BUSINESS NOTICE.

The "MIRAMICHI ADVANCE" is published at Chatham, Miramichi, N. B., every THURSDAY morning in time for despatch by the earliest mails of that day.

It is sent to any address in Canada, the United States or Great Britain (Postage prepaid by the Publisher) at the following rates:—

If paid in advance,	$1.00.
" " within 2 months,	$1.50.
" " after 2 months,	$2.00.

Advertisements are published under classified headings.

Advertisements, other than yearly or by the season, are inserted at *five cents* per line nonpareil, (or sixty cents per inch) for 1st insertion, and *two cents* per line (or *twenty* cents per inch) for each continuation.

Yearly, or season, advertisements are taken at the rate of $6·75 an inch per year. The matter to be changed quarterly, or oftener, by special arrangement.

The "MIRAMICHI ADVANCE" having its large circulation distributed principally in the Counties of Kent, Northumberland, Gloucester and Restigouche (New Brunswick), and in Bonaventure and Gaspe (Quebec), among communities engaged in Lumbering, Fishing and Agricultural pursuits, offers superior inducements to advertisers. SAMPLE ROOMS.

For Commercial Men

THE demand for Sample Rooms to accommodate the commercial travellers being so great, and the supply being inadequate, causing the travellers in some instances to remain three or four days awaiting their turn, has induced the subscriber to build two Sample Rooms, well lighted, aired and warm. Commercial men can depend on obtaining just what they require, being situated in the central part of the business community, namely, corner Main and Wesley Streets, they will be found to be far more suitable, comfortable and convenient. Should a horse and sleigh be required it will be furnished without additional expense. Rooms secured either by letter or telegram.

FURNITURE EMPORIUM.

The Golden Ball Boot and Shoe Store is the oldest established in Miramichi. It is now fifteen years since we commenced business exclusively in the above line, and we can now point with pleasure, to hosts of patrons, who have invariably purchased from us, during that length of time. The reason is plain. We buy entirely from the best manufacturers, consequently our goods give satisfaction. We might purchase cheap, shoddy goods (that are only meant to sell and not to wear) but by pursuing that policy, it would be impossible to retain our customers. The best goods are the cheapest in the end.

We have full lines of

Infant's, Children's Misses', Youth's, Boy's Women's and Men's Boots Shoes, Slippers. etc.,

at the lowest possible price compatible with good quality.

Also a large assortment of

Trunks, Valises, and Hand Bags, Sole Leather and hoe Findings.

Seven years ago we opened our FURNITURE EMPORIUM, and have witnessed a steadily increasing business. Sarsaparilla

FOR THE BLOOD

CURES SYPHILIS, SCROFULA, SALT-RHEUM, ALL SKIN-DISEASES, TUMORS, ENLARGEMENT OF THE LIVER AND SPLEEN, RHEUMATIC AFFECTIONS, DISEASES OF THE KIDNEYS, BLADDER AND URINARY ORGANS, LEUCORRHŒA, CATARRH, AND ALL DISEASES RESULTING FROM A DEPRAVED AND IMPURE CONDITION OF THE BLOOD.

A HIGHLY CONCENTRATED EXTRACT OF

RED JAMAICA SARSAPARILLA

AND THE

DOUBLE IODIDES

Space forbids the giving more testimony in this place, in favor of this great medicine. Is not one certificate, however, from an eminent and well-known Physician like Dr Bessey, of Montreal, sufficient to establish its superiority over the numerous mixtures called Blood Purifiers offered by Drugists and others?

T. C. STRATTON, Esq.

Montreal, Feb. 1st, 1877.

I cannot but regard the formula from which Dr. Channing's Sarsaparilla is prepared, as one of the best possible combinations to constitute an effectual remedy, for the cure of *Blood Impurities*. So far as my experience leads me with this remedy, I can testify to its great value in the treatment of all Strumous and Cachectic affections, as Glandular Enlargements, and a wide range of skin affections; as a reliable preparation for general use as a *blood purifier*, I know of none equal to it, combining as it does, all the imputed virtues of Sarsaparilla, and several other valuable remedies, with the extraordinary alterative properties of the "*Double Iodides*," and of none that can be more highly recommended as safe, certain and reliable, and I have every confidence that such a remedy for general use, taking the place of the many worthless nostrums of the day, will be a great boon to suffering humanity, and its use will be attended with the most satisfactory results. It should be invaluable to persons beyond the reach of medical advice, and will, no doubt, become popular with Medical men throughout the country.

