### Stevenson Fund.

Editor Evening Telegram.

Dear Sir:—Please add to your list of subscriptions: two dollars (\$2.00)—Ethel; and forty-three dollars and fifty-five cents (\$43.55)—Steer Brothers and their employees, both of which subscriptions are thankfully received.

I would like to take this occasion to express my appreciation, particularly of the thoughtful kindness of the Messrs. Steer Bros. and their employees, in taking up a general subscription, and sending me a substantial amount. This sort of subscription relieves the Committee, in charge of this fund, from a very onerous task of making a collection, and will result, if widely adopted, in giving the committee a substantial sum without calling upon any particular person for large donations.

It will be appreciated if other employers in the City will follow this example, and will send along such a sum as Messrs. Steer Bros. and their employees have so generously and voluntarily donated.

I may say that no meeting of the Committee has yet been held, because I have deemed it best that we should first be able to form some idea of the amount we are likely to receive without special solicitation. Therefore, no plans have as yet been made for the expenditure, but my own feelings about it is that the first duty to be performed is to procure some decent abode for the family, without which assistance will be but a mere "stop gap." What can be done in the way of providing such an abode will depend obviously upon the response of the general public. As soon, however, as the Committee convenes, this will be decided upon, and some practical steps taken.

Yours truly,

ALFRED B. MORINE.

The steamer Sheba passed in at 10, Sagona west at 11.10, Meigs at 11.30 and an unknown steamer in at 11.35. A three-masted schooner was in sight at 11.45 also bound in. Bar. 29.50; Ther. 34.

### Veterans for Icefields.

This spring about 60 of the sailors and soldiers are prosecuting the seal fishery in the different steamers. This was made possible by the ship owners giving 6 berths to each ship to the returned veterans. The tickets were sent to Dr. Blackall, who gave them to the men dividing equally between the navy and army. This action is commendable on the part of the merchants. We wish the veterans a prosperous hunt.
