NOT A BRITISH WARSHIP WAS WITHIN 500 MILES OF THE SCENE WHEN RAIDER MADE ATTACKS

BOSTON, Oct. 9. — Luck was with Capt. Hans Rose, or the commander of the German submarine U-53 was well advised. There was evidence today that when he set out to attack enemy shipping there was not a British warship within 500 miles of the spot in which he chose to operate.

For some time, according to men who follow marine affairs, there had been but three British cruisers engaged in patrolling the Atlantic coast to keep open the path for American-made munitions of war. One of these cruised between Halifax and New York, another between New York and Bermuda, and the third between Bermuda and the West Indies.

Three British cruisers arrived off Nantucket at 2:40 o'clock this morning ,almost exactly 36 hours after the presence of a German submarine in Newport had been made to the world through press dispatches.

Figuring back, marine men, making allowance for the time necessary to get orders to their commanders, and assuming that the ships under full speed guessed from the time consumed that the cruisers came from a distance of 450 or 500 miles, or, in other words, from Halifax or Bermuda.

There was much speculation as to whether the German commander trusted to chance when he virtually advertised what he was going to do, and went about doing it so deliberately, or whether his apparent confidence in his plans was based on an exact knowledge that a vital strip of the American seaboard had been left unguarded by the British patrols.

SERBS PIERCE SECOND LINE OF BULGARIANS; GET MANY PRISONERS

Eight Hundred Surrender in One Day.

BRITISH WIN ON STRUMA

Mounted Troops Push Enemy Back on Macedonian Front.

London, Oct. 10.—A dispatch to Reuters Telegram Company from Saloniki, dated Monday, says:

"The Serbians yesterday pierced the enemy's line, strongly fortified, on the left bank of the Cerna and north of the villages of Slivitza and Dobroveni. The Serbs are continuing to advance northward despite strong enemy resistance and great difficulties of ground. Yesterday's captures included 800 prisoners and 11 mitrailleuses and a large quantity of other material.

"The Bulgars now surrender more freely, indicating a weakening morale which is not surprising, considering their vain efforts to retain the Kaimakcalan ridge, where they suffered heavy losses."

BRITISH MOUNTED TROOPS PUSH THE BULGARS BACK

LONDON, Oct. 9.—Official announcement is made that on the Struma front in Macedonia mounted British troops moved forward to the Kakaraska-Salmah-Homondos line, meeting with little opposition. Further north the village of Chavdar-Mah, Ormanli and Patnatar were occupied. On the Doiran front it is said there were no developments.

An official communication issued at Paris deals with the fighting in Macedonia as follows:

Bulgars Retreating.

"East of the Struma engagements occurred between British troops and Bulgarian rear guard detachments, who are retreating toward the railway. It has been confirmed that during the recent fighting in this region the Bulgarians suffered considerable losses. At one point alone 1,500 bodies of enemy dead were found on the ground.

"Between the Vardar and Cerna Rivers the Serbian forces have advanced in the mountainous region of Dobropoljle and taken a hundred prisoners. On the left bank of the Cerna River, after desperate fighting, the Serbians have again defeated the Bulgarians, and the village of Shochivir has fallen into Serbian hands. Despite violent counter-attacks the enemy failed to recapture his lost ground, and has been driven a kilometre northward. Two hundred prisoners remained in the hands of our allies.

"Further west the Serbians continue to cross the Cerna between Drovobeni and the Brod. The Bulgarians have retired north of the Brod. On our left wing Franco-Russian forces have reached the new line of Bulgarian defence from Kenali to Lake Presba."

Bulgarian Report.

A Bulgarian statement issued yesterday says the British are using armored motor cars on the Struma front. It is claimed the Serbians abandoned their attempts to advance south of Monastir. The communication follows:

"After the sanguinary defeat which twelve enemy battalions suffered on Friday on the front between Gradesnica and Kenali, the enemy abandoned attempts to advance. In this sector there was only weak artillery firing yesterday. Enemy infantry again attempted to cross the Cerna River near Skochivir, but was repulsed with considerable losses. In the Moglenica valley there was heavy firing along the entire line.

"On both banks of the Vardar and in the foothills of the Belaschitza Mountains there was weak artillery firing. On the Struma front the situation is unchanged. Our heavy artillery dispersed several enemy infantry and cavalry reconnoitering detachments and forced two armored motor cars to retire.

"On the Aegean coast quiet prevailed."

"GERMANY FLOUTS UNITED STATES," IS DAILY MAIL'S VIEW

Protest at Lusitania Sinking Covers Stephano Case.

"TO MERCY OF THE SEA"

Daily Mail Predicts Prompt Action—Amounts to Blockade.