Respectfully yours,

W. E. BESSEY, M D
Beaver Hall Square.

NOTE.—Dr. Channing's Sarsaparilla is put up in large bottles, with the name blown in the Glass, and retails at $1.00 per bottle, or Six Bottles for Five Dollars. Sold by Druggists generally, and most Country Stores. Be sure, and ask for Dr. Channing's Sarsaparilla and take no other. If not readily obtained in your locality, address the General Agent.

CHATHAM. - - - - - MARCH 15, 1883

Ottawa News.

March 6.—The House went into committee, Mr. Weldon in the chair, and passed Mr. Cameron's bill declaring incest to be a felony.

There was considerable discussion upon Mr. Beatty's bill for the discharge of past insolvents. Objection was taken to its partial character. Mr. Blake and Sir John Macdonald doubted whether the bill, as prepared, was within the jurisdiction of Parliament. The debate was adjourned.

Mr. Platt moved for the correspondence, etc., regarding the establishing of a life-saving service on the coasts and inland waters of Canada. He gave a history of the splendid life-saving establishments of England and the United States and other countries. He showed that the United States had sixty life-saving stations, well equipped with life-boats and appliances and well manned, on the great lakes; while Canada had none and scarce a life-boat fit for service.

Mr. McLellan said Canada had completed her light-house system and would now give attention to life-saving service. He had made a beginning by placing one life-boat at Prince Edward Lake, Ontario.

Mr. Weldon, seconded by Mr. C. Burpee, moved for returns of accidents on the Intercolonial Railway not attended with death or injury to persons; also for instructions to fishery officers. Carried.

French Canadian members have had several secret caucuses lately. They announced that they were for the purpose of discussing the question of the duty on Canadian grown tobacco, but it has leaked out that the real object of the meeting was to discuss the expediency of French Canadian members as a body claiming increased subsidy for Quebec.

It is said that Nova Scotia will make a claim on the Dominion Government similar to that which has just been granted to P. E. Island.

The select committee to enquire into the question of communication with P. E. Island met again this morning and examined Senator Howlan, who entered into a history of the whole question but threw no new light on the subject. He gave it as his opinion that a new screw boat should be put on the summer route and that a small handy steamer should be placed on the Capes route. The winter service between Pictou and Georgetown could not be improved until a steamer of lighter draft was placed on the route. The next witness examined was Capt. McElhinny, of the Marine and Fisheries Department, late mate of "Northern Light." He said that vessel had done very good work and was capable of doing more. Her mate was an excellent one for a steamer designed to pass through floating ice; but if a new boat was built she should have some arrangement for trimming her in such a manner that she could break down harbor ice. He considered the best point in the mainland for crossing to in winter was Cape George. A new boat for the winter route should not be much larger than the "Northern Light" or she could not be handled advantageously. He was of opinion that dynamite could be used with good effect to loosen ice.

March 7.—In the Commons to day, Mr. Wells introduced a bill to facilitate the naturalization of aliens, authorizing deputy returning officers to administer the oath of allegiance where objection is taken to a voter being an alien.

Mr. Blake, in moving for the correspondence of the inhabitants of Prince Albert with the Government, took strong ground against delay in settling their claims, and the unfair action of the Government.

Sir John Macdonald defended the department's action.

Mr. Cameron (Huron), on moving for further returns concerning the Charybdis, made a strong speech, condemning the acceptance of the vessel. He showed that she had cost Canada $40,000. He thought the Imperial Government should recoup Canada this expenditure.

The other proceedings were merely formal, and the House adjourned at 5.30.

After being a month in session, the House has not yet sat in the evening.

Sir John Macdonald gives notice that on Friday next he will move to have the paragraph of the Speech from the Throne relating to the license question read at the table and referred to a select committee of 17, composed of Messrs. Blake, Ross, McCarthy, Cameron, Hall, Foster, Blanchet, Laurier, Desjardin, Casgrain, I. Burpee, Richey, Robertson (of Shelburne), Brecken Royal, Baker and the mover. There is some speculation whether the Liberal members named on the committee will serve. The proposal to refer to a special committee a subject on which the Government has promised to introduce a bill is altogether unprecedented. Some persons think the paragraph in the Speech was only intended to influence the Ontario elections and having served its purpose, the ruse of referring it to a committee is intended to get rid of the question without introducing a bill.

March 8.—The House was occupied nearly all the afternoon in discussing Mr. McCarthy's bill to establish a Board of Railway Commissioners. The bill provides for a court of three members, one of whom is to be a lawyer, one a railway expert, and another to hold office on the same tenure as the judges. Its province will be to deal with matters of controversy between railway companies and persons, municipalities or Governments, etc. The bill was discussed by Messrs. McCarthy, Tupper, Cameron, Mitchell and others, and finally referred to the railway committee.

