetery. It is much needed as all the old ground is taken up.

On Thursday, 6th inst., another old resident was carried to his last resting place in the person of Mr. Charles Gardiner, one of the pioneer cheese manufacturers of Ontario.

Mr. Jas. Cummings is putting a galvanized iron roof on the roller mill which adds much to its appearance.

Rev. Mr. Phillips is still unable to fill his pulpit. Quarterly meeting was held on Sunday at 2.30 p.m. Rev. Mr. Cains, of Brockville, officiating.

Oh! how misery loves company. The old topers of Lyn are in great glee at getting the laugh on a member of the W. C. T. U. Reading Club, who carelessly made a misstep in the dark and fell off the platform at the reading room the other night, getting pretty badly bruised. He was able, however to get up and go home without any assistance, knowing just how and where and what had taken place, unlike the sot who, waking out of a drunken stupor, finds himself cut and bruised and sore and wonders what the d——l has happened.

Minard's Liniment for Rheumatism.

GLOSSVILLE.

Our popular huntsmen are not having as good success as heretofore owing to the loss of the "yaller dorg."

Mr. W. Williams met with a serious loss a few days ago when he found to his horror on a bright morning that a vehicle bought of a popular newly married man turned up missing, great pains has been taken to find the thief but as yet we cannot learn of him being caught.

Mr. J. Barlow who for some weeks has been very ill is slightly better but yet in a sad condition, hopes however are entertained for his recovery under the able care of Dr. Dixon.

Our school was closed Thursday and Friday as Miss B. Hawks was attending the Teachers' association at Brockville.

Great commotion was caused a few nights ago when a party of chirivariers started to the house of our west end cheesemaker to openly avow their congratulation on his return home from Lower Canada, bringing with him a handsome young bride.

Great improvements have been made in our neihborglood, the Valleyville canal has been constructed and e'er long the Glossville cheese factory is to undergo repairs and be fitted up in first-class style for a cheese and butter factory.

Mr. Peter Martin has returned home from Lower Canada where he has been cheesemaking.

Cheer up! Jimmy and gather up all your pluck before you attempt another visit to Bugville.

DELTA.

Monday, Nov. 3.—Fall grain looking well; twice the quantity of fall wheat sown in this locality than there has been for many years; potatoes a good crop.

A man from Brockville was here last week buying apples, for which he paid 22 cents per bushel, large ones, and 10 cents for small ones. He loaded a car here.

In a day or two Dr. Creggan starts for Kingston on business. The doctor is kept busy day and night. He wants to purchase another horse.

Mr. Brynes, insurance agent, Gananoque, was here last week settling Mrs. Lasher's claims for the recent fire.

George Burt has gone to Chantry to do fall ploughing. He is going to move there in a few days to work S. Knowlton's farm.

J. E. Brown is selling loads of tiles every day.

Farmers are doing a great deal of ditching this fall.

John Taylor is putting in over 100 rods of tile.

We are in need of a watchmaker and barber. There can scarcely be a better place for a watchmaker in central Ontario than this.

Some time ago one of our prominent young men received a mourning handkerchief by mail. He was at a loss to comprehend the meaning of the receipt of such but when we kindly hinted that probably his best girl had gone back on him a cloud crossed his manly brow and now he walks the streets by night with the death-warrant wound round a dude's cane.

Hello Bebe! how are you? Can you smoke a cigarette and play Rosebud quickstep? All well. Don't mention it.—Yours truly, Lord Carrington.

We noticed an unusually large parcel going through for one of the Athenian young ladies. *Beware.*

A paste which will stick anything is said by Professor Wincell to be made as follows: Take two ounces clear gum arabic, one and a half ounces of fine starch, and half an ounce of white sugar. Dissolve the gum arabic in as much water as the laundress would use for the quantity of starch indicated. Mix the starch and sugar with the mucilage. Then cook the mixture in a vessel suspended in boiling water until the starch becomes clear. The cement should be as thick as tar and should be kept so. It can be kept from spoiling by the addtion of camphor or a little oil of cloves.

The State elections which took place last Tuesday resulted in an emphatic condemnation of the McKinley tariff, even Mr. McKinley himself being defeated. If the U S. Government was directly responsible to the people, as in the Goverment in Canada, the vote of Tuesday would oblige the Republican Executive to step down and let the Democrats have an innings. But the President and his Cabinet cannot be disturbed till their term of office expires. And as the Senate is still Republican, the Democrats, are comparatively powerless to bring about a change of policy. But the vote will show the Republican leaders that the policy of robbing the whole country for the benefit of a few is not popular. And thus they may be compelled to make a change before facing the next Presidential election in 1892.

A FREE HOME.

A cottage worth $750 will be erected, or its equivalent in cash will be given to the person detecting the greatest number of typographical errors in the December issue of our monthly journal entitled "OUR HOMES." Three hundred and fifty additional cash prizes, amounting to $2,300, will also be awarded in the order mentioned in rules governing competition. Prizes payable at par in any part of Canada or the United States. Send 15c in stamps, for complete rules and sample copy of "Our Homes," which will be issued about Nov. 20th.

Address, Our Homes Publishing Co., Brockville, Canada.