LONDON, Oct. 10.—Under the heading "Germany Flouts the United States," the Daily Mail says the old issues between those countries have been raised in a fresh and graver form. After quoting the protest of the United States to Germany for the sinking of the Lusitania, in which it was stated that it was a breach of the laws of war to leave the crew and those on board a submarined ship "to the mercy of the sea in her small boats," the Daily Mail says this was precisely what was done in the case of the British steamer Stephano.

"If wholesale murder was not permitted almost within range of American guns," says the newspaper, "it was owing to the action of the United States destroyers which saved hundreds of lives."

American Communications Cut.

The Daily Mail predicts prompt action by the United States with regard to the operations of German undersea craft near the American shores "because of the American communications being cut and American exports being sent to the bottom of the sea."

The Daily News says that the exploits of the U-53 will raise grave issues, adding:

"Germany is now, for some obscure reason, proving to America that recognition of a submarine commerce destroyer involves recognition of its right to blockade a neutral port. If such right is to be recognized, any power which has a submarine at all can proceed to paralyze neutral trade with a country with which it happens to be at war. We might conceivably see a Mexican submarine barring entry to a British port to American liners. The whole idea is impossible and opposed to the spirit of all careful international regulations with regard to effective blockades."

"A Pacific Blockade."

The Times' legal correspondent dealing with German submarine activity off the American coast calls it "a long distance blockade of the British Isles, which is utterly inadmissable in international law. It amounts in practice to a 'pacific blockade' of the American coast. A pacific blockade is a form of coercion adopted in time of peace to bring a wrong-doing state to reason. If in the present instance the United States will tolerate pressure of this sort, some surprise will be caused international lawyers."

The Times editorially declares a grave and complicated situation has arisen between Germany and the United States.

"While it is for President Wilson to protect the dignity and interests of the American people," says the Times, "it is for the Allies to make clear that they cannot and do not regard German submarine 'frightfulness' as coming within the recognized laws of war."

OWEN SOUND DOCTOR OVER BARRACKS HOSPITAL

[Special to The Advertiser.]

OWEN SOUND, Oct. 8.—A responsible position and a signal honor has been conferred upon a well-known Owen Sound physician, Dr. H. G. Murray, who has been given charge of Moore Barracks Military Hospital, Shornecliffe. This is one of the largest military hospitals, and the post which Dr. Murray gets means a good deal. Another Owen Sounder, Dr. Howey, is also at Moore Barracks.

FINANCIAL AND COMMERCIAL

THE LOCAL MARKET

Cold weather and Saturday's large market co-operated to make a rather small local market this morning. There was a little better demand for hay, although the market was not brisk. The price was steady at from $12 to $13.50 a ton. There was no variation in straw, $8 to $9 a ton being offered for it.

Old oats were offered at $1.85 to $1.90 a cwt. and new at $1.60 to $1.65.

Wheat has not yet shown the fluctuations of the larger markets and sold for $1.50 a bushel for new and $1.38 for old.

The market for small pigs was slow. The farmers are experiencing difficulty in feeding them and are sacrificing them at a low figure. Seven small pigs brought only $18.50 on Saturday. Live hogs were cheaper at $10.25 to $10.50 and fat sows at $7.75 to $8. Dressed hogs were unchanged at $15 to $15.50 a cwt and other butchers' meats were steady.

Wool was scarce and hides jumped a little. Cow hides, No. 1, brought 17c; cow hides, No. 2, brought 16c. Lambskins were sold for $1 to $1.25, and calfskins for 23c to 25c a pound.

Potatoes were unchanged at $1.10 to $1.40 a bushel.

Tomatoes were scarce with rather a slow market, as the demand has slackened. More green tomatoes were offered than usual. The price was firm at 35c to 40c a basket.

Cabbage were firm at 60c to $1.50.

Apples were scarce at 50c to 90c a bushel, and pears at $1 to $1.25.

Grapes were sold for 20c to 25c a basket.

Poultry and dairy prices were steady.

DROP IN GRAIN.

Winnipeg, Oct. 9.—Trading on the curb in grain was light. Wheat dropped 2c to 2⅞c on the various options. Oats were ⅝c to ¾c lower. Barley declined 2½c. Flax was unchanged for October, but ¼c lower for December. No cash wheat figures were available.

GRAIN.

Chicago, Oct. 10.—Higher cable quotations and the continuance of the drought in Argentina had a bullish effect on wheat today. Traders appeared to be recovering from the shock of the first submarine activity on this side of the Atlantic. The fact that the entire domestic spring wheat crop is but 2,000,000 bushels more than North Dakota alone raised last year tended also to encourage buyers. Opening prices, which ranged from 3-8 to 1¼ higher, with December at 1.58 to 1.58½, and May at 1.57 1-8 to 1.57½, were followed by a moderate reaction, but then a fresh advance.