In reply to Mr. Blake, Sir Leonard Tilley said he hoped to bring down the estimates the last of next week. (Opposition cries of "Oh!")

After a month in session, the Government appear to have nothing ready.

Among the petitions presented to-day were those of the officers of the Grand Orange Lodge of Ontario; of William Wilson, grand master, and others of New Brunswick; James Bennett, grand master, Joseph Wise, grand master of Prince Edward Island, praying for the incorporation of the Orange Grand Lodge.

Sir Charles Tupper laid on the table returns of rolling stock built and purchased for the I. C. R. for the year ended 31st December last. The totals are as follows:

16 Engines	$197,700
13 Second-class cars	42,150
1 Combined first and second-class car	3,300
2 Postal and smoking cars	5,700
150 Box freight cars	95,000
400 Gondola coal cars	216,000

Of the engines seven were built by the Canadian Engine Co., of Kingston; three by Fleming, of St. John; three by the Manchester Engine Co., of New Hampshire, and four were procured from other sources. Twelve conductors' cars, 11 cattle cars and 37 platform cars were built at Moncton.

The revenue of the Intercolonial Railway for the six months ending December last was $1,207,287; the working expenses for the same period were $1,274,113.

March 10.—Mr. Weldon introduced a bill to amend the act repealing the Stamp Act. He explained it was to make valid notes which were made when the Stamp Act was in force and not sufficiently stamped. It was doubtful whether such notes required now to be double stamped and if so it was difficult to obtain stamps. The bill was read a first time.

Sir John resumed the debate on the Kings, P. E. I. elections. He made a moderate speech, arguing that, for the better information of the House, the case should go to the committe on privileges and election. He admitted that the general rule was plain, that a returning officer should return the member having a majority of votes. There was a question whether returning officers had any judicial functions, and the current of legislation had gone to limit them in that respect. But suppose a woman, or an alien, or a felon received the majority vote, must such a person be returned elected? (Opposition cries of "Oh.") He moved to refer the case to the election committee, and read an extract from Cunningham on elections, in support of that view.

Mr. Davies opposed the motion. He said it would be establishing a precedent contrary to those before cited by Mr. Cameron, nine in number, in which the practice of Parliament had always been consistent. It would be contrary to law, which required that the member having the majority should be returned. He pointed that if one member could be returned by the returning officers, ten or twenty might be, and a Government really defeated at the polls might thus be kept in power in defiance of the expressed wish of the people. He cited English precedents to show that while a returning officer might refuse to receive a nomination of doubtful legality he must return a member who received the majority vote.

Mr. Brecken said that Mr. Robertson, who claimed the seat, was on the 27th of May returned to the Local Assembly of Prince Edward Island. The local law was such that he could not resign under twenty-one days. The nomination for Parliament on the 13th of June was within that limit, and Sheriff McCormick had official knowledge of Mr. Robertson's local election, having returned him to that House.

Mr. Blake said if Mr. Robertson had not legally resigned, how was it that his local seat became vacant, a writ issued, and another local member returned in his stead, to whose vote the Local Government of the Island owed its existence?—As to women being returned, that was a delicate question. (Laughter.) As to felons—felons had been returned to the English Parliament in the case of Mitchell and Rossa, nor was the returning officer censured for returning them. He was required by law to do so when they had a majority vote. Proceeding, he severally arraigned Sir John for having so changed the law as to make returning officers, the appointees of a party, judge between both parties. Beautiful judges they would be. He pointed out that the committee on privileges and elections was two-thirds Tory, and urged that the House should at once redress the wrong which the returning officer had done. Mr. Blake spoke with great force and was warmly cheered.

Sir John replied with great vehemence, rallying his followers to resent what he called an unfair attack on him by Mr. Blake. He declared that the election committee fairly represented the strength of both parties in the House, as was the case under the late Government. He said a story was current that Mr. Blake had feigned illness when Mr. Anglin's case was before the House, "in order to save Timothy," but shortly afterwards turned up strong and vigorous.

This statement, angrily made, roused great commotion, and cries of "No, no," "Slander," etc., came from the Opposition benches.

Mr. Blake sprang up and declared that any such report was utterly and absolutely without foundation.

At this stage the House was considerably excited. Mr. Blake went on to denounce the system of partisan returning officers inaugurated by Sir John.

Sir John said the statement of Mr. Blake's feigned illness was made on authority of Mr. Blake's own friends.

Cries of "no, slander," etc.

Mr. McCarthy followed in a labored argument to cover Sir John's retreat
