### The Toronto Hounds.

These hounds have shown good sport the last two seasons, and the country is greatly indebted to the master, Mr. Geo. Beardmore, for the pains he has taken in getting them in the pink of condition—good enough to run for the proverbial man's life. On Tuesday the meet was at Eglinton, where a large field put in an appearance. The worthy master was absent, having gone to Boston as one of the judges of the horse show. Captain Miller carried the horn as usual, hounds got well away and ran as prettily as one could wish to see. Altho we could not boast of a forty-minute on the grass without a check, we can and do boast of fifty minutes over plow that holds scent as strongly as "Fleser and Lubin" does on a lady's pocket handkerchief, with plenty of leaping, enough to satisfy the most sensitive of the hunting division, and as fast as any man could possibly want and not being on a New York express. We race from scent to view, running into our quarry after two hours and twenty minutes, finishing north of High Park. If any one of my readers want a real treat, let them come out with these hounds. The next meet is on Saturday at Newmarket. If the weather only keeps fine the going will be perfection and the hounds will be hard to ride with. Several ladies put in an appearance at the meet; two or three were in at the whoo whoop. Others will be in time. Veritas.

**Catarrh is a Germ Disease.**

Science, armed with the microscope, has established it a fact, and this conclusion renders obsolete the practice of treating Asthma, Catarrh and Bronchitis by stomach drugging, sprays, snuffs, etc. Such treatments are an utter failure, because they cannot penetrate the delicate air cells of the lungs, or permeate the air passages of the nose and bronchial tubes, where the germs of Catarrh have their stronghold. Catarrhozone is the only certain remedy. It is inhaled by the mouth, and, after spreading through all the respiratory organs, is exhaled through the nostrils. Catarrhozone kills the germs, heals the inflamed tissues, clears the head and throat in two minutes, and cures in a few hours. Nothing is so effective, pleasant and simple as Catarrhozone. Two months' treatment, $1. Small size, 25c. Druggists, or N. C. Polson & Co., Kingston, Ont.

### HELD ANOTHER BUSY DAY'S SESSION

#### Mayor Urquhart Tenders Welcome—City Will Banquet Delegates To-Night.

That the American Federation of Labor meetings are arousing a keen interest thruout the country received fresh confirmation yesterday in the large number of requests received from all parts of Ontario and Quebec for officers of the Federation to address local public meetings. As it is felt that the public cannot know too much about the great labor problems of the day, the Council has decided that wherever it is possible to do so these requests will be granted.

Among the international representatives who registered at the Arlington yesterday were: N. W. Evans of Detroit, representing the International Team Drivers' Union of Chicago; Elmer E. Cook, representing the Boxmakers of Batavia, N.Y.; H. W. Sherman, General Secretary of the Washington, D.C., Electrical Workers.

**Silk Workers Get Charter.**

Yesterday's sessions of the Executive Council commenced at 9.30 a.m., and the first business taken up was the application of the silk workers for a separate charter. Daniel Teenan presented the request of the silk workers, and James Tansey opposed it in behalf of the International Textile Workers. The Council decided not to grant the request, and instructed President Gompers to ask the silk workers to place themselves under the jurisdiction of the Textile Workers, and to appoint a representative on the Executive Board of that organization. Mr. Tansey also requested the moral and financial support of the A. F. of L. for the 18,000 textile workers now on strike in Lowell, Mass. A circular will be issued to the affiliated bodies under the jurisdiction of the Federation, asking financial assistance for the strikers.

**Mayor Tenders Welcome.**

Mayor Urquhart delivered his address of welcome to the delegates at 11 o'clock. After expressing his pleasure in welcoming to Toronto for the first time the members of the Executive Committee of the American Federation of Labor, and the delegates from the various international unions, he said:
