KING'S FAREWELL DINNER.

LONDON, Dec. 30. The farewell dinner given in the State dining room at Buckingham Palace, to-night, by King George and Queen Mary, in farewell to President Wilson and Mrs. Wilson, was a private function. There was no procession into the dining room, which was decorated with yellow and there were no speeches or toasts. The Grenadier Guards band played during dinner, but no National Anthems were rendered. Those who sat down to dinner were the King and Queen, President and Mrs. Wilson, Princess Mary, Princess Henry, Prince George, the Duke of Connaught, John W. Davis, the American Ambassador; the Duke and Duchess of Abercorn, Lord and Lady Cavendish, Viscount and Viscountess Acheson, Viscount Astor, Admiral Sir Stanley and Lady Colville, Sir Ronald and Lady Graham, Miss Edith Bennett (Mrs. Wilson's Secretary), Rear Admiral Grayson, U.S.N.; Brig. General Wm. H. Harvey, the Duchess of Sutherland, the Dowager Countess of Arlota, Viscount Farrington, Lord Stewart to the King, President and Mrs. Wilson will leave Buckingham Palace Tuesday morning at 9 o'clock, on the first stage of their journey to France. Sir Charles Cust, the King's Equerry, will accompany President Wilson to Calais.

REVOLUTIONARIES ARRESTED.

PARIS, Dec. 30. The arrest in Strassbourg of two Germans who played such an active part in the brief revolutionary movement there, which followed the signing of the armistice, and preceded the arrival of French troops, is announced. The men arrested were Herr Rechle, a Socialist Deputy of Strassbourg, and Rebbaltz, the President of the short lived Strassbourg Soldiers' and Workmen's Committee.

ALLIES ENTER CONSTANTINOPLE.

CONSTANTINOPLE, Dec. 30. General Franchet D'Esperey, Commander in Chief of the Allied forces in the Near East, made his official entry into Constantinople, Sunday, coming from Saloniki on board the French cruiser Patrie. He was welcomed by the Allied representatives here, and the chiefs of staff of the Turkish Army and Navy. During the passage through the Dardanelles, the Patrie stopped over the spot where the French battleship Bouvet was sunk, March, 1915, and religious and military memorial ceremonies were celebrated.

A PROMINENT DIVINE.

NEW YORK, Dec. 30. The death yesterday, of the Right Rev. Frederick Courtney, Rector Emeritus of St. James' Church of this city, a former Episcopal Bishop of Nova Scotia, and one of the most widely known churchmen in the country, was announced today. Bishop Courtney was born in Plymouth, England, 31 years ago, and was the son of the Rev. Sephianus Courtney, Fellow of St. John's College, Cambridge, and was educated at Christ's Hospital and King's College, Cambridge. He came to America in 1876 as assistant Rector of St. Thomas's Church, and later served successfully as Rector of St. James' Church, Chicago, and St. Paul's Church, Boston. In 1888 he was chosen Bishop of Nova Scotia, and served there for 16 years, when the illness of his wife caused him to resign. In 1904 he became Rector of St. James' Church here, serving in that capacity for eleven years.

WILSON GOES TO ITALY.

LONDON, Dec. 30. President Wilson arrived in London at 7.15 p.m., and immediately went to Buckingham Palace. President Wilson will go direct to Italy from Paris. He will leave Paris for Rome Wednesday night, arriving in the Italian capital Friday. Rome is to be the only city in Italy the President will visit. He expects to be away from Paris a week, returning there a week from next Tuesday. While in Rome the President will be the guest of the Italian Government. It seems certain now that he will visit Pope Benedict, and also call at the Methodist College. By the time the President returns to Paris from Italy, the British delegates to the Peace Conference will have arrived. The preliminary conferences may then be in sight.

PRaised ALLIED COMMANDERS.

MANCHESTER, Dec. 30. In his address at the luncheon by the Municipality of Manchester today, at the Midland Hotel, President Wilson referred to unity of command on the battlefield in the recent hostilities. "I not only," he said, "had the pleasure of meeting Marshal Foch, who confirmed my admiration by the direct and simple manner in which he dealt with every subject we talked about, but I had the pleasure of meeting your own commander, and I understand how they co-operated because I saw they were real men."

CANADIANS IN RUSSIA.

OTTAWA, Ont., Dec. 30. The following announcement was made by the Government to-day: The Canadian Force operating in Northern Russia which was recently reported to have been in action against the Bolsheviks, consists of two six inch gun batteries of eighteen pounders, with a personnel of 375 officers and men, and in addition 38 officers and non-commissioned officers serving with a local force, raised in the vicinity of Archangel, under the authority of the Russian Government of Archangel. All the members of the force volunteered for this service. The Archangel Government is headed by M. Tchakovsky, a well known social revolutionary, who has taken a leading part in opposing the Bolsheviks. This information was received from overseas.

Dried Fish.

Recent developments in Newfoundland indicate concern over the action of the Italian Government in appointing a commissioner to fix values of food products in Italy, including fish. It appears that one of the first acts of this commissioner was to cut the prices of codfish 40 per cent., which naturally has had its effect upon shippers in Newfoundland, many of whom have cargoes en route to Italy. It is understood that these shipments have been held up at Gibraltar pending advice as to the situation in Italy. If the price is declined in Italy, there is every likelihood that the "dreams of the Newfoundland shippers" will be turned into nightmares. The first results of this price fixing have already been felt in the Ancient Colony, and it is reported that the values of certain grades have declined. The general feeling, however, is that there will be a quick adjustment of this matter and as Italy requires codfish, a settlement of the difficulty is expected. Nova Scotia shippers are reported to hold the great bulk of the codfish taken in the past season, and first hands are now clean of it according to recent advices. The quantity available is not excessive and, of course, most of it will go to the West Indies and other tropical markets. Locally there has been little movement in dried fish of any grade. Few offerings of pollock, haddock and halibut have come to New York factors, and advices from producing centers convey the intelligence that stocks are generally high. Prices here remain unchanged since last reports, but those holding supplies are strong in their ideas, and some are inclined to believe that the general scarcity of dried fish will bring advances in many grades.—N. Y. Fishing Gazette.
